EXPLANATORY STATEMENT

Under Section 102 of the Companies Act, 2013

ITEM NO. 3

The Board of Directors on the recommendation of the Nomination and Remuneration Committee appointed Ms. Indu Ranjit Shahani (DIN:00112289) as an Additional Independent Director of the Company in its meeting held on March 04, 2025 up till the date of ensuing General Meeting.

The Company has received a notice under Section 160 of the Companies Act, 2013 from a shareholder/member proposing the candidature of Ms. Indu Ranjit Shahani as Director of the Company. Ms. Indu Ranjit Shahani is not disqualified from being appointed as a Director in terms of Section 164(2) of the Companies Act, 2013.

Further on the recommendation of Nomination and Remuneration Committee and in accordance with the provisions of the Articles of Association of the Company, the Board of Directors have recommended the appointment of Ms. Indu Ranjit Shahani as an Independent Director; for approval of the shareholders of the Company.

The brief profile of Ms. Indu Ranjit Shahani is given below:

Ms. Indu Ranjit Shahani carries rich experience and expertise of 25 years in education and has been the Principal-HR College of Commerce & Economics. Dr Shahani has been instrumental in heralding the Advertising, Media and Communication education in the country.

As per the provisions of Section 149 of the Companies Act, 2013 ("Act"), an Independent Director shall hold office for a term upto five consecutive years on the Board of a Company and is not liable to retire by rotation. Ms. Indu Ranjit Shahani has given a declaration to the Board that she meets the criteria of independence as provided under Section 149 (6) of the Act.

The matter regarding appointment of Ms. Indu Ranjit Shahani as Independent Director was placed before the Nomination and Remuneration Committee, which recommended her appointment as an Independent Director for a period of five years upto March 03, 2030.

In the opinion of the Board of Directors, Ms. Indu Ranjit Shahani, proposed to be appointed as Independent Director; fulfils the conditions specified in the Companies Act, 2013 and the Rules made thereunder; and she is independent of the Management. Further, consequent to the appointment of Ms. Indu Ranjit Shahani there is appropriate balance of skills, experience and knowledge in the Board so as to enable the Board to discharge its functions and duties effectively.

Your Directors recommend the resolution set forth in Item No. 3 for the approval of the members. Except Ms. Indu Ranjit Shahani, being the appointee, none of the Directors or Key Managerial Personnel of the Company and their relatives are in anyway interested or concerned, financially or otherwise in the resolution as set out at Item No. 3 of the Notice.

5. BUSINESS PERFORMANCE

The Notes to the Profit and Loss Account for the year provide segment results. The required disclosure is made below for the Personal Health, Innovation Services and Health Systems business of your Company.

5.1 HEALTH SYSTEMS

During the year 2024-25, the Health Systems business of your Company delivered a strong performance considering the various headwinds on account of the global macro-economic scenario. Health Systems primarily focuses on selling and distributing healthcare products and services, as well as contract manufacturing and contract R&D for Philips in India.

The Company's market share within the addressable market has declined compared to the previous year. In light of global macroeconomic challenges, the Company continues to navigate headwinds arising from inflation, adverse currency movements, and supply chain disruptions driven by regulatory factors. Adopting a balanced portfolio strategy, the Company has consciously prioritized sustaining profitability, even as this has resulted in market share decline in select categories.

With the launch of MR 5300 in 2021, Philips continues to be the only player with a Wide Bore, Helium free system addressing the needs of bariatric patients and attending to the rising helium shortage being faced globally. We installed Premium 3T system MR 7700 in IISER Berhampur – first such installation in the country. We are also installing Premium CT 7500 in Tata Memorial Center ACTREC Spectral detector CT system which ensures users have high spectral image quality without any additional dose.

Philips showcased latest Radiology and informatics solutions in the 23rd Asian Oceanian Congress of Radiology (AOCR) 2025 and started offering to Indian customers.

- I. Smart Speed - Among several new AI-enhanced MR innovations showcased at AOCR 2025 are Philips Smart Speed, designed to speed up image acquisition and enhance image quality and diagnostic confidence for every patient, and the Company's new MR Workspace with AI assistance, which delivers an intuitive solution to simplify the path from image acquisition to diagnosis to help improve MR workflow and staff experience.

2. CT 5300 – Philips launched CT-5300 in India which is a groundbreaking advancement in computed tomography (CT) imaging and one of the first fully AI powered 128 slice system with a nano-panel precise detector made for AI. With cutting-edge AI features like AI reconstruction, AI cardiac motion correction & AI smart workflows, CT-5300 is designed to enhance diagnostic accuracy coupled with high speed. The Philips CT-5300 combines unparalleled image clarity with exceptional speed and low radiation exposure, empowering clinicians to make more accurate diagnoses faster. Engineered for versatility, it is ideal for use in a wide range of clinical settings—from cardiology, oncology, neurology diagnosis & screening to emergency rooms. The system integrates virtual tools for real-time collaboration and clinical/technical support, which can be instrumental in overcoming challenges related to increased patient caseloads, complex cases and staff shortages.
3. Advanced Visualization Workspace (AVW 15): The Philips Advanced Visualization Workspace 15 (AVW 15) is an intelligent, automated and connected image post-processing platform designed to enhance diagnostic confidence while optimizing workflows and reducing reporting time. This scalable and comprehensive solution seamlessly integrates within enterprise systems, enabling healthcare providers to perform advanced analysis and follow-up with precision, even in complex settings. By leveraging AI-driven tools and automation, AVW 15 streamlines repetitive tasks, improves collaboration, and ensures seamless connectivity across imaging systems and healthcare IT infrastructure. Its advanced capabilities empower clinicians to deliver accurate, timely diagnoses, ultimately improving patient outcomes and operational efficiency.

The above products help position Philips as a leading innovation focused healthcare Company in the market.

Your Company's manufacturing at Healthcare Innovation Centre (HIC), Pune, are delivering world-class "Make in India" medical equipment. A prime example of the above being the Affiniti series of Ultrasounds (Affiniti 30, Affiniti 50, Affiniti 70).

Your Company has implemented a robust strategy for being a strong player and growing sustainably with profit.

5.2 PERSONAL HEALTH

India's GDP growth remained resilient at an estimated 6.5% in FY 2024–25, despite ongoing global uncertainties and trade-related disruptions. The economy was supported by domestic consumption, sustained infrastructure investments, and a stable macroeconomic environment. Looking ahead, GDP growth is projected at 6.6% for FY 2025–26, supported by tax-driven consumer spending and solid domestic fundamentals, even as geopolitical tensions and global trade headwinds continue to pose challenges.

In FY 2024–25, the Personal Health business recorded a growth of 6.3% over the previous year, driven by a sharp focus on customer-centric initiatives and enhanced sell-out performance. While the business faced intense competition from low-cost players in core categories and disruption from emerging product segments, the rapid rise of the quick commerce channel played a pivotal role in bridging market gaps and improving consumer reach.

Amidst the volatility and challenges of 2024-25, your Company has persisted in its commitment to innovation, exemplified by the launch of a new range of products like 2 in1 Airstyler which is the fastest growing segment in hair care. We did an exclusive launch in Blinkit backed by key differentiated claims for our Airstyler and captured significant market share in month 1 of launch. Since then, it has been launched across platforms and modern trade, and our product continues to get strong traction from consumers. Our male grooming portfolio via One blade and trimmers continues to grow from strength to strength coupled with cementing our brand trust with mothers through our Philips Avent portfolio (Breast Pumps, Sterilizers etc.)

We have become a 100% digitally native brand with significant presence across consumer touch points on Social/Digital, OTT, CTV, UGC. We continue to partner with top influencers and celebrities like Virat Kohli and Alia Bhatt to drive relevance for our portfolio across the country. We have executed multiple campaigns that have been successful in winning the mind space of consumers which further resulted in us winning coveted awards across our Male grooming and Mother & Child care portfolio.

The Impact awards received 70+ nominations and 650+ passionate participants across 8 award categories. New celebration moments, like People Pulse Award and India Superstars 2025, were introduced to continue celebrating impact, care, talent, and team spirit.

Family and community engagement initiatives have been pivotal in strengthening workplace bonds and fostering a sense of unity and belonging within your organization. Your organization hosted Family Day at the Chakan manufacturing plant, inviting the families of MR coil engineers—now proud full-time employees, to celebrate the successful completion of their training. Such celebrations are crucial in fostering long-term engagement and retention, particularly among Gen Z talent, and they highlight your organization's steadfast commitment to maintaining healthy and inclusive employee relations, reflecting a culture of care and recognition. Continuing this trend, your organization organized Kid's Office Adventure Day with MoS R&D welcoming 256 attendees and also hosted the CT/AMI Philips Family Day at Chakan. These events featured interactive booths showcasing Philips' legacy, X-ray physics, and C-ARM systems, engaging games for children, creative tattoo booths, and a Gemba walk through the labs, shop floor, and factory, and a unique Simulation Lab, where children engaged in hands-on learning through clinical scenario demonstrations using phantoms. These events provided a unique opportunity for family members to witness firsthand the workplace and achievements of their loved ones, reinforcing connections between employees and the organization.

Your organization continues to put great emphasis on the Health & Well-being of its employees. To ensure consistent and engaging employee experience, your organization launched a structured 10-week Wellness Challenge, focusing on holistic well-being through a multi-dimensional approach. This initiative spanned across Nutrition, Fitness, and Mental Wellness,

offering employees a wide array of activities and resources to enhance their lifestyle. This structured and gamified approach to wellness not only promoted physical health but also addressed mental and emotional well-being, reinforcing your organization's commitment to creating a culture of care. Your organization ensures that its employee benefits and offerings stay competitive with respect to the market, hence attracting and retaining the right talent throughout the year. This is done with regular market benchmarking and pay structure review exercises by the People Function.

Your organization maintained a gender diversity ratio of 29%, driven by targeted initiatives to attract, engage, and retain women talent. Recognition came externally, as Philips was named one of the top 25 Companies excelling in Science, Technology, Engineering, and Mathematics (STEM) for women at the inaugural CII Awards for Excellence in Women in STEM 2024. Moreover, your organization earned a Silver Award from the India Workplace Equality Index for nurturing an inclusive environment for the LGBTQ+ community. During the year ended March 31, 2025, the company reported 1650 female and 4182 male employees.

These achievements were reflected in employee surveys, where 81% of respondents in Aon's Voice of Women Survey acknowledged witnessing concrete diversity and inclusion efforts within your organization. Significant progress was seen in key Diversity & Inclusion (D&I) metrics, including increased female leadership hiring, campus recruitment, and inclusive hiring practices for LGBTQ+ individuals and persons with disabilities (PwD). An interactive session with Indra Nooyi, Supervisory Board Member of Royal Philips, was among several impactful initiatives hosted by your Employee Resource Group, India Philips Women Lead (IPWL), which continues to foster leadership, wellbeing, professional development, and an inclusive culture.

Simplify how we work

In 2024-25, your organization embraced a strategy of simplification, leveraging technology to optimize operations and enhance efficiency across functions. Your organization has taken substantial steps towards optimizing operations by leveraging technology and automation across the employee lifecycle. These advancements are aimed at streamlining internal processes, ultimately enhancing overall efficiency. The team continues to harness technological advancements to create more agile and responsive workflows. Additionally, all initiatives have been strategically focused on enhancing the experience for your employees, ensuring that projects are tailored to meet the needs of employees while driving organizational success. For instance, the Separation 2.0 project represents a significant improvement in managing employee transitions, making the process more seamless and less time-consuming. Additionally, the automation of payroll input demonstrates your commitment to precision and efficiency in handling employee remuneration. Your employees are encouraged and empowered to use the self-service model, and your organization ensures that all information is provided to them on one platform for easy accessibility. These projects are part of your broader strategy to create a more responsive and adaptive work environment, where technology serves as a cornerstone for continuous improvement. External recognition of the "Best Automation Adoption Award" at the 14th Edition of the Shared Services Summit & Awards organized by UBS is a testament to the strategic focus on enhancing operational workflows through technology. The successful completion of an external audit at the Pune factory, with no major observations, underscores robust compliance standards and strong internal controls.

To build a robust performance culture within your organization, engaging workshops were organized focused on managing underperformance, supported by an enhanced yet simplified Performance Improvement Policy tailored for India. This policy aims to offer vital support and guidance to managers and employees, ensuring everyone can thrive and succeed.

Your organization remains steadfast in the pursuit of excellence, and these efforts reflect your unwavering dedication to providing a supportive, and empowering workplace for all employees.

Throughout 2024-2025, strategic HR initiatives reinforced Philips' dedication to nurturing a future-ready, inclusive, and high-performing organization. By empowering employees, nurturing leadership, fostering cultural engagement, and driving operational excellence, your organization aims to deliver sustainable value to all stakeholders. These efforts ensure your organization continues to adapt to market demands with innovative, people-centered solutions, upholding its status as a leader in impacting lives globally.

B. RESEARCH AND DEVELOPMENT

Philips Innovation Campus, Bengaluru (PIC-B) established in 1996 as a software development Centre for Royal Philips, hosts 4200+ employees working on software development for products across the healthcare continuum to improve people's health.

The Centre develops clinically relevant software products and solutions across the health continuum starting with healthy living, disease prevention to diagnosis, treatment and homebased care.

Creating experience-centric products and service innovations, Philips Innovation Campus Bengaluru has dedicated teams focused on harmonizing software through a common platform approach. The software development enhance global advancements in common platforms for various products in Precision Diagnosis, Image Guided Therapy, Connected Care, and Personal Health businesses.

PIC-B is also playing an important role in addressing societal healthcare challenges by leveraging the ecosystem and combining the strength of Philips Group to co-create patient centric healthcare software solutions.

Innovation for Businesses at Enterprise level:

Magnetic Resonance Imaging (MRI)

The team is working on improving Easy Plan by adding artificial intelligence, moving towards one-touch planning for cardiac examinations. Additionally, the team is developing five cardiac applications identified by our KOLs to enhance our market leadership in MR cardiology, set to launch at RSNA 2025. Furthermore, efforts are being made to improve workflow by introducing a 3D camera for AI-based coil placement and laterality checks. These initiatives are all aimed at revolutionizing cardiac examinations and ensuring we remain at the forefront of MR cardiology.

Sustained innovation has resulted in the customers benefiting from a revolutionized user experience and a higher uptime guarantee, faster deployment of software upgrades, increased productivity due to instant protocol updates and better-trained staff due to remote transfer of large training packages.

Ultrasound

Some of the recent releases and upcoming areas, where PIC-B team has an important role, are

1. VM11 Transcend AI features like NextGen TEE, TomTec solutions etc.
2. VM12 Elevate product with features like AI-assisted workflow, Auto ElasQ etc.
3. Multiple other products & solutions in POC (Point of care), CV (Cardiovascular), OB (Obstetrics) & GI (General Imaging) space.

On the NextGen Technology area, Ultrasound team is working on further enhancing the AI solutions to solve the problems in healthcare accessibility in partnership with Bill and Melinda Gates foundation and few other partners.

The team in India also drives activities apart from Software development like Program / Product Management, Verification & Validation activities, Clinical research activities and many others which are part of the Product development & life cycle management activities for Ultrasound devices.

Enterprise Informatics

Enterprise Informatics aims to leverage digital transformation to scale informatics capabilities. The project focuses on accelerating the cloud journey for multiple systems such as ISPACS, Vue PACS, AV, EPS, ISCV, and ICCA. To be future ready, the project will adopt best-in-class SaaS platforms for the PIL backbone. These platforms will provide robust, scalable, and secure solutions that can support the Company's growth and evolving needs. Teams are focusing on creating tightly integrated and seamless workflows that enhance speed and efficiency. The project includes the development of a Rad-Path system, an image analysis hub, medical device integration, a comprehensive integration engine, and AI algorithms. These components will work together to provide advanced diagnostic and analytical capabilities, enabling more accurate and timely decision-making. The integration of medical devices and AI algorithms will further enhance the Company's ability to deliver high-quality healthcare solutions.

Service Teams aims to drive service innovation by implementing new and improved service delivery methods. This includes enhancing customer support and proactive monitoring to ensure that any issues are promptly addressed and resolved. By continuously innovating and improving service delivery, the Enterprise Informatics can maintain high standards of excellence and operational stability.

Ambulatory Monitoring and Diagnosis

AM&D business focuses on providing clinically validated, AI-powered solutions that enable patient monitoring outside traditional hospital settings. These offerings include wearable devices and remote monitoring systems that track conditions such as cardiac arrhythmias over extended periods, delivering actionable insights to healthcare professionals. AM&D solutions are integrated into wider diagnostic and therapeutic technology ecosystem, facilitating smooth data exchange between patients and providers, this enhances early detection, supports continuous monitoring, and enables personalized care plans—contributing to better patient outcomes and more efficient healthcare delivery. AM&D unifies a broad range of capabilities to address cardiac and other common health conditions, supporting the full continuum of care—from home to hospital and back again.

Key Solution Areas:

- **ECG Solutions:** Comprehensive tools for screening, diagnosis, and patient management, including ambulatory cardiac monitoring and implantable device monitoring.
- **Ambulatory Virtual Care:** Flexible, scalable solutions designed to support post-acute, chronic, and gestational care needs remotely.

Personal Health (PH)

Grooming & Beauty:

The solutions developed by the Personal Health Digital Solutions and Infrastructure (PH-DSI) team provide a robust digital portfolio focused on personalization, connectivity, and consumer empowerment. Key offerings include smart devices like the Philips Lumea IPL and connected shavers that sync with dedicated mobile apps for tailored routines. The GroomTribe app (for men) and the Lumea IPL app (for women) provide users with personalized treatment plans, skin analysis, usage tracking, and expert tips, enhancing both efficacy and user experience. The digital solutions are done by leveraging AI and data analytics to improve device performance and user engagement. SkinAI, SkinIQ and other smart sensing technologies enable real-time feedback and customization. Content-rich experiences, community interactions, and influencer-driven campaigns on social media amplify reach and foster loyalty.

Oral Health Care:

Oral Health Care leverages smart technology and digital platforms to deliver personalized, connected, and preventive dental care experiences. At the heart of the portfolio is the Sonicare line of electric toothbrushes, many of which feature Bluetooth connectivity and AI-powered sensors. These devices pair with the Philips Sonicare app to provide real-time brushing feedback, personalized coaching, progress tracking, and reminders to replace brush heads, helping users build and maintain better oral hygiene habits. The Sonicare app offers tailored guidance based on individual brushing patterns, with features like missed spot detection, pressure alerts, and brush head performance monitoring. Some models integrate with dental professional platforms, allowing users to share brushing data with their dentist and receive professional advice remotely. By combining connected hardware, data-driven insights, and user-friendly digital tools, PH-DSI empowers consumers to take control of their oral health.

Mother & Childcare:

Mother and Child Care portfolio combines trusted technology with personalized support to guide families through pregnancy and early parenthood. The Pregnancy+ app developed by PH-DSI offers week-by-week fetal development updates, 3D images, appointment tracking, health tips, and tools like kick counters and contraction timers - helping expectant parents stay informed and prepared. In Q1 2025, Pregnancy+ crossed 6 million monthly active users. After birth, the Baby+ app supports daily routines with baby growth charts, feeding and sleep logs, diaper tracking, milestone recording, expert parenting tips, and a digital memory book. Complementing these apps are Philips' smart baby monitors, which offer secure, high-quality audio/video, night vision, room temperature alerts, lullabies, and remote streaming via smartphone. These devices provide peace of mind and constant connection to the baby, whether at home or away. PHDSI also develops AI models that power these baby monitors. Together, these digital solutions form a connected ecosystem that empowers parents with confidence, expert guidance, and real-time support - enhancing care for both mother and child during the most critical stages of early life.

Hospital Patient Monitoring

FORM NO. MR.3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED ON MARCH 31, 2025

[Pursuant to Section 204(I) of the Act and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel Rules), 2014]

To,
The Members,

PHILIPS INDIA LIMITED,

{CIN: U31902WB1930PLC006663},

Rajarhat 4A, 5th Floor, Ecospace Business Park,
Premises, AA II, Newtown, Chakpachuria, Kolkata, West Bengal - 700156

I report that:

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **PHILIPS INDIA LIMITED** (hereinafter referred as 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Company's Responsibilities

The Company's Management and Board of Directors are responsible for the maintenance of secretarial record under the Companies Act, 2013 and compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards. Further the Company's management and the Board of Directors are also responsible for establishing and maintaining adequate systems and process, commensurate with the size and operations of the Company to identify, monitor and ensure compliances with the applicable laws, rules, regulations and guidelines.

Auditor's Responsibilities Statement

My responsibility is only to examine and verify those compliances on a test basis and express an opinion on these secretarial records based on my audit.

I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on a test basis to ensure that correct facts are reflected in secretarial records. I believe that the processes and practices I followed provide a reasonable basis for my opinion.

I have not verified the correctness and appropriateness of financial records and Books of Accounts of the Company. Wherever required, I have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.

The Secretarial Audit report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

Limitation

Due to the inherent limitations of an audit including internal, financial and operating controls, there is an unavoidable risk that some Misstatements or material non-compliances may not be detected, even though the audit is properly planned and performed in accordance with the Secretarial Auditing Standards as prescribed by Institute of Company Secretaries of India (ICSI). Further, I conducted the secretarial audit by examining the secretarial records including minutes, documents, registers, other records and returns related to the applicable laws on the Company etc. made available to me. The management has confirmed that the records submitted to me are true and correct.

Basis of opinion

I have followed the audit practices, secretarial auditing standards and processes as were applicable and appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification in some cases were done

on test basis to ensure that correct facts are reflected in secretarial records. I believe that the processes and practices, I followed provide a reasonable basis for my opinion. I also believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Report on Secretarial Records and Compliances made thereunder

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has during the audit period covering the financial year ended March 31, 2025, generally complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2025 according to the provisions of:

- 1) The Companies Act, 2013 (**the Act**) and the rules made thereunder;
- 2) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- 3) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- 4) The Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- 5) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('**SEBI Act**'):-
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
Not Applicable
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
Not Applicable
 - c) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;
Not Applicable
 - d) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; -
Not applicable;
 - e) The Securities and Exchange Board of India (Share Based Employee Benefits and sweat Equity) Regulations, 2021;
Not Applicable
 - f) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
Not Applicable
 - g) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; **Not applicable as the Company is not registered as Registrar to issue and Share Transfer Agent during the financial year under review.**
 - h) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; - **Not applicable** and;
 - i) The Securities and Exchange Board of India (Buy-Back of securities) Regulations, 2018; - **Not applicable;**
- 6) The Company has identified following laws applicable specifically to the Company and I have relied upon the representation made by the Company and its officers for the system and mechanism framed by the Company for compliances made under sectoral laws as applicable during the year under review:

A. Sectoral Laws:

- 1) The Legal Metrology Act, 2009;

B. Commercial and other Laws:

- 2) The Water (Prevention and Control of Pollution) Act, 1974;
- 3) The Air (Prevention and Control of Pollution) Act, 1981;
- 4) The Environment (Protection) Act, 1986;
- 5) The Shops and Establishment Act, 1953;
- 6) The Indian Contract Act, 1872;
- 7) The Competition Act, 2002;
- 8) The Entry Tax Act;
- 9) The Professional Tax Act

I have also examined compliance with the applicable provisions of the following: -

- (i) Secretarial Standards on meeting of Board of Directors (SS-1) and on General Meeting (SS-2) issued by the Institute of Company Secretaries of India.
- (ii) The listing Agreements entered with Stock Exchange(s) pursuant to the Securities and Exchange Board of India (Listing Obligations and Disclosures Requirement) Regulations 2015, as amended: **Not Applicable**

Based on my examination and verification of records produced to me and according to the information and explanations given to me by the Company, in my opinion, the Company has generally complied with the provisions of the Act, Rules, Regulations, Standards and Guidelines etc. mentioned above.

I further report that

The Board of Directors has been duly constituted. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act. Further, the Nomination and Remuneration Committee (NRC) of the Company as on date has duly been reconstituted, in compliance with the applicable provisions of the Companies Act, 2013 and the rules made thereunder.

Adequate notice(s) have been given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings have been carried out unanimously as recorded in the minutes of the meetings of the Board of Directors. Further there is no case of views of the dissenting members as per the recordings in the minutes of the meetings of the Board.

I further report that there are adequate systems and process in the Company commensurate with the size and operations of the Company to monitor and ensure compliances with the applicable laws, rules, regulations and guidelines.

I further reported earlier, in July 2020, during management reconciliations, it was detected that few employees (current and former) colluded with the vendors to fraudulently record and pay service and maintenance bills without services being provided by vendors. The fraud committed by the accused on the Company, pertains to period January 1, 2018 to June 30, 2020 amounting to Rs. 28 Crores. The management not only took cognizance on governance efforts but also made remarkable recovery in this case. The matter is pending with the Ministry of Corporate Affairs.

I further report that during the audit period, the Company has the following specific events/actions having major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, standards & guidelines.

PHILIPS INDIA LIMITED

- The Company is in the process of reducing its issued, subscribed and paid-up equity share capital of the Company from the existing INR 57,51,72,420 (Indian Rupees fifty seven crore fifty one lakh seventy two thousand four hundred and twenty only) divided into 5,75,17,242 (Five Crore Seventy Five Lakh Seventeen Thousand Two Hundred Forty Two) equity shares having a face value of INR 10 (Indian Rupees Ten only) each fully paid up, to INR 55,29,02,420 (Indian Rupees Fifty Five Crore Twenty Nine Lakh Two Thousand Four Hundred And Twenty Only) divided into 5,52,90,242 (Five Crore Fifty Two Lakh Ninety Thousand Two Hundred And Forty Two) equity shares having a face value of INR 10 (Indian Rupees Ten only) each fully paid up, by cancelling and extinguishing 22,27,000 (Twenty Two Lakh Twenty Seven Thousand) equity shares having a face value of INR 10 (Indian Rupees Ten only), in aggregate, constituting 3.87% of the total issued, subscribed and paid-up equity share capital of the Company held by all the equity shareholders of the Company other than Koninklijke Philips N.V. and Philips Radio B.V. INDEPENDENT AUDITOR'S REPORT

To the Members of Philips India Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Philips India Limited ("the Company"), which comprise the Balance sheet as at March 31, 2025, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating

effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error; and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error; design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except (a) for the matter stated in the paragraph (i)(vi) below on reporting under Rule 11(g) and (b) that the back-up of books of account and other books and papers maintained in electronic mode was not kept in servers physically located in India on a daily basis from April 1, 2024 to March 15, 2025 as stated in Note 44(a) to the financial statements;
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph (b) above on reporting under Section 143(3)(b) and paragraph (i)(vi) below on the reporting under Rule 11(g);
 - (g) With respect to the adequacy of the internal financial controls with reference to these financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
 - (h) In our opinion, the managerial remuneration for the year ended March 31, 2025 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
 - (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 29(b) to the financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company;
 - iv. a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in

writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v. No dividend has been declared or paid during the year by the Company.
- vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that, audit trail feature is not enabled for direct changes to database using certain access rights, as described in note 44(b) to the financial statements. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with, in respect of accounting software(s) where the audit trail has been enabled.

Further as explained in the above note, in respect of applications managed by a third-party software service provider, due to absence of Service Organization report, we are unable to comment on whether audit trail feature was enabled and operated throughout the year or whether there were any instances of the audit trail feature being tampered with.

Further, the audit trail in respect of prior year has been preserved by the company as per the statutory requirements for record retention, to the extent it was enabled and recorded in that year, as stated in Note 44(b) to the financial statements.

ANNEXURE I REFERRED TO PARAGRAPH I UNDER THE HEADING “REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS” OF OUR REPORT OF EVEN DATE.

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (i) (a) (B) The Company has not capitalized any intangible assets in the books of the Company and accordingly, the requirement to report on clause 3(i)(a)(B) of the Order is not applicable to the Company.
- (b) All Property, Plant and Equipment were physically verified by the management in the previous year in accordance with a planned programme of verifying them once in three years which is reasonable having regard to the size of the Company and the nature of its assets.
- (c) There is no immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), held by the Company and accordingly, the requirement to report on clause 3(i)(c) of the Order is not applicable to the Company.
- (d) The Company has not revalued its Property, Plant and Equipment (including Right of use assets) or intangible assets during the year ended March 31, 2025.
- (e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) Physical verification of inventory has been conducted at reasonable intervals during the year by management including inventories lying with third parties. In our opinion, the coverage and procedure of such verification by the management is appropriate. There were no discrepancies of 10% or more noticed, in the aggregate for each class of inventory.
- (b) As disclosed in note 37 to the financial statements, the Company has been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks during the year on the basis of security of current assets of the Company. Based on the records examined by us in the normal course of audit of the financial statements, the quarterly returns/statements filed by the Company with such banks are in agreement with the unaudited books of accounts of the Company. The Company has not been sanctioned working capital limits in excess of Rs. five crores in aggregate from financial institutions during any point of time of the year on the basis of security of current assets.
- (iii) (a) During the year the Company has not provided loans, advances in the nature of loans, stood guarantee or provided security to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(a) of the Order is not applicable to the Company.
- (b) During the year the Company has not made investments, provided guarantees, provided security and granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(b) of the Order is not applicable to the Company.
- (c) The Company has not granted loans and advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(c) of the Order is not applicable to the Company.
- (d) The Company has not granted loans or advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(d) of the Order is not applicable to the Company.
- (e) There were no loans or advance in the nature of loan granted to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(e) of the Order is not applicable to the Company.
- (f) The Company has not granted any loans or advances in the nature of loans, either repayable on demand or without specifying any terms or period of repayment to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on clause 3(iii)(f) of the Order is not applicable to the Company.

“ANNEXURE 2” TO THE INDEPENDENT AUDITOR’S REPORT

Referred to in paragraph 2(g) under ‘Report on Other Legal and Regulatory Requirement’s section of our report of even date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to financial statements of Philips India Limited (“the Company”) as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to these financial statements.

Meaning of Internal Financial Controls With Reference to these Financial Statements

A company’s internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of

financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

I. MATERIAL ACCOUNTING POLICIES:

I.1. (a) Basis of preparation of financial statements

These financial statements have been prepared in accordance with Indian Accounting Standards (referred to as Ind AS) notified under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time), presentation requirement of Division II of Schedule III to the Companies Act, 2013, (Ind. AS compliant Schedule III) and other relevant provisions of the Act.

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below.

The accounting policies have been applied consistently over all the years in these financial statements except, where newly issued Accounting Standard is initially adopted.

(b) Current / Non-Current classification

Any asset or liability is classified as current if it satisfies any of the following conditions:

- the asset/liability is expected to be realized/settled in the Company's normal operating cycle.
- the asset/liability is held primarily for the purpose of trading.
- the asset/liability is expected to be realized/settled within twelve months after the reporting period.
- the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- in the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

All other assets and liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities.

For current & non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

I.2. Key Accounting Estimates and Judgements.

The preparation of financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognized prospectively.

Notes to Financial Statements for the year ended March 31, 2025

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

- Measurement of defined benefit obligations – Note 27
- Measurement and likelihood of occurrence of provisions and contingencies – Note 15 and 29
- Recognition of deferred tax assets – Note 6
- Measurement of Lease liabilities and Right of Use Asset – Note 2

1.3. (a) Property, Plant and Equipment

Property, plant, and equipment is stated at acquisition cost net of accumulated depreciation and accumulated impairment losses consequent to transition to INDAS. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

The useful life of major components of Property, Plant and Equipment is as follows:

Factory buildings 30 years, plant & equipment 3-17 years, general furniture and fixtures 5-10 years, office equipment 3-5 years.

The Company, based on technical assessment made by technical expert and management estimate, depreciates certain items of plant and equipment over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Gains or losses arising on retirement or disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

Property, plant, and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

Depreciation is provided on the original cost on a straight-line method as per the useful lives of the assets as estimated by the management which are equal to the useful lives prescribed under Schedule II of the Companies Act, 2013. Depreciation on medical equipment given on operating leases and leasehold improvements is provided on a straight-line basis over the period of the lease or on their estimated useful life, whichever is shorter.

(b) Investment Properties:

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Investment properties are depreciated using the straight-line method over their estimated useful lives and building component of investment property is depreciated over 30 years from the date of original purchase.

Notes to Financial Statements for the year ended March 31, 2025

Though the Company measures investment properties using cost-based measurement, the fair value of investment properties are disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer applying a valuation model recommended by the registered valuer as defined under Rule 2 of Companies (Registered Valuers and Valuation) Rules, 2017.

(c) Capital work in progress and Capital Advances

Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as Capital Work-in-Progress. Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

1.4. Inventories:

Inventories are valued at cost or net realizable value whichever is lower. In case of medical equipment / systems, cost is determined on the basis of "First in First Out" method and inventories for ongoing projects are valued at specific identification of cost method due to nature of the business. For all other items, cost is determined on the basis of the weighted average method and includes all costs incurred in bringing the inventories to their present location and condition. Finished goods and work-in-progress include appropriate proportion of costs of conversion. Obsolete, defective, and unserviceable stocks are duly provided for.

1.5. Cash and Cash equivalents:

Cash and cash equivalents in the balance sheet comprise of cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

1.6. Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a) Financial Assets:

The Company classifies its financial assets in the following measurement categories:

- Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss)
- Those measured at amortized cost.

Initial Recognition and Measurement:

All financial assets are recognized initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent Measurement:

For purposes of subsequent measurement financial assets are classified in following categories:

- Debt instruments at fair value through profit and loss (FVTPL)
- Equity instruments

Where assets are measured at fair value, gains and losses are either recognized entirely in the Statement of Profit and Loss (i.e. fair value through profit or loss), or recognized in other comprehensive income (i.e. fair value through other comprehensive income). For investment in debt instruments, this will depend on

Notes to Financial Statements for the year ended March 31, 2025

the business model in which the investment is held. For investment in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for equity instruments at FVTOCI.

Debt instruments at FVTPL

FVTPL is a residual category for financial instruments. Any financial instrument, which does not meet the criteria for amortized cost or FVTOCI, is classified as at FVTPL. A gain or loss on a Debt instrument that is subsequently measured at FVTPL and is not a part of a hedging relationship is recognized in Statement of Profit and Loss and presented net in the Statement of Profit and Loss within other gains or losses in the period in which it arises. Interest income from these Debt instruments is included in other income.

Equity investments of other entities

All equity investments in scope of IND AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognized by an acquirer in a business combination to which IND AS 103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income all subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Profit and loss.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily de-recognized (i.e., removed from the Company's statement of financial position) when:

- the rights to receive cash flows from the asset have expired, or
- the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass through" arrangement and either:
- the Company has transferred the rights to receive cash flows from the financial assets or
- the Company has retained the contractual right to receive the cash flows of the financial asset but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all the risks and rewards of the ownership of the financial assets. In such cases, the financial asset is de-recognized. Where the entity has not transferred substantially all the risks and rewards of the ownership of the financial assets, the financial asset is not derecognized.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

Notes to Financial Statements for the year ended March 31, 2025

Impairment of financial assets

In accordance with INDAS 109, the Company applies Expected Credit Losses (ECL) model for measurement and recognition of impairment loss on the following financial asset and credit risk exposure.

- Financial assets measured at amortized cost.
- Financial assets measured at fair value through other comprehensive income (FVTOCI);

The Company follows “simplified approach” for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables.
- All lease receivables resulting from the transactions within the scope of IND AS 116

Under the simplified approach, the Company does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. the Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12- months ECL.

b) Financial Liabilities:

Initial recognition and measurement

Financial liabilities are classified at initial recognition as financial liabilities at fair value through profit or loss, loans and borrowings, and payables, net of directly attributable transaction costs. the Company financial liabilities include loans and borrowings including bank overdraft, trade payable, trade deposits, retention money, liabilities towards services, sales incentives and other payables.

The measurement of financial liabilities depends on their classification, as described below:

Trade Payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 120 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

Notes to Financial Statements for the year ended March 31, 2025

Offsetting of financial instruments:

Financials assets and financial liabilities are offset, and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

I.7. Provisions & Contingencies:

Provisions

A provision is recognized when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases, where there is a liability that cannot be recognized because it cannot be measured reliably. the Company does not recognize a contingent liability but discloses its existence in the financial statements unless the probability of outflow of resources is remote.

Provisions, contingent liabilities, contingent assets, and commitments are reviewed at each balance sheet date.

I.8. Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Amounts disclosed are net of returns, trade discounts, rebates, Goods and Service Tax and amount collected on behalf of third parties.

- **Sale of goods**

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods and is measured at fair value of consideration received/receivable, net of returns and allowances, discounts, volume rebates and cash discounts. Revenue is usually recognized when it is probable that economic benefits associated with the transaction will flow to the entity, amount of revenue can be measured reliably and entity retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.

The consideration expected by the company may include fixed and/or variable amounts which can be impacted by sales returns, trade discounts and volume rebates. Transfer of control varies depending on the individual terms of the contract of sale.

Notes to Financial Statements for the year ended March 31, 2025

- **Variable Consideration**

A variable consideration is recognized to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is subsequently resolved. Such assessment is performed on each reporting date to check whether it is constrained. For products for which a right of return exists during a defined period, revenue recognition is determined based on the historical pattern of actual returns, or in cases where such information is not available revenue recognition is postponed until the return period has lapsed. Return policies are typically based on customary return arrangements in local markets.

- **Significant financing component**

Generally, the Company receives advances from its customers. Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised goods or services to the customer and when the customer pays for that goods or services will be as per terms of contract.

- **Warranty obligations**

A provision is recognized for assurance-type product warranty at the time of revenue recognition and reflects the estimated costs of replacement and free-of-charge services that will be incurred by the company with respect to the products sold. For certain products, the customer has the option to purchase the warranty separately, which is considered a separate performance obligation on top of the assurance-type product warranty. For such warranties which provide distinct service, revenue recognition occurs on a straight-line basis over the extended warranty contract period. In the case of loss under a sales agreement, the loss is recognized immediately.

- **Contract Balances:**

Contract assets:

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional. A receivable represents the Company's right to an amount of consideration that is unconditional.

Contract liabilities:

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognized when the payment is made, or the payment is due (whichever is earlier). Contract liabilities are recognized as revenue when the Company performs under the contract.

- **Assets and Liabilities arising from rights of return.**

Right of return assets:

Right of return asset represents the Company's right to recover the goods expected to be returned by customers. The asset is measured at the former carrying amount of the inventory, less any expected costs to recover the goods, including any potential decreases in the value of the returned goods. The Company updates the measurement of the asset recorded for any revisions to its expected level of returns, as well as any additional decreases in the value of the returned products.

Notes to Financial Statements for the year ended March 31, 2025

Refund Liabilities:

A refund liability is the obligation to refund some, or all of the consideration received (or receivable) from the customer and is measured at the amount the Company ultimately expects it will have to return to the customer. The Company updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period. Refer to above accounting policy on variable consideration.

- **Rendering of Services**

Revenue from service-related activities is recognized as and when services are rendered and on the basis of contractual terms with the parties.

Income from annual maintenance service contracts is recognized on a straight-line basis over the period of contracts and income from other service contracts is recognized on completion of the service rendered which approximates the cost of providing these services.

Revenue from assets given on operating leases is recognized as per terms and conditions of the agreements.

Revenue from software development services is billed to clients on cost plus basis as per the terms of the specific contracts.

Cost and earnings in excess of billings are classified as unbilled revenue.

- **Export benefits**

Income from export incentives such as duty drawback, merchandise export incentive scheme and service export incentive scheme are recognized in accordance with their respective underlying scheme at fair value of consideration received or receivable.

- **Interest Income**

Interest income is recorded on a time proportion basis considering the amounts invested and the rate of interest.

- **Rental Income**

Rental income is accounted as per agreement over the lease term.

I.9. Employee Benefits:

Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employee service up to the end of the reporting period and are measured at the amount expected to be paid when the liabilities are settled. the liabilities are presented as current employee benefit obligations in the balance sheet.

Defined Contribution Plans

Contributions to defined contribution schemes such as Employees' State Insurance, labour welfare fund, superannuation scheme, employee pension scheme etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Company's provident fund contribution is made to a government administered fund and charged as an expense to the Statement of Profit and Loss. The above benefits are classified as Defined Contribution Schemes as the Company has no further defined obligations beyond the monthly contributions.

Notes to Financial Statements for the year ended March 31, 2025

Defined Benefit Plans

Liability for defined benefit plan is provided on the basis of actuarial valuation carried out by an independent Actuary at year end using the Projected Unit Credit Method. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date. Termination benefits are recognized as and when incurred.

The Company covers the liability towards employees' gratuity managed through Income Tax recognized trust. Liability with respect to the Gratuity plan, determined on basis of actuarial valuation as described above, and any differential between the fund amount as per the trust and the liabilities as per actuarial valuation is recognized as an asset or liability. Annual contributions are made to the employee's gratuity fund, established with the insurance company based on an actuarial valuation carried out as at 31 March each year. The fair value of plan assets is reduced from the gross obligation under the defined benefit plans, to recognize the obligation on net basis.

In respect of gratuity, any differences between the interest income on plan assets and the return achieved, and any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustments within the plans, are recognized immediately in 'Other comprehensive income' and subsequently not reclassified to the Statement of Profit and Loss. In respect of compensated absences, actuarial gains / losses are recognized in the Statement of Profit and Loss in the year in which they arise.

Long Service Award

The Company operates a Long Service Award to recognize and appreciate the contribution and commitment of long serving employees payable upon completion of certain years of service.

Share-based payments

Certain employees are given stock option plans of Ultimate Holding Company. The cost of stock option plans is calculated by the Ultimate Holding Company using the Black and Scholes option pricing model. The cost calculated using this method is recognized as an employee benefits expense over the vesting period of the options.

1.10. Income Taxes:

Income tax expense for the year comprises of current tax and deferred tax. It is recognized in the Statement of Profit and Loss except to the extent it relates to a business combination or to an item which is recognized directly in equity or other comprehensive income.

Current Tax:

Current income tax, assets and liabilities are measured at the amount expected to be paid to or recovered from the taxation authorities in accordance with the Income Tax Act, 1961 and the Income Computation and Disclosure Standards (ICDS) enacted in India by using tax rates and the tax laws that are enacted at the reporting date.

Deferred Tax:

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets and liabilities are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is

Notes to Financial Statements for the year ended March 31, 2025

probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

The Company offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realize the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

I.11. Leases:

As a lessee

The Company mainly has lease arrangements for leasehold land, vehicles, and buildings (office premises).

The Company assesses whether a contract is or contains a lease at inception of the contract. This assessment involves the exercise of judgement about whether there is an identified asset, whether the Company has the right to direct the use of the asset and whether the Company obtains substantially all the economic benefits from the use of that asset.

The Company recognizes a right-of-use asset and a corresponding lease liability at the lease commencement date. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company uses an incremental borrowing rate, term and currency of the contract. Generally, the Company uses its incremental borrowing rate as the discount rate.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset on the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability

Lease liability is accounted at amortized cost. The lease liabilities are adjusted for the lease payments made by the Company. Lease payments are allocated between principle and finance cost. Finance cost is charged to profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. In case of changes in the future lease payments due to renegotiation, changes of an index or rate, the lease liability is re-measured (with a corresponding adjustment to the related right-of-use asset).

Notes to Financial Statements for the year ended March 31, 2025

Short-term leases and leases of low-value assets: The Company has elected not to recognize right-of-use assets and lease liabilities for short term leases as well as low value assets. The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option)."

1.12. Foreign Currencies:

The financial statements are presented in INR, the functional currency of the Company. Items included in the financial statements of the Company are recorded using the currency of the primary economic environment in which the Company operates (the 'functional currency').

Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate prevailing at the date of transaction.

Measurement of foreign currency items at the balance sheet date:

Foreign currency monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Exchange differences

Exchange differences arising on settlement or translation of monetary items are recognized as income or expense in the period in which they arise with the exception of exchange differences on gain or loss arising on translation of non-monetary items measured at fair value which is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

Forward exchange contracts entered into to hedge foreign currency risk of an existing asset/liability

The estimated fair value amounts of forward exchange contracts as at March 31, 2025 have been measured as at that date. Exchange differences on such contracts are recognized in the statement of profit and loss in the period in which the exchange rates changes. Any profit or loss arising on cancellation or renewal of such forward exchange contract is also recognized as income or expense for the period.

1.13. Fair value measurement of Financial Instruments:

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions.

The fair value of financial instruments has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

- Level 1: Quoted prices for identical instruments in an active market.
- Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs; and
- Level 3: Inputs which are not based on observable market data.

Notes to Financial Statements for the year ended March 31, 2025

I.14. Earnings Per Share:

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effect of all potentially dilutive equity shares.

I.15. Government Grants:

Government grants are recognized when there is reasonable assurance that the grant will be received and all attached conditions for receiving such grant have been and will be fulfilled. Government grants are recognized in profit or loss on a systematic basis over the periods in which the Group recognizes as expenses the related costs for which the grants are intended to compensate.

I.16. Operating Segments:

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company.

I.17. Dividend:

The Company recognizes a liability to pay dividend to equity holders when the distribution is authorized, and the distribution is no longer at the discretion of the Company. As per the Corporate Laws in India, the distribution is authorized when it is approved by the shareholders. A corresponding amount is recognized directly in equity.

I.18. Events after the reporting period:

If the Company receives information after the reporting period, but prior to the date of approved for issue, about conditions that exist at the end of the reporting period, it will assess whether the information affects the amounts that it recognises in its financial statements. The Company will adjust the amounts recognised in its financial statements to reflect any adjusting events after the reporting period and update the disclosures that relate to those conditions in light of the new information. For non-adjusting events after the reporting period, the Company will not change the amounts recognised in its financial statements but will disclose the nature of the non-adjusting event and an estimate of its financial effect, or a statement that such an estimate cannot be made, if applicable.

Leases

As a Lessee:

The Company has lease contracts for vehicles, office buildings and leasehold land. Lease terms of vehicles vary between 3-5 years, while other leases have lease terms between 5-10 years and for leasehold land, lease term is 95 years. The Company's obligations under its leases are secured by the lessor's title to the leased assets.

Consequently, the Company recorded the lease liability at the present value of the remaining lease payments discounted at the incremental borrowing rate as on the date of transition and has measured right of use asset at an amount equal to lease liability adjusted for any related prepaid and accrued lease payments previously recognized.

The Company also has leases of low value and applies the 'lease of low-value assets' recognition exemptions for these leases.

Following is carrying value of Right of Use assets recognized on date of transition and the movements thereof during the year.

The maturity analysis of lease liabilities is disclosed in Note 36. The effective interest rate for lease liabilities is 8.2% per annum (31 March 2024: 8.0% per annum). The Company's total cash outflows for leases during the year is ₹930 (31 March 2024: ₹1,099). Extension and termination options are included in a number of property and equipment leases across the company. These are used to maximise operational flexibility in terms of managing the assets used in the company's operations. The majority of extension and termination options held are exercisable only by the company and not by the respective lessor.

Lease receivable:

The total lease rentals recognised as income during the year is ₹44 (31 March 2024: ₹79).

27. Gratuity and other post-employment benefit plans (As per Ind AS 19 Employee Benefits)

Disclosures pursuant to Ind AS - 19 "Employee Benefits" (notified under the section 133 of the Companies Act 2013 (the Act) read with Companies (Indian Accounting Standards) Rule 2015 (as amended from time to time) and other relevant provision of the Act) are given below :

Contribution to Defined Contribution Plan, recognised as expense for the year is as under

Particulars	Year 2024-25	Year 2023-24
Employer's Contribution towards Provident Fund (PF)	805	758

The Company has a defined gratuity benefit plan which is governed by Payment of Gratuity Act, 1972. Under the Act, an employee who has completed five years of service is entitled to specific benefits. The level of benefits provided depends on the member's length of service and salary at the retirement age. The Company covers the liability towards employees' gratuity managed through Income Tax recognized trust. Annual contributions are made to the employee's gratuity fund, established with the insurance company based on an actuarial valuation carried out as at 31 March each year. The following table summarizes the components of net benefit expense recognized in the statement of profit and loss and the amounts recognized in the balance sheet.

28. Employees' Share-based Payments

Certain employees of the company are eligible for stock options granted by the Holding Company ("KPNV"). The Company has to pay KPNV an amount equivalent to the value of KPNV shares on the date of vesting, delivered to the employee.

In conformity with the guidance note on "Accounting for Employee Share-based Payments" issued by The Institute of Chartered Accountants of India (ICAI) in respect of the grants made on or after 1 April 2005, the following disclosures are made:

(a) Method adopted for valuation

Stock compensation expenses under the "Fair Value Method" are determined based on the "Fair Value of the Options" and amortised over the vesting period. The "Fair Value of the Options" is determined using "Black-Scholes" option pricing model.

(b) Nature and extent of Employee Share-based Payment Plans:

As from 2003 onwards, the Holding Company (KPNV) issued restricted share rights that vest in equal annual instalments over a three-year period. Restricted shares are KPNV's shares that the grantee will receive in three successive years, provided the grantee is still with the Company on the respective delivery dates. If the grantee still holds the shares after three years from the delivery date, Philips will grant 20% additional (premium) shares, provided the grantee is still with Philips. As from 2002, the Holding Company granted fixed stock options that expire after 10 years. Generally, the options vest after 3 years; however, a limited number of options granted to certain employees of acquired businesses contain accelerated vesting. In prior years, fixed and variable (performance) options were issued with terms of ten years, vesting one to three years after grant.

In 2013, a new Plan has been introduced which consists of performance shares only. The performance is measured over a three-year performance period. The performance shares vest three years after the grant date. The number of performance shares that will vest is dependent on achieving performance conditions, which are equally weighted, and provided that the grantee is still employed with the Company.

Restricted shares exclude 20% additional (premium) shares that may be received if shares awarded under the restricted share rights plan are not sold for a three-year period.

(c) Method and assumptions for arriving at the Fair Value of Restricted Shares:

The fair value of restricted shares is equal to the Fair Value of the stock at grant date net of the present value of dividends which will not be received up to the vesting date. The expected dividend used is the dividend of the preceding year.

(d) Method and assumptions for arriving at the Fair Value of Performance Shares:

The fair value of the performance shares is measured based on Monte-Carlo simulation, which takes into account dividend payments between the grant date and the vesting date by including the reinvested dividends as well as the market conditions expected to impact relative total shareholder's return performance in relation to selected peers.

The following weighted average assumptions for the 2024-25 grants.

1. Risk free interest rate	2.72%
2. Expected share price volatility	39%

31. Significant accounting judgments, estimates and assumptions

The preparation of the company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

(i) Judgments

In the process of applying the company's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognized in the financial statements:

- **Leases**

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate.

Notes to Financial Statements for the year ended March 31, 2025

Amounts in ₹ Mln

- **Revenue from contract with customers**

The Company applied judgements that significantly affect the determination of the amount and timing of revenue from contracts with customers, such as identifying performance obligations in a bundled sales transactions, wherein, the Company sell goods and maintenance/ warranty services separately or bundled together with sales of goods. In certain non-standard contracts, where the Company provides extended warranties in respect of sale of consumer durable goods, the Company allocated the apportion of the transaction price to goods bases on its relative standalone prices. Also, certain contracts of sale includes volume rebates that give rise to variable consideration. In estimating the variable consideration the Company has used a combination of most likely amount method and expected value method. Further, in respect of long term contracts, the Company has used the incremental borrowing rate to the discount the consideration as this is the rate which commensurate with rate that would be reflected in separate financing arrangement between the Company and its customer.

- (ii) **Estimates and assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the company. Such changes are reflected in the assumptions when they occur.

- **Taxes**

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships and the long-term nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Company establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective domicile of the companies.

- **Defined benefit plans (gratuity benefits)**

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries. Further details about gratuity obligations are given in Note 27.

- **Fair value measurement of financial instruments**

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See Note 33 and 34 for further disclosures.

Notes to Financial Statements for the year ended March 31, 2025

Amounts in ₹ Mln

- Warranty**

The Company periodically assesses and provides for the estimated liability on warranty given on sale of its products based on past performance of such products.

- Provision for decommissioning**

As part of the identification and measurement of assets and liabilities, the Company recognizes provision for decommissioning obligations associated with Leasehold Improvements. In determining the fair value of the provision, assumptions and estimates are made in relation to discount rates, the expected cost to dismantle and the expected timing of those costs. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met. The carrying amount of the provision as at 31 March 2025 was ₹48 (31 March 2024: ₹50). The Company estimates that the costs would be realised upon the expiration of the lease period.

32. Forward Contracts:

Total	-	-	11,397	11,788	11,397	11,788	11,397	11,788

The management assessed that the fair value of cash and cash equivalents,trade receivables,trade payables,current lease liabilities,other current financial assets and liabilities approximate the carrying amount largely due to short-term maturity of these financial instruments.Non-current financial assets and liabilities are discounted using an appropriate discount rate where time value of money is material.Management uses its best judgement in estimating the fair valueof its financial instruments.As such,fair value of financial instruments subsequent to reporting dates maybe different from the amounts reported at each reporting date.

34. Fair Value Hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: Other techniques for which all inputs that have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: Techniques that use inputs that have a significant effect on the recorded fair value that are not based on observable market data

2. Assets and liabilities that are disclosed at amortised cost (refer note 33) for which fair values are disclosed are classified as Level 3

Current financial asset and current financial liabilities have fair values that approximate to their carrying amounts due to their short-term nature. Non current financial assets and non current financial liabilities have fair values that approximate to their carrying amounts as it is based on the net present value of the anticipated future cash flows.

35. Capital Management

For the purpose of the Company's capital management, capital includes issued capital and all other equity reserves attributable to the equity shareholders of the Company. The primary objective of the Company when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value. As at 31st March, 2025, the Company has only one class of equity shares and has low debt. Consequent to such capital structure, there are no externally imposed capital requirements. In order to maintain or achieve an optimal capital structure, the Company allocates its capital for distribution as dividend or re-investment into business based on its long term financial plans

36. Financial risk management objectives and policies

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables and cash and cash equivalents that are derived directly from its operations.

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company is exposed to market risk, credit risk and liquidity risk.

The Company's senior management oversees the management of these risks. The senior professionals working to manage the financial risks and the appropriate financial risk governance framework for the Company are accountable to the Board of Directors and Audit Committee. This process provides assurance to Company's senior management that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Company policies and Company risk objective.

The Board of Directors reviews and agrees policies for managing each of these risks which are summarized as below:

(a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprises three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity price risk. Financial instruments affected by market risks include loans and borrowings, deposits, investments and foreign currency receivables and payables. The sensitivity analyses in the following sections relate to the position as at March 31 2025. The analyses exclude the impact of movements in market variables on; the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities. The sensitivity of the relevant Profit and Loss item is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2025 and as of March 31, 2024.

Foreign currency risk:

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency).

The Company manages its foreign currency risk by hedging transactions that are expected to occur within a maximum 12-month period for hedges of forecasted sales and purchases.

Foreign currency risk sensitivity:

The following tables demonstrate the sensitivity to a reasonably possible change in USD and Euro exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. The Company's exposure to foreign currency changes for all other currencies is not material. 5% represents management's assessment of reasonably possible change in foreign exchange rate.

-5%	23.07	18.74	(24.07)	(19.74)

(b) Credit risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

(i) Trade receivables

Customer credit risk is managed by each business unit subject to the company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored and any shipments to major customers are generally covered by letters of credit or other forms of credit insurance as at March 31, 2025 and as at March 31, 2024.

Our historical experience of collecting receivables is that credit risk is low, as its customers are located in several jurisdictions and industries and operate in largely independent markets. Hence, trade receivables are considered to be a single class of financial assets.

(ii) Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investment of surplus funds are made in bank deposits. The limits are set to minimise the consultation of risk and therefore mitigate financial loss through counterparty potential failure to make payments.

The Company maintains exposure in cash and cash equivalents and term deposits with banks. The Company has set counter-party's limits based on multiple factors including financial position, credit rating etc. The Company's maximum exposure to credit risk as at 31st March, 2025 and 2024 is the carrying value of each class of financial assets as illustrated in note 5 & 9.

(c) Liquidity risk

Liquidity risk is the risk that the Company will face in meeting its obligations associated with its financial liabilities. The Company's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions. The Company maintained a cautious liquidity strategy, with a positive cash balance throughout the year ended 31st March, 2025 and 31st March, 2024. Cash flow from operating activities provides the funds to service the financial liabilities on a day-to-day basis. The Company regularly monitors the rolling forecasts to ensure it has sufficient cash on an on-going basis to meet operational needs. Any short term surplus cash generated, over and above the amount required for working capital management and other operational requirements, is retained as cash and cash equivalents (to the extent required) and any excess is invested in interest bearing term deposits with appropriate maturities to optimise the cash returns on investments while ensuring sufficient liquidity to meet its liabilities.

Maturity profile of financial liabilities

The table below provides the details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

46. New Labour codes

The Code of Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazzate of India. Certain sections of Code came into effect on 3 May 2023. However the final rules/interpretation have not yet been issued. Based on preliminary assessment, the Company believes the impact of the change will not be significant.
