#### (vi) Details of Promoters' Contribution and Lock-in

Pursuant to Regulations 14 and 16 of the SEBI ICDR Regulations, an aggregate of 20% of the fully diluted post- Issue Equity Share capital of our Company held by our Promoters shall be considered as minimum promoters' contribution and locked-in for a period of eighteen months or any other period as may be prescribed under applicable law, from the date of Allotment (“**Promoter's Contribution**”) since the majority of the Net Proceeds will be utilized for repayment/prepayment in part or full, of the TLB availed, including for acquisition of G6 and not be utilized for capital expenditure, and the Equity Shares held by our Promoters in excess of Promoter's Contribution, shall be locked in for a period of six months, from the date of Allotment.

Our Promoters have given their consent to include such number of Equity Shares held by them, in aggregate, as may constitute 20% of the fully diluted post-Issue Equity Share capital of our Company as Promoters' Contribution. Pursuant to the terms of the SVF Indemnity Agreement, the Investor Promoter has agreed to contribute 10% of the fully diluted post-Issue Equity Share capital and Promoter 1 and RA Co have collectively agreed to contribute 10% of the fully diluted post-Issue Equity Share capital, to meet the requirements of Promoter's Contribution.

The details of Equity Shares held by our Promoters, which will be locked-in toward Promoter's contribution for a period of eighteen months, from the date of Allotment are as set forth below:

| Name of the Promoter | Number of Equity Shares held | Number of Equity Shares locked-in* | Date of allotment/transfer <sup>#</sup> | Face value per Equity Share (₹) | Allotment/ Acquisition price per Equity Share (₹) | Nature of transaction | % of the post-Issue paid-up capital (on a fully diluted basis) |
|----------------------|------------------------------|------------------------------------|-----------------------------------------|---------------------------------|---------------------------------------------------|-----------------------|----------------------------------------------------------------|

| <b>Total</b>         | [●]                          | [●]                                | [●]                                     | [●]                             | [●]                                               | [●]                   | [●]                                                            |

Note: To be updated at the Prospectus stage.

<sup>#</sup> Equity Shares were fully paid-up on the date of allotment/acquisition.

*\* Subject to finalisation of Basis of Allotment.*

The Equity Shares being locked-in will not be ineligible for computation of Promoters' Contribution under Regulation 15 of the SEBI ICDR Regulations. See “- **Notes to capital structure – Details of Build-up, Contribution and Lock-in of Promoters' Shareholding and Lock-in of other Equity Shares - Build-up of our Promoters' Shareholding in our Company**” on page 266.

In this connection, we confirm the following:

- (i) Equity Shares offered for Promoters' Contribution does not include Equity Shares acquired during the three years preceding the date of this Updated Draft Red Herring Prospectus-I: (a) for consideration other than cash and revaluation of assets or capitalisation of intangible assets; or (b) as a result of bonus shares issued by utilization of revaluation reserves or unrealised profits or from bonus issue against Equity Shares which are otherwise in-eligible for computation of Promoters' Contribution;
- (ii) The Promoter's Contribution does not include any Equity Shares acquired during the immediately preceding one year immediately preceding the date of this Updated Draft Red Herring Prospectus-I at a price lower than the price at which the Equity Shares are being offered to the public in the Issue, except as may be permissible under SEBI ICDR Regulations.
- (iii) our Company has not been formed by the conversion of one or more partnership firms or a limited liability partnership firm into a Company and hence, no Equity Shares have been issued in the one year immediately preceding the date of this Updated Draft Red Herring Prospectus-I pursuant to conversion from a partnership firm or limited liability partnership; and
- (iv) the Equity Shares forming part of the Promoters' contribution are not subject to any pledge or any other form of encumbrance.

Pursuant to the SEBI ICDR Regulations, the price per share for determining securities ineligible for Promoters' Contribution, shall be determined, after adjusting the same for corporate actions, including but not limited to conversion of Preference Shares into Equity Shares, bonus issuance of Equity Shares that may be undertaken by our Company, as applicable.

(vii) Details of Share Capital locked-in for six months

In addition to the Equity Shares proposed to be locked-in as part of the Promoters' Contribution as stated above, as prescribed under the SEBI ICDR Regulations, the entire pre-Issue Equity Share capital of our Company, including the share capital held by the persons other than our Promoters, will be locked-in for a period of six months from the date of Allotment of Equity Shares in the Issue except the following: (i) the Equity Shares that are held by any VCFs, AIF (category I or category II) or FVCI subject to the conditions set out in Regulation 17 (1) of the SEBI ICDR Regulations, provided that such Equity Shares will be locked-in for a period of at least six months from the date of purchase by the VCFs, AIF (category I or category II) or FVCI, to the extent applicable; (ii) the Equity Shares held by eligible employees of our Company (whether currently employees or not) which may be allotted to them under the ESOP Scheme prior to the Issue; and (iii) the Equity Shares held by Oravel Employee Welfare Trust or transferred to the employees by Oravel Employee Welfare Trust pursuant to exercise of options by the employees, whether currently employees or not, in accordance with the ESOP Scheme.

(viii) Other requirements in respect of lock-in

Pursuant to Regulation 20 of the SEBI ICDR Regulations, details of locked-in Equity Shares will be recorded by relevant depositories.

Pursuant to Regulation 21 of the SEBI ICDR Regulations, the locked-in Equity Shares held by our Promoters may be pledged only with scheduled commercial banks or public financial institutions or a systemically important NBFC or a housing finance company as collateral security for loans granted by such scheduled commercial bank

or public financial institution or systemically important NBFC or a deposit accepting housing finance company, provided that specified conditions under the SEBI ICDR Regulations are complied with.

Pursuant to Regulation 22 of the SEBI ICDR Regulations, the Equity Shares held by our Promoters, which shall be locked-in in accordance with Regulation 16 of the SEBI ICDR Regulations, may be transferred to and among our Promoters and any member of the Promoter Group, or to a new promoter of our Company and the Equity Shares held by any persons other than our Promoters, which are locked-in in accordance with Regulation 17 of the SEBI ICDR Regulations, may be transferred to and among such other persons holding specified securities that are locked in, subject to continuation of the lock-in in the hands of the transferee for the remaining period and compliance with the SEBI Takeover Regulations, as applicable.

*(ix)* Lock-in of Equity Shares Allotted to Anchor Investors

50% of the Equity Shares Allotted to Anchor Investors under the Anchor Investor Portion shall be locked-in for a period of 90 days from the date of Allotment, and the remaining 50% of the Equity Shares Allotted to Anchor Investors in the Anchor Investor Portion shall be locked-in for a period of 30 days from the date of Allotment.

**9. Sales or purchases of Equity Shares or other Specified Securities of our Company by our Promoters, the members of our Promoter Group, and/or our Directors and their relatives and directors of our Corporate Promoters during the six months immediately preceding the date of this Updated Draft Red Herring Prospectus-I.**

None of our Promoters have sold or purchased any Equity Shares or Preference Shares of our Company during the six months immediately preceding the date of this Updated Draft Red Herring Prospectus- I.

None of the members of our Promoter Group, and/or our Directors (other than Ritesh Agarwal, who is also a Promoter) and their relatives and relatives of our Promoters and directors of our Corporate Promoters have sold or purchased any Equity Shares or Preference Shares of our Company during the six months immediately preceding the date of this Updated Draft Red Herring Prospectus-I.

## 10. Shareholding Pattern of our Company

The table below presents the shareholding of our Company as of the date of this Updated Draft Red Herring Prospectus-I on a fully diluted basis:

| Category (I) | Category of Shareholder (II)   | Number of Shareholders (III) <sup>5</sup> | Number of fully paid-up Equity Shares held (IV) | Number of partly paid-up Equity Shares held (V) | Number of Shares underlying depository receipts (VI) | Total number of Equity Shares held (VII) = (IV)+(V)+(VI) | Shareholding as a % of total number of Equity Shares (calculated as per SCRR, 1957) (VIII) As a % of (A+B+C2) | Number of voting rights held in each class of securities (IX) |               |               | Number of shares underlying outstanding convertible securities (including warrants) (X) | Total number of shares on a fully diluted basis (including warrants, employee stock options, convertible securities etc.) (XI) = (VII+X) | Shareholding, as a % assuming full conversion of convertible securities (as a percentage of diluted share capital) (XII) = (VII)+(X) as a % of (A+B+C2) | Number of locked-in shares (XIII) |                                 | Number of shares pledged* (XIV) |                                 | Non-disposal undertaking (XV) |                                 | Other encumbrances, if any (XVI) |                                 | Total number of shares encumbered (XVII) = (XIV + XV + XVI) |                                 | Number of Equity Shares held in Dematerialized Form (XVIII) |
|--------------|--------------------------------|-------------------------------------------|-------------------------------------------------|-------------------------------------------------|------------------------------------------------------|----------------------------------------------------------|---------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------|---------------|---------------|-----------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------|---------------------------------|---------------------------------|---------------------------------|-------------------------------|---------------------------------|----------------------------------|---------------------------------|-------------------------------------------------------------|---------------------------------|-------------------------------------------------------------|

Note: Pursuant to an external financing arrangement availed by 100% owned and controlled entity of the Individual Promoter, the shareholding in RA Co has been pledged to a lender. It is further clarified that shares of our Company have not been securitised or pledged by Individual Promoter and RA Co. in connection with above financing. For details, see “Risk Factors- Pursuant to certain external financing arrangements availed for a tenure of three years by one of our Promoter Group entities, being Preferred Hospitality Holdings (Cayman) (“PHH”), the shares of one of our Promoters, RA Co, constituting 100.00% of its total issued and paid-up share capital on a fully diluted basis, are pledged to a lender. Any perceived risk of invocation of such pledge may create uncertainty in relation to the ownership and governance of entities in our Promoter Group, and any enforcement of such pledge may cause a consequent change in ownership of RA Co, including a change in the Promoter of our Company, which may have a material adverse effect on our business operations and share price.” on page 59.

<sup>5</sup>computed based on the beneficiary position statement dated June 26, 2026.

\*Also one of the Promoters, Key Managerial Personnel and Senior Management

<sup>#</sup>As on the date of this Updated Draft Red Herring Prospectus-I, Troy Matthew Alstead, William Steve Albrecht and Aditya Ghosh hold 5,221,053, 5,136,843 and 4,360,422 vested stock options respectively under the ESOP Scheme. Additionally, the said stock options were granted to Troy Matthew Alstead on April 21, 2020 and William Steve Albrecht on May 14, 2020 during their tenure as nominee directors of RA Co on the Board, prior to their resignation and then appointment as Independent Directors. See, “**Our Management –Changes in our Board during the last three years**” on page 598.

\*\* Does not include the Equity Shares held by Dinesh Ramamurthi as Trustee of Oravel Employee Welfare Trust.

<sup>^</sup>Assuming conversion of 662,589,611 outstanding Preference Shares to a maximum of 11,307,796,907 Equity Shares, and exercise of vested stock options. For details of the proposed conversion of outstanding Preference Shares to Equity Shares, see “ – **Share Capital History of our Company –Terms of conversion of outstanding Preference Shares**” on page 255. The specific number of Equity Shares that each of such outstanding Preference Shares will convert into shall be determined at the time of conversion, prior to the filing of the Updated Draft Red Herring Prospectus - II with SEBI or Red Herring Prospectus with the RoC, as applicable.

For details of employee stock options granted to our Key Managerial Personnel and Senior Management, see “ – **Employee Stock Option Scheme**” on page 284.

## 13. Employee Stock Option Scheme

Our Company, pursuant to the resolutions passed by the Board of the Company on December 24, 2013, adopted the Employee Stock Options Plan, 2013 which was amended and renamed as Employee Stock Option Plan 2018 (“**ESOP Scheme**”) pursuant to the resolutions of the Board and the Shareholders of the Company on May 30, 2018 and July 10, 2018, respectively. The ESOP Scheme was last amended pursuant to the resolutions passed by the Board and the Shareholders of the Company on September 16, 2021 and September 20, 2021, respectively.

The maximum number of Equity Shares that may be issued pursuant to the exercise of options granted to participants under the ESOP Scheme shall not exceed 1,452,480,000 (subject to adjustments for corporate actions such as bonus issue or sub-division of equity shares). Upon exercise and payment of the exercise price, the option holder will be entitled to be allotted one Equity Share per employee stock option (adjusted for corporate actions such as bonus issue or sub-division of Equity Shares, as applicable). The maximum number of options granted per employee under the ESOP Scheme cannot exceed 319,120,000 options. The ESOP Scheme has been amended for compliance with the SEBI SBEB Regulations. Further, all grants of options under the ESOP Scheme are in compliance with the Companies Act, 2013 and all allotments have been made to employees of our Company and our Subsidiaries, as applicable.

Pursuant to the ESOP Scheme, as amended, 494,630,170 are the resultant number of Equity Shares that our Company has issued to 471 employees of the Company and 1,821 employees of the Subsidiaries.

The details of the ESOP Scheme as certified by M/s A. D. M. S. & Co, Chartered Accountants, through a certificate dated June 29, 2026 (UDIN: 26514879XYQQBV2213) (FRN: 014626C) are as follows:

| INE561T01021 | Equity           | Bhupinder Singh and relatives | Director of InCred Capital Financial Services Limited | Equity Share of face value of ₹1 each | 2,108,422                            | 0.01                                                                      | 2,108,422                          |

<sup>#</sup>Pursuant to the order passed by NCLT, Mumbai, dated March 24, 2026 approving composite scheme of arrangement, the merchant banking business of InCred Capital Wealth Portfolio Managers Private Limited is proposed to be demerged and consequently merged into InCred Capital Financial Services Limited, subject to receipt of necessary regulatory and other approvals.

16. There have been no financing arrangements whereby our Promoters, members of the Promoter Group, our Directors, and any of their relatives (as defined under the Companies Act, 2013) or the directors of our Corporate Promoters have financed the purchase by any other person of securities of our Company during a period of six months immediately preceding the date of the Pre-filed Draft Red Herring Prospectus and this Updated Draft Red Herring Prospectus-I.
17. Our Company, our Directors and the BRLMs have not entered into any buy-back arrangement for purchase of specified securities of the Company.
18. No person connected with the Issue, including our Company, the members of the Syndicate, or our Directors, shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise to any Bidder for making a Bid, except for fees or commission for services rendered in relation to the Issue.
19. The Equity Shares are fully paid-up and there are no partly paid-up Equity Shares as on the date of this Updated Draft Red Herring Prospectus-I. The Equity Shares to be issued pursuant to the Issue shall be fully paid-up at the time of Allotment.
20. Except for the Allotment of Equity Shares pursuant to: (i) the Pre-IPO Placement, if any; (ii) exercise of outstanding vested stock options under the ESOP Scheme; (iii) conversion of the outstanding Preference Shares; and (iv) the Issue, there will be no further issue of specified securities whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner during the period commencing from the date of filing of this Updated Draft Red Herring Prospectus-I with SEBI until the Equity Shares have been listed on the Stock Exchanges or all application monies have been refunded, as the case may be, in accordance with regulation 59 of the SEBI ICDR Regulations.
21. Except for the Allotment of Equity Shares pursuant to (i) exercise of outstanding vested stock options under the ESOP Scheme; and (ii) the Issue, our Company presently does not intend or propose to alter its capital structure for a period of six months from the Bid/Issue Opening Date, by way of split or consolidation of the denomination of Equity Shares or further issue of Equity Shares (including issue of securities convertible into or exchangeable, directly or indirectly for Equity Shares) whether on a preferential basis or by way of issue of bonus shares or on a rights basis or by way of further public issue of Equity Shares or qualified institutions placements or otherwise.
22. We confirm that the BRLMs are not associates of the Company as per Regulation 21A of the SEBI Merchant Bankers Regulations. In compliance with Regulation 21C of Securities and Exchange Board of India (Merchant Bankers) Regulations, 1992, as amended, read with Regulation 23(3) of the SEBI ICDR Regulations, InCred Capital will be involved only in marketing of the Issue. InCred Capital has signed the due diligence certificate and has been disclosed as a Book Running Lead Manager to the Issue. Certain of the Directors, other Key Managerial Personnel, compliance officer, employees referred to in clause (b) of Regulation 6, or relative(s) of the said persons (as defined under the SEBI (Merchant Bankers) Regulations, 1992, as amended) of InCred Capital hold 2,108,422 Equity Shares in our Company constituting to 0.01% of the pre-Issue Equity Share capital on a fully diluted basis, and also

hold certain Equity Shares in INNOV8 Workspaces India Limited and Sunday Proptech Limited.

23. The BRLMs, and any person related to the BRLMs cannot apply in the Issue under the Anchor Investor Portion, except for Mutual Funds sponsored by entities which are associate of the BRLMs, or insurance companies promoted by entities which are associates of the BRLMs, or AIFs sponsored by entities which are associates of the BRLMs, or an FPI (other than individuals, corporate bodies and family offices) which are associates of the BRLMs or pension funds registered with the Pension Fund Regulatory and Development Authority established under sub-section (1) of section 3 of the Pension Fund Regulatory and Development Authority Act, 2013 sponsored by entities which are associates of the BRLMs.
24. Our Company shall ensure that there shall be only one denomination of the Equity Shares, unless otherwise permitted by law.
25. Our Company will comply with such disclosure and accounting norms as may be specified by SEBI from time to time.
26. All transactions in specified securities by our Promoters and members of our Promoter Group between the date of filing of this Updated Draft Red Herring Prospectus-I and the date of closing of the Issue shall be reported to the Stock Exchanges within 24 hours of such transaction.
27. As at the date of this Updated Draft Red Herring Prospectus-I (based on the BENPOS of June 26, 2026), the total number of shareholders is 82,601.

## OBJECTS OF THE ISSUE

The Issue comprises a fresh issue of up to [●] Equity Shares of ₹1 each, aggregating up to ₹ 66,500 million by our Company.

We propose to utilize the Net Proceeds from the Issue towards funding the following objects:

1. Investment in our Subsidiary, Oravel Stays Singapore Pte. Ltd for repayment/prepayment, in part or full, of certain of its borrowings; and
2. General corporate purposes.

(collectively, the “**Objects**”).

The main objects and the objects necessary for furtherance of the main objects, as set out in the respective memorandum of association of our Company and certain of our Subsidiaries i.e., Oravel Stays Singapore Pte. Ltd., OYO Hotels Inc. and OYO Hospitality Netherlands B.V., enable our Company and the abovementioned Subsidiaries to (a) undertake the activities proposed to be funded from the Net Proceeds; and (b) undertake the activities presently carried out by our Company and the Subsidiaries, as applicable.

In addition to the above-mentioned Objects, our Company expects to receive the benefits of listing of the Equity Shares on the Stock Exchanges. Further, our Company expects that the listing of the Equity Shares will enhance our visibility and our brand image among our Patrons and Customers.

### Net Proceeds

The details of the proceeds from the Issue are summarized in the following table:

| Particulars                                             | Amount                                |
|---------------------------------------------------------|---------------------------------------|
| Gross Proceeds of the Issue                             | Up to ₹ 66,500 million <sup>(1)</sup> |
| (Less): Issue related expenses in relation to the Issue | ₹ [●] million <sup>(2)</sup>          |
| <b>Net Proceeds</b>                                     | <b>₹ [●] million<sup>(3)</sup></b>    |

<sup>(1)</sup> Our Company, in consultation with the BRLMs, may consider further issue of specified securities, as may be permitted under the applicable law, aggregating up to ₹13,300.00 million prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company, in consultation with the BRLMs. If the Pre-IPO Placement is completed, the amount raised pursuant to the Pre-IPO Placement will be reduced from the Fresh Issue, subject to compliance with Rule 19(2)(b) of the SCRR. The Pre-IPO Placement, if undertaken, shall not exceed 20% of the size of the Fresh Issue. The utilisation of the proceeds raised pursuant to the Pre-IPO Placement will be done towards the proposed Objects of the Issue in compliance with applicable law. Prior to the completion of the Issue, our Company shall appropriately intimate the subscribers to the Pre-IPO Placement, prior to allotment pursuant to the Pre-IPO Placement, that there is no guarantee that our Company may proceed with the Issue or the Issue may be successful and will result into listing of the Equity Shares on the Stock Exchanges. Further, relevant disclosures in relation to such intimation to the subscribers to the Pre-IPO Placement (if undertaken) shall be appropriately made in the relevant sections of the RHP and Prospectus.

<sup>(2)</sup> See “- **Issue Expenses**” on page 307.

<sup>(3)</sup> To be determined after finalisation of the Issue Price and updated in the Prospectus prior to filing with the RoC.

### Requirement of funds and utilization of Net Proceeds

The Net Proceeds are proposed to be utilized in accordance with the details provided in the following table:

| Particulars                                                                                                                            | Amount <sup>(1)</sup><br>(in ₹ million) | Percentage of Net<br>Proceeds<br>(%) |
|----------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------|--------------------------------------|
| Investment in our Subsidiary, Oravel Stays Singapore Pte. Ltd. for repayment/prepayment, in part or full, of certain of its borrowings | 49,875.00 <sup>(2)</sup>                | [●]                                  |
| General corporate purposes                                                                                                             | [●] <sup>(3)</sup>                      | [●]                                  |
| <b>Net Proceeds</b>                                                                                                                    | <b>[●]<sup>(4)</sup></b>                | <b>[●]</b>                           |

<sup>(1)</sup> Our Company, in consultation with the BRLMs, may consider further issue of specified securities, as may be permitted under the applicable law, aggregating up to ₹13,300.00 million prior to filing of the Red Herring Prospectus with the RoC. The Pre-IPO Placement, if undertaken, will be at a price to be decided by our Company, in consultation with the BRLMs. If the Pre-IPO Placement is completed, the amount raised pursuant to the Pre-IPO Placement will be reduced from the Fresh Issue, subject to compliance with Rule 19(2)(b) of the SCRR. The Pre-IPO Placement, if undertaken, shall not exceed 20% of the size of the Fresh Issue. The utilisation of the proceeds raised pursuant to the Pre-IPO Placement will be done towards the proposed Objects of the Issue in compliance with applicable law.

Prior to the completion of the Issue, our Company shall appropriately intimate the subscribers to the Pre-IPO Placement, prior to allotment pursuant to the Pre-IPO Placement, that there is no guarantee that our Company may proceed with the Issue or the Issue may be successful and will result into listing of the Equity Shares on the Stock Exchanges. Further, relevant disclosures in relation to such intimation to the subscribers to the Pre-IPO Placement (if undertaken) shall be appropriately made in the relevant sections of the RHP and Prospectus.

(2) Indian Rupee equivalent of U.S.\$ 526.33 million, based on exchange rate of U.S.\$1 = ₹94.76, as of May 31, 2026, available at [www1.oanda.com](http://www1.oanda.com).

(3) The amount to be spent towards general corporate purposes will be finalised upon determination of the Issue Price and updated in the Prospectus prior to filing with the RoC. The amount to be utilised for general corporate purposes shall not exceed 25% of the Gross Proceeds.

(4) To be determined after finalisation of the Issue Price and updated in the Prospectus prior to filing with the RoC.

## Proposed schedule of implementation and deployment of Net Proceeds

We intend to deploy the Net Proceeds towards prepayment of the TLB (as defined below) within one Fiscal Year of receipt of Net Proceeds but in no event later than Fiscal 2029 unless compliance with the applicable regulatory framework results in a delay. For further details, see “—**Details of the Objects—1. Investment in our Subsidiary, Oravel Stays Singapore Pte. Ltd. for repayment/prepayment, in part or full, of certain of its borrowings**” on page 299. Further, we propose to utilize the Net Proceeds towards general corporate purposes in accordance with our business needs and as included in “- **General Corporate Purposes**” below. However, the actual deployment of funds will depend on a number of factors, including timely completion of the Issue, general economic and business conditions and other factors beyond our control such as consumer confidence, inflation, employment and disposable income levels, demographic trends, technological changes, changing customer preferences, increasing regulations or changes in government policies, our Board’s analysis of economic trends and business requirements, competitive landscape, general factors affecting our business, results of operations, financial condition and access to capital such as credit availability and interest rate levels. Depending upon such factors, we may be required to accelerate or extend the deployment period of the remaining Net Proceeds for the stated Objects beyond the current estimate, at the discretion of our management, in accordance with applicable laws.

The above fund requirements are based on our internal management estimates and have not been appraised by any bank or financial institution or independent agency or verified by the BRLMs. These are based on current conditions and are subject to revisions in light of changes in costs, our financial condition, our business operations or growth strategy or external circumstances which may not be in our control. Further, if the actual utilization towards repayment/prepayment, in part or full, of certain borrowings availed by our Subsidiaries is lower than the proposed deployment, such balance will be used towards general corporate purposes, provided that the total amount to be utilized towards general corporate purposes will not exceed 25% of the Gross Proceeds, in accordance with the SEBI ICDR Regulations, and will be in compliance with the objectives as set out under “—**Details of the Objects — 2. General Corporate Purposes**” below and will be consistent with requirements of our business.

For further information on factors that may affect our internal management estimates, “**Risk Factors — Our funding requirements and the proposed deployment of Net Proceeds are based on management estimates and have not been appraised by any bank or financial institution or any other independent agency, and our management will have broad discretion over the use of Net Proceeds. Further, variations in the utilization of the Net Proceeds from the terms and conditions disclosed in this Updated Draft Red Herring Prospectus-I would be subject to certain compliance requirements, including prior shareholders’ approval**” on page 86.

In case of a shortfall in raising requisite capital from the Net Proceeds towards meeting the Objects, we may explore a range of options, including utilizing our internal accruals. We believe that such alternate arrangements would be available to fund any such shortfalls.

## Summary of TLB (as defined below) and the underlying borrowings

This “**Objects of the Issue**” section uses certain definitions and abbreviations which, unless the context otherwise indicates or implies, shall have the meanings as provided below.

| Term                          | Description                                                                                                                                             |
|-------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| ABR Loans                     | Loan drawn down under the TLB bearing interest at ‘Alternate Base Rate’ (as defined in the TLB Credit Agreement)                                        |
| Acquired Business             | IBL Limited NewCo, LLC, G6 Canada Hospitality Franchising, Inc. and G6 Hospitality Franchising Canada L.P., together with their subsidiaries            |
| Acquired Business Refinancing | Repayment of all existing indebtedness of the Acquired Business, except for indebtedness permitted to remain outstanding under the TLB Credit Agreement |

| <b>Term</b>                             | <b>Description</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |

<sup>^</sup> ₹ 70,442.10 million, based on an exchange conversion rate of US\$ 1 = ₹ 84.87 as of December 17, 2024, available at [www.oanda.com](http://www.oanda.com).

<sup>#</sup> ₹ 48,919.20 million, based on an exchange conversion rate of US\$ 1 = ₹ 74.12 as of June 23, 2021, available at [www.oanda.com](http://www.oanda.com).

A flowchart depicting the allocation of TLB is set out below:

<sup>^</sup>The above also includes payment of fees and expenses related to acquisition considerations paid to and on behalf of the sellers and repayment of outstanding amount of TLB-2021. These fees and expenses have been paid as a collective amount and there wasn't any allocation required or made.

### Summary of Term Loan B ("TLB") borrowing

Oravel Stays Singapore Pte. Ltd. ("**OYO Singapore**"), OYO Hospitality Netherlands B.V. ("**OYO Netherlands**") and OYO Hotels Inc. ("**OHI Delaware**", together with OYO Singapore and OYO Netherlands, the "**TLB Co-borrower Subsidiaries**", and each a "**TLB Co-borrower Subsidiary**") availed a five year, secured debt facility from unrelated third party global institutional investors, through Deutsche Bank AG New York Branch (acting as the administrative agent) for an amount of US\$830.00 million (₹70,442.10 million, based on an exchange rate of US\$ 1 = ₹ 84.87, as of December 17, 2024, available at [www.oanda.com](http://www.oanda.com)), pursuant to the credit and guaranty agreement dated December 17, 2024, as amended by the omnibus amendment dated January 8, 2025 (the "**TLB Credit Agreement**") which became effective on December 17, 2024 (the "**TLB Effective Date**"). TLB is a long term loan generally availed from institutional investors with long term bullet structure repayment plan, and is internationally abbreviated as 'TLB'. The TLB is secured by a guarantee from our Company, being the ultimate parent company, up to an amount of US\$990.49 million equivalent to ₹ 93,858.83 million (based on an exchange rate of US\$ 1 = ₹ 94.76, as on May 31, 2026, available at [www.oanda.com](http://www.oanda.com)).

The TLB Co-borrower Subsidiaries availed the TLB primarily for the purpose of financing the payment of a portion of the cash consideration payable in respect of the acquisition by OHI Delaware of 100% of the equity interests of IBL Limited NewCo, LLC, G6 Canada Hospitality Franchising, Inc. and G6 Hospitality Franchising Canada L.P. (such companies together with their subsidiaries, the "**Acquired Business**") from BRE/Everbright M6 Borrower, LLC and G6 Franchising Pledgor Canada L.P. (collectively the "**Sellers**"), and repayment of the previous loans of one of the Sellers in relation to the Acquired Business. The Sellers are independent third parties and the acquisition of the Acquired Business was undertaken on an arm's length basis. A portion of the TLB was also utilized for the repayment of the then existing indebtedness of OYO Singapore, OHL and OYO Netherlands (including interest till the date of repayment of then existing indebtedness and prepayment premium) under the TLB-2021 Credit Agreement. Set forth below are brief details of the TLB-2021 Credit Agreement:

### Utilization of TLB by TLB Co-borrower Subsidiaries

The TLB under the TLB Credit Agreement was availed for the following purposes and the details of utilization of TLB are set out below:

| S. No.       | Purpose for which disbursed loan amount was sanctioned and utilized <sup>(1)</sup>                                                                                           | TLB Co-borrower Subsidiary involved | Amount<br>(in US\$ million) | Amount <sup>(2)</sup><br>(in ₹ million) | Proposed utilization from the Net Proceeds                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |

<sup>(1)</sup> In compliance with Clause 9(A)(2)(b) of Part A of Schedule VI of the SEBI ICDR Regulations, A D M S & Co, Chartered Accountants (FRN: 014626C), pursuant to their certificate dated June 29, 2026 (UDIN: 26514879CLOKVT5955), has certified the utilization of the above-mentioned borrowing for the purpose for which such borrowing is availed.

<sup>(2)</sup> Indian Rupee equivalent amounts based on exchange rate of US\$1 = ₹84.87, as of December 17, 2024, available at www.oanda.com.

<sup>(3)</sup> The Sellers had requested that the borrowings of the Acquired Business be repaid directly by our Company as part of the Acquisition Consideration.

<sup>(4)</sup> This refers to loan availed by one of the Sellers i.e. BRE/Everbright M6 Borrower, LLC in relation to the Acquired Business, and the Company and/or its Subsidiaries have no role in this loan facility. There is no amount outstanding against such loan on the Acquired Business. The loan was availed to fund one of the Sellers i.e. BRE/Everbright M6 Borrower, LLC's balance sheet, working capital and general corporate purposes.

<sup>(5)</sup> The fees are charged as a consolidated amount on the basis of commercial agreed and therefore, no specific allocation or break-up is available against allocation of TLB proceeds.

<sup>(6)</sup> This amount was availed as joint and several liability obligation and there is no bifurcation available as per the loan documents.

### TLB-2021 Credit Agreement

Certain of our Subsidiaries, i.e., OYO Singapore, OYO Netherlands and Oravel Hotels LLC ("OHL", together with OYO Singapore and OYO Netherlands, the "TLB-2021 Co-borrower Subsidiaries", and each a "TLB-2021 Co-borrower Subsidiary"), availed a term loan credit facility of an amount of US\$660.00 million (₹48,919.20 million, based on an exchange rate of US\$ 1 = ₹ 74.12, as of June 23, 2021, available at

www.oanda.com) from certain lenders through JP Morgan Chase Bank, N.A. (acting as the administrative agent), pursuant to the credit and guaranty agreement dated June 23, 2021 (the “**TLB-2021 Credit Agreement**”). Out of the aggregate amount of US\$660.00 million under TLB-2021 availed on July 16, 2021, an amount of US\$473.39 million (₹40,176.25 million, based on an exchange rate of US\$ 1 = ₹ 84.87, as of December 17, 2024, available at www.oanda.com) remained outstanding as on December 17, 2024, which was financed by TLB on current and better terms providing operating and balance sheet flexibility. As on the date of this Updated Draft Red Herring Prospectus - I, the TLB-2021 has been fully repaid and no amount is outstanding.

The TLB-2021 Credit Agreement was availed for the following purposes:

- (a) general corporate purposes (i.e., organic expansion of our Company’s overseas business, including towards employee benefit expenses, marketing and promotion expenses, general and administrative expenses (by way of investment into group entities);
- (b) repayment of old debt of certain of our Subsidiaries;
- (c) funding of the cash collateral account established for the benefit of the lenders under the TLB-2021 Credit Agreement; and
- (d) payment of TLB-2021 related transaction expenses.

A detailed breakdown of the utilisation of TLB-2021 availed under the TLB-2021 Credit Agreement by the TLB-2021 Co-borrower Subsidiaries for the period from June 23, 2021 to July 31, 2021 is provided below:

| Sr. No. | Purpose                                                                                                                                              | Amount raised through TLB-2021 Credit Agreement by each subsidiary (US\$ million) |                 |     | Total amount<br>(in US\$ million) | Total amount<br>(in ₹ million)* |

| 1)      | Repayment of Greensill Capital (UK) Limited loan facility | 104.00                            | 7,708.48                                    | This loan facility was availed for discounting of future account receivables                                                                                                                                                     |
| 2)      | Repayment of Deutsche Bank AG loan facility               | 163.33 <sup>#</sup>               | 12,106.02 <sup>#</sup>                      | This loan was availed for: (i) payment of the purchase price of the shares of @Leisure Holding B.V.; (ii) payment of the transaction cost in connection with the acquisition; and general corporate and working capital purpose. |
| 3)      | Repayment of SB Investment Holdings (UK) Limited          | 112.80 <sup>#</sup>               | 8,360.74 <sup>#</sup>                       | This loan was availed for payment of the purchase price of the shares of Leisure Holding B.V. and the shareholder loans.                                                                                                         |

<sup>&</sup> Exclusive of the remaining amount for the acquisition which was funded by way of internal accruals. The underlying acquisition included: (i) tangible assets constituting 2.18% of the acquisition consideration; (ii) intangible assets constituting 59.15% of the acquisition consideration; (iii) working capital and others including goodwill constituting 38.67% of the acquisition consideration.

<sup>\*</sup> Indian Rupee equivalent amounts based on exchange rate of US\$1 = ₹74.12, as of June 23, 2021, available at [www.oanda.com](http://www.oanda.com).

A flowchart depicting the flow of Net Proceeds of the Issue from the Company to its Subsidiary in Singapore i.e., OYO Singapore and then to various TLB lenders is set out below:

## Means of finance

The fund requirements for the Objects are proposed to be met from the Net Proceeds and our internal accruals. Accordingly, we confirm that there is no requirement to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised through the Issue or through existing internal accruals as required under Regulation 7(1)(e) the SEBI ICDR Regulations.

## Details of the Objects

### 1. Investment in our Subsidiary, Oravel Stays Singapore Pte. Ltd. for repayment/prepayment, in part or full, of certain of its borrowings

As of May 31, 2026, our aggregate outstanding fund based borrowings, on a consolidated basis comprising the TLB, was ₹83,284.56 million (Indian Rupee equivalent of U.S.\$ 878.90 million, based on exchange rate of U.S.\$1 = ₹ 94.76, as of May 31, 2026 available at [www1.oanda.com](http://www1.oanda.com)). Certain of our Subsidiaries, i.e., Oravel Stays Singapore Pte. Ltd. (“**OYO Singapore**”), OYO Hotels Inc. (“**OHI Delaware**”) and OYO Hospitality Netherlands B.V. (“**OYO Netherlands**” and together with OYO Singapore and OHI Delaware, the “**TLB Co-borrower Subsidiaries**”, and each a “**TLB Co-borrower Subsidiary**”) availed a five year, secured debt facility from Deutsche Bank AG New York Branch, an unrelated third party global institutional investor (“**TLB**”). The TLB was availed by the TLB Co-borrower Subsidiaries pursuant to the credit and guaranty agreement dated

December 17, 2024, as amended by the omnibus amendment dated January 8, 2025 (the “**TLB Credit Agreement**”) which became effective on December 17, 2024 (the “**TLB Effective Date**”). As of May 31, 2026, our Company does not have any fund based borrowings on a consolidated basis except as disclosed in section “**Financial Indebtedness – Lenders**” on page 947. Deutsche Bank AG New York Branch is acting as the administrative agent under the TLB Credit Agreement. Deutsche Bank Securities Inc. is acting as the sole lead arranger and CSC Delaware Trust Company is acting as the ‘collateral agent’ for the TLB. Further, Deutsche Bank AG New York Branch, was the initial lender for the entire ₹70,442.10 million (*Indian Rupee equivalent of U.S.\$830.00 million, based on exchange rate of U.S.\$1 = ₹84.87, as of December 17, 2024, available at [www1.oanda.com](http://www1.oanda.com)*) but the term loans under the TLB Credit Agreement were subsequently assigned to various non-bank investment funds and their approved affiliates.

Our Company proposes to utilize from the Net Proceeds an aggregate amount of ₹ 49,875.00 million which is equivalent to up to 64.30% of the aggregate principal outstanding amount under the TLB as on May 31, 2026, being ₹ 77,569.59 million (*Indian Rupee equivalent of U.S.\$818.59 million, based on exchange rate of U.S.\$1 = ₹94.76, as of May 31, 2026, available at [www1.oanda.com](http://www1.oanda.com)*), towards prepayment, in part, of the TLB availed by the TLB Co-borrower Subsidiaries, pursuant to the TLB Credit Agreement.

#### *TLB Co-borrower Subsidiaries*

Brief details in connection with the TLB Co-borrower Subsidiaries are set forth below:

- (1) In compliance with Clause 9(A)(2)(b) of Part A of Schedule VI of the SEBI ICDR Regulations, A D M S & Co, Chartered Accountants (FRN: 014626C), pursuant to their certificate dated June 29, 2026 (UDIN: 26514879CLOCKVT5955), has certified the utilization of the above-mentioned borrowing for the purpose for which such borrowing is availed.
- (2) Indian Rupee equivalent amounts based on exchange rate of US\$1 = ₹84.87, as of December 17, 2024, available at [www.oanda.com](http://www.oanda.com).
- (3) The Sellers had requested that the borrowings of the Acquired Business be repaid directly by our Company as part of the Acquisition Consideration.
- (4) This refers to loan availed by one of the Sellers i.e. BRE/Everbright M6 Borrower, LLC in relation to the Acquired Business, and the Company and/or its Subsidiaries have no role in this loan facility. There is no amount outstanding against such loan on the Acquired Business. The loan was availed to fund one of the Sellers i.e. BRE/Everbright M6 Borrower, LLC's balance sheet, working capital and general corporate purposes.
- (5) The fees are charged as a consolidated amount on the basis of commercial agreed and therefore, no specific allocation or break-up is available against allocation of TLB proceeds.
- (6) This amount was availed as joint and several liability obligation and there is no bifurcation available as per the loan documents.

#### Acquisition Consideration and Acquired Business Refinancing

Pursuant to an agreement for purchase and sale dated September 6, 2024 (the “**Purchase Agreement**”), entered into among BRE/Everbright M6 Borrower, LLC and G6 Franchising Pledgor Canada (collectively the “**Sellers**”), BRE/Everbright M6 LLC (the “**Seller Parent**”), IBL Limited, LLC (the “**US Company**”), G6 Canada Hospitality Franchising Inc. (the “**Canadian GP**”) G6 Hospitality Franchising Canada L.P (the “**Canadian Partnership**” together with the Canadian GP, the US Company, “**the Companies**”), OHI Delaware (the “**Buyer**”) and OYO Singapore (the “**Buyer Parent**”); read with amendment agreement dated December 17, 2024 between the parties to the Purchase Agreement (“**Amendment agreement**”), our Subsidiary OHI Delaware acquired all of the equity interest (as defined therein) in IBL Limited NewCo, LLC, G6 Canada Hospitality Franchising, Inc. and G6 Hospitality Franchising Canada L.P. (collectively referred to as “**G6**”) as well as the hotels run under the brand name ‘Motel-6’ and ‘Studio-6’ franchise brands. The acquisition was done for an all cash upfront consideration of ₹42,740.68 million (*Indian Rupee equivalent of U.S.\$ 503.60 million, based on exchange rate of U.S.\$1 = ₹84.87, as of December 17, 2024, available at [www1.oanda.com](http://www1.oanda.com)*). For details, see “**History and Other Corporate Matters- Details regarding Material Acquisition or Divestment of Business/Undertakings, Mergers, Amalgamations and Revaluation of Assets, if any, in the Last ten years**” on page 480.

Financing structures use a mix of debt and equity to fund international acquisitions, which is primarily driven by reasons of cost effectiveness and non-dilutive impact of debt on the capital structure. In addition, debt provides a single source of funds where the lenders have recourse to the asset being acquired, ring fencing the rest of the group, minimizing its risk exposure. Accordingly, OHI Delaware, as a TLB Co-borrower Subsidiary, availed the TLB which was used to part finance the acquisition of G6. For details, see “**Management’s Discussion And Analysis Of Financial Condition And Results Of Operations –Our Operational Metrics**” on page 959.

The revenue and cash flow of IBL Limited NewCo, LLC and its material subsidiaries for the period from December 17, 2024 to March 31, 2025 and from April 1, 2025 to December 31, 2025 is set out below:

| Name of the entity                                                                      | From December 17, 2024 to March 31, 2025 |                                                 | From April 1, 2025 to December 31, 2025 |                                                 |

| 1.     | Term-loan facility extended by way of the Credit Agreement dated June 23, 2021 (as amended by the Amendment No. 1 to Credit Agreement dated December 21, 2021 and the Amendment No. 2 to Credit Agreement dated November 28, 2023), executed <i>inter-alia</i> by and between OYO Singapore; Oravel Hotels LLC, OYO Netherlands, our Company, JPMorgan Chase Bank, N.A. (as the 'Administrative Agent'), JPMorgan Chase Bank, N.A., Deutsche Bank Securities Inc. and Mizuho Bank, Ltd. (as 'Joint Lead Arrangers and Joint Bookrunners'), and Delaware Trust Company (as 'Collateral Agent'), ("TLB-2021 Credit Agreement"). | \$660,000,000 (₹ 48,919.20 million, based on an exchange conversion rate of \$1 = ₹74.12 as of June 23, 2021 available at <a href="http://www1.oanda.com">www1.oanda.com</a> ) ("TLB-2021") | \$473,385,721.46 (₹ 40,176.25 million, based on an exchange conversion rate of \$1 = ₹ 84.87 as of December 17, 2024 available at <a href="http://www1.oanda.com">www1.oanda.com</a> ) ("TLB-2021") | <ul style="list-style-type: none"> <li><u>Type of Instrument:</u><br/>Senior secured dollar denominated term loan facility of \$660,000,000 (₹ 48,919.20 million, based on an exchange conversion rate of \$1 = ₹74.12 as of June 23, 2021</li> <li><u>Tenor:</u> Term loan maturity date - June 23, 2026.</li> <li><u>Rate of Interest:</u><br/><u>For ABR Term Loans</u> – Alternate Base Rate + 7.25%<br/><u>Eurodollar Term Loans</u> – Adjusted LIBO Rate (or an adjusted benchmark rate as per the terms of the TLB-2021 Credit Agreement) + 8.25%;</li> <li><u>Repayment schedule:</u><br/>Quarterly principal installments of 0.25% of the TLB-2021 each fiscal quarter commencing on the last day of the first full fiscal quarter after the effective date of the TLB-2021 Credit Agreement; and balance unpaid due at maturity (i.e. June 23, 2026)</li> </ul> | <p>(a) Refinancing the existing indebtedness more particularly identified in the TLB-2021 Credit Agreement</p> <p>(b) Funding the 'cash collateral account' (as defined in the TLB-2021 Credit Agreement) with an amount equal to \$100,000,000.</p> <p>(c) Payment of fees, costs and expenses incurred in connection with the TLB-2021.</p> <p>(d) General corporate purposes of the 'restricted subsidiaries' of the Parent (as defined in the TLB-2021 Credit Agreement)*</p> |

\*The general corporate purpose fund were utilized for organic expansion of our Company's overseas business, including towards employee benefit expenses, marketing and promotion expenses, general and administrative expenses (by way of investment into group entities).

### *Key terms of TLB*

Set out below are the principal terms and conditions of TLB:

1. **Tenor:** The tenor of TLB availed by the TLB Co-borrower Subsidiaries is five years from the TLB Effective Date (the “**TLB Maturity Date**”).

The TLB Co-borrower Subsidiaries are required to repay, or cause to be repaid, in quarterly principal instalments on the last day of each fiscal quarter of our Company, in an amount in U.S. Dollars equal to: (a) 1.00% per annum of the aggregate principal amount of the TLB, commencing on the last day of the second full financial quarter of our Company following the TLB Effective Date (*i.e.*, December 17, 2024) until the fourth full fiscal quarter following the TLB Effective Date, and (b) 2.50% per annum of the aggregate principal amount of the TLB, commencing on the last day of the fifth full financial quarter of our Company following the TLB Effective Date until the TLB Maturity Date. To the extent not previously repaid, all unpaid principal amounts under the TLB are required to be paid in full in U.S. Dollars by the TLB Co-borrower Subsidiaries on the TLB Maturity Date. Being co-borrowers, the TLB Co-borrower Subsidiaries are jointly responsible for all redemption and payment obligations under the TLB Credit Agreement.

2. **Interest:** Under the TLB Credit Agreement, each TLB Co-borrower Subsidiary (acting through OYO Netherlands), has the option to elect for each loan drawn down under the TLB to bear interest at either:
  - (a) ‘Alternate Base Rate’ (as defined in the TLB Credit Agreement) plus 7% (loans bearing interest at Alternate Base Rate, the “**ABR Loans**”); and
  - (b) ‘Term SOFR Reference Rate’ (as defined in the TLB Credit Agreement) for the relevant interest period plus 8% (loans bearing interest at the Term SOFR Reference Rate, the “**SOFR Loans**”).

Interest on the ABR Loans are payable quarterly (on the last business day of March, June, September and December) and on the TLB Maturity Date. Interest on the SOFR Loans is payable at the end of each elected interest period of such SOFR Loans (which may be one month, three months, six months, or with the consent of all lenders, 12 months or a period less than one month) and, in the case of an interest period of more than three months’ duration, each day prior to the last day of such interest period that occurs at intervals of three months’ duration after the first day of such interest period, and on the TLB Maturity Date. The relevant TLB Co-borrower Subsidiary may elect the duration of the interest period for the SOFR Loan at the time of drawdown.

3. **Guarantee and Security:** As of the date of Updated Draft Red Herring Prospectus-I, the TLB was guaranteed by Company and Subsidiaries, OYO Hospitality UK Ltd, OYO Technology and Hospitality (UK) Ltd, Belvilla AG, Dancenter A/S, Traum Ferienwohnungen GmbH, OYO Hotels (Singapore) Pte. Ltd., OYO Rooms and Hospitality UK Ltd., IBL Limited NewCo, LLC, G6 Hospitality LLC, G6 Franchising Holdco LLC, G6 Hospitality Franchising LLC, G6 Hospitality IP LLC and PT OYO Rooms Indonesia.

As of the date of this Updated Draft Red Herring Prospectus-I, the TLB is secured by a security agreement by OSSPL over intercompany receivables of OSSPL against OHNBV, a US law pledge and security agreement by OHI, G6 Hospitality LLC, G6 Franchising Holdco LLC, G6 Hospitality Franchising LLC, G6 Hospitality IP LLC, IBL Limited NewCo, LLC, Oyo Rooms and Hospitality UK Ltd. and Belvilla AG, a confirmatory grant of security interest in US copyrights by G6 Hospitality IP LLC, a confirmatory grant of security interest in US trademarks by Belvilla AG and G6 Hospitality IP LLC, a 100% share mortgage of OYO Hospitality UK Limited by OSSPL, a 100% share mortgage of OYO Technology and Hospitality (UK) Limited by OSSPL, 100% share pledge of OYO Vacation Homes Holding B.V. by OHNBV, fixed and floating security over substantially all the assets (including intellectual property) of OSSPL, including an assignment of its rights under an intercompany loan agreement between OSSPL and OHNBV and a 100% share mortgage of Oyo Hotels (Singapore) Pte. Ltd., fixed and floating security over substantially all the assets (including intellectual property) of Oyo Hotels (Singapore) Pte. Ltd., a pledge over all intellectual property rights held by Belvilla AG and Traum Ferienwohnungen GmbH and a 100% share pledge of Dancenter A/S by OYO Vacation Homes Denmark ApS.

#### 4. ***Pre-payment:***

##### *Voluntary Prepayment:*

Each TLB Co-borrower Subsidiary has the right to prepay, in whole or part, the loans under the TLB at any time, subject to certain notice requirements prescribed in the TLB Credit Agreement and further subject to payment of prepayment premium specified in the TLB Credit Agreement.

##### *Mandatory Prepayment:*

Under the terms of the TLB Credit Agreement, we are required to use all net cash proceeds received by our Company and restricted subsidiaries after February 28, 2025 (other than certain exclusions) of issuance of any equity interest, including shares, options and warrants, towards the prepayment of the TLB.

In addition, subject to certain exceptions stipulated therein, if the Company or any 'restricted subsidiary' (as defined in the TLB Credit Agreement) incurs any indebtedness that is not otherwise permitted under the terms of the TLB, an amount equal to 100% of the net cash proceeds of such indebtedness shall be applied immediately upon receipt of such net cash proceeds toward the prepayment of the TLB. Subject to certain exceptions, to the extent the Company or any 'restricted subsidiary', engages in any asset sales (other than specified exclusions) or recover monies through a settlement of or payment in respect of certain insurance claims or condemnation proceedings, and the net cash proceeds the Company or any 'restricted subsidiary' receives in such asset sales or recovery events exceeds specified thresholds, we are required to apply an amount equal to 100% of the net cash proceeds thereof towards the prepayment of the TLB.

Further, to the extent a change of control (as defined in the TLB Credit Agreement) occurs, we are required, within 30 days of such change of control occurring, to offer to prepay 101% of the aggregate principal amount outstanding under the TLB at such time. The TLB Credit Agreement also provides that in the event of excess cash flow in any fiscal year following the TLB Effective Date, a specified percentage of the excess cash flow for such fiscal year minus specified deductions must be used to prepay the loans outstanding under the TLB.

5. ***Default interest or penalty for overdue payments:*** Any overdue amount under the TLB Credit Agreement will bear interest at the regular rate prescribed in the TLB Credit Agreement plus an additional 2.00% per annum, and this penalty interest is payable upon demand for as long as the default continues.

Also see, "***Risk Factors – One of the Objects of the Issue is repayment/prepayment, in part or full, of certain borrowings availed by certain of our Subsidiaries which is subject to certain inherent risks.***" on page 78.

##### ***Rationale for selection of prepayment of the TLB from the Net Proceeds***

The Company proposes to prepay the TLB from the Net Proceeds based on certain commercial considerations, including: (i) benefits arising from reduced debt servicing and payment of interest by up to 61.53% arising from a reduction up to 60.93% of the aggregate principal amount on which interest will be required to be paid during the tenor of the TLB until its maturity on the TLB Maturity Date; and (ii) utilization of the concessional rates of redemption premium /prepayment penalty available under the early redemption options in the relevant terms of the TLB Credit Agreement, which otherwise prohibits prepayment of the principal amount during the initial two years without payment of an amount equal to the present value at such time of all remaining required interest payments due on the initial term loans from the date of a premium event through the second anniversary of the TLB Effective Date at the applicable interest rate set out in and calculated pursuant to the TLB Credit Agreement.

The amounts outstanding under the TLB loan may be dependent on various factors and may include intermediate repayments or prepayments in accordance with the terms set out in the TLB Credit Agreement. Accordingly, it may be possible that the amount outstanding under the loan facilities may vary from time to time. We may, from time to time, repay, prepay or refinance the TLB loan or enter into further financing arrangements. Any prepayment penalties or redemption premium, along with accrued interest and other charges, if any, under the terms of the TLB Credit Agreement shall be met from our cash reserves and other sources.

The aforementioned prepayment will help us reduce our outstanding indebtedness and debt servicing costs and will enable utilization of our internal accruals for further investment in business growth and expansion. Set out

below is the finance costs incurred by us during the nine months ended December 31, 2025 and the last three financial years:

| Particulars                           | December 31,<br>2025 | Fiscal 2025     | Fiscal 2024     | Fiscal 2023     |
|---------------------------------------|----------------------|-----------------|-----------------|-----------------|
|                                       | (₹ million)          |                 |                 |                 |
| Interest on borrowings (A)            | 7,475.33             | 8,116.89        | 8,157.52        | 6,566.28        |
| Interest on lease liabilities (B)     | 2,793.22             | 1,288.95        | 207.45          | 166.79          |
| Other borrowing cost (C)              | 520.96               | 65.24           | 34.66           | 53.92           |
| Bank charges (D)                      | 101.79               | 120.47          | 38.55           | 28.81           |
| Interest on short term borrowings (E) | 2.06                 | -               | -               | -               |
| <b>Total (F = A+B+C+D+E)</b>          | <b>10,893.36</b>     | <b>9,591.55</b> | <b>8,438.18</b> | <b>6,815.80</b> |

In addition, we expect that a reduction in the debt to equity ratio of the TLB Co-borrower Subsidiaries will enhance their ability to leverage and enable them to raise further resources in the future to fund potential growth plans.

Our Company's investment in the TLB Co-borrower Subsidiaries will be in the form of subscription of the equity securities issued by the TLB Co-borrower Subsidiaries as approved by our Board pursuant to resolution dated June 15, 2026, and the board of directors of the TLB Co-borrower Subsidiaries, being OYO Singapore, OYO Netherlands and OHI Delaware, pursuant to resolutions each dated June 15, 2026, respectively, and in accordance with the SEBI ICDR Regulations.

Our Audit Committee will be required to take into account relevant commercial considerations and considerations under the applicable regulatory framework, including the Foreign Exchange Management Act, 1999, Foreign Exchange Management (Overseas Investment) Rules, 2022, promulgated by the Department of Economic Affairs, Ministry of Finance, Government of India *vide* its notification bearing reference no. G.S.R. 646(E), dated August 22, 2022, the Foreign Exchange Management (Overseas Investment) Regulations, 2022, issued by the RBI *vide* its circular bearing reference no. No. FEMA400/2022-RB, dated August 22, 2022 and the Master Direction - Overseas Investment, issued by the RBI *vide* its circular bearing reference no. RBI/FED/2024-25/121, dated July 24, 2024, each as amended from time to time.

### 1. General corporate purposes

The Net Proceeds will first be utilized for the prepayment in part, of certain borrowings availed by the TLB Co-borrower Subsidiaries, in the manner as set out in this section. Our Company proposes to deploy the balance Net Proceeds towards general corporate purposes and the business requirements of our Company and our Subsidiaries, provided that such amount does not exceed 25% of the Gross Proceeds, in compliance with the SEBI ICDR Regulations. The quantum of utilization of funds towards each of the above purposes will be determined by our Board, based on the amount actually available under this head and the business requirements of our Company, from time to time.

The general corporate purposes for which our Company proposes to utilize Net Proceeds includes repayment of debt of Company and its Subsidiaries (including TLB) and is not restricted to acquisition of fixed assets, repairs and maintenance and meeting other capital expenditure requirements, acquisitions or strategic initiatives, employee and other personnel expenses, strengthening marketing capabilities and brand building exercises, interest payments and other debt servicing costs, working capital requirements incurred in the ordinary course of business including salaries and wages, general and administrative expenses such as rent and insurance related expenses and ongoing general corporate contingencies such as payment of taxes and duties. In addition to the above, our Company may utilize the Net Proceeds towards other purposes considered expedient and as may be approved periodically by our Board or a duly appointed committee thereof from time to time, subject to compliance with applicable law, including provisions of the Companies Act. Our Company's management shall have flexibility in utilizing surplus amounts, if any, as may be approved by the Board or a duly appointed committee from time to time. In case of variation in the actual utilization of funds designated for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, which are not applied to the other purposes set out above.

### Issue expenses

The total expenses of the Issue are estimated to be approximately ₹ [●] million. The Issue related expenses primarily include fees payable to the Book Running Lead Managers and legal counsel, fees payable to the Auditors, brokerage and selling commission, underwriting commission, commission payable to Registered Brokers, RTAs, CDPs, SCSBs' fees, Sponsor Bank's fees, Registrar's fees, printing and stationery expenses, advertising and marketing expenses and all other incidental and miscellaneous expenses for listing the Equity Shares on the Stock Exchanges.

The estimated Issue related expenses are set out below.

Notes:

- Issue expenses include applicable taxes, where applicable. Issue expenses will be finalised on determination of Issue Price and incorporated at the time of filing of the Prospectus. Issue expenses are estimates and are subject to change.
- Selling commission payable to the SCSBs on the portion for RIIs and NIIs which are directly procured and uploaded by the SCSBs, would be as follows:

|                                 |                                                     |
|---------------------------------|-----------------------------------------------------|
| Portion for RIIs*               | [●]% of the Amount Allotted (plus applicable taxes) |
| Portion for Eligible Employees* | ₹[●] per valid application (plus applicable taxes)  |
| Portion for NIIs*               | [●]% of the Amount Allotted (plus applicable taxes) |

\*Amount Allotted is the product of the number of Equity Shares Allotted and the Issue Price.

Selling Commission payable to the SCSBs will be determined on the basis of the bidding terminal id as captured in the Bid book of BSE or NSE.

No processing fees shall be payable by the Company to the SCSBs on the applications directly procured by them.

- Processing fees payable to the SCSBs on the portion for RIIs and NIIs (excluding UPI Bids) which are procured by the members of the Syndicate/sub-Syndicate/Registered Broker/RTAs/CDPs and submitted to SCSB for blocking, would be as follows:

|                            |                                                             |
|----------------------------|-------------------------------------------------------------|
| Portion for RIIs and NIIs* | ₹ [●] per valid application (exclusive of applicable taxes) |
|----------------------------|-------------------------------------------------------------|

\* Processing fees payable to the SCSBs for capturing Syndicate Member/Sub-syndicate (Broker)/Sub-broker code on the ASBA Form for NIIs and QIBs with bids above ₹0.50 million would be ₹[●] plus applicable taxes, per valid application.

- Selling commission on the portion for RIIs (using the UPI mechanism), and NIIs which are procured by members of the Syndicate (including their sub-Syndicate Members), RTAs and CDPs or for using 3-in-1 type accounts- linked online trading, demat & bank account provided by some of the brokers which are members of Syndicate (including their sub-Syndicate Members) would be as follows:

|                                 |                                                     |
|---------------------------------|-----------------------------------------------------|
| Portion for RIIs*               | [●]% of the Amount Allotted (plus applicable taxes) |
| Portion for Eligible Employees* | ₹[●] per valid application (plus applicable taxes)  |
| Portion for NIIs*               | [●]% of the Amount Allotted (plus applicable taxes) |

\*Amount Allotted is the product of the number of Equity Shares Allotted and the Issue Price.

The Selling commission payable to the Syndicate / sub-Syndicate Members (RIIs up to ₹0.20 million), and NIIs (from ₹0.20 million - ₹0.50 million) will be determined on the basis of the application form number / series, provided that the application is also bid by the respective Syndicate / sub-Syndicate Members. For clarification, if a Syndicate ASBA application on the application form number / series of a Syndicate / sub-Syndicate Members, is bid by an SCSB, the Selling Commission will be payable to the SCSB and not the Syndicate / sub-Syndicate Members.

For NIIs (above ₹0.50 million), Syndicate ASBA Form bearing SM Code & Sub-Syndicate Code of the application form submitted to SCSBs for Blocking of the Fund and uploading on the Exchanges platform by SCSBs. For clarification, if a Syndicate ASBA application on the application form number / series of a Syndicate / Sub-Syndicate Member, is bid by an SCSB, the Selling Commission will be payable to the Syndicate / Sub Syndicate members and not the SCSB.

Bidding Charges payable to members of the Syndicate (including their sub-Syndicate Members) on the applications made using 3-in-1 accounts would be ₹[●] (exclusive of applicable taxes), per valid application bid by the Syndicate (including their sub-Syndicate Members). Bidding charges payable to SCSBs on the QIB Portion and NIIs (exclusive UPI Bids) which are procured by the Syndicate/sub-Syndicate/Registered Broker/RTAs/CDPs and submitted to SCSBs for blocking and uploading would be ₹[●] per valid application (exclusive of applicable taxes)

The selling commission and bidding charges payable to Registered Brokers, the RTAs and CDPs will be determined on the basis of the bidding terminal id as captured in the Bid Book of BSE or NSE.

Selling commission/ uploading charges payable to the Registered Brokers on the portion for RIIs and NIIs which are directly procured by the Registered Broker and submitted to SCSB for processing, would be as follows:

|                           |                                                     |
|---------------------------|-----------------------------------------------------|
| Portion for RIIs and NIIs | ₹ [●] per valid application (plus applicable taxes) |
|---------------------------|-----------------------------------------------------|

Uploading charges/ Processing fees for applications made by RIIs using the UPI Mechanism (up to ₹0.20 million) and NIIs (from ₹0.20 million - ₹0.50 million) would be as under:

|                                                            |                                                     |
|------------------------------------------------------------|-----------------------------------------------------|
| Members of the Syndicate / RTAs / CDPs /Registered Brokers | ₹ [●] per valid application (plus applicable taxes) |
|------------------------------------------------------------|-----------------------------------------------------|

\*Based on valid applications

All such commissions and processing fees set out above shall be paid as per the timelines in terms of the Syndicate Agreement and Cash Escrow and Sponsor Bank Agreement.

|     |                                                                                                                                                                                                                                                                                                                                                                                           |
|-----|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| [●] | ₹ [●] plus, GST for per applications made by UPI Bidders using the UPI mechanism*. The Sponsor Bank(s) shall be responsible for making payments to the third parties such as remitter bank, NPCI and such other parties as required in connection with the performance of its duties under the SEBI circulars, the Syndicate Agreement and other applicable laws.                         |
| [●] | ₹ [●] plus GST for per applications made by UPI Bidders using the UPI mechanism (plus applicable taxes) *. The Sponsor Bank(s) shall be responsible for making payments to the third parties such as remitter bank, NPCI and such other parties as required in connection with the performance of its duties under the SEBI circulars, the Syndicate Agreement and other applicable laws. |

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI RTA Master Circular, in a format as prescribed by SEBI, from time to time and in accordance with SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022.

## Interim use of the Net Proceeds

The Net Proceeds shall be retained in the Public Issue Account until receipt of the listing and trading approvals from the Stock Exchanges by our Company. Pending utilization of the Net Proceeds for the purposes described above, our Company undertakes to deposit the Net Proceeds only in one or more scheduled commercial banks included in the Second Schedule of the Reserve Bank of India Act, 1934, as may be approved by our Board or the IPO Committee. In accordance with Section 27 of the Companies Act, 2013, our Company confirms that it shall not use the Net Proceeds for buying, trading or otherwise dealing in shares of any other listed company or for any investment in the equity markets.

## Appraising entity

None of the Objects for which the Net Proceeds will be utilized have been appraised by any agency.

## Bridge financing facilities

Our Company has not raised any bridge loans from any bank or financial institution as of the date of this Updated Draft Red Herring Prospectus-I, which are proposed to be repaid from the Net Proceeds.

## Monitoring of utilization of funds

In terms of Regulation 41 of the SEBI ICDR Regulations, our Company shall appoint a Monitoring Agency for monitoring the utilisation of Gross Proceeds, prior to the filing of the Red Herring Prospectus, as our size of the Issue exceeds ₹1,000.00 million, in accordance with Regulation 41 of the SEBI ICDR Regulations. Our Audit Committee and the Monitoring Agency will monitor the utilisation of the Gross Proceeds (including in relation to the utilisation of the Net Proceeds towards general corporate purposes) and the Monitoring Agency shall submit the report to our Company, as required under Regulation 41(2) of the SEBI ICDR Regulations, on a quarterly basis, until such time as the Net Proceeds have been utilised in full. Our Company undertakes to place the report(s) of the Monitoring Agency on receipt before the Audit Committee without any delay. Further, our Company shall within forty-five days from the end of each quarter, publicly disseminate the report of the monitoring agency by uploading the same on our website as well as submitting the same to Stock Exchanges. Our Company will disclose the utilisation of the Net Proceeds, including interim use under a separate head in our balance sheet for such periods as required under the SEBI ICDR Regulations, the SEBI Listing Regulations and any other applicable laws or regulations, clearly specifying the purposes for which the Net Proceeds have been utilised if any, of such currently unutilised Net Proceeds. Our Company will also, in its balance sheet for the applicable Financial Years, provide details, if any, in relation to all such Net Proceeds that have not been utilised, if any, of such currently unutilised Net Proceeds.

Furthermore, in accordance with Regulation 32(1) of the SEBI Listing Regulations, our Company shall furnish to the Stock Exchanges on a quarterly basis, a statement indicating (i) deviations, if any, in the actual utilisation of the proceeds of the Issue from the Objects as stated above; and (ii) details of category wise variations in the actual utilisation of the proceeds of the Issue from the Objects as stated above. Provided that pursuant to Regulation 32(3) of the SEBI Listing Regulations, our Company shall place the statement before the Audit Committee for their review prior to the submission to the Stock Exchanges. The statement shall be certified by the statutory auditor of our Company in accordance with Regulation 32(5) of SEBI Listing Regulations and such certification shall be provided to the Monitoring Agency.

On an annual basis, our Company shall prepare a statement of funds utilised for purposes other than those stated in this Updated Draft Red Herring Prospectus-I and place it before the Audit Committee and make other disclosures as may be required until such time as the Net Proceeds remain unutilised. Such disclosure shall be made only until such time that all the Net Proceeds have been utilised in full. The statement shall be certified by the statutory auditors of our Company. Our Company will indicate investments, if any, of unutilised Net Proceeds in the balance sheet of our Company for the relevant Financial Year subsequent to receipt of listing and trading approvals from the Stock Exchanges.

### **Variation in Objects**

In accordance with Sections 13(8) and 27 of the Companies Act, 2013 and the applicable rules, and the SEBI ICDR Regulations, our Company shall not vary the Objects without our Company being authorised to do so by the Shareholders by way of a special resolution. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution (“**Notice**”) shall specify the prescribed details as required under the Companies Act, 2013. The Notice shall simultaneously be published in newspapers, one in English and one in Gujarati (Gujarati being the vernacular language of Ahmedabad where our Registered Office is located). Pursuant to Section 13(8) of the Companies Act, 2013, our Promoters will be required to provide an exit opportunity to such Shareholders who do not agree to the proposal, to vary the objects, subject to the provisions of the Companies Act, 2013 and under the circumstances and in accordance with such terms and conditions, including in respect of pricing of the Equity Shares, in accordance with the Companies Act, 2013 and the SEBI ICDR Regulations. See ***“Risk Factors - Our funding requirements and the proposed deployment of Net Proceeds are based on management estimates and have not been appraised by any bank or financial institution or any other independent agency, and our management will have broad discretion over the use of Net Proceeds. Further, variations in the utilization of the Net Proceeds from the terms and conditions disclosed in this Updated Draft Red Herring Prospectus-I would be subject to certain compliance requirements, including prior shareholders’ approval.”*** on page 86.

**Other confirmations**

None of our Promoters, Promoter Group, Directors, KMP, Senior Management, Group Companies or any other parties with whom we have entered, or will enter, into related party transactions, will receive any portion of the Issue Proceeds and there are no material existing or anticipated transactions in relation to utilization of the Issue Proceeds with our Promoters, Promoter Group, Directors, KMP, Senior Management, Group Companies or any other parties with whom we have entered, or will enter, into related party transactions.

## BASIS FOR ISSUE PRICE

The Price Band and Issue Price will be determined by our Company in consultation with the BRLMs, on the basis of assessment of market demand for the Equity Shares offered through the Book Building Process and on the basis of the following qualitative and quantitative factors. The face value of the Equity Shares is ₹1 each and the Issue Price is [●] times the Floor Price and [●] times the Cap Price of the Price Band. Investors should also refer to “*Risk Factors*”, “*Our Business*”, “*Financial Statements*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 31, 426, 623 and 952, respectively, to have an informed view before making an investment decision.

### Qualitative Factors

Some of the qualitative factors which form the basis for computing the Issue Price are set out below:

- Scaled platform providing full-stack, integrated technology, brand and operator solutions for hospitality.
- Asset-light, scalable business model with low-cost, centralized systems built in “India for the World”.
- Scaled global footprint with leadership across focused markets.
- Trusted brands with a strong Customer distribution network, generating significant share of direct demand.
- Virtuous flywheel driven by strong local network effects and growth leverage.
- Strong leadership team with deep experience.

For further details, see “*Our Business —Our Competitive Strengths*” and “*Risk Factors*” on pages 446 and 31, respectively.

### Quantitative Factors

Some of the information presented in this section is derived from our Restated Consolidated Financial Information. For details, see “*Financial Statements*” on page 623.

Some of the quantitative factors which may form the basis for computing the Issue Price are as follows:

#### 1. Basic and Diluted Earnings per Share (“EPS”):

| Financial Year / Period                    | Basic EPS (₹) | Diluted EPS (₹) | Weight |
|--------------------------------------------|---------------|-----------------|--------|
| March 31, 2025                             | 0.18          | 0.17            | 3      |
| March 31, 2024                             | 0.17          | 0.16            | 2      |
| March 31, 2023                             | (0.92)        | (0.92)          | 1      |
| <b>Weighted Average</b>                    | <b>(0.01)</b> | <b>(0.02)</b>   |        |
| Nine month period ended December 31, 2025* | 0.52          | 0.47            |        |

\* Not annualized

Notes:

- <sup>1</sup> Basic Restated earning/(loss) per equity and preference share is calculated as restated profit/ (loss) attributable to equity and preference shareholders divided by the Weighted average number of equity and preference shares at the period/ year end
- <sup>2</sup> Diluted Restated earning/(loss) per equity and preference share is calculated as restated profit/ (loss) attributable to equity and preference shareholders divided by the weighted average number of equity shares outstanding during the year/period and the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares except where dilutive EPS would be anti-dilutive. As on December 31, 2025, March 31, 2025, March 31, 2024 and March 31, 2023, there are potential equity shares in the form of stock options issued, compound financial instrument and share warrants.
- <sup>3</sup> Basic and Diluted Restated earning/(loss) per equity and preference share are computed in accordance with Indian Accounting Standard 33 notified by under the Companies (Indian Accounting Standard) Rule of 2015 (as amended).
- <sup>4</sup> Weighted average number of equity and preference shares is the number of shares outstanding at the beginning of the year/period adjusted by the number of shares issued during the year/period multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the year/period.

2. **Price/ Earning (“P/E”) ratio in relation to price band of [●] to [●] per Equity Share**

| Financial Year/Period ended                                      | P/E at the lower end of the Price Band (number of times)* | P/E at the higher end of the Price Band (number of times)* |
|------------------------------------------------------------------|-----------------------------------------------------------|------------------------------------------------------------|
| Based on Basic EPS for the financial year ended March 31, 2025   | [●]                                                       | [●]                                                        |
| Based on Diluted EPS for the financial year ended March 31, 2024 | [●]                                                       | [●]                                                        |

\*To be computed after finalization of the Price Band

3. **Industry Peer Group P/E ratio**

Based on the peer group information (excluding our Company) given below are the highest, lowest and industry average P/E ratio:

| Particulars | Weight |
|-------------|--------|
| Highest     | 55.10  |
| Lowest      | 34.10  |
| Average     | 44.99  |

Notes:

- The industry high and low has been considered from the industry peer set. The industry average has been calculated as the arithmetic average of P/E of the industry peer set.
- The industry P / E ratio is for the Fiscal 2025 and closing market price of equity shares, on NSE for peers, as of June 10, 2026.

4. **Return on Net Worth (“RoNW”):**

| Financial Year/Period ended                | RoNW (%)      | Weight |
|--------------------------------------------|---------------|--------|
| March 31, 2025                             | 5.18          | 3      |
| March 31, 2024                             | 11.82         | 2      |
| March 31, 2023                             | (73.80)       | 1      |
| <b>Weighted Average</b>                    | <b>(5.77)</b> |        |
| Nine month period ended December 31, 2025* | 12.17         |        |

\* Not annualized

Notes:

- $$\text{RoNW (\%)} = \frac{\text{Restated profit / loss attributable to equity and preference shareholders}}{\text{Net worth at the end of the year/period}}$$
- Net worth is the aggregate value of paid up share capital including instruments in the nature of equity and all reserves created out of profit, securities premium account and debit or credit balance of profit and loss account, share based payment reserve, money received against share warrants and other reserves after deducting the aggregate value of the accumulated losses, deferred expenditure and miscellaneous expenditure not written off but does not include reserve created out of revaluation of assets, write-back of depreciation and amalgamation. in accordance with Regulation 2(1)(hh) of the SEBI ICDR Regulations. We have calculated net worth by aggregate value of equity share capital, other equity excluding capital reserve and capital redemption reserve
- Weighted Average = Aggregate of year-wise Return on Net-worth divided by the aggregate weights, i.e.,  $\{(\text{Return on Net Worth} \times \text{Weight}) \text{ for each year/period} \} / \{ \text{Total Weights} \}$

5. **Net Asset Value per Share:**

| Particulars                       | Amount (₹) |
|-----------------------------------|------------|
| As on March 31, 2025              | 3.50       |
| As on December 31, 2025*          | 4.26       |
| After the completion of the Issue |            |
| - At the Floor Price**            | [●]        |
| - At the Cap Price**              | [●]        |
| Issue Price**                     | [●]        |

\* Not annualized

\*\*To be computed after finalization of the Price Band

Notes:

- Issue Price per Equity Share will be determined on conclusion of the Book Building Process.
- Net assets value per share = Net asset value per share is calculated by dividing net worth by weighted average number of equity shares outstanding at the end of the year.

3. Net worth is the aggregate value of paid up share capital including instruments in the nature of equity and all reserves created out of profit, securities premium account and debit or credit balance of profit and loss account, share based payment reserve, money received against share warrants and other reserves after deducting the aggregate value of the accumulated losses, deferred expenditure and miscellaneous expenditure not written off but does not include reserve created out of revaluation of assets, write-back of depreciation and amalgamation. in accordance with Regulation 2(1)(hh) of the SEBI ICDR Regulations. We have calculated net worth by aggregate value of equity share capital, other equity excluding capital reserve and capital redemption reserve
4. Weighted average number of equity and preference shares is the number of shares outstanding at the beginning of the year adjusted by the number of Shares offered during the year multiplied by the time weighing factor. The time weighing factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the year.

## 6. Comparison of Accounting Ratios with listed Indian industry peers (as of or for the period ended December 31, 2025, as applicable)

The following peer group has been determined based on the Indian companies listed on the Stock Exchanges:

| Name of Company                   | Face value (₹ per equity share) | Closing price on June 10, 2026 (in ₹) | Revenue from operations (₹ million) | EPS (₹) |         | P/E                | RoNW (%) | NAV (per share) (₹) |
|-----------------------------------|---------------------------------|---------------------------------------|-------------------------------------|---------|---------|--------------------|----------|---------------------|
|                                   |                                 |                                       |                                     | Basic   | Diluted |                    |          |                     |
| Our Company                       | 1                               | [●]                                   | 62,528.31                           | 0.18    | 0.17    | [●] <sup>(3)</sup> | 5.18%    | 3.20                |
| <b>Listed Peers</b>               |                                 |                                       |                                     |         |         |                    |          |                     |
| TBO Tek Limited                   | 1                               | 1228.20                               | 17,374.73                           | 21.73   | 21.48   | 79.16              | 19.24%   | 111.66              |
| Lemon Tree Hotels Limited         | 10                              | 106.83                                | 12,860.78                           | 2.48    | 2.48    | 65.32              | 19.56%   | 12.69               |
| The Indian Hotels Company Limited | 1                               | 665.85                                | 83,345.40                           | 27.79   | 27.75   | 26.65              | 17.16%   | 78.09               |
| ITC Hotels Limited                | 1                               | 150.48                                | 35,598.10                           | 3.05    | 3.05    | 65.08              | 5.94%    | 51.33               |

Notes:

- <sup>1</sup>. Financial information of the Company is derived from the Restated Consolidated Financial Information.
- <sup>2</sup>. Source: Consolidated financial results of the peer companies for the Fiscal 2025 submitted to stock exchanges
- <sup>3</sup>. P/E Ratio of the company shall be disclosed post finalization of price band.
- <sup>4</sup>. P/E Ratio of peers group companies is calculated as closing share price as of June 10, 2026 as available on NSE, divided by the diluted EPS for the Fiscal 2025.
- <sup>5</sup>. Basic and Diluted EPS sourced from the consolidated financial results of the respective peer group companies for the Fiscal 2025.
- <sup>6</sup>. RoNW is computed as profit or loss for the year attributable to equity shareholders divided by Net Worth at the end of the period/ year
- <sup>7</sup>. Net worth is the aggregate value of paid up share capital including instruments in the nature of equity and all reserves created out of profit, securities premium account and debit or credit balance of profit and loss account, share based payment reserve, money received against share warrants and other reserves after deducting the aggregate value of the accumulated losses, deferred expenditure and miscellaneous expenditure not written off, as per the audited balance sheet but does not include reserve created out of revaluation of assets, write-back of depreciation and amalgamation.
- <sup>8</sup>. Net assets value per share = Net asset value per share is calculated by dividing net worth by weighted average number of equity shares outstanding at the end of the year.

## 7. Key Performance Indicators

The table below sets forth the details of certain key performance indicators (“KPIs”) that our Company considers have a bearing for arriving at the basis for Issue Price. The KPIs disclosed in the table below have been selected in accordance with the standards set out in the SEBI circular titled “Industry Standards on Key Performance Indicators (“KPIs”) Disclosures in the draft Issue Document and Issue Document” dated February 28, 2025. All the KPIs disclosed below have been approved by a resolution of our Audit Committee dated June 29, 2026 and certified by our Chief Financial Officer on behalf of the management of our Company by way of certificate dated June 29, 2026. The Audit Committee has further confirmed that the KPIs pertaining to the Company that have been disclosed to earlier investors for raising funds at any point of time during the three years period prior to the date of filing of this Updated Draft Red Herring Prospectus-I have been disclosed in this section and have been verified and audited by A D M S & Co, Chartered Accountants. The KPIs disclosed below have been certified by A D M S & Co, Chartered Accountants, Chartered Accountants (FRN: 014626C), pursuant to certificate dated June 29, 2026 (UDIN: 26514879QMUWYO1034) (“KPI Certificate”). The KPI Certificate shall be included as part of the material documents for inspection and shall be accessible on the website of our Company at

<https://www.prismlife.com/investor-relations>, as disclosed in “*Material Contracts and Documents for Inspection – Material Documents*” on page 1127.

The KPIs disclosed below have been used historically by the Company to understand and analyze the business performance, which in result, help it in analyzing the growth of various verticals in comparison to its peers.

Our Company undertakes to disclose all the KPIs included in this section on a periodic basis, at least once in a year (or any lesser period as determined by the Board of Directors of our Company), for a period of one year after the date of listing of the Equity Shares on the Stock Exchanges, or till the utilization of the Net Proceeds as disclosed in “*Objects of the Issue*” on page 293, or for such other duration as required under the SEBI ICDR Regulations.

Set forth below are lists of our KPIs that have been used historically by our Company to understand and analyse the business performance which in result, help us in analyzing our performance in comparison to our listed peers, and other relevant and material KPIs of the business of the Company that have a bearing for arriving at the Basis for the Issue Price:

| KPIs                                                                                                        | Units     | As of, and for the period ended |                |                |                |
|-------------------------------------------------------------------------------------------------------------|-----------|---------------------------------|----------------|----------------|----------------|
|                                                                                                             |           | December 31, 2025               | March 31, 2025 | March 31, 2024 | March 31, 2023 |
| Sale of accommodation services <sup>(1)</sup>                                                               | ₹ million | 38,110.54                       | 38,248.20      | 34,414.89      | 37,130.46      |
| Commission from bookings and royalty income <sup>(2)</sup>                                                  | ₹ million | 22,148.68                       | 15,620.27      | 13,441.19      | 12,164.70      |
| Cancellation income <sup>(3)</sup>                                                                          | ₹ million | 693.86                          | 831.83         | 792.02         | 971.91         |
| Value added services <sup>(4)</sup>                                                                         | ₹ million | 715.46                          | 186.76         | 113.16         | 105.05         |
| Sale of tours, packages and events including wedding related services <sup>(5)</sup>                        | ₹ million | 700.72                          | 425.60         | 883.05         | 335.77         |
| Rental income <sup>(6)</sup>                                                                                | ₹ million | 1,515.26                        | 1,569.18       | 884.05         | 937.45         |
| Food and beverages <sup>(7)</sup>                                                                           | ₹ million | 270.05                          | 302.81         | 18.59          | 65.85          |
| Subscription income <sup>(8)</sup>                                                                          | ₹ million | 56.81                           | 59.51          | 82.45          | 89.58          |
| Other operational revenue <sup>(9)</sup>                                                                    | ₹ million | 5,198.35                        | 5,284.15       | 3,258.49       | 2838.68        |
| Revenue from operations <sup>(10)</sup>                                                                     | ₹ million | 69,409.73                       | 62,528.31      | 53,887.89      | 54,639.45      |
| Revenue from operations (% of GBV) <sup>(11)</sup>                                                          | %         | 30.25%                          | 38.41          | 50.90          | 53.70          |
| Operating expenses <sup>(12)</sup>                                                                          | ₹ million | 27,099.73                       | 31,295.47      | 28,854.41      | 31,372.76      |

**Notes:**

- Revenue from sale of accommodation services is a component of Revenue from operations which is charged from customers for usage of hotel room nights
- Revenue in the form of commission from booking and royalty income, pertains to commission charged from home owners for booking of home room nights by end customers, listing fee for listing their home on our platform and fees charged to G6 hotel owners for usage of Studio6 and Motel6 brand and marketing related services.
- Cancellation income related to sale of accommodation services are recognized on cancellation of booking by end customers.
- Value-added services include services in the nature of marketing and data analytics and preferential performance listing which results in enhanced traffic to hotel partners.
- Income from tours, packages and events refers to amounts earned from wedding venue related booking, events and sale of tour packages.
- Rental income from leased properties and allied services in co-working business.
- Revenue from sale of food items earned by supplying food items to end customer.
- Subscription Income pertains to amount charged for providing wizard membership programs.
- Other operational revenue refers amount recovered from end customer and patrons for property damage, cleaning and travel insurances.
- Revenue from operations comprises revenue from the sale of accommodation services, commission from bookings and royalty income, cancellation income, value-added services, sale of tours, packages and events including wedding related services, rental income, food and beverages, subscription income and other operational revenue
- Revenue from operations (% of GBV) is the percentage derived by dividing revenue from operations by GBV.
- Operating expenses primarily comprise payment made to patrons, property consumables, food expenses, electricity and power costs, amortization of transformation expenses and other direct costs associated with our patrons protection programs
- Gross Profit represents our revenue from operations after deducting operating expenses. Operating expenses primarily comprise payment made to Patrons, property consumables, food expenses, electricity and power costs and other direct costs associated with our Patron protection programs.
- Gross Profit as a % of GBV is the percentage derived by dividing Gross Profit by GBV.
- EBITDA represents profit/(loss) for the period/year plus income tax expense/(credit), finance costs and depreciation and amortization expense
- EBITDA (% of GBV) is the percentage derived by dividing EBITDA by GBV.
- EBITDA excluding exceptional items, share based payment expense and other income represents EBITDA after excluding the impact of exceptional items, share based payment expense and other income.

18. EBITDA excluding exceptional items, share based payment expense and other income (% of GBV) is the percentage derived by dividing EBITDA excluding exceptional items, share based payment expense and other income by GBV.
19. EBIT represents profit/(loss) for the year/period after excluding the impact of income tax/(credit) and finance costs.
20. Total income comprises of revenue from operations and other income.
21. EBIT (% of total income) is the percentage derived by dividing EBIT by total income.
22. Profit/(loss) before exceptional items, share of (loss)/profit in joint venture and tax refers to the profit or loss of the company for the relevant period, before (i) exceptional items, (ii) the company's share of profit or loss from joint ventures, and (iii) tax expense. This reflects the underlying operating performance of the company, excluding non-recurring or exceptional items, joint venture results, and taxation impacts.
23. Profit/(loss) for the period/year refers to the net profit/loss of the company.
24. Net Leverage Ratio means net borrowings divided by EBITDA excluding exceptional items, share-based payment expense and other income. For the nine months ended December 31, 2025 EBITDA excluding exceptional items, share-based payment expense, and other income has been restated on a twelve-month equivalent basis solely for the purpose of computing the net leverage ratio. Net borrowings means total borrowings including current and non-current deferred consideration less unrestricted funds. Total borrowings comprise non-current borrowings and current borrowings. Unrestricted funds comprise cash and cash equivalents, bank balances other than cash and cash equivalents, and investments. Lease liabilities pertain to operating leases, and are recognised pursuant to Ind AS 116 in relation to the Company's underlying operating arrangements. Such liabilities are not in the nature of financial borrowings or debt raised by the Company and, accordingly, have not been considered for the purpose of computing net borrowings.
25. Debt-Service Ratio means EBITDA excluding exceptional items, share based payment expense and other income divided by total debt service. Total debt service comprises repayment of long-term borrowings, repayment of short-term borrowings, interest on borrowings, other borrowing cost and interest on short-term borrowings. Lease liabilities pertain to operating leases, and are recognised pursuant to Ind AS 116 in relation to the Company's underlying operating arrangements. Such liabilities are not in the nature of financial borrowings or debt raised by the Company and, accordingly, have not been considered for the purpose of computing net borrowings
26. Storefronts-Global comprises Storefronts - Hotels, Storefronts - Homes and Storefronts - Listings.  
Geographies/Businesses Considered: Global
27. Storefronts-Hotels represent the number of hotels available for sale to Customers on our platform as at the end of the relevant year/period. This KPI reflects (a) in relation to our PRISM brands (other than our G6 brands), the total number of hotel properties that are live for booking on our platform as at the end of the relevant year/period (excluding India-based non-hotel businesses such as wedding venues under our Weddingz business and co-working spaces under our Workspaces business); and (b) in relation to our G6 brands, the total number of hotel properties with Patrons that have an agreement as at the end of the relevant year/period.  
Geographies/Businesses Considered: Global
28. Storefronts-Homes represent the number of home storefronts with Patrons that have an agreement as at the end of the relevant year/period. All of our home storefronts are located in Europe.  
Geographies/Businesses Considered: Europe
29. Storefronts-Listings represent the number of storefronts that are listed on our platform for a fixed subscription fee as at the end of the relevant year/period. All of our listings storefronts are located in Europe.  
Geographies/Businesses Considered: Europe

For details of our other operating metrics disclosed elsewhere in this Updated Draft Red Herring Prospectus-I, see “***Our Business***” and “***Management’s Discussion and Analysis of Financial Condition and Results of Operations***” on pages 426 and 952, respectively.

**Description on the historic use of KPIs by our Company to analyze, track or monitor the operational and/ or financial performance of our Company:**

In evaluating and analyzing our business, we consider and use certain KPIs, as presented below, as a supplemental measure to review and assess our financial and operating performance. The presentation of these KPIs is not intended to be considered in isolation or as a substitute for the Restated Consolidated Financial Information. We use these KPIs to evaluate our financial and operating performance. Some of these KPIs are not defined under Ind AS and are not presented in accordance with Ind AS. These KPIs have limitations as analytical tools. Further, these KPIs may differ from the similar information used by other companies and hence their comparability may be limited. Therefore, these KPIs should not be considered in isolation or construed as an alternative to Ind AS measures of performance or as an indicator of our operating performance, liquidity, profitability or results of operation. Although these KPIs are not a measure of performance calculated in accordance with applicable accounting standards, our Company’s management believes that it provides an additional tool for investors to use in evaluating our ongoing operating results and trends and in comparing our financial results with other companies in our industry because it provides consistency and comparability with past financial performance, when taken collectively with financial statements prepared in accordance with Ind AS. Investors are encouraged to review the Ind AS financial statements and to not rely on any single KPI to evaluate our business.

Investors are encouraged to review the Ind AS financial statements and not rely on any single KPI to evaluate our business.

### Explanation for the key performance indicators:

A list of our KPIs along with a brief explanation of the relevance of the KPIs to our business operations are set forth below.

| Key performance indicators                                           | Explanation/Significance of the KPIs                                                                                                                                                                                                                                                                                                |
|----------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Sale of accommodation services                                       | Sale of accommodation services is included to provide transparency on the composition and diversification of revenue from operations. Management tracks this line item to monitor core revenue and understand revenue mix shifts over time.                                                                                         |
| Commission from bookings and royalty income                          | Commission from bookings and royalty income is included to provide transparency on the composition and diversification of revenue from operations. | EBITDA excluding exceptional items, share based payment expense and other income            | EBITDA excluding exceptional items, share based payment expense and other income provides information regarding the operational efficiency of the business which tracks with the peer analysis.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| EBITDA excluding exceptional items, share based payment expense and other income (% of GBV) | EBITDA excluding exceptional items, share based payment expense and other income (% of GBV) is included to present underlying operating profitability excluding specified non-recurring/non-operating items and non-cash charges. Management uses this indicator to evaluate core performance and operating leverage across periods.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| EBIT                                                                                        | EBIT is included to present a normalized view of underlying EBITDA relative to platform throughput (GBV), excluding specified items. Management tracks this margin to assess core operating performance and efficiency across periods.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| Total income                                                                                | Total Income is used by our management to track the revenue profile of the business and in turn helps assess the overall financial performance of our Company and size of our business                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| EBIT (% of total income)                                                                    | EBIT (% of total income) provides potential investors with a indicator that is useful in evaluating cash-based operating efficiency. Management uses EBIT to monitor operating leverage and profitability trends.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| Profit/(loss) before exceptional items, share of (loss)/profit in joint venture and tax     | Profit/(loss) before exceptional items, share of (loss)/profit in joint venture and tax provides information regarding the overall profitability of the business without considering exceptional items and share of (loss)/profit in joint venture and tax.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Profit/(loss) for the period/year                                                           | Profit/(loss) for the period/year is included to provide a complete view of income including other income. Management reviews profit/(loss) to assess overall income profile and the impact of non-operating items.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| Net Leverage Ratio (times)                                                                  | Net Leverage Ratio means net borrowings divided by EBITDA excluding exceptional items, share-based payment expense and other income. For the nine months ended December 31, 2025, EBITDA excluding exceptional items, share-based payment expense and other income has been annualized. Net borrowings means total borrowings including current and non-current deferred consideration less unrestricted funds. Total borrowings comprise non-current borrowings and current borrowings. Unrestricted funds comprise cash and cash equivalents, bank balances other than cash and cash equivalents, and investments. Lease liabilities pertains to operating leases, and are recognised pursuant to Ind AS 116 in relation to the Company's underlying operating arrangements. Such liabilities are not in the nature of financial borrowings or debt raised by the Company and, accordingly, have not been considered for the purpose of computing net borrowings. |
| Debt Service Ratio (times)                                                                  | Debt-Service Ratio means EBITDA excluding exceptional items, share based payment expense and other income divided by total debt service. Total debt service comprises repayment of long-term borrowings, repayment of short-term borrowings, interest on borrowings, other borrowing cost and interest on short-term borrowings. Lease liabilities pertains to operating leases, and are recognised pursuant to Ind AS 116 in relation to the Company's underlying operating arrangements. Such liabilities are not in the nature of financial borrowings or debt raised by the Company and, accordingly, have not been considered for the purpose of computing net borrowings.                                                                                                                                                                                                                                                                                     |
| <b>Storefronts</b>                                                                          | Tracking storefronts provides a direct view of the scale, depth, and geographic reach of our supply network across markets. It serves as a leading indicator for future GBV and revenue growth, as supply availability is a prerequisite for demand monetisation.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |

8. **Comparison of KPIs over time shall be explained based on additions or dispositions to our business**

Our Company has not made any additions or dispositions to its business during the nine months ended December 31, 2025 and the financial years ended March 31, 2025, March 31, 2024 and March 31, 2023 periods except for the acquisitions of K & J Consulting and its subsidiaries (“**K&J Acquisition**”), IBL Limited NewCo LLC, IBL Limited Newco LLC G6 Canada Hospitality Franchising, Inc. and G6 Hospitality Franchising Canada L.P. (“**G6 Acquisition**”) and Key Flickers Pty Ltd, Australia (“**Key Flickers Acquisition**”). For further details see “*History and Certain Corporate Matters – Details regarding material acquisition or divestment of business/undertakings, mergers, amalgamations and revaluation of assets, if any, in the last 10 years*” and “*History and Certain Corporate Matters - Other than the material acquisitions, as mentioned above, our Company also made the following acquisitions in the last 10 years immediately preceding the date of this Updated Draft Red Herring Prospectus-I*” on beginning on page 480 and 486, respectively. K&J Acquisition and G6 Acquisition were completed in Fiscal 2025 and have resulted in changes in certain of the key performance indicators provided above in the subsequent period. Key Flickers Acquisition was completed during the nine months ended December 31, 2025 and have resulted in changes in certain of the key performance indicators in that period. For further details see “*–Key Performance Indicators*” on page 313.

## 9. Comparison of our key performance indicators with listed industry peers

We operate a technology-led hospitality platform that partners with independent hotel owners and professional home managers to deliver standardised, affordable and reliable stays. We combine a full suite of brand, pricing, distribution, and on-ground operating solutions through our integrated technology, which enhances occupancy, yield and guest satisfaction. Our asset-light approach enables rapid expansion across economy and premium segments in India and international markets. We focus on direct customer acquisition, loyalty benefits and seamless digital experiences, supported by disciplined partnerships and selective acquisitions. We aim to compound profitable growth by improving unit economics, strengthening our brand and expanding into extended-stay formats.

There are no directly comparable listed peers in India. According to the I Lattice Report, platforms such as MakeMyTrip Ltd., Booking Holdings Inc. and Airbnb, Inc. primarily operate as consumer-facing online travel agencies that aggregate and sell accommodation inventory to end users. On the B2B travel platform front, our Company's closest comparable is TBO Tek Ltd., which equips travel agents and intermediaries with hotel and flight distribution technology, along with API integrations. Additionally, hospitality chains such as The Indian Hotels Company Ltd., ITC Hotels Ltd., and Lemon Tree Hotel Ltd. represent indirect competition, as they manage their own distribution, revenue management, and loyalty frameworks, often leveraging in-house technology to optimise occupancy and pricing. While we have considered the below listed companies as our peer group companies on account of certain aspects of our business as explained above, these companies are not completely comparable to our Company.

Set forth below are details of the KPIs of our listed peers as at the financial period ended December 31, 2025:

| KPI                                                                   | Units     | Company    | Indian Listed Peers |                           |                                |                    | Foreign Listed Peers |             |                      |

NA – Not Available

For definitions of the KPIs of the Company, see “Basis for Issue Price - Key Performance Indicators” on page 313

10. **Weighted average cost of acquisition (“WACA”), Price per share, floor price and cap price**

- (a) **Price per share of the Company (as adjusted for corporate actions, including split, bonus issuances) based on primary issuances of Equity Shares or convertible securities (excluding Equity Shares issued under the ESOP Plans and issuance of Equity Shares pursuant to a bonus issue) during the 18 months preceding the date of this Updated Draft Red Herring Prospectus-I, where such issuance is equal to or more than 5% of the fully diluted paid-up share capital of the Company in a single transaction or multiple transactions combined together over a span of rolling 30 days (“Primary Issuances”)**

The Company has not issued any Equity Shares or optionally convertible cumulative preference shares, excluding shares issued under ESOP Plans during the 18 months preceding the date of this Updated Draft Red Herring Prospectus-I, where such issuance is equal to or more than 5% of the fully diluted paid-up share capital of our Company (calculated based on the pre- Issue capital before such transaction(s) and excluding ESOPs granted but not vested), in a single transaction or multiple transactions combined together over a span of rolling 30 days.

- (b) **Price per share of the Company (as adjusted for corporate actions, including bonus issuances) based on secondary sale or acquisition of equity shares or convertible securities (excluding gifts) or Promoters or members of the Promoter Group or other shareholders with rights to nominate directors during the 18 months preceding the date of filing of the Updated Draft Red Herring Prospectus-I, where the acquisition or sale is equal to or more than 5% of the fully diluted paid-up share capital of our Company (calculated based on the pre Issue capital before such transaction/s and excluding ESOPs granted but not vested), in a single transaction or multiple transactions combined together over a span of rolling 30 days (“Secondary Transactions”)**

There have been no secondary sale/ acquisitions of Equity Shares or any convertible securities, where the Promoters or members of the Promoter Group, and/or other shareholders having the right to nominate directors on the Board of the Company are a party to the transaction (excluding gifts), during the 18 months preceding the date of this Updated Draft Red Herring Prospectus-I, where either acquisition or sale is equal to or more than 5% of the fully diluted paid up share capital of our Company (calculated based on the pre- Issue capital before such transaction/s), in a single transaction or multiple transactions combined together over a span of rolling 30 days.

- (c) Since there are no such transaction to report to under (a) and (b), the following are the details based on the last five primary or secondary transactions (secondary transactions where the Promoters or members of the Promoter Group or shareholders having a right to nominate directors to the Board are a party to the transaction, excluding gifts), not older than three years prior to the date of this Updated Draft Red Herring Prospectus-I irrespective of the size of transactions:

*Primary Transactions*

*Except as disclosed below, there have been no primary transactions in the last three years preceding the date of this Updated Draft Red Herring Prospectus-I where the Promoters, Promoter Group, or shareholder(s) having the right to nominate director(s) on our Board are a party to the transaction, in the last three years preceding the date of this Updated Draft Red Herring Prospectus-I:*

<sup>#</sup> As certified by A D M S & Co, Chartered Accountants (FRN: 014626C) pursuant to their certificate dated June 29, 2026 (UDIN: 26514879TQRLWC7524).

12. **Justification for Basis for Issue price**

Detailed explanation for Issue Price/Cap Price being [●] times of WACA of past five primary issuances /secondary transactions of Equity Shares (as disclosed above) along with our Company's KPIs and financial ratios for financial years 2025, 2024 and 2023 and in view of the external factors which may have influenced the pricing of the issue, if any.

[●]\*

\* To be included upon finalization of Price Band

13. **The Issue Price is [●] times the face value of the Equity Shares.**

The Issue Price of ₹[●] has been determined by our Company (with prior consent of Investor Promoter) in consultation with the BRLMs, on the basis of market demand from investors for Equity Shares through the Book Building Process and is justified in view of the above qualitative and quantitative parameters. Investors should read the above mentioned information along with "**Risk Factors**", "**Our Business**", "**Management's Discussion and Analysis of Financial Condition and Results of Operations**" and "**Financial Information**" on pages 31, 426, 952 and 623, respectively, to have a more informed view.

## STATEMENT OF SPECIAL TAX BENEFITS

To,  
The Board of Directors  
**Oravel Stays Limited**  
Ground Floor – 001,  
Mauryansh Elanza,  
Shyamal Cross Road,  
Nr. Parekh Hospital, Satelite,  
Ahmedabad 380015  
Gujarat, India

**Subject: Statement of Special Tax Benefits (“the Statement”) available to Oravel Stays Limited (“the Company”), its shareholders and Oyo Hotels and Homes Private Limited, the material subsidiary of the Company (“the Material Subsidiary”) audited by us, prepared in accordance with the requirement under Schedule VI –Part A -Clause (9) (L) of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (“the SEBI ICDR Regulations”).**

This report is issued in accordance with the Engagement Letter dated 04 December 2025.

We hereby report that the enclosed **Annexures III and IV** prepared by the Company, initialled by us for identification purpose, states the special tax benefits available to the Company, its shareholders and the Material Subsidiary audited by us as mentioned in **Annexure I**, under direct and indirect taxes (together “**the Tax Laws**”), presently in force in India as on 15 June 2026 which are defined in **Annexure II**. These special tax benefits are dependent on the Company, its shareholders and the Material Subsidiary audited by us, fulfilling the conditions prescribed under the relevant provisions of the Tax Laws. Hence, the ability of the Company, its shareholders and the Material Subsidiary audited by us to derive these special tax benefits is dependent upon them fulfilling such conditions, which is based on business imperatives the Company and the Material Subsidiary audited by us may face in the future and accordingly, the Company, its shareholders and its Material Subsidiary audited by us may or may not choose to fulfil.

The benefits discussed in the enclosed **Annexures III and IV** cover the special tax benefits available to the Company, its shareholders and its Material Subsidiary audited by us and do not cover any general tax benefits available to the Company, its shareholders and its Material Subsidiary audited by us. Further, the preparation of the enclosed **Annexure III and IV** and its contents which are to be included in the Updated Draft Red Herring Prospectus-I is the responsibility of the Management of the Company and has been approved by the Board of Directors of the Company at its meeting held on 15 June 2026. The Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. Further, the benefits discussed in the **Annexures III and IV** are not exhaustive. In view of the individual nature of the tax consequences and the changing Tax Laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering of equity shares of the Company (the “**Proposed Issue**”) particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the special tax benefits, which an investor can avail. Neither we are suggesting nor advising the investors to invest money based on the Statement.

We conducted our examination in accordance with the “Guidance Note on Reports or Certificates for Special Purposes (Revised 2016)” (the “**Guidance Note**”) issued by the Institute of Chartered Accountants of India. The Guidance Note requires that we comply with ethical requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that perform Audits and Reviews of Historical Financial information, and Other Assurance and Related Services Engagements.

We do not express any opinion or provide any assurance as to whether:

- i) the Company, its shareholders and its Material Subsidiary audited by us will continue to obtain these special tax benefits per the Statement in future; or

- ii) the conditions prescribed for availing the special tax benefits where applicable, have been/would be met with.

The contents of the enclosed Annexures are based on the information, explanation and representations obtained from the Company and its Material Subsidiary audited by us in India, and on the basis of our understanding of the business activities and operations of the Company and its Material Subsidiary audited by us in India.

Our views expressed herein are based on the facts and assumptions indicated to us. No assurance is given that the revenue authorities/ courts will concur with the views expressed herein. Our views are based on the existing provisions of the Tax Laws and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes. We shall not be liable to the Company for any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith or intentional misconduct. We will not be liable to the Company and any other person in respect of this Statement, except as per applicable law.

This report is addressed to and is provided to enable the Board of Directors of the Company to include this report in the Updated Draft Red Herring Prospectus-I, prepared in connection with the Proposed Issue to be filed by the Company with the Securities and Exchange Board of India and the concerned stock exchanges where the equity shares of the Company are proposed to be listed. It is not to be used, referred to or distributed for any other purpose without our prior written consent.

5. The Foreign Trade (Development and Regulation) Act, 1992 (read with Foreign Trade Policy 2023) read with corresponding rules and regulations.

### Annexure III

**STATEMENT OF SPECIAL DIRECT TAX BENEFITS AVAILABLE TO ORAVEL STAYS LIMITED (“THE COMPANY”), ITS SHAREHOLDERS AND OYO HOTELS AND HOMES PRIVATE LIMITED, THE MATERIAL SUBSIDIARY OF THE COMPANY (“THE MATERIAL SUBSIDIARY”) UNDER THE APPLICABLE DIRECT TAX LAWS IN INDIA PREPARED IN ACCORDANCE WITH THE REQUIREMENT UNDER SCHEDULE VI -PART A – CLAUSE (9) (L) OF SECURITIES AND EXCHANGE BOARD OF INDIA (ISSUE OF CAPITAL AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2018, AS AMENDED (“THE SEBI ICDR REGULATIONS”)**

Outlined below are certain special direct tax benefits available to the Company, its shareholders and its Material Subsidiary under the Income-tax Act, 2025 (hereinafter referred to as “the ITA”), read with Income-tax Rules, 2026, circulars, notifications, as amended by the Finance Act, 2026 (collectively hereinafter referred to as the “Income Tax Law”). These special direct tax benefits are dependent on the Company, its shareholders and its Material Subsidiary fulfilling the conditions prescribed under the relevant Income Tax Law.

**A. Special direct tax benefits available to the Company and its Material Subsidiary under the Income Tax Law in India**

**1. Beneficial corporate tax rate in case of domestic company- Section 200 of the ITA**

Section 200 of the ITA lays down certain conditions on fulfillment of which domestic companies are entitled to avail a concessional tax rate of 22% (plus surcharge of 10% and health and education cess of 4%). The option once exercised shall apply to subsequent Tax Years unless rendered invalid due to violation of specified conditions. The concessional tax rate of 22% (plus surcharge and health and education cess) is subject to a company not availing any of the following deductions / exemptions under the provisions of the ITA:

- Section 45(2) or 47(1)(b): Expenditure (other than cost of any land or building) on scientific research incurred by a company engaged in business of bio-technology or manufacture or production of any article or thing, which is not specified in Schedule XIII or on any skill development project.
- Deductions under Chapter VIII other than provisions of section 146 (deduction in respect of additional employee cost) or 148 (deduction in respect of inter-corporate dividends).
- Sections specified in section 205(1)(a) to (g) specified below;
  - a. section 33(8): Additional depreciation
  - b. section 45(3)(a) or (b) or (c) : Sum paid to research association, university or college or institution or to a specified company or national laboratory or Indian Institute of Technology or any specified person where such sum is to be utilised for the purposes of scientific research
  - c. section 46: Capital expenditure incurred on specified businesses
  - d. section 47(1)(a): Expenditure (other than cost of any land or building) on agricultural extension projects
  - e. section 48: Deposits into special account or Tea, Coffee or Rubber deposit account
  - f. section 49: Deposits to special account or site restoration account
  - g. section 144: Tax holiday available to units in a Special Economic Zone

The total income of a company availing the beneficial tax rate of 25.168% (i.e., 22% tax plus 10% surcharge and 4% health & education cess) is required to be computed without set off of any carried forward loss and depreciation attributable to any of the aforesaid deductions/incentives. A company can exercise the option to apply for the beneficial tax regime in its Return of Income (‘ROI’) filed under section 263(1) of the ITA. Further, provisions of Minimum Alternate Tax (MAT) under section 206 of the ITA shall not be applicable to companies availing of this concessional tax rate, thus, any carried forward MAT credit also cannot be claimed.

Further as per section 206(3)(a) of the ITA , setting off accumulated MAT credit as on 31 March 2026 will apply only to a domestic company that has chosen the tax option under section 200(5) or section 201(2) for any tax year starting on or after 1 April 2026.

As per section 206(3)(b), if a company has MAT credit outstanding as on 31 March 2026 (which was carried forward under section 115JAA of the Income-tax Act, 1961), it can use this credit in future tax years as follows:

- In any tax year, the company can set off MAT credit up to 25% of the tax payable on its total income for that year.
- Any unused MAT credit can be carried forward to later tax years.
- However, the MAT credit cannot be carried forward or used beyond 15 tax years from the year in which the credit first became available.

As per Rule 136 of Income Tax Rules 2026, both existing and newly incorporated domestic companies can claim the concessional tax rate for any tax year, provided they opt for it in the return of income filed under section 263(1) of the ITA subject to satisfaction of the other conditions contained in section 200 of the ITA. The provisions do not specify any limitations / condition on account of turnover, nature of business or date of incorporation for opting for the concessional tax rate.

*As per ROI of Assessment Year [as defined in Income Tax Act 1961] 2025-26, [relevant to the previous year 2024-25], we understand that the Company and its Material Subsidiary have opted for concessional tax rate as per Section 115BAA i.e. (corresponding section of Income-tax Act, 1961).*

## **2. Deduction in respect of inter-corporate dividends – Section 148 of the ITA**

As per the provisions of section 148 of the ITA, a domestic company shall be allowed to claim a deduction of dividend income earned from any other domestic company or a foreign company or a business trust. However, such deduction shall be restricted to the amount of dividend distributed by it to its shareholders on or before the due date, i.e., one month prior to the due date of furnishing the return of income under section 263(1) of the ITA.

*As per ROI for AY 2025-26 [relevant to the previous year 2024-25], the Company and its Material Subsidiary have not claimed the deduction under section 80M (corresponding section of Income-tax Act, 1961). The Company is eligible to claim the said deduction under section 148 of the ITA against dividend income (if any) in future subject to fulfilment of prescribed conditions.*

## **3. Deductions in respect of employment of new employees – Section 146 of the ITA**

As per section 146 of the ITA, where a company is deriving profits and gains from business and is subject to tax audit under section 63 of the ITA, it shall be allowed to claim a deduction of an amount equal to 30% of additional employee cost (relating to specified category of employees) incurred in the course of such business in a tax year, for 3 consecutive tax years including the tax year in which such additional employment cost is incurred.

Additional employee cost means the total emoluments paid or payable to additional employees employed during the tax year through an account payee cheque or account payee bank draft or by use of electronic clearing system through a bank account or through such other electronic mode as may be prescribed. Further, it shall be noted that such “Additional employees” shall not include below mentioned employees –

- whose total salary exceeds Rs. 25,000/- per month
- who does not participate in a recognized provident fund
- employed for less than 150 days or 240 days as specified
- for whom government pays entire contribution under notified Employees’ Pension Scheme

As per the provisions of Rule 68 of the Income Tax Rules 2026, in order to claim the aforesaid deduction, the Company is required to furnish the report of an accountant electronically in Form No. 34 containing the particulars of deduction prior to the due date of filing tax audit report as per section 63 of the ITA. Furthermore, the Company’s eligibility to claim the deduction is contingent upon the fulfilment of the additional conditions prescribed in sub-section (3) of section 146 of ITA. The deduction under Section 146 of the ITA would continue to be available to the company even where the company opts for the concessional tax rate of 22% (plus surcharge and health and education cess) under section 200 of the ITA.

*As per ROI of Assessment Year [as defined in Income Tax Act 1961] 2025-26, [relevant to the previous year 2024-25], we understand that the Company and its Material Subsidiary have not claimed the said deduction under section 80JJAA (corresponding section of Income-tax Act, 1961).*

**4. Deduction in respect of certain preliminary expenses – Section 44 of the ITA**

In accordance with and subject to the fulfillment of conditions as laid out under section 44 of the ITA, the company may be entitled to a deduction of preliminary expenditure, being specified expenditure incurred in connection with the issue for public subscription or such other expenditure as prescribed under section 44 of the ITA for five successive years. Such deductions shall be subject to the specified limit of upto maximum of 5% of the cost of the project or 5% of the capital employed in the business of the company (only for Indian company).

The deduction is allowable for an amount equal to one-fifth of such expenditure for each of five successive tax years beginning with the tax year in which the business commences, or extension of the undertaking is completed, or the new unit commences production or operation or as the case may be.

In order to claim deduction under section 44 of the ITA, the Company as per the provisions of Rule 27 of the Income Tax Rules 2026, shall be required to furnish a statement in Form No. 5 containing the particulars of specified expenditure under section 44(3) of the ITA to the Director General of Income-tax (Systems) or any person authorized by him, prior to one month before the due date of filing ROI as per section 263(1) of the ITA.

*As per ROI of Assessment Year [as defined in Income Tax Act 1961] 2025-26, [relevant to the previous year 2024-25], we understand that the Company and its Material Subsidiary have not claimed the said deduction under section 35D (corresponding section of Income-tax Act, 1961) of the ITA. The Company may be eligible to claim such deduction in future subject to fulfilment of prescribed conditions as per section 44 of the ITA.*

**5. Amortization of expenditure in case of amalgamation or demerger under section 52 of the ITA**

As per the provisions of the Section 52(1) [Table Sl. No. 1] of the ITA, an assessee, being an Indian company, is eligible to claim deduction of any expenditure incurred wholly and exclusively for the purposes of amalgamation or demerger of an undertaking during the tax year. The deduction under section 52(1) of the ITA is allowable for an amount equal to one-fifth of such expenditure for each of the five successive tax years beginning with the tax year in which the amalgamation or demerger takes place subject to fulfilment of prescribed conditions under section 2(6) (amalgamation)/2(35) (demerger) and section 52 of the ITA.

*The Company and its Material Subsidiary are presently not claiming any deduction under said section.*

**6. Set off and carry forward of Unabsorbed Depreciation under section 33 of the ITA**

As per the provisions of section 33(11) of the ITA, where a company does not have sufficient business profits to cover the depreciation allowance for that year, the unabsorbed depreciation shall be carried forward to subsequent tax years for an indefinite period until it is fully absorbed and set off against future profits of subsequent tax years.

*As per ROI of Assessment Year [as defined in Income Tax Act 1961] 2025-26, [relevant to the previous year 2024-25], we understand that the Company and its Material Subsidiary have unabsorbed depreciation as per the Income Tax return of AY 2025-26 [relevant to the previous year 2024-25].*

**7. Set off & carry forward of business loss under section 112 section 119 of the ITA**

As per the provisions of Section 112 read with Section 109 of the ITA, if the company has incurred loss under the head "Profits and gains of business or profession", other than loss sustained in a speculation business, the said loss can be set off against income from any other source in the relevant previous year in which the loss is incurred.

However, if the losses are not wholly set-off in the relevant previous year, the same shall be carried forward to set-off against the income under the head "Profits and gains of business or profession", if any in the following eight tax years.

Under Section 119 of the ITA, a closely held company (i.e., a company in which the public is not substantially interested) cannot carry forward or set off losses from earlier tax years if there is a significant change in its shareholding. Specifically, this restriction applies if shareholders who held at least 51% of the voting power on the last day of the tax year in which the losses were incurred do not continue to hold at least 51% of the voting power on the last day of the tax year in which the losses are proposed to be set off.

*As per ROI of Assessment Year [as defined in Income Tax Act 1961] 2025-26, [relevant to the previous year 2024-25], we understand that the Company and its Material Subsidiary have brought forward business losses as per the Income Tax return of AY 2025-26 [relevant to the previous year 2024-25].*

## **8. Tax on Capital gains**

Long-term Capital Gains (LTCG) arising from the transfer of long-term capital assets under section 197 or 198 of the ITA is taxable at the rate of 12.5% (plus applicable surcharge and cess). Further, it is worthwhile to note that tax shall be levied where such aggregate capital gains exceed INR 1,25,000 in a tax year under section 198 of the ITA.

Also, gains arising from sale of units of Specified Mutual Funds or Market Linked debentures acquired on or after the 1 April 2023 are always considered as short-term irrespective of the period of holding in accordance with section 76 of the ITA.

Further, Short-term Capital Gains (STCG) arising from the transfer of short-term capital assets (other than listed equity shares, unit of an equity-oriented fund or unit of a business trust covered under section 196 of the ITA), shall be taxed at the normal tax rate of the Company. Further, the STCG on the sale of listed equity shares, unit of an equity-oriented fund or unit of a business trust covered under section 196 of the ITA shall be taxed at the rate of 20%.

## **B. Special direct tax benefits available to the shareholders under the Income Tax Laws in India**

### **1. Dividend Income**

Dividend Income earned by the shareholders would be taxable in their hands at the applicable rates. However, in case of domestic corporate shareholders, benefit of deduction under section 148 of the ITA would be available subject to fulfillment of certain conditions. Further, where the shareholders are resident individuals, Hindu Undivided Family, Association of Persons, Body of Individuals, and every artificial juridical person, surcharge would be restricted to 15% in respect of dividend income. The shareholders are eligible to take credit of any Tax Deducted at Source on Dividend by the Company.

### **2. Tax on Capital Gains**

As per section 198 of the ITA, LTCG arising from transfer of listed equity shares, or a unit of an equity-oriented fund or a unit of a business trust shall be taxed at the rate of 12.5% (plus applicable surcharge and cess) of such capital gains subject to payment of securities transaction tax on acquisition and transfer of listed equity shares and on the transfer of unit of an equity-oriented fund or a unit of a business trust under Chapter VII of Finance (No. 2) Act, 2004 (23 of 2004) read with Notification No. 60/2018/F. No.370142/9/2017-TPL dated 1 October 2018.

However, no tax under the said section shall be levied where such capital gain does not exceed INR 1,25,000 during the year.

As per section 196 of the ITA, STCG arising from transfer of a listed equity share, or a unit of an equity-oriented fund or a unit of a business trust shall be taxed at 20% (plus applicable surcharge and cess). This is subject to fulfilment of prescribed conditions under the ITA.

Further, the surcharge on capital gains shall be restricted to 15%.

### **3. Special Provisions for Non-resident shareholders**

- As per section 207 of the ITA, dividend income earned by a non-resident (not being a company) or by a foreign company, shall be taxed at the rate of 20% (plus applicable surcharge and cess) subject to fulfilment of prescribed conditions under the ITA.
- Taxation of long-term and short-term capital gain in case of non-resident shareholders is similar to that of taxation in hands of resident share holder except of the following:
  - Section 72(6) of the ITA entitles a non-resident to factor in the effects of exchange rate fluctuation while computing the capital gains in the manner prescribed in the Income tax regulations, where the shares are purchased in foreign currency. However, the said benefits are not available in case of long-term capital gain on sale of listed equity shares or a unit of an equity-oriented fund or a unit of a business trust referred under section 198 of the ITA.
  - As per section 159(3) of the ITA, non-resident shareholders will be entitled to be governed by the beneficial provisions under the respective Double Taxation Avoidance Agreement (“DTAA”), if any, applicable to such non-residents. This is subject to fulfilment of conditions prescribed to avail treaty benefits.
  - Section 214 of the ITA provides a special concessional tax regime for Non-Resident Indians (NRIs) who invest in specified assets. It offers a flat 20% tax rate on income earned from such investments (like interest or dividends) and a 12.5% tax on long-term capital gains.
  - Further, any income by way of capital gains or dividends accruing to non-residents, may be subject to withholding tax as per the provisions of the ITA or under the relevant DTAA, whichever is beneficial. However, where such non-residents have obtained a lower withholding tax certificate issued under the provisions of clause (b) of section 395 from the tax authorities, the withholding tax rate would be as per the rates specified in said certificate. The non-resident shareholders may be able to avail credit for any taxes paid by them in India, subject to local laws of the country in which such shareholder is resident.
- 4. As per section 32(k) of the ITA, the STT paid in respect to the taxable securities transactions entered during the course of business can be deducted in computing the total income provided the income arising from such taxable securities transactions is included under the head "Profits and gains of business or profession".

**Notes:**

1. The above special direct tax benefits are dependent on the Company, its shareholders and its Material Subsidiary fulfilling the conditions prescribed under the relevant provisions of the Tax Laws. Hence, the ability of the Company, its shareholders and its Material Subsidiary to derive the tax benefits is dependent upon fulfilling such conditions, which based on the business imperatives, the Company, its shareholders and its Material Subsidiary may or may not choose to fulfil.
2. The statement covers the possible special direct tax benefits available to the Company, its shareholders and its Material Subsidiary but does not cover any general tax benefits available to the Company, its shareholders and its Material Subsidiary.
3. The special direct tax benefits discussed in the statement are not exhaustive and is only intended to provide general information to the investors and hence, is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the issue.
4. The statement has been prepared on the basis that the Company is in the process of getting shares of the Company listed on a recognized stock exchange in India and the Company will be issuing shares.
5. The statement is prepared based on information available with the management of the Company and there is no assurance that:
  - i. the Company, its shareholders and its Material Subsidiary will continue to obtain these benefits in future.

- ii. the conditions prescribed for availing the benefits have been / would be met with; and
  - iii. the revenue authorities / courts will concur with the view expressed herein.
6. The above views are based on the existing provisions of law and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes.
7. The statement sets out the provisions of law in a summarized manner only and is not a complete analysis or listing of all potential tax consequences of the purchase, ownership, and disposal of shares.

## Annexure IV

### **STATEMENT OF SPECIAL INDIRECT TAX BENEFITS AVAILABLE TO ORAVEL STAYS LIMITED ("THE COMPANY"), ITS SHAREHOLDERS AND OYO HOTELS AND HOMES PRIVATE LIMITED, THE MATERIAL SUBSIDIARY OF THE COMPANY (THE "MATERIAL SUBSIDIARY") UNDER THE APPLICABLE INDIRECT TAX LAWS IN INDIA PREPARED IN ACCORDANCE WITH THE REQUIREMENT UNDER SCHEDULE VI -PART A – CLAUSE (9) (L) OF SECURITIES AND EXCHANGE BOARD OF INDIA (ISSUE OF CAPITAL AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2018, AS AMENDED ("THE SEBI ICDR REGULATIONS")**

Outlined below are certain special indirect tax benefits available to the company, its shareholders and its Material Subsidiary under the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the Haryana Goods and Services Tax Act, 2017, the Customs Act, 1962, the Customs Tariff Act, 1975, including the relevant rules, notifications and circulars issued there under, the Foreign Trade (Development and Regulation) Act, 1992 (read with Foreign Trade Policy 2023) (collectively referred as "**Indirect Tax Regulations**"), presently in force in India.

#### **A. Special indirect tax benefits available to the Company and its Material Subsidiary under the Indirect Tax Regulations in India**

##### **1. Benefits under the Central Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017, Integrated Goods and Services Tax Act, 2017 (read with relevant Rules prescribed thereunder)**

Under the GST regime, all supplies of goods and services that qualify as exports of goods or services are zero-rated supplies.

There are two mechanisms for claiming a refund of accumulated ITC against export. Either person can export under Bond/ Letter of Undertaking (LUT) as zero-rated supply and claim refund of accumulated Input Tax Credit or a person may export on payment of integrated Goods and Services Tax and claim refund thereof as per the provisions of Section 54 of Central Goods and Services Tax Act, 2017.

Thus, the GST law allows the flexibility to the exporter (which will include the supplier making supplies to SEZ) to claim a refund upfront as integrated tax (by making supplies on payment of tax using ITC) or export without payment of tax by executing a Bond/LUT and claim refund of related ITC of taxes paid on inputs and input services used in making zero rated supplies.

#### **B. Special benefits for shareholders of the Company**

Shareholders of the Company are not eligible to special tax benefits under the provisions of the the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the Haryana Goods and Services Tax Act, 2017, the Customs Act, 1962, the Customs Tariff Act, 1975, including the relevant rules, notifications and circulars issued there under, the Foreign Trade (Development and Regulation) Act, 1992 (read with Foreign Trade Policy 2023) (collectively referred as "Indirect Tax Regulations"), presently in force in India (read with Custom Tariff Rules, circulars, notifications).

#### **C. Special benefits for Oyo Hotels and Homes Private Limited, India (Material Subsidiary of Oravel Stays Limited)**

##### **1. Benefits under the Central Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017 (read with relevant Rules prescribed thereunder)**

Under the GST regime, all supplies of goods and services that qualify as exports of goods or services are zero-rated supplies.

There are two mechanisms for claiming a refund of accumulated ITC against export. Either person can export under Bond/ Letter of Undertaking (LUT) as zero-rated supply and claim refund of accumulated Input Tax Credit or a person may export on payment of the Integrated Goods and Services Tax and claim refund thereof as per the provisions of Section 54 of the Central Goods and Services Tax Act, 2017.

Thus, the GST law allows the flexibility to the exporter (which will include the supplier making supplies to SEZ) to claim a refund upfront as integrated tax (by making supplies on payment of tax using ITC) or export without payment of tax by executing a Bond/LUT and claim refund of related ITC of taxes paid on inputs and input services used in making zero rated supplies.

**Notes:**

1. The above special indirect tax benefits are dependent on the Company, its shareholders and its Material Subsidiary fulfilling the conditions prescribed under the relevant provisions of the Indirect Tax Regulations. Hence, the ability of the Company, its Material Subsidiary or its shareholders to derive the tax benefits is dependent upon fulfilling such conditions, which based on the business imperatives, the Company or its shareholders may or may not choose to fulfil.
2. The statement covers the possible special Indirect tax benefits available to the Company, its shareholders and its Material Subsidiary but does not cover any general tax benefits available to the Company, its shareholders and its Material Subsidiary.
3. The special Indirect tax benefits discussed in the statement are not exhaustive and is only intended to provide general information to the investors and hence, is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the issue.
4. The statement has been prepared on the basis that the Company is in the process of getting shares of the Company listed on a recognized stock exchange in India and the Company will be issuing shares.
5. The Statement is prepared on the basis of information available with the Management of the Company and understanding of the specific activities carried out by the Company and there is no assurance that:
  - a. The Company, its Materials Subsidiary or its shareholders will continue to obtain these benefits in future;
  - b. The conditions prescribed for availing the benefits have been/ would be met with; and
  - c. The revenue authorities / courts will concur with the view expressed herein.
  - d. The above views are basis the provisions of law, their interpretation and applicability as on date, which may be subject to change from time to time.
  - e. The Statement sets out the provisions of law in a summarized manner only and is not a complete analysis or listing of all potential tax consequences of the purchase, ownership, and disposal of shares.
6. The above views are based on the existing provisions of law and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes.
7. The statement sets out the provisions of law in a summarized manner only and is not a complete analysis or listing of all potential tax consequences of the purchase, ownership, and disposal of shares.

**STATEMENT OF POSSIBLE SPECIAL TAX BENEFITS AVAILABLE TO BELVILLA AG. UNDER APPLICABLE TAX LAWS IN BASEL-STADT, SWITZERLAND**

Tuesday, 26 May 2026

**The Board of Directors**

To

Belvilla AG, c/o Dr. Christian Hochstrasser,  
Elisabethenstrasse 30, 4051 Basel, Switzerland

**The Board of Directors Oravel Stays  
Limited** Ground Floor – 001  
Mauryansh Elanza  
Shyamal Cross Road  
Nr. Parekh Hospital, Satelite  
Ahmedabad 380 015  
Gujarat, India

Dear Sir/ Ma'am,

**Re: Proposed initial public offering of equity shares (the “Equity Shares”) of Oravel Stays Limited (“OSL” and such initial public offering, the “Issue”)**

We, KENDRIS Switzerland Ltd., the independent chartered accountant of Belvilla AG (the “**Company**”), a subsidiary of OSL, hereby confirm that the enclosed **Annexure I**, prepared by the Company states the possible special tax benefits available to the Company, under direct and indirect taxes (together, the “**Tax Laws**”), presently in force in Basel-Stadt, Switzerland.

These possible special tax benefits are dependent on the Company fulfilling the conditions prescribed under the relevant provisions of the Tax Laws. Hence, the ability of the Company to derive these possible special tax benefits is dependent upon their fulfilling such conditions, which is based on business imperatives the Company may face in the future and accordingly, the Company may or may not choose to fulfill such conditions.

The benefits discussed in the enclosed **Annexure I** are not exhaustive and cover the possible special tax benefits available to the Company and do not cover any general tax benefits available to them. The Statement is only intended to provide general information to investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her or its own tax consultant with respect to the specific tax implications arising out of their participation in the proposed Issue of OSL, particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the possible special tax benefits, which an investor can avail. Neither do we suggest nor do we advise the investors to invest money based on this Statement.

We do not express any opinion or provide any assurance as to whether:

- i) the Company will continue to obtain these possible special tax benefits in future; or
- ii) the conditions prescribed for availing the possible special tax benefits where applicable, have been/would be met with, or
- iii) the revenue authorities will concur with the views expressed herein.

The contents of the enclosed **Annexure I** are based on the information, explanation and representations obtained from the Company, and on the basis of our understanding of the business activities and operations of the Company.

We confirm that the information in this certificate is true and correct and there is no untrue statement or omission which would render the contents of this certificate misleading in its form or context.

We confirm that on receipt of any written communication from the Company of any changes in the information, we will immediately inform any changes in writing to the above information to the Company, OSL and the book running lead managers appointed in connection with the Issue (“**Lead Managers**”) until the date when the Equity Shares commence trading on the stock exchanges where the Equity Shares are proposed to be listed (the “**Stock Exchanges**”). In the absence of any such communication from us, the above information should be considered as updated information until the Equity Shares commence trading on the Stock Exchanges pursuant to the Issue.

This certificate is for information and for inclusion (in part or full) in the pre-filed draft red herring prospectus, the updated draft red herring prospectus-I, the updated draft red herring prospectus-II, the red herring prospectus and the prospectus to be filed by OSL in relation to the Issue or any other Issue related material, and may be relied upon by the Company, OSL, the Lead Managers and the legal advisors to each of OSL and the Lead Managers. We hereby consent to the submission of this certificate as may be necessary to the Securities and Exchange Board of India, the Registrar of Companies, Gujarat at Ahmedabad, the Stock Exchanges and any other regulatory authority and/or for the records to be maintained by the Lead Managers and in accordance with applicable law. We further consent to this certificate being uploaded, as may be necessary, on the online document repository platform of the Stock Exchanges in accordance with applicable law.

**Annexure I:** Statement of possible special tax benefits available to the Company under applicable direct and indirect tax laws

## ANNEXURE I

### Statement of Tax Benefits available to Belvilla AG under the Corporate Income Tax Laws of Basel-Stadt, Switzerland

On 24 November 2025, the company relocated its registered office from Zurich to Basel, Switzerland. As of 23 November 2025, there is no longer any tax connection to Zurich, Switzerland. Until 23 November 2025, profits and capital were taxable in Zurich. From 24 November 2025, Basel-Stadt became responsible for taxation.

- i. Under Swiss tax law, a company that is a resident of Switzerland is taxed on its worldwide income and owner's equity. Tax liability does not apply to business operations, permanent establishments, or real estate located outside Switzerland.
- ii. Basel, Switzerland levies corporate income tax at two levels: federal and cantonal. Taxes are deductible from profits in Switzerland.
- iii. Legal entities in Switzerland are also subject to capital tax.

Taxable equity includes share capital, reserves, retained earnings, and any hidden equity.

Taxable equity attributable to participation rights, patents, and comparable rights is reduced by 80 percent in proportion to these values relative to total assets on the balance sheet.

- iv. Losses incurred during the previous seven financial years may be carried forward and offset against future profits.
- v. Basel-Stadt also permits a deduction for royalties from patents; however, Belvilla AG has not qualified for this benefit so far.
- vi. Since 1 January 2024, global minimum taxation has been introduced in Switzerland for multinational corporations with annual revenues of at least €750 million.
- vii. The withholding tax on dividends is 35%. Double taxation agreements are in place with most countries, which can reduce the withholding tax and, under certain circumstances, eliminate it entirely.
- viii. In Switzerland, VAT is generally 8.1%. A reduced rate of 3.8% or 2.6% applies to certain services. In addition, it should be noted that certain services are exempt from tax.

**Regarding**

Proposed initial public offering of equity shares (the “Equity Shares”) of Oravel Stays Limited (“OSL” and such initial public offering, the “Issue”)

To whom it may concern,

We, Baker Tilly (Netherlands) B.V., are the tax advisor of OYO Hospitality Netherlands B.V. and the other Dutch entities within the group (the “**Other Dutch Entities**”), being: OYO Vacation Homes Holding B.V. and Belvilla Services B.V. OYO Hospitality Netherlands B.V. and the Other Dutch Entities are together hereinafter also referred to as “**the Company**”. OYO Hospitality Netherlands B.V. and the other Dutch entities are subsidiaries of OSL. We hereby confirm that the enclosed **Annexure I**, prepared by the Company states the possible special tax benefits available to the Company, under direct and indirect taxes (together, the “**Tax Laws**”), presently in force in the Netherlands.

These possible special tax benefits are dependent on the Company fulfilling the conditions prescribed under the relevant provisions of the Tax Laws. Hence, the ability of the Company to derive these possible special tax benefits is dependent upon their fulfilling such conditions, which is based on business imperatives the Company may face in the future and accordingly, the Company may or may not choose to fulfill such conditions.

The benefits discussed in the enclosed **Annexure I** are not exhaustive and cover the possible special tax benefits available to the Company and do not cover any general tax benefits available to them. The Statement is only intended to provide general information to investors and is neither designed nor intended to be a substitute for professional tax advice.

In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his, her or its own tax consultant with respect to the specific tax implications arising out of their participation in the proposed Issue of OSL, particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the possible special tax benefits, which an investor can avail. Neither do we suggest nor do we advise the investors to invest money based on this Statement.

We do not express any opinion or provide any assurance as to whether:

- i) the Company will continue to obtain these possible special tax benefits in future; or
- ii) the conditions prescribed for availing the possible special tax benefits where applicable, have been/would be met with, or
- iii) the revenue authorities will concur with the views expressed herein.

The contents of the enclosed **Annexure I** are based on the information, explanation and representations obtained from the Company, and on the basis of our understanding of the business activities and operations of the Company.

We confirm that the information in this certificate is true and correct and there is no untrue statement or omission which would render the contents of this certificate misleading in its form or context.

We confirm that on receipt of any written communication from the Company of any changes in the information, we will immediately inform any changes in writing to the above information to the Company, OSL and the book running lead managers appointed in connection with the Issue (“**Lead Managers**”) until the date when the Equity Shares commence trading on the stock exchanges where the Equity Shares are proposed to be listed (the “**Stock Exchanges**”). In the absence of any such communication from us, the above information should be considered as updated information until the Equity Shares commence trading on the Stock Exchanges pursuant to the Issue.

This certificate is for information and for inclusion (in part or full) in the pre-filed draft red herring prospectus, the updated draft red herring prospectus-I, the updated draft red herring prospectus-II, the red herring prospectus and the prospectus to be filed by OSL in relation to the Issue or any other Issue related material, and may be relied upon by the Company, OSL, the Lead Managers and the legal advisors to each of OSL and the Lead Managers. We hereby consent to the submission of this certificate as may be necessary to the Securities and Exchange Board of India, the Registrar of Companies, Gujarat at Ahmedabad, the Stock Exchanges and any other regulatory authority and/or for the records to be maintained by the Lead Managers and in accordance with applicable law. We further consent to this certificate being uploaded, as may be necessary, on the online document repository platform of the Stock Exchanges in accordance with applicable law.

Yours faithfully,

**Enclosed:**

**Annexure I:** Statement of possible special tax benefits available to the Company under applicable direct and indirect tax laws

## ANNEXURE I

### 1. Dutch Corporate Income Tax (CIT)

- **Corporate Income Tax Rates**

- Under the Dutch Corporate Income Tax Act 1969 (“CITA”), a company that is a tax resident of the Netherlands is subject to corporate income tax on its worldwide income. Taxable business profits are defined as the aggregate of all profits and gains, of whatever description or nature, derived by the company, unless specifically exempt under the CITA.
- The CIT rates applicable for the calendar year 2025 are as follows:
  - 19% on the first EUR 200,000 of taxable income; and
  - 25.8% on the portion of taxable income exceeding EUR 200,000.

- **Participation Exemption**

- Under Article 13 of the CITA, dividends and capital gains derived from qualifying shareholdings (at least 5% participation, meeting the “motive” and “subject-to-tax” tests) are exempt from Dutch corporate income tax. This regime prevents double taxation of profits within a corporate group.

- **Innovation Box Regime**

- Income attributable to qualifying, self-developed intellectual property may benefit from the Innovation Box regime under Article 12b of the CITA. The regime allows profits directly attributable to such qualifying assets to be taxed at a reduced effective rate of 9%, while profits from non-qualifying activities remain subject to the ordinary Dutch corporate income tax rates.

- **Investment Allowances**

- Under the provisions of the CITA and related regulations, Dutch-resident companies may, subject to certain conditions, be eligible for various investment-based deductions (“investment allowances”) that provide additional tax relief in respect of qualifying capital expenditures:
  - **Small-scale Investment Allowance (*Kleinschaligheidsinvesteringsaftrek – KIA*)**

Companies investing in qualifying business assets may claim a deduction of up to approximately 28 percent of the eligible investment amount, depending on the total annual level of qualifying investments.
  - **Energy Investment Allowance (*Energie-investeringsaftrek – EIA*)**

A deduction of 40 percent of the qualifying investment amount may be available for energy-efficient technologies listed on the annually published Energy List, in addition to normal tax depreciation.
  - **Environmental Investment Allowance (*Milieu-investeringsaftrek – MIA*)**

Investments in environmentally friendly assets may qualify for a deduction ranging from 27 percent to 45 percent, depending on the classification of the asset on the official Environmental List. In certain cases, accelerated depreciation (VAMIL) may also apply. Note that the Environmental Investment Allowance cannot be combined with the Energy Investment Allowance for the same investment.

- **Tax Loss Carryforward and Carryback**

- Before 1 January 2022, tax losses could generally be carried back for one year and carried forward for six years (or nine years for losses incurred prior to 2019). Losses were fully deductible against the company's taxable profits without limitation.
  - As from 1 January 2022, tax losses can be carried forward indefinitely, meaning that tax losses incurred in financial years beginning on or after that date may be carried forward without time limitation, while remaining eligible for a one-year carry-back.
  - At the same time, a quantitative limitation has been introduced: losses are fully deductible up to EUR 1 million of taxable profit. For taxable profits exceeding that amount, losses may be offset only up to EUR 1 million plus 50 percent of the remaining taxable profit after deduction of the first EUR 1 million. Any unutilized losses beyond these limits may be carried forward to subsequent years, subject to the same annual restriction.
- **Fiscal unity**
    - Dutch group companies may elect for fiscal unity, allowing them to be treated as a single taxpayer for CITA-purposes. This enables the offset of profits and losses within the group and simplifies tax filing. Certain conditions apply, including that the parent company must hold at least 95% of the subsidiary's shares and voting rights.

## **2. Dutch Value Added Tax (VAT)**

We emphasize that the statement below does in no way aim to be exhaustive. Furthermore, it does not intend to identify if and/or provide advice on the extent to which the topics listed apply to the actual overall position of the entities in scope. Hence, this statement also does not in any way serve as an advice on / assessment of the VAT position of those entities.

- **VAT rates**
  - The Dutch VAT Act currently applies three main VAT rates on supplies of goods and services, on intracommunity acquisitions of goods and on imports of goods from non-EU countries, each to the extent that those taxable events are subject to a VAT rate:
    - A standard rate of 21%.
    - A reduced rate of 9%. Application of this reduced rate is subject to specific conditions.
    - A 0% rate. Application of this reduced rate is subject to specific conditions.
- **VAT exemptions**
  - The Dutch VAT Act currently applies VAT exemptions on certain specific types of supplies (mainly specific types of supplies of services). Application of these VAT exemptions is subject to specific conditions.

In general, where VAT exemptions apply, any VAT on costs directly related to such VAT exempt supplies cannot be recovered. An exception to this only applies for certain types of VAT exempt supplies that are made to non-EU recipients.

Furthermore, if and to the extent that VAT on costs is incurred that relate both to VAT exempt supplies without right of recovery as well as to VAT taxable supplies that are subject to a VAT rate, that VAT on costs can only be reclaimed proportionally ("pro rata").
- **Non-economic activities**
  - In instances where an activity does not concern an economic activity for VAT purposes, that activity does not qualify as a VAT relevant supply. Accordingly, that activity as such is then not subject to a VAT rate or VAT exemption.

In general, where non-economic activities are carried out, any VAT on costs directly related to such non-economic activities cannot be recovered.

Furthermore, if and to the extent that VAT on costs is incurred that relate both to non-economic activities as well as to supplies that are subject to a VAT rate or VAT exemption, that VAT on costs can only be reclaimed proportionally (“pre pro rata”).

- **VAT grouping**

- VAT businesses established in the Netherlands that are interrelated financially, organizationally and economically, are jointly treated as a single VAT business under a VAT group registration. For determining the interrelation specific criteria apply.

In case of a VAT group registration, supplies between the VAT group members are not treated as VAT-relevant supplies. Also, the right to recover VAT on costs is then assessed on VAT group level rather than on the level of the VAT group member.

The VAT group members are in principle jointly and severally liable for any VAT due by the other VAT group members, as well as for any penalties and interest related to such VAT due.

The foregoing statement is based on our interpretation of the applicable provisions of Dutch CIT and VAT legislation as of the date hereof. This statement does not express any opinion regarding changes in law or fact that may occur after the date of this letter. It is rendered solely for your benefit in connection with the matters addressed herein and may not be relied upon by any other person or for any other purpose without our prior written consent.

**The Board of Directors**  
Belvilla Deutschland GmbH  
c/o Weserwerk gGmbH  
Hermann-Ritter-Straße 112  
28197 Bremen

Dear Sir/Ma'am,

**Re: Proposed initial public offering of equity shares (the “Equity Shares”) of Oravel Stays Limited (“OSL” and such initial public offering, the “Issue”)**

We, PKF Wulf Wößner Weis GmbH & Co. KG, an independent chartered accountant of Belvilla Deutschland GmbH (the “**Company**”), a subsidiary of OSL, hereby confirm that the enclosed **Annex I**, prepared by the Company states the possible special tax benefits available to the Company, under direct and indirect taxes (together, the “**Tax Laws**”), presently in force in Germany. The statements below are limited to the German Corporate Income Tax Act (1969/2002) and the Trade Tax Act (2002) as of the date of this letter and reflect the most commonly available tax benefits.

These possible special tax benefits are dependent on the Company fulfilling the conditions prescribed under the relevant provisions of the Tax Laws. Hence, the ability of the Company to derive these possible special tax benefits is dependent upon their fulfilling such conditions, which is based on business imperatives the Company may face in the future and accordingly, the Company may or may not choose to fulfill such conditions.

The benefits discussed in the enclosed **Annex I** are not exhaustive and cover the possible special tax benefits available to the Company and do not cover any general tax benefits available to them. The Statement is only intended to provide general information to investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her or its own tax consultant with respect to the specific tax implications arising out of their participation in the proposed Issue of OSL, particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the possible special tax benefits, which an investor can avail. Neither do we suggest nor do we advise the investors to invest money based on this Statement.

We do not express any opinion or provide any assurance as to whether:

- i) the Company will continue to obtain these possible special tax benefits in future; or
- ii) the conditions prescribed for availing the possible special tax benefits where applicable, have been/would be met with, or
- iii) the revenue authorities will concur with the views expressed herein.

The contents of the enclosed **Annexure I** are based on the information, explanation and representations obtained from the Company, and on the basis of our understanding of the business activities and operations of the Company.

We confirm that the information in this certificate is true and correct and there is no untrue statement or omission which would render the contents of this certificate misleading in its form or context.

We confirm that on receipt of any written communication from the Company of any changes in the information, we will immediately inform any changes in writing to the above information to the Company, OSL and the book running lead managers appointed in connection with the Issue (“**Lead Managers**”) until the date when the Equity

Shares commence trading on the stock exchanges where the Equity Shares are proposed to be listed (the “**Stock Exchanges**”). In the absence of any such communication from us, the above information should be considered as updated information until the Equity Shares commence trading on the Stock Exchanges pursuant to the Issue.

This certificate is for information and for inclusion (in part or full) in the pre-filed draft red herring prospectus, the updated draft red herring prospectus-I, the updated draft red herring prospectus-II, the red herring prospectus and the prospectus to be filed by OSL in relation to the Issue or any other Issue related material, and may be relied upon by the Company, OSL, the Lead Managers and the legal advisors to each of OSL and the Lead Managers. We hereby consent to the submission of this certificate as may be necessary to the Securities and Exchange Board of India, the Registrar of Companies, Gujarat at Ahmedabad, the Stock Exchanges and any other regulatory authority and/or for the records to be maintained by the Lead Managers and in accordance with applicable law. We further consent to this certificate being uploaded, as may be necessary, on the online document repository platform of the Stock Exchanges in accordance with applicable law.

**Enclosed:**

**Annexure I:** Statement of possible special tax benefits available to the Company under applicable direct and indirect tax laws

## ANNEXURE I

### ***ANNEX 1: Statement of possible special tax benefits available to the Company under applicable direct and indirect tax laws***

#### ***Corporate Income Tax & Trade Tax***

- Belvilla Deutschland GmbH is tax-resident in Germany and is subject to unlimited tax liability on its worldwide income under the German Corporate Income Tax Act (“Körperschaftsteuergesetz”, short KStG).
- In addition, business profits generated in Germany are subject to municipal trade tax under the German Trade Tax Act (“Gewerbsteuergesetz”, short GewStG).
- The federal corporate income tax rate is 15%, plus a solidarity surcharge of 5.5% on the amount of corporate tax (in sum effective tax rate of 15.825%).
- The trade tax rate is assessed by the municipalities by defining municipality factors. The minimum municipality factor is currently 200%.
- Belvilla Deutschland GmbH has a permanent establishment in Kropelin. Moreover, due to the existing German fiscal group, the business income of the Traum-Ferienwohnungen GmbH in Bremen is considered as well, leading to the average trade tax rate of 15,7%. Therefore, the combined effective tax burden is approx. 31,525% (corporate income tax plus solidarity surcharge and trade tax).

#### ***German Tax Group Regime (“Organschaft”)***

- German group companies may establish a tax group (in German “Organschaft”), under which the subsidiary (“Organgesellschaft”) is treated as fiscally integrated into the controlling company (“Organträger”), forming a single taxpayer for corporate income tax purposes under the German “Körperschaftsteuergesetz” (KStG) as well as trade tax purposes.
- This regime allows the offsetting of profits and losses within the tax group and can reduce the overall tax burden at group level.
- A key condition is the existence of a profit and loss transfer agreement (“Ergebnisabführungsvertrag”), which must inter alia be executed for at least 5 consecutive years and registered in the commercial register.
- Belvilla Deutschland GmbH is the controlling company for the subsidiary Traum-Ferienwohnungen GmbH building a German tax group (“Organschaft”).

#### ***Participation Exemption for Dividends and Capital Gains (§ 8b KStG – “Schachtelprivileg”)***

- Under § 8b KStG, dividends derived from shareholdings in corporations are at 95% exempt from German corporate income tax. Dividends qualify for the exemption if the company holds at least 10% of the share capital at the beginning of the relevant fiscal year.
- Capital gains from the sale of shares are also at 95% tax-exempt provided the shares are held in business assets (no minimum holding threshold).

#### ***R&D Tax Credit***

- Under the German “Forschungszulagengesetz” (FZulG), the company may claim an R&D tax credit (research allowance) for eligible R&D expenditure, in particular personnel costs, contract research, and certain project costs.
- The credit is not dependent on profitability and is paid out even if the company is in a tax loss position.

### ***Tax Loss Carryforward and Carryback***

- Under the German corporate tax regime, tax losses may be utilized under the rules of the “Körperschaftsteuergesetz” (KStG).
- Losses may be carried forward indefinitely, with no time limitation. A loss carryforward is possible for both corporate income tax (“Körperschaftsteuer”) and trade tax (“Gewerbesteuer”).
- The amount of the loss carryback is generally limited to EUR 1 million. However, due to the coronavirus, an exception was made for the tax years 2020 to 2023 and the maximum amount for loss carryback was ultimately raised to EUR 10 million for these tax years. From FY 2024, the maximum amount for loss carryback is returned to EUR 1 million. The loss carryback is limited to 1 year up to and including FY 2021 (carryback to the previous year) and to 2 years from FY 2022. From FY 2022 onwards, the carry-back has to be recognised in the year immediately preceding the loss year first. If compensation is not possible in the first year, the loss is carried back to the second year preceding the loss year. For trade tax (“Gewerbesteuer”) a loss carryback is not possible; this applies only to corporate income tax (“Körperschaftsteuer”).
- Moreover, please notice that in Germany there is a “minimum taxation” regulation. This means specifically, that losses brought forward can only be utilized within certain limits in a specific year. Concretely, a utilization above EUR 1.000.000 can only be utilized for 70% (up to including 2027, then again 60% as formerly). The regulation even holds for the liquidation and is constitutional (constitutional court 23.7.2025).
- Belvilla Deutschland GmbH currently has no tax loss carried forward.

### ***Investment Allowances: Law for an immediate tax investment program***

- Gradual reduction of the corporation tax rate
  - 2028: 14%, 2029: 13%, 2030: 12%, 2031: 11%, 2032: 10%
- Reintroduction and increase of declining balance depreciation (‘investment booster’)
  - Depreciation at a rate of up to max. 3 times the straight-line rate, max. 30%
  - Affects movable assets of the fixed assets
  - Limited in time from July 2025 until the end of 2027
- Subsidy for newly purchased electric vehicles (including used vehicles)
  - Introduction of arithmetic declining balance depreciation 75% depreciation in the year of acquisition, then 10%, 5%, 5%, 3%, 2% over the subsequent years for acquisitions from July 2025 to December 2027
  - Increase in the gross list price limit for company car taxation for electric vehicles from EUR 70,000 to EUR 100,000 (for vehicles purchased after 30 June 2025)

**STATEMENT OF POSSIBLE SPECIAL TAX BENEFITS AVAILABLE TO Dancenter A/S UNDER APPLICABLE TAX LAWS IN DENMARK**

Dear Sir/Ma'am,

**Re: Proposed initial public offering of equity shares (the "Equity Shares") of Oravel Stays Limited ("OSL" and such initial public offering, the "Issue")**

We, PKF Munkebo Eriksen Funch, the independent chartered accountant of Dancenter A/S (the "Company"), a subsidiary of OSL, hereby confirm that the enclosed Annexure I, prepared by the Company states the possible special tax benefits available to the Company, under direct and indirect taxes (together, the "Tax Laws"), presently in force in Denmark.

These possible special tax benefits are dependent on the Company fulfilling the conditions prescribed under the relevant provisions of the Tax Laws. Hence, the ability of the Company to derive these possible special tax benefits is dependent upon their fulfilling such conditions, which is based on business imperatives the Company may face in the future and accordingly, the Company may or may not choose to fulfill such conditions.

The benefits discussed in the enclosed Annexure I are not exhaustive and cover the possible special tax benefits available to the Company and do not cover any general tax benefits available to them. The Statement is only intended to provide general information to investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her or its own tax consultant with respect to the specific tax implications arising out of their participation in the proposed Issue of OSL, particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the possible special tax benefits, which an investor can avail. Neither do we suggest, nor do we advise the investors to invest money based on this Statement.

We do not express any opinion or provide any assurance as to whether:

- i) the Company will continue to obtain these possible special tax benefits in future; or
- ii) the conditions prescribed for availing of the possible special tax benefits where applicable, have been/would be met with, or

**PKF Munkebo Eriksen Funch, Statsautoriseret Revisionsaktieselskab**, is a member of PKF Global, the network of member firms of PKF International Limited, each of which is a separate and independent legal entity and does not accept any responsibility or liability for the actions or inactions of any individual member or correspondent firm(s).

- iii) the revenue authorities will concur with the views expressed herein.

The contents of the enclosed Annexure I are based on the information, explanation, and representations obtained from the Company, and on the basis of our understanding of the business activities and operations of the Company.

We confirm that the information in this certificate is true and correct and there is no untrue statement or omission which would render the contents of this certificate misleading in its form or context.

We confirm that on receipt of any written communication from the Company of any changes in the information, we will immediately inform any changes in writing to the above information to the Company, OSL and the book running lead managers appointed in connection with the Issue ("Lead Managers") until the date when the Equity Shares commence trading on the stock exchanges where the Equity Shares are proposed to be listed (the "Stock Exchanges"). In the absence of any such communication from us, the above information should be considered as updated information until the Equity Shares commence trading on the Stock Exchanges pursuant to the Issue.

This certificate is for information and for inclusion (in part or full) in the pre -filed draft red herring prospectus, the updated draft red herring prospectus -I, the updated draft red herring prospectus -II, the red herring prospectus and the prospectus to be filed by OSL in relation to the Issue or any other Issue related material, and may be relied upon by the Company, OSL, the Lead Managers and the legal advisors to each of OSL and the Lead Managers.

We hereby consent to the submission of this certificate as may be necessary to the Securities and Exchange Board of India, the Registrar of Companies, Gujarat at Ahmedabad, the Stock Exchanges and any other regulatory authority and/or for the records to be maintained by the Lead Managers and in accordance with applicable law. We further consent to this certificate being uploaded, as may be necessary, on the online document repository platform of the Stock Exchanges in accordance with applicable law.

State Authorized Public Accountant

## **ANNEXURE I**

### **Statement of Tax Benefits available to Dancenter A/S under the Corporate Income Tax Laws of Denmark**

- i. Under Danish tax law, a company that is a resident of Denmark is taxed on its worldwide income. Tax liability does not apply to business operations, permanent establishments, or real estate located outside of Denmark.
- ii. Denmark levies corporate income tax at a federal level. Taxes are deductible from profits in Denmark.
- iii. Losses incurred during the previous financial years may be carried forward indefinitely and offset against future profits. Only DKK 20,829,000 (2025) can be offset in the positive taxable income in one year. Any additional positive taxable income can be offset with 60%.
- iv. Denmark permits a special extra deduction for expenses related to research and development; however, Dancenter A/S has not qualified for this benefit so far.
- v. Denmark requires companies with more than 250 employees on a group level to submit transfer pricing documentation every year. This must include a masterfile (group level) and a local file.
- vi. The withholding tax on dividends is 27%. Double taxation agreements are in place with most countries, which can reduce the withholding tax and, under certain circumstances, eliminate it entirely.
- vii. In Denmark, VAT is 25%. It should be noted that certain services are exempt from tax.

Dear Sir/Ma'am,

**Re: Proposed initial public offering of equity shares (the “Equity Shares”) of Oravel Stays Limited (“OSL” and such initial public offering, the “Issue”)**

We, Tranquility Consulting Private Limited, are the independent US Certified Public Accountant of OYO Hotels Inc., (the “**Company**”), a subsidiary of OSL, hereby confirm that the enclosed **Annexure I**, states the possible special tax benefits available to the Company and to (i) IBL Limited NewCo LLC; (ii) G6 Hospitality IP LLC; and (iii) G6 Hospitality Franchising LLC, under direct and indirect taxes (together, the “**Tax Laws**”), presently in force in the United States of America.

These possible special tax benefits are dependent on the Company fulfilling the conditions prescribed under the relevant provisions of the Tax Laws. Hence, the ability of the Company to derive these possible special tax benefits is dependent upon their fulfilling such conditions, which is based on business imperatives the Company may face in the future, and accordingly, the Company may or may not choose to fulfill such conditions.

The benefits discussed in the enclosed **Annexure I** are not exhaustive and cover the possible special tax benefits available to the Company, and do not cover any general tax benefits available to them. The Statement is only intended to provide general information to investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her or its own tax consultant with respect to the specific tax implications arising out of their participation in the proposed Issue of OSL, particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the possible special tax benefits, which an investor can avail. Neither do we suggest nor do we advise the investors to invest money based on this Statement.

We do not express any opinion or provide any assurance as to whether:

- i) the Company will continue to obtain these possible special tax benefits in the future; or
- ii) the conditions prescribed for availing the possible special tax benefits, where applicable, have been/would be met with, or
- iii) The revenue authorities will concur with the views expressed herein.

The contents of the enclosed **Annexure I** are based on the information, explanation and representations obtained from the Company, and on the basis of our understanding of the business activities and operations of the Company.

We confirm that the information in this certificate is true and correct and there is no untrue statement or omission which would render the contents of this certificate misleading in its form or context.

We confirm that on receipt of any written communication from the Company of any changes in the information, we will immediately inform any changes in writing to the above information to the Company, OSL and the book running lead managers appointed in connection with the Issue (“**Lead Managers**”) until the date when the Equity

Shares commence trading on the stock exchanges where the Equity Shares are proposed to be listed (the “**Stock Exchanges**”). In the absence of any such communication from us, the above information should be considered as updated information until the Equity Shares commence trading on the Stock Exchanges pursuant to the Issue.

This certificate is for information and for inclusion (in part or full) in the pre-filed draft red herring prospectus, the updated draft red herring prospectus-I, the updated draft red herring prospectus-II, the red herring prospectus and the prospectus to be filed by OSL in relation to the Issue or any other Issue related material, and may be relied upon by the Company, OSL, the Lead Managers and the legal advisors to each of OSL and the Lead Managers. We hereby consent to the submission of this certificate as may be necessary to the Securities and Exchange Board of India, the Registrar of Companies, Gujarat at Ahmedabad, the Stock Exchanges and any other regulatory authority and/or for the records to be maintained by the Lead Managers and in accordance with applicable law. We further consent to this certificate being uploaded, as may be necessary, on the online document repository platform of the Stock Exchanges in accordance with applicable law.

Yours faithfully,

**For and on behalf of Tranquility Consulting Private Limited**

**Enclosed:**

**Annexure I:** Statement of possible special tax benefits available to the Company under applicable direct and indirect tax laws

## ANNEXURE I

**Sub: Statement of special direct and Sales & use tax benefit (the “Statement”) available to OYO Hotels Inc. (the “Company”), under the corporate tax laws of the United States.**

**In addition, the Statement includes three US domestic entities (i) IBL Limited Newco LLC; (ii) G6 Hospitality IP LLC; (iii) G6 Hospitality Franchising LLC; (together termed as “LLCs”; wholly owned by OYO Hotels Inc.)**

### **A. Direct Tax**

*The legislation relevant to corporation tax is contained primarily in the Internal Revenue Code of 1986, as amended by the Treasury regulations and the other official tax guidance published by the Internal Revenue Service. and the tax laws of the various states.*

- (i) The Company, being a resident of the US, is subject to tax on its worldwide income, including any capital gains, at the main corporation tax rate. For tax year 2023-24, US resident companies shall be subject to tax at a federal corporate tax rate of 21 percent. The Company also files income and franchise tax returns in multiple states such as Alabama, Arizona, Arkansas, California, Colorado, Connecticut, District of Columbia, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Massachusetts, Maryland, Michigan, Minnesota, Missouri, Mississippi, Montana, Nebraska, North Carolina, New Mexico, New Jersey, New York, New York City, Oklahoma, Oregon, Pennsylvania, South Carolina, Tennessee, Utah, Virginia and West Virginia. The tax rates for the states in which the Company has significant operations vary between 3% to 10%.
- (ii) The Company is subject to and files Business Privilege Tax Return in AL, Franchise tax and Business & Occupation tax in the state of TX and WA, respectively
- (iii) The capital gains are considered to be part of business income for taxability in the hands of the Company and chargeable to tax at the main corporate tax rate. There were no capital gains reported for FY 23-24.
- (iv) Any operating loss incurred by the Company is allowed to be set off against the taxable profits (including capital gains) of the same year. The remaining loss can be carried forward and can be adjusted against the taxable profits of future years to the extent of 80% of taxable income for the year, against which the losses will be utilised. The unutilized losses can be carried forward indefinitely. The capital loss can be set off against the capital gains. The unutilized capital losses can be carried back to each of the 3 taxable years preceding the loss year and can be carried over to each of the 5 taxable years succeeding the loss year
- (v) US tax laws provide for a special depreciation allowance (deduction for expenditure on capital assets) equal to the applicable percentage of the unadjusted depreciable basis of certain qualified property acquired after September 27, 2017, and placed in service after September 27, 2017, and before January 1, 2027. The applicable percentage is 100% for property placed in service between September 28, 2017, and December 31, 2022.  
The Company is allowed to write off 80% of an eligible property purchased on or after January 1, 2023.
- (vi) LLCs are wholly owned by OYO Hotels Inc. and registered under the State of Delaware. Both LLCs are disregarded for Federal Income tax purposes and have no separate federal filing requirements. Both the LLCs have no transactions, hence there are no federal and state tax attributes available.

### **B. Indirect Tax**

- (i) The Company is also subject to Sales and Use tax and files the corresponding returns in multiple states. The services are taxable in only a few states, like New Mexico, Washington, and West Virginia.

The Company files NIL tax returns in Arizona, Arkansas, Colorado, District of Columbia, Florida, Hawaii, Idaho, Iowa, Kentucky, Louisiana, Maine, Massachusetts, Michigan, Mississippi, Nebraska, Nevada, North Carolina, North Dakota, Oklahoma, Rhode Island, Tennessee, Utah, and Virginia based on its analysis that its services are non-taxable.

- (ii) G6 Hospitality Franchising LLC is subject to Sales and Use tax in New Mexico for the taxable services.

Annexure I: Statement of possible special tax benefits available to the Company under applicable direct and indirect tax laws

## ANNEXURE I

Statement of tax benefit (the "Statement") available to Oravel Stays Singapore Pte Ltd. ("Company 1") and International Travel and Hospitality Services SG Pte Ltd. ("Company 2") under the applicable tax laws of Singapore\*\*\*

The following is a discussion of certain tax matters relating to Singapore income tax, capital gains tax, stamp duty that may be applicable to a company in Singapore. The discussion is limited to a general description of certain tax matters pertaining to a company in Singapore and is based on laws, regulations and interpretations now in effect and available as of the date of this Statement. The laws, regulations and interpretations, however, may change at any time, and any change could be retroactive to the date of this Statement. These laws and regulations are also subject to various interpretations and the relevant tax authorities or the courts of Singapore could later disagree with the explanations or conclusions set out below. It is not intended to constitute a complete analysis and does not constitute tax or legal advice.

### \*\*\*Corporate Income Tax\*\*\*

- 1) A corporate taxpayer is regarded as resident in Singapore for Singapore tax purposes if the control and management of its business is exercised in Singapore. "Control and management" is the making of decisions on strategic matters, such as those on company policy and strategy.

Corporate taxpayers who are Singapore tax residents are subject to Singapore income tax on income accruing in or derived from Singapore and, subject to certain exceptions, on foreign-sourced income

Received or deemed to be received in Singapore.

Foreign income is considered received or deemed received in Singapore from outside Singapore (whether or not the source from which the income is derived has ceased) if it is:

- a) remitted to, transmitted or brought into Singapore;
- b) applied in or towards the satisfaction of any debt incurred in respect of a trade or business carried on in Singapore; or
- c) applied to purchase any movable property which is brought into Singapore.

Foreign-sourced income in the form of dividends, branch profits and service income received or deemed to be received in Singapore by Singapore tax resident companies on or after 1 June 2003 are exempt from tax if the following conditions are met:

- a) the income is subject to tax of a similar character to income tax (by whatever name called) under the law of the territory from which the income is received;
- b) at the time the income is received in Singapore by the person resident in Singapore, the highest rate of tax of a similar character to income tax (by whatever name called) levied under the law of the territory from which the income is received on any gains or profits from any trade or business carried on by any company in that territory at that time is not less than 15%; and
- c) the Comptroller of Income Tax in Singapore is satisfied that the tax exemption would be beneficial to the person resident in Singapore.

Company 1 receives foreign sourced interest income from loans and deposits to related parties and same is subject to tax only when it is received or deemed received in Singapore.

- 2) The prevailing corporate income tax rate in Singapore for both resident and non-resident companies is currently 17 percent. In addition, corporate taxpayers are entitled to the following tax exemption ("Partial Tax Exemption" scheme) on their normal chargeable income:
  - a) 75 percent of the first SGD 10,000 of normal chargeable income; and

b) A further 50 percent of the next SGD 190,000 of normal chargeable income

The remaining chargeable income (after the tax exemption) will be fully taxable at the prevailing corporate tax rate.

- 3) All Singapore-resident companies are currently under the one-tier corporate tax system. Hence, dividends paid by a Singapore tax-resident company are exempt from Singapore income tax in the hands of (resident and non-resident) shareholders.
- 4) Singapore does not impose tax on capital gains. There are no specific laws or regulations which deal with the characterisation of whether a gain is income or capital in nature.

However, gains arising from the disposal of assets (e.g. shares) which are considered as gains derived from any trade, business, vocation or profession carried on by that person, if accruing in or derived from Singapore, may be taxable as such gains are considered revenue in nature. Gains derived from the sale of assets may also be taxable if they constitute any gains or profits of any income nature under Section 10(1)(g) of the Singapore Income Tax Act ("SITA").

"Section 13Z of the SITA provides a safe harbour in the form of an exemption of gains or profits arising from the disposal of ordinary shares. To qualify for the tax exemption, the divesting company must be both the legal and beneficial owner of the ordinary shares which are disposed of and must have legally and beneficially held at least 20% of the ordinary shares in the investee company for a continuous period of at least 24 months ending on the date immediately prior to the date of disposal of such shares.

Such tax exemption is applicable for disposals between 1 June 2012 and 31 December 2027 (both dates inclusive).

For disposal which occurs before 1 June 2022, the exemption is not applicable to the disposal of shares held in an unlisted investee company that is in the business of trading or holding Singapore immovable properties (other than the business of property development).

For disposal which occurs on or after 1 June 2022 (but before 1 January 2028), the exemption is not applicable to disposals of unlisted shares in an investee company that is in the business of trading, holding or developing immovable properties in Singapore and abroad."

Starting on 1 January 2024, as per Section 10L gains derived from the sale or disposal of foreign assets by certain entities that are received (or deemed to be received) in Singapore will be treated as income chargeable to tax if the entity lacks adequate economic substance in Singapore or the gains arise from the disposal of foreign intellectual property rights (IPRs).

Section 10L only applies to entities of "relevant" groups. A group is considered relevant if it has entities that are not incorporated, registered or established in Singapore, or if any entity of the group has a place of business outside Singapore.

- 5) Capital allowances are deductions claimable for the wear and tear of qualifying fixed assets. Capital allowances are generally granted in place of depreciation, which is not deductible. Capital expenditure incurred by a person carrying on a trade, profession or business on the provision of plant and machinery for purposes of the trade, profession or business can qualify for capital allowances claim. In circumstances such as when a company is in a loss position, it may wish to defer capital allowance claims. This is to minimise the risk of a forfeiture of these capital allowances in the event of a change in the company's business and/or a substantial change in the company's ultimate shareholders.

As announced in Budget 2020 and 2021, companies that acquire qualifying plant and machinery in the basis period for the year of assessment ("YA") 2021 and YA 2022 will have the option to accelerate capital allowance claims on the cost of the plant and machinery over two years, instead of three years or over the prescribed working life of the asset. The rates of accelerated capital allowances are as follows:

- 75% of the cost in the first YA; and
- 25% of the cost in the second YA.

This option, if exercised, is irrevocable. In addition, no deferment of capital allowance claim is allowed

under this option.

When a fixed asset is sold or written off, companies will need to calculate balancing allowance ("BA") or balancing charge ("BC") if capital allowance has been claimed for the asset previously. BA is tax deductible whereas BC (cap at the capital allowance claimed) is taxable income.

- 6) Under the prevailing carry-back relief provisions, a company can carry back current year unabsorbed trade losses and capital allowances of up to SGD 100,000, to be set off against the assessable income of the immediately preceding year of assessment. Any amounts exceeding the assessable income of the preceding year of assessment can be carried forward for set-off against income of subsequent years of assessment.

As announced in Budget 2021, the carry-back relief has been enhanced to allow for the carry back of current year unabsorbed trade losses and capital allowances from YA 2021 up to three YAs immediately preceding YA 2021 (i.e. YA 2018, YA 2019 and YA 2020) ("YA 2021 enhanced carry-back relief"). Companies may elect for the current or enhanced carry-back relief based on an estimate of the current year unutilised CAs and trade losses for YA 2021.

The unabsorbed trade losses and capital allowances will be deducted in the following order:

- (i) Current year's unutilised CAs, if any;
- (ii) Current year's trade losses, if any.

To qualify for carry-back relief, the Company must satisfy the following tests:

Same business test (for carry back of unabsorbed capital allowances): The same trade, business or profession is being continued at the point when the unabsorbed capital allowances are utilised.

**\*\*Shareholding test:\*\*** There is no substantial (i.e. more than 50%) change in the shareholdings of the Company (or its ultimate parent company) as at the relevant comparison dates.

For purpose of the shareholding test, the relevant comparison dates are as follows:

– **\*\*Relevant dates for unabsorbed capital allowances:\*\*** First day of the YA in which the capital allowances were granted and the last day of the immediate preceding YA in which the capital allowances are to be deducted.

– **\*\*Relevant dates for unabsorbed trade losses:\*\*** First day of the year in which the trade losses were incurred and last day of the immediate preceding YA in which the trade losses are to be deducted.

Company 1 is investment holding company and can carry-back only trade related losses. Company 2 being an operating cum investment holding company can avail these benefits if above tests are satisfied only to the extent of trade related losses.

- 7) Further, unabsorbed capital allowances and trade losses incurred are allowed to be carried forward and set off against the income of the future years indefinitely while unabsorbed donations can only be carried forward for up to 5 YAs.

The unabsorbed capital allowances, trade losses and donations can only be deducted against future income if the company satisfies the following tests:

– **\*\*Same business test (for unabsorbed capital allowances):\*\*** The same trade, business or profession is being continued at the point when the unabsorbed capital allowances are utilised.

– **\*\*Shareholding test:\*\*** There is no substantial (i.e. more than 50%) change in the shareholdings of the Company (or its ultimate parent company) as at the relevant comparison dates.

– **\*\*Relevant dates for unabsorbed capital allowances:\*\*** Last day of the YA in which the capital allowances arose and the first day of the YA in which the capital allowances are to be deducted.

–\*\*Relevant dates for unabsorbed trade losses or donations:\*\* Last day of the year in which the trade losses and donations were incurred and first day of the YA in which the trade losses or donations are to be deducted.

Company 1 is investment holding company and can only carry forward trade related losses. Company 2 being an operating cum investment holding company can avail these benefits if above tests are satisfied only to the extent of trade related losses.

8) \*\*Group relief scheme ("GRS")\*\*

A company can transfer its unabsorbed tax losses, capital allowances and donations (collectively known as "loss items") for the current year to another company in the group to set-off against the assessable income of the latter company under GRS. Conditions for GRS include the following:

- the group members must be Singapore incorporated companies and have the same accounting year end;
- at least 75% of the total number of issued ordinary shares in one company are beneficially held, directly or indirectly, by the other, or at least 75% of the total number of issued ordinary shares in each of the two companies are beneficially held, directly or indirectly, by a third company;
- the holder of the issued ordinary share must be beneficially entitled to at least 75% of any residual profits of the investee company available for distribution; and
- the holder of the issued ordinary share must be beneficially entitled to at least 75% of any residual assets of the investee company on a winding up.

\*\*Loss items from foreign branches should not be included in the qualifying loss items.\*\*

Company 1 is investment holding company and can only surrender trade related losses. Company 2 being an operating cum investment holding company can avail these benefits if above tests are satisfied only to the extent of trade related losses.

9) Related party transactions

Under the SITA, all related party transactions should be conducted on an arm's length basis. Section 34D of the SITA empowers the IRAS to make transfer pricing ("TP") adjustments in cases where a taxpayer's related party dealings are not considered arm's length. Where a TP adjustment is made by the IRAS, a 5% surcharge is applicable to the gross amount of the adjustment, irrespective of whether the taxpayer has past tax losses or is incentivised or subject to a zero-percentage tax rate.

The IRAS also expects taxpayers to prepare and maintain contemporaneous records to support the pricing of the transactions undertaken with their related parties. The contemporaneous TP documentation is required for intercompany transactions that meet documentation thresholds stipulated by the [IRAS. TP](#) documentation should be in place no later than the time of filing the income tax return for the financial year in which the transaction takes place.

With effect from YA 2019, taxpayers will be required to prepare TP documentation if they meet certain requirements and thresholds. Penalties not exceeding SGD 10,000 will be imposed for non-compliance with TP documentation requirements. The IRAS does not require taxpayers to submit TP documentation along with the income tax returns. However, taxpayers have to submit the documents to the IRAS within 30 days upon request.

10) An EEER scheme typically provides employees with employee stock options (ESOs) or share awards under an employment service agreement.

ESOs enable employees to buy a certain number of shares in the company at a fixed price, sometime in the future. Share awards involve giving employees actual company shares for free or at a price below the market price.

Company 1 and Company 2 may be allowed a tax deduction for shares of the holding company, transferred to

its employees under an EEBR scheme and may also claim tax deduction on the relevant costs incurred, where an EEBR scheme is administered by a Special Purpose Vehicle (SPV). No tax benefit has been claimed in past under EEBR scheme

Both Company 1 and Company 2 do not avail any other tax benefits and/or incentives and credits viz. Research and Development Credits, Development and Expansion Incentive (DEI), Double Tax Deduction for Internationalisation (DTDi), Part-Time Re-Employment Grant (PREG); among other.

**Statement of tax benefit (the "Statement") available to Oravel Stays Singapore Pte Limited ("Company 1") and International Travel and Hospitality Services SG Pte Ltd. ("Company 2") under the Goods and Services Tax Act of Singapore**

The following is a discussion of certain tax matters relating to Singapore Goods and Services Tax ("GST") that may be applicable to a company in Singapore. The discussion is limited to a general description of certain GST matters pertaining to a company in Singapore and is based on laws, regulations and interpretations now in effect and available as of the date of this Statement. These laws, regulations and interpretations, however, may change at any time, and any change could be retroactive to the date of this Statement. These laws and regulations are also subject to various interpretations and the relevant tax authorities or the courts of Singapore could later disagree with the explanations or conclusions set out below. It is not intended to constitute a complete analysis and does not constitute tax or legal advice.

**Overview of Business Operations**

- Oravel Stays Singapore Pte Limited is the parent/holding company of the OYO group entities located outside India. The Company is primarily engaged in sourcing the funds to the group companies by way of loans or share capital. The funding to the Company is in turn received from the ultimate parent company located in India.
- International Travel and Hospitality Services SG Pte Limited is the subsidiary of Oravel Stays Singapore Pte Limited. The Company's principle activities are to develop, enhance and maintain "Oyo" software platform and related applications to the group companies engaged in rendering accommodation services. The company also acts as an investment holding company.

**Benefits under Singapore Goods and Services Tax Act**

1. Singapore Goods and Services Tax (GST) is a consumption tax that is levied on the taxable supply of goods and services made by a taxable person in the course or furtherance of any business carried on by him. Brief framework is as below —
  - a. A taxable supply is a supply of goods or services made in Singapore, other than an exempt supply. A taxable supply can either be a standard rated supply (FY24 at 8% and FY25 at 9%) or a zero-rated supply.
  - b. There are two categories of zero-rated supplies, being (1) exports of goods and (2) provision of international services. International services that qualify as zero-rated supplies are specifically prescribed under the GST Act of Singapore. A GST registered entity who makes taxable supplies is able to claim the input tax paid on purchases, other than those specifically disallowed under the GST Act, and subject to the input tax claim conditions provided under the GST Act.
  - c. GST is not chargeable on exempt supplies, of which there are four categories, as prescribed under the Fourth Schedule to the GST Act, being (1) sale and lease of residential properties, (2) provision of financial services, (3) import and local supply of investment precious metals and (4) supply of digital payment tokens (with effect from 1 January 2020). Input tax incurred in making exempt supplies is generally not claimable, unless certain exceptions apply.
2. Interest income received on loans provided to group companies located outside Singapore should be considered as zero-rated supplies. However, where such interest income is received from an entity located in Singapore, the same would be regarded as an exempt supply being in the nature of financial services and input tax incurred in making such exempt supplies will not be claimable, unless certain exceptions apply.
3. Dividend income, if any, received from group entity will be outside the ambit of GST. No such Dividend income was received in FY23 and FY24 by Company 1 and Company 2.
4. In general, the services supplied by the Company would be subject to GST at the prevailing

standard rate unless services qualify as international services as prescribed under section 21(3) of the GST Act and accordingly qualify for zero-rating GST treatment (i.e. subject to GST at Zero Percent).

5. Hence, to the extent that the conditions under the relevant zero-rating provisions are met, the fee charged and interest earned, pursuant to the intercompany agreements with foreign related parties in the Oyo Group could qualify as zero-rated supplies (i.e. GST at Zero Percent).
6. Any interest charged by Foreign related parties for providing financial assistance by way of loan to the Company will not be liable to GST under reverse charge as such services fall outside the scope of imported services subject to reverse charge.
7. Further, there are no other special GST schemes granted to the Companies.

Prospective purchasers should seek their own tax advice on the recoverability of GST incurred on expenses in connection with the purchase and sale of shares or for credit reversal required on account of expenses incurred in relation to an exempt activity.

**STATEMENT OF POSSIBLE SPECIAL TAX BENEFITS AVAILABLE TO OYO TECHNOLOGY AND HOSPITALITY UK LTD. (“COMPANY”) UNDER APPLICABLE TAX LAWS IN UK**

**The Board of Directors**  
**Oyo Technology and Hospitality UK Ltd.**  
**124 City Road, London, England EC1V2NX**

Dear Sir/Ma’am,

**Re: Proposed initial public offering of equity shares (the “Equity Shares”) of Oravel Stays Limited (“OSL” and such initial public offering, the “Issue”)**

We, M N Accountancy & Co., the independent chartered accountant of **Oyo Technology and Hospitality UK Ltd.** (the “**Company**”), subsidiary of OSL, hereby confirm that the enclosed **Annexure I**, prepared by the Company states the possible special tax benefits available to the Company, under direct and indirect taxes (together, the “**Tax Laws**”), presently in force in United Kingdom.

These possible special tax benefits are dependent on the Company fulfilling the conditions prescribed under the relevant provisions of the Tax Laws. Hence, the ability of the Company to derive these possible special tax benefits is dependent upon their fulfilling such conditions, which is based on business imperatives the Company may face in the future and accordingly, the Company may or may not choose to fulfill such conditions.

The benefits discussed in the enclosed **Annexure I** are not exhaustive and cover the possible special tax benefits available to the Company and do not cover any general tax benefits available to them. The Statement is only intended to provide general information to investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her or its own tax consultant with respect to the specific tax implications arising out of their participation in the proposed Issue of OSL, particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the possible special tax benefits, which an investor can avail. Neither do we suggest nor do we advise the investors to invest money based on this Statement.

We do not express any opinion or provide any assurance as to whether:

- i) the Company will continue to obtain these possible special tax benefits in future; or
- ii) the conditions prescribed for availing the possible special tax benefits where applicable, have been/would be met with, or
- iii) the revenue authorities will concur with the views expressed herein.

The contents of the enclosed **Annexure I** are based on the information, explanation and representations obtained from the Company, and on the basis of our understanding of the business activities and operations of the Company.

We confirm that the information in this certificate is true and correct and there is no untrue statement or omission which would render the contents of this certificate misleading in its form or context.

We confirm that on receipt of any written communication from the Company of any changes in the information, we will immediately inform any changes in writing to the above information to the Company, OSL and the book running lead managers appointed in connection with the Issue (“**Lead Managers**”) until the date when the Equity Shares commence trading on the stock exchanges where the Equity Shares are proposed to be listed (the “**Stock Exchanges**”). In the absence of any such communication from us, the above information should be considered as updated information until the Equity Shares commence trading on the Stock Exchanges pursuant to the Issue.

This certificate is for information and for inclusion (in part or full) in the pre-filed draft red herring prospectus, the updated draft red herring prospectus-I, the updated draft red herring prospectus-II, the red herring prospectus and the prospectus to be filed by OSL in relation to the Issue or any other Issue related material, and may be relied upon by the Company, OSL, the Lead Managers and the legal advisors to each of OSL and the Lead Managers. We hereby consent to the submission of this certificate as may be necessary to the Securities and Exchange Board of India, the Registrar of Companies, Gujarat at Ahmedabad, the Stock Exchanges and any other regulatory authority and/or for the records to be maintained by the Lead Managers and in accordance with applicable law. We further consent to this certificate being uploaded, as may be necessary, on the online document repository platform of the Stock Exchanges in accordance with applicable law.

Yours faithfully,

Md Nur Hossain FCCA

**Annexure I:** Statement of possible special tax benefits available to the Company under applicable direct and indirect tax laws

## ANNEXURE I

### Statement of tax benefit (the “Statement”) available to Oyo Technology and Hospitality UK Ltd. (“Company”) under the applicable tax laws of UK\*\*\*

The following is a discussion of certain tax matters relating to UK income tax, capital gains tax, stamp duty that may be applicable to a company in UK. The discussion is limited to a general description of certain tax matters pertaining to a company in UK and is based on laws, regulations and interpretations now in effect and available as of the date of this Statement. The laws, regulations and interpretations, however, may change at any time, and any change could be retroactive to the date of this Statement. These laws and regulations are also subject to various interpretations and the relevant tax authorities or the courts of UK could later disagree with the explanations or conclusions set out below. It is not intended to constitute a complete analysis and does not constitute tax or legal advice.

#### Overview of Business Operations

- **Oyo Technology and Hospitality UK Ltd.** is the subsidiary of Oravel Stays Singapore Pte Limited. The Company’s principle activities are to provide a web-portal/platform to the consumers in respect of hotel accommodation and other allied services such as business support services.

#### \*\*\*Corporate Income Tax\*\*\*

- 1) A corporate taxpayer is regarded as resident in UK for UK tax purposes if the control and management of its business is exercised in UK. “Control and management” is the making of decisions on strategic matters, such as those on company policy and strategy.

Corporate taxpayers who are UK tax residents are subject to UK income tax on income accruing in or derived from UK and, subject to certain exceptions.

- 2) The prevailing corporate income tax rate in UK for both resident and non-resident companies is currently 25 percent, for companies with profits more than GBP 250,000. Controlled Foreign Companies (CFC) Rules (CTA 2009, Part 9A) state that UK tax on UK company's share of CFC profits will be charged, if artificial profit-shifting is suspected. This rule extends to dividends received from foreign companies. However, exemptions are available:

A dividend or other distribution of a company that is received in an accounting period of the recipient in which the recipient is not a small company is exempt if—

- a) the distribution falls into an exempt class,
- b) the distribution is not of a kind mentioned in paragraph E or F in section 1000(1) of CTA 2010(certain non-dividend distributions), and
- c) no deduction is allowed to a resident of any territory outside the United Kingdom under the law of that territory in respect of the distribution

The controlled foreign company’s rules only apply if profits pass through an initial ‘gateway’, which means that an attribution of profits will only be required if there are arrangements to reduce or eliminate UK tax, and the profits of the subsidiary are increased as a result

- 3) UK does not separately impose tax on capital gains on corporates, instead, chargeable gains (profits from disposing of capital assets like shares, property, or intellectual property) are included in the company's total profits and taxed at the standard corporation tax rates under the Corporation Tax Act 2009 (CTA 2009, Part 7).

However, gains arising from the disposal of shares are exempt from gains,

- a) if Substantial Shareholding Exemption:

- The ‘investing company’ must have held shares in the ‘investee company’ in such number, and for such time, that the shareholding satisfies ‘the substantial shareholding requirement’
- The ‘investee company requirement’ (the company whose shares are being disposed of) must meet ‘trading’ conditions.

b) In case of intra-group transfers, where a company group for capital gains implies:

- The direct interest in immediate subsidiary should be at least 75%
- The effective interest of a principal company in a non-directly held subsidiary needs to be more than 50%

Gains arising on disposal, sale or purchase between intra-group entities are exempt if condition (b) above is satisfied.

- 4) Capital Allowances are deductions claimable for qualifying fixed assets. Capital allowances are generally granted in place of depreciation, which is not deductible. Capital expenditure incurred by a person carrying on a trade, profession or business on the provision of plant and machinery for purposes of the trade, profession or business can qualify for capital allowances claim.

Annual Investment Allowance enables the entity to avail 100% deduction the year of purchase up to GBP 1Mn and Written Down Allowance - Main Pool enables the entity to avail deduction on a reducing balance basis i.e., 18% pre-Apr'26 and 14% post Apr'26.

Capital allowances merge into trading losses for trading entities and lose their identity independently. However, for non-trading (or holding companies) capital allowances are generally carried forward indefinitely unless asset is used for the management of its investment business

Company has not claimed any other allowances such Full expensing, Special Rate Pool First Year Allowance etc. among others.

- 5) Carry Back of Losses

Under the prevailing carry-back relief provisions, a company can carry back current year unabsorbed trade losses up to 12 months prior (subject to straddle period losses). Also, carried forward losses cannot be carried back.

Terminal loss relief: On trade cessation, the entity can carry back trading losses incurred in final 12 months of trade up to 3 years

- 6) Carry forward of Losses

Unused trading losses can be carried forward indefinitely subject to the below conditions:

- Offset only against same-trade profits (CTA 2010 s. 45 for pre-1 April 2017)
- Offset against total profits (including non-trading) (CTA 2010 s 45A for post-1 April 2017)
- Although losses can be carried forward indefinitely, but the entity must continue the trade; losses from dormant trades may lapse

For Capital Loss Relief further conditions apply with a maximum cap of GBP 5Mn plus 50% of relevant chargeable profits.

- 7) Group Loss Surrender

An entity can transfer its unabsorbed tax losses for the current year to another entity in the group to set-off against the assessable income of the latter entity under Group Loss Surrender. Conditions for the same include the following:

- the group members must be UK incorporated companies and have the same accounting year end;
- The direct interest in immediate subsidiary should be at least 75%
- The effective interest of a principal company in a non-directly held subsidiary needs to be more than 50%
- The losses of entity available for surrender are only those losses which are generated post the entity becomes part of the group. This restriction is applicable till 5 years

There is no time limit on carry-over of not surrendered losses

- 8) Related party transactions

Under the TIOPA 2010, all related party transactions should be conducted on an arm's length basis. However, the legislation introduces a general exemption for UK to UK transfer pricing where there is no risk of tax loss. Although HMRC has the ability to issue a transfer pricing notice to disapply the exemption.

The requirement for taxpayers to consider both the market value and arm's length price of an intangible asset in certain circumstances has been seen to create unfairness and as a result the 2025 legislation simplified the rules by applying only one valuation standard, i.e., the arm's length price will be used for cross-border transactions within the scope of the UK's transfer pricing rules; this will allow such transactions to be fully covered by advance pricing agreements. The existing market value rules will be retained in all other scenarios involving transactions between related parties.

Multinationals are required to report cross-border related party transactions in a standardised format (i.e. the ICTS) on an annual basis as per the 2025 Reforms. Prior to this, the non-exempt entities had to maintain Local Transfer Pricing file.

Company have not availed any other tax benefits and/or incentives and credits viz. Research and Developments Expenditure Credits, Freeports/Investment zones, Patent Box, Innovate UK etc. among other.

**Statement of tax benefit (the "Statement") available to Oyo Technology and Hospitality UK Ltd ("Company") under the Value Added Tax Act of UK**

The following is a discussion of certain tax matters relating to UK Value Added Tax ("VAT") that may be applicable to a company in UK. The discussion is limited to a general description of certain VAT matters pertaining to a company in UK and is based on laws, regulations and interpretations now in effect and available as of the date of this Statement. These laws, regulations and interpretations, however, may change at any time, and any change could be retroactive to the date of this Statement. These laws and regulations are also subject to various interpretations and the relevant tax authorities or the courts of UK could later disagree with the explanations or conclusions set out below. It is not intended to constitute a complete analysis and does not constitute tax or legal advice.

**Benefits under UK Value Added Tax Act**

UK Value Added Tax (VAT) is a consumption tax that is levied on the taxable supply of goods and services made by a taxable person in the course or furtherance of any business carried on by him. Brief framework is as below –

A taxable supply is a supply of goods or services made in UK, other than an exempt supply. A taxable supply can either be a standard rated supply (at 20%) or a zero-rated supply.

There are multiple categories of zero-rated supplies, however, the most relevant for Company, being (1) exports of goods and (2) provision of international services. A VAT registered entity who makes taxable supplies is able to claim the input tax paid on purchases, other than those specifically disallowed under the VAT Act, and subject to the input tax claim conditions provided under the VAT Act.

VAT is not chargeable on exempt supplies, such as, Educational & vocational training, Health and welfare services, Finance & insurance, Land & property, Postal services, and others. Input tax incurred in making exempt supplies is generally not claimable, unless certain exceptions apply

Interest income received on loans provided to group companies located outside UK should be considered as zero-rated supplies. However, where such interest income is received from an entity located in UK, the same would be regarded as an exempt supply being in the nature of financial services and input tax incurred in making such exempt supplies will not be claimable, unless certain exceptions apply.

Dividend income, if any, received from group entity will be outside the ambit of VAT. No such income was received in FY23 and FY24 by Company.

In general, the services supplied by the Company would be subject to VAT unless services qualify as international services or export as prescribed under VAT Act, and accordingly qualify for zero-rating VAT treatment (i.e. subject to 0% VAT).

Hence, to the extent that the conditions under the relevant zero-rating provisions are met, the fee charged and interest earned, pursuant to the intercompany agreements with foreign related parties under the Oyo Group could qualify as zero-rated supplies (i.e. VAT at 0%).

Further, there are no other special VAT schemes granted to the Company.

Prospective purchasers should seek their own tax advice on the recoverability of VAT incurred on expenses in connection with the purchase and sale of shares or for credit reversal required on account of expenses incurred in relation to an exempt activity.

## SECTION IV: ABOUT OUR COMPANY

### INDUSTRY OVERVIEW

*Unless otherwise indicated, industry and market data used in this section have been derived from the report titled Report on Hospitality Industry dated June 16, 2026 (the “**1Lattice Report**”) prepared and issued by Lattice Technologies Private Limited (“**1Lattice**”), which has been commissioned by and paid for by our Company exclusively in connection with the Offer for the purposes of confirming our understanding of the industry in which we operate. Neither we, nor the BRLMs, nor any other person connected with the Offer has independently verified any third-party statistical, financial and other industry information in the 1Lattice Report. Unless otherwise indicated, all financial, operational, industry and other related information derived from the 1Lattice Report and included herein with respect to any particular year, refers to such information for the relevant year. The data included herein includes excerpts from the 1Lattice Report and may have been re-ordered by us for the purposes of presentation. For further details and risks in relation to the 1Lattice Report, see “**Risk Factors – Internal Risks – Certain sections of this Updated Draft Red Herring Prospectus-I contain information from the 1Lattice Report which have been commissioned, and paid for, by us and any reliance on such information for making an investment decision in the Issue is subject to inherent risks.**” on page 68. The 1Lattice Report will form part of the material documents for inspection and will be available on the website of our Company from the date of filing of the Updated Draft Red Herring Prospectus-I until the Bid/Issue Closing Date.*

*Note: References to term “segment” in the 1Lattice Report and information derived therefrom are references to industry segments and in accordance with the presentation, analysis and categorisation in the 1Lattice Report. Our segment reporting in our financial statements is based on the criteria set out in Ind AS 108, Operating Segments and we do not present such industry segments as operating segments.*

#### Macroeconomic overview

##### Global macroeconomic overview

The global economy has shown resilience despite ongoing geopolitical tensions and tighter financial conditions. With nominal GDP projected to grow steadily from ₹10,173.7Tn (US\$ 118.2Tn) in CY25 to ₹13,033.1Tn (US\$ 151.4Tn) by CY30P, the macroeconomic landscape is evolving rapidly. India stands out as a key growth geography, poised to retain its spot as the fastest-growing major economy, even in CY30P, driven by strong domestic demand and a rising working-age population. In contrast, developed economies such as the US will continue to expand, but at a comparatively slower pace, highlighting a shift in global economic momentum towards emerging markets.

**Global GDP is expected to grow at 5.1% CAGR to ₹13,033.1Tn (US\$ 151.4Tn) by CY30P; India is expected to grow at 9.5% CAGR between CY25-30P, reaching ₹531.5Tn (US\$ 6.2Tn)**

The global economy is on a steady growth path, driven by technological innovation, rising consumption, and supportive policies across key markets.

- **Nominal GDP:** Global nominal GDP expanded from ₹8,838.9Tn (US\$ 102.7Tn) in CY22 to ₹10,173.7Tn (US\$ 118.2Tn) in CY25, growing at a CAGR of 4.8%, and is projected to reach ₹13,033.1Tn (US\$ 151.4Tn) by CY30P at a CAGR of 5.1%.
- India stands out as a clear outperformer. Its nominal GDP grew from ₹279.8Tn (US\$ 3.2Tn) in CY22 to ₹337.2Tn (US\$ 3.9Tn) in CY25 at a CAGR of 6.4% & is expected to climb to ₹531.5Tn (US\$ 6.2Tn) by CY30P, implying a robust CAGR of 9.5%. India’s growth trajectory remains significantly ahead of global averages.

**Global nominal GDP (at current prices) – Key economies**  
(₹ Tn (US\$ Tn), CY22-30P)

| Africa         | 275.2 (3.2)     | 268.8 (3.1)      | 389.3 (4.5)      | (0.8)%          | 7.7%             |

Source(s): International Monetary Fund, Praxis Global Alliance

According to the International Monetary Fund (IMF), India is set to become the third-largest economy worldwide by CY30P, with nominal GDP projected to reach ₹531.5Tn (US\$ 6.2Tn). This follows India's transition to the fourth-largest economy in the world in CY25, supported by rising domestic demand, robust expansion across key sectors, and increasing private consumption. Indian private consumption expenditure is expected to be driven by a growing working-age population (both male and female) & rising household incomes.

India's GDP growth is underpinned by multiple structural drivers, listed below:

- **Rising consumer spending:** As per the World Economic Forum (WEF), India's private consumption, which accounts for ~57.0% of GDP, continues to grow, projected to exceed ~₹344.4Tn (~US\$ 4.0Tn) by CY30P, driving broader economic expansion.
- **Infrastructure investments:** Government's focus on infrastructure, including roads, railways, and urban development, enhances productivity and supports long-term economic growth. In the FY25-26 budget, the government has allocated ₹11.2Tn (~US\$ 132.5Bn) towards capital expenditure.
- **Technological advancements & the digital economy:** Digital transformation, fuelled by internet growth, 5G, and rapid tech adoption, is boosting productivity, efficiency, and market access across sectors from e-commerce and fintech to healthcare, education, and emerging areas like defence, space, thereby driving GDP growth and global competitiveness.

**Global travel and tourism spending set to rise at 3.7% CAGR from CY25-30P, with India growing at 7.4% CAGR driven by middle-class expansion, infrastructure growth, & experience-led demand**

Global travel and tourism spending is projected to rise from ₹973.1Tn (US\$ 11.3Tn) in CY25 to ₹1,166.9Tn (US\$ 13.6Tn) by CY30P, growing at a CAGR of 3.7%. The sector continues to benefit from rising disposable incomes, broader digital access, low-cost carriers, and steady improvements in connectivity and visa frameworks.

India is expanding at a faster pace, with the market expected to grow from ₹23.4Tn (US\$ 272.1Bn) in CY25 to ₹33.4Tn (US\$ 388.5Bn) in CY30P at a CAGR of 7.4%. This growth is underpinned by rapidly expanding middle class and rising disposable incomes, which are increasing the number of frequent travellers. Ongoing government initiatives and sustained investment in airports, highways, rail networks, and tourism infrastructure are enhancing connectivity and improving the overall travel experience. As a result, domestic tourism is accelerating, supported by improved road networks and more affordable mobility options. Simultaneously, younger travellers are driving demand for wellness, adventure, cultural, and environmentally conscious experiences. Streamlined e-visa processes and improved global air links are also contributing to higher foreign tourist arrivals.

### Travel and tourism contribute significantly to global GDP, supported by linkages with infrastructure, retail, and services

According to the International Monetary Fund (IMF) and the World Travel & Tourism Council (WTTC), the travel & tourism sector continue to be a significant contributor to economic growth. In CY25, the global market size of the travel & tourism market was ₹973.1Tn (US\$ 11.3Tn), representing about 9.6% of real GDP of ₹10,175.8Tn (US\$ 118.2Tn). In the US, the travel and tourism sector accounts for ₹229.5Tn (US\$ 2.7Tn), equivalent to 8.7% of GDP ₹2,651.6Tn (US\$ 30.8Tn), and in India, it contributes ₹23.4Tn (US\$ 0.3Tn), which is equivalent to 7.0% of GDP ₹335.8Tn (US\$ 3.9Tn). Growth across these geographies is underpinned by higher consumer spending capacity, rapidly growing demand for affordable stays in budget-hotel segments, expanding travel access and connectivity, the rise of low-cost airlines, and the shift towards immersive tourism, among increasingly affluent populations.

| Region | Travel & tourism market<br>(₹ Tn (US\$ Tn)) | Real GDP<br>(₹ Tn (US\$ Tn)) | Travel & tourism market<br>as % of real GDP |
|--------|---------------------------------------------|------------------------------|---------------------------------------------|
| Global | 973.1 (11.3)                                | 10,175.8 (118.2)             | 9.6%                                        |
| UK     | 33.0 (0.4)                                  | 344.4 (4.0)                  | 9.7%                                        |

| MEA    | 46.7 (0.5)                                  | 318.5 (3.7)                  | 8.0%                                        |
| SEA    | 27.1 (0.3)                                  | 361.6 (4.2)                  | 7.6%                                        |
| Europe | 170.7 (2.0)                                 | 2,582.7 (30.0)               | 6.7%                                        |
| India  | 23.4 (0.3)                                  | 335.8 (3.9)                  | 6.6%                                        |

Note(s): Data as per CY25

Source(s): International Monetary Fund, World Travel and Tourism Council, Praxis Global Alliance

Beyond its direct economic impact, travel & tourism exhibits strong linkages to adjacent sectors, enhancing its multiplier effect. Investment in infrastructure, such as airports, roads, rail, and hospitality facilities, feeds into the construction and transport industries, while tourist spending strengthens retail, food & beverage, and entertainment services. In India, initiatives such as the UDAN regional connectivity scheme have further amplified these linkages by improving air access to tier-2 and tier-3 cities, stimulating local tourism, regional economies, and supporting the development of new aviation infrastructure. Tourism's forward linkages extend into manufacturing, agriculture, and digital services too, making it a strong enabler of linkages across sectors.

### Rising global travel frequency and digital adoption redefine consumer behaviour, with India emerging as a fast-growing, experience-led travel market

Global travel frequency continues to rise steadily, supported by the structural recovery in international mobility and sustained growth in air connectivity. International tourist arrivals have rebounded sharply to an estimated 1.5Bn in CY24 from 0.4Bn in CY20, surpassing pre-pandemic levels of 1.2Bn recorded in CY15. Similarly, global air passenger traffic has expanded from 3.5Bn in CY15 to 5.2Bn in CY25, reflecting a CAGR of 4.0%. This sustained rise in both international arrivals and air travel underlines the long-term shift towards a more mobile global population, driven by higher disposable incomes, expanding middle classes, and improved accessibility through low-cost carriers and digital booking channels.

The travel segment has been an early mover in digital adoption, led by OTAs that transformed how travellers search, compare, and book. Flight bookings, intercity mobility, visas, curated experiences, and trip planning have all shifted online, making digital touchpoints central to how travellers search, compare, and book. This shift is visible across the hotel segment, where online reservations now account for a large share of total hotel bookings by value, ranging from 25.0% in India, 77.6% in the US, 83.4% in the UK, 68.4% in SEA and 66.2% in Europe. As travellers increasingly rely on digital channels for discovery and decision-making, expectations around transparency, convenience, flexible options, and personalised experiences are rising. Social media platforms such as Facebook, Instagram, YouTube, and X are playing a significant role in shaping travel choices by increasing awareness of destinations and influencing preferences through shared content and recommendations. This broad digital shift is influencing how hospitality players operate, engage with guests, and optimise their offerings within a more connected and experience-driven travel landscape.

**Total online booking in hospitality industry – By region**  
(%, CY25)

Source(s): Praxis Global Alliance

Note(s): Online bookings refer to hotel booking sales generated through digital channels, including Online Travel Agencies (OTAs), hotel brand websites and mobile applications, and other internet-based booking platforms.

India is emerging as one of the fastest-growing digital travel markets. With nearly 969.0Mn internet subscribers as of March CY25 and expanding airport connectivity (from 74 in CY14 to 157 in CY24), access to travel has widened significantly. Simplified visa processes and digital-first platforms are boosting both domestic and international tourism. Younger and middle-income travellers are increasingly prioritising experiences such as premium stays, wellness, and adventure, marking a clear shift toward a more connected and experience-led hospitality landscape.

### Global hospitality industry

The hospitality industry is a vital pillar of the global economy, driving employment, foreign exchange earnings, and cross-border tourism flows. Beyond its economic contribution, it strengthens a nation's position on the world stage while preserving and promoting its art, culture, and heritage.

Globally, the hospitality sector, which includes hotels, vacation homes, F&B, ancillary services, and other accommodations, has evolved from merely serving travellers' needs for accommodation and leisure to fulfilling an increasing demand for immersive and experience-led travel. The sector is witnessing rising demand, driven by higher disposable incomes, increased travel frequency, and expanding digital integration. Platforms enabling online bookings, AI-based dynamic pricing, and technology-driven property management have redefined how hospitality businesses operate. It plays a significant role in contributing to national economic development while enhancing global connectivity through tourism and cross-border interactions.

At the same time, the hospitality supply chain is becoming more sophisticated and integrated, with players increasingly operating across multiple value chain segments to achieve efficiency and scale. These shifts are collectively shaping the next phase of global hospitality growth.

## Increased travel frequency, improved regional connectivity, a rising middle class, and higher disposable income are key market drivers in the global hospitality industry

The global hospitality industry continued to experience sustained growth, driven by improved connectivity, an expanding middle-class population with higher spending capacity, shifting demographic dynamics, increasing outbound travel, and rising digital penetration, all of which are reshaping consumer behaviour and expectations.

The hospitality market across major regions was valued at ₹117.8Tn (US\$ 1,368.6Bn) in CY25 and is expected to grow at a CAGR of 7.5% during CY25–30P

The hospitality market (including hotels, homes, short stays, alternate accommodations, F&B and other ancillary services) across the key regions expanded from ₹94.9Tn (US\$ 1,102.6Bn) in CY22 to ₹117.8Tn (US\$ 1,368.6Bn) in CY25, registering a CAGR of 7.5% over CY22–25. It is further projected to reach ₹168.9Tn (US\$ 1,962.1Bn) by CY30P, growing at a CAGR of 7.5% during CY25–30P. The sector's growth is primarily driven by increasing disposable income and a shift in consumption patterns towards travel and experiences. It is further steered by experience-led travel among Millennials and Gen Z, the rise in medical value tourism and pilgrimage tourism, along with the increasing trend of bleisure travel, (combining business and leisure trips), accelerated technology adoption, enabling seamless guest experiences, rising global MICE (meetings, incentives, conferences, and exhibitions that drives group travel) demand and the growing influence of social media on travel inspiration and booking behaviour.

### Hospitality market – By region (₹ Tn (US\$ Bn), CY22-30P)

Source(s): Praxis Global Alliance

Note(s): The hospitality market includes hotels, homes, short stays, alternate accommodations, F&B and other ancillary services

The US led the hospitality market in CY25 with a size of ₹32.7Tn (US\$ 380.1Bn), followed by Europe and MEA at ₹25.5Tn (US\$ 296.5Bn) and ₹8.0Tn (US\$ 93.1Bn), respectively. By CY30P, the US is projected to reach ₹43.9Tn (US\$ 510.0Bn), maintaining its position as the largest market.

**The hotel market across the key regions was valued at ₹64.0Tn (US\$ 744Bn) in CY25 and is expected to grow at a CAGR of 6.4% during CY25-30P**

The hotel market across the key regions expanded from ₹51.1Tn (US\$ 593.5Bn) in CY22 to ₹64.0Tn (US\$ 743.8Bn) in CY25, registering a CAGR of 7.8% over CY22–25. It is further projected to reach ₹87.5Tn (US\$ 1,016.2Bn) by CY30P, growing at a CAGR of 6.4% during CY25–30P. Growth is anticipated across all major regions, led by the US, Europe, and SEA. The US remains the largest contributor. India stands out with particularly strong growth prospects, driven by increasing domestic tourism, improved regional air access, and expanding hotel offerings across both leisure and business destinations.

### Hotel market - By region

(₹ Tn (US\$ Bn), CY22-30P)

Source(s): Praxis Global Alliance

Note(s): The hotel market figures include both organised and unorganised hotel storefronts across all categories - luxury, upscale, mid-scale, and economy - as well as independent (and unbranded) hotels

**While luxury and premium hotels focus on exclusivity, personalisation, and experiential offerings, midscale and economy segments prioritise functionality, affordability, and convenience**

The hospitality industry encompasses multiple segments, including luxury, premium (upper upscale and upscale), economy, and unorganised/independent hotels, each catering to distinct customer needs, price points, and service expectations. These segments differ in positioning, brand value, pricing strategy, guest experience, and amenity levels, collectively shaping the diversity and depth of the global hospitality landscape. However, technology adoption remains comparatively lower in several segments, particularly among independent and economy hotels, where limited resources and fragmented systems often hinder the deployment of modern digital tools and integrated operational technology.

| Parameter                             | Luxury                                                                                                                                                      | Premium (Upper midscale & midscale)                                                                             | Economy                                                                                                                              | Unorganised / independent hotels                                                                                   |

**In CY25, 92.0% of India's hotel storefronts remained unorganised, compared to 77.0% in Europe, indicating a larger growth opportunity for organised players**

The global hospitality market remains highly fragmented, with a considerable portion still operating within the unorganised segment, comprising independent, unbranded and standalone hotels, and small-scale operators, while the organised segment represents branded and standardised hotel chains. The US demonstrated a higher level of organised penetration at approximately 65.0%, supported by an established hotel network, strong brand presence, and more standardised offerings. In contrast, many other markets continue to exhibit significant unorganised participation, reflecting the diverse and localised nature of global hospitality supply. This extensive, unorganised base presents a substantial opportunity for technology-driven integration and platform adoption, facilitating enhanced visibility, standardisation, and scalability across the hospitality ecosystem.

**As of CY25, India represented one of the largest hospitality supply bases globally, driven by middle-class consumption growth, tourism-led demand, and rising leisure travel**

As of CY25, the global hospitality industry continued to expand, with India emerging as one of the fastest-growing markets at 227K hotel storefronts. The country's momentum is driven by middle-class consumption growth, and supported by higher travel frequency, expansion of regional and religious tourism circuits, and rising demand for short-duration leisure trips. This expansion positions India as one of the world's largest supply bases.

Across other regions, SEA led with 360K hotel storefronts, followed by MEA (279K), Europe (220K), the US (90K), and the UK (10K). While SEA and MEA benefited from rising intra-regional travel, mature markets such as the US and Europe are seeing growth through upgrades in premium, sustainable, and long-stay formats.

### Total hotel storefronts – By region (# K, CY25)

Source(s): Praxis Global Alliance

In India's organised hospitality market, OYO led with 14,937 hotel storefronts, giving it the largest footprint in the country. In the US economy segment, Motel 6 and OYO held the top position with 2,087 hotel storefronts. More than 0.24Mn hotel storefronts in India and the US remain unorganised as of CY25. As of Dec 31, 2025, OYO ranked #1 in India by number of hotel storefronts and is among the leading players across SEA, the US and Europe, including a strong presence in the US economy hotel segment and Europe's home segment.

**In CY25, the US had the highest total occupied room nights, reflecting the country's strong travel volume and market depth**

In CY25, the US led the global hospitality landscape with the highest total occupied room nights at ~1,313Mn, underscoring its position as a mature and high-demand travel market. The strong performance was driven by a well-developed infrastructure and a diverse accommodation base catering to both business and leisure segments.

**In CY25, room revenue accounted for 68.0% of the hospitality market in the US, whereas 65.0% in India and 62.0% in Europe**

In CY25, room revenue contributed 68.0% of the US hospitality market, generating ₹22.2Tn (US\$ 258.5Bn), while in India, room revenues accounted for 65.0%, generating ₹2.7Tn (US\$ 31.1Bn) and in Europe, accounted for 62.0%, generating ₹15.8Tn (US\$ 183.8Bn). The higher proportion of room revenue indicates that accommodation continues to represent the core source of income for hotels, while non-room segments, such as food & beverage, spa & wellness services, transportation & parking, retail outlets, leisure facilities, laundry and ancillary guest charges contribute a comparatively smaller portion of total revenues.

#### **Hospitality industry overview across key geographies (India, US and Europe)**

The global travel and hospitality market has witnessed robust growth, supported by rising disposable incomes, evolving consumer preferences, and the increasing adoption of digital technologies. Across key geographies, distinct growth patterns are emerging, with India continuing to expand rapidly, supported by strong domestic demand, rising foreign tourist inflows, and government-led infrastructure development. The United States is experiencing heightened demand for immersive and wellness-oriented travel, while Europe is benefiting from a resurgence in international arrivals and the widespread adoption of online booking platforms. Together, these markets illustrate the sector's global momentum, underpinned by technological advancement, cultural diversity, and an increasing preference for seamless, standardised, and digitally enabled travel experiences.

#### **Overview of the Indian hospitality market**

**The Indian hospitality market was valued at ₹4.1Tn (US\$ 47.8Bn) in CY25 and is expected to grow at a CAGR of 12.4% during CY25-30P**

The Indian hospitality market, encompassing hotels, short-term rentals, campsites, hostels, and smaller accommodations with food and beverage revenues, was valued at ₹2.9Tn (US\$ 34.2Bn) in CY22 and expanded at a CAGR of 11.9% to reach ₹4.1Tn (US\$ 47.8Bn) in CY25, and is projected to reach ₹7.4Tn (US\$ 85.8Bn) by CY30P at a CAGR of 12.4%. This robust growth reflects the country's rapidly expanding economy and rising disposable incomes, which are fuelling premiumisation, and a surge in domestic personal travel. Significant government investment in infrastructure, including airport expansion, is enhancing connectivity, while evolving consumer preferences for experiential offerings such as wellness, spas, and curated dining are driving structural changes in the hospitality industry and enabling deeper market penetration.

**As of CY25, the Indian hospitality industry remains significantly underpenetrated, with 589.6K room nights per #Mn of population**

India's hospitality industry remains significantly underpenetrated compared to its global counterparts, highlighting a vast growth opportunity. As of CY25, India had 589.6K room nights per #Mn population, significantly lower than the US (3,774.4K) and the UK (2,931.3K), and below regions such as SEA (980.1K) and Europe (1,404.5K). The EU stood at 1,404.5K, while MEA recorded 342.5K, placing India marginally above the MEA but well behind global benchmarks. This stark gap underscores India's substantial room supply deficit and untapped potential, especially as domestic travel, infrastructure development, and higher consumer spending capacity continue to expand hospitality demand across Tier-I, II, and III cities.

**In CY25, India's hospitality industry comprised 8.0% organised and 92.0% unorganised hotel storefronts, with revenue split at 65.0% from room income and 35.0% from non-room services**

In CY25, the organised segment of India's hospitality industry accounted for 8.0% of the hotel storefronts, up from 6.3% in FY22. This segment comprises branded hotel chains and aggregators that offer standardised services, stronger brand presence, and structured operations. The unorganised hotel storefronts, however, continued to dominate with a 92.0% share in CY25, down from 93.7% in FY22. It largely consists of small independent hotels, lodges, and guesthouses operating with limited technological integration and a localised customer base. While the unorganised segment remains significant in scale, the gradual rise of organised players reflects a structural shift driven by increasing technology penetration, changing traveller expectations, and a growing preference for reliable, experience-led stays.

In parallel, the industry's revenue mix has also evolved. In CY22, approximately 60.0% of total revenue came from room income, with 40.0% contributed by non-room sources. In CY25, the share of room revenue rose to 65.0%, while non-room revenue accounted for the remaining 35.0%, highlighting improved occupancy and yield management. At a granular level, revenue streams in the Indian hospitality sector typically comprise room sales (60.0–70.0%), and food & beverage (20.0–25.0%). Additional contributions come from meetings, events and marriage (5.0–10.0%), spa & wellness (2.0–5.0%), and others (1.0–3.0%).

### Rising incomes, corporate travel growth, and evolving consumer preferences are key growth drivers of India's hospitality industry

The Indian hospitality industry is witnessing robust growth, underpinned by a rapidly expanding economy and rising disposable incomes that are driving premiumisation across the sector. Domestic travel is expected to increase substantially, supported by growing corporate mobility and significant government investment in infrastructure, including large-scale airport expansion. At the same time, evolving consumer preferences for experiential offerings such as wellness services, bespoke stays, and curated dining experiences are reshaping the industry landscape and deepening market penetration. Travellers are increasingly opting for last-minute bookings, driven by improved mobile-app convenience, unpredictable work schedules, dynamic deals, and the growing appeal of spontaneous, short-notice travel.

A diverse mix of traveller cohorts continues to shape India's hospitality demand landscape. Small and medium-sized business owners and corporate travellers account for a substantial share of weekday room nights, contributing to ~40.0% of hotel booking revenue. The remaining ~60.0% comes from retail customers, which include religious travellers, leisure travellers (young millennials and family travel), and group bookings.

The Indian tourism landscape is rapidly evolving, shifting focus from traditional hubs to emerging Tier-2 and Tier-3 destinations across three key segments: leisure, corporate, and religious travel. The leisure travel sector is expanding with new circuits like Coastal and Island Tourism (e.g., Lakshadweep and Andaman) offering beach holidays and water sports, and the vibrant Northeast India Circuit (including Meghalaya, Sikkim, and Arunachal Pradesh), attracting travellers with its scenic beauty and unique cultures. For corporate and MICE (Meetings, Incentives, Conferences, and Exhibitions) travel, modern financial and industrial centres are emerging as strong alternatives, such as GIFT City in Gujarat and Visakhapatnam in Andhra Pradesh, driven by state-of-the-art facilities and better connectivity. Simultaneously, religious tourism is experiencing a significant boom with the development of spiritual and pilgrimage sites like Ayodhya, Dwarka, and the revitalised Buddhist Circuit.

|                                                                                                                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |

## Overview of the US hospitality market

The United States hospitality market is a vibrant and rapidly evolving sector shaped by shifting traveller preferences and technological advancements. Demand is increasingly shifting towards immersive and experience-led stays, driving demand for sustainable, authentic, and culturally enriched offerings. The industry continues to benefit from robust domestic and international travel, bolstered by major events and the growing appetite for flexible lodging options. Technology plays a pivotal role in enhancing operational efficiency and delivering personalised guest experiences. Despite macroeconomic pressures, the sector remains resilient and innovation-driven, contributing substantially to the national economy through employment generation and sustained tourism growth.

**The US hospitality market was valued at ₹32.7Tn (US\$ 380.1Bn) in CY25 and is expected to grow at a CAGR of 6.1% during CY25-30P**

The US hospitality market, encompassing hotels, resorts, short-term rentals, and other accommodation types with vibrant food and beverage segments, was valued at ₹26.1Tn (US\$ 303.0Bn) in CY22 and reached ₹32.7Tn (US\$ 380.1Bn) in CY25 at 7.9% CAGR. The market is projected to reach ₹43.9Tn (US\$ 510.0Bn) in CY30P at a CAGR of 6.1%. This steady growth is fuelled by evolving traveller preferences favouring experiential stays, robust domestic travel demand, and significant international tourist inflows around major events. Rapid technological adoption and digital innovation are enhancing connectivity and operational efficiency, while consumer focus on wellness, sustainability, and personalised experiences is reshaping service offerings. Despite economic and workforce challenges, government support and industry adaptations are driving deeper market penetration and sustained expansion.

**In CY25, the US hospitality industry comprised 65.0% organised and 35.0% unorganised hotel storefronts, with revenue split at 68.0% from room income and 32.0% from non-room services**

In CY25, the US hospitality industry comprised approximately 65.0% branded and organised chain hotel storefronts and 35.0% independent or alternative accommodations. The organised segment, consisting of global and domestic hotel brands, delivers standardised quality, strong loyalty programs, and advanced technological integration across locations. Independent hotels, boutique stays, and alternative accommodations are navigating a rapid shift as leading brands expand their footprint and drive industry consolidation.

This ongoing evolution is defined by rising guest expectations for reliability, personalisation, and digitally enabled experiences. In parallel, approximately 68.0% of the industry's total revenue was derived from room income, primarily driven by occupancy levels and premium segment performance. In contrast, non-room revenues such as dining, events, wellness amenities, and ancillary services account for the remaining 32.0%, underscoring an industry-wide shift towards diversified offerings and deeper guest engagement. This transition highlights the US market's continued focus on delivering value-added, experience-led stays to enhance long-term profitability and strengthen customer loyalty.

**Rising international arrivals, experience-led travel, and wellness-driven preferences are key growth drivers of the US hospitality industry**

The United States hospitality market is experiencing steady expansion, driven by rising international arrivals, evolving traveller preferences, and the increasing appeal of experience-led stays. As travel demand continues to

rebound, the sector is transitioning towards a more diversified and sustainable model, where wellness, authenticity, and digital convenience define guest expectations. This transformation is supported by robust domestic leisure trends, the convergence of business and leisure travel, and the sustained growth of alternative accommodation platforms, all of which are shaping the next phase of the industry's evolution.

## Overview of the European hospitality market

The European hospitality market is undergoing a significant transformation, shaped by evolving traveller preferences, rapid digital innovation, and a renewed emphasis on sustainability. Demand for unique and culturally immersive experiences is rising, attracting both regional and international visitors to Europe's diverse destinations and iconic cities. The sector continues to benefit from heritage tourism and premium experiences, with major events, festivals, and the expansion of luxury travel further adding momentum. Ongoing investment in hotel infrastructure and the adoption of advanced technologies are enhancing operational efficiency and guest personalisation. Despite economic headwinds and fluctuating demand in certain markets, the European hospitality industry remains resilient, adapting its offerings, embracing wellness, and expanding alternative accommodation options to drive value creation and long-term growth.

**The European hospitality market was valued at ₹25.5Tn (US\$ 296.5Bn) in CY25 and is expected to grow at a CAGR of 6.9% during CY25-30P**

The European hospitality market, encompassing hotels, resorts, short-term rentals, and alternative accommodation types with dynamic food, beverage, and event segments, was valued at approximately ₹21.6Tn (US\$ 250.8Bn) in CY22 and reached ₹25.5Tn (US\$ 296.5Bn) in CY25 at a CAGR of 5.7%. This market is projected to reach ₹35.6Tn (US\$ 413.7Bn) in CY30P at a CAGR of 6.9%. This steady expansion was led by growing demand for authentic and culturally rich travel experiences, strong intra-European and global tourism flows, and major international events energising travel activity. Accelerated technological upgrades and digital platforms are improving operational efficiencies and enhancing guest personalisation, while consumer priorities around wellness, sustainability, and experiential luxury are reshaping offerings throughout the region. Even amid economic, regulatory, and workforce challenges, robust industry adaptation, infrastructure investment, and an increasing focus on new guest segments are driving deeper market reach and sustained long-term growth.

## European hospitality market (₹ Tn (US\$ Bn), CY22-30P)

### In CY25, European vacation homes market was valued at ₹5.2Tn (US\$ 60.6Bn) and 15.3Mn units of vacation homes

Vacation homes, which include countryside cottages and coastal villas, to city apartments, have gained prominence as lifestyle, investment assets, and the rise of the remote work culture. Alongside Europe's strong tourism fundamentals and supportive property policies, many buyers now view vacation homes as both lifestyle assets and inflation-hedged investments, offering steady returns amid economic uncertainty. In parallel, urban homes in major European cities have also emerged as an important short-term rental category, benefiting from year-round demand driven by business travel, extended stays, and experiential city tourism. Additionally, growing digital adoption through platforms such as Airbnb and Vrbo has further streamlined short-term rentals, expanded market access, and improved occupancy levels.

The vacation homes market in Europe continues to expand, with the total number of vacation homes at 15.3Mn in CY25, and was valued at ₹5.2Tn (US\$ 60.6Bn) in CY25 from ₹4.5Tn (US\$ 52.4Bn) in CY22 at 5.0% CAGR. This market is projected to grow at a CAGR of 5.0% to reach ₹6.7Tn (US\$ 77.4Bn) in CY30P. This growth is supported by rising affluence, stronger tourism recovery, and evolving traveller preferences, as tourists increasingly seek authentic, spacious, and private accommodations, including centrally located urban homes that offer flexibility and proximity to city infrastructure, thereby expanding the range of accommodation choices alongside traditional hotels.

## European vacation homes market (₹ Tn (US\$ Bn), CY22-30P)

### Surging digital integration, international arrivals, and sustainability-led experiences are driving growth in the European hospitality industry

Europe's hospitality industry remains one of the most mature and dynamic globally, supported by strong intra-regional travel, a diverse accommodation landscape, and steady post-pandemic recovery momentum. The region

continues to benefit from rising international arrivals, robust domestic tourism, and the growing influence of digital platforms in shaping traveller behaviour. Evolving consumer preferences centred around sustainability, cultural immersion, and seamless digital experiences are reshaping how operators design and deliver value. As the sector adapts to new market realities, technology integration, eco-conscious innovation, and experiential travel are emerging as the key forces driving growth and competitiveness across Europe's hospitality landscape.

## Key challenges of the unorganised hospitality industry

### Key independent hotels struggle to scale and stay competitive amid rising demand for quality and digital integration

Independent and unbranded hotels constitute a significant portion of India's hospitality landscape but face a range of operational and structural challenges that constrain their growth and competitiveness. These establishments often encounter difficulties in scaling operations, maintaining consistent service quality, leveraging cross-selling opportunities across services, effectively aggregating demand, and establishing a strong digital presence in an increasingly technology-driven market.

Although hotels and homes are large addressable markets with rapid online penetration, they remain relatively nascent and have significant growth headroom. The markets also lack scaled, organised players and are ripe for consolidation by tech-led players. Compounding these challenges is the limited technical capability among independent hotel owners, who often lack the skills to build, operate, or maintain both back-end and front-end digital systems. As a result, adopting modern hotel technology becomes difficult, particularly when they are required to work with multiple disconnected software tools such as accounting systems, channel managers, pricing and revenue engines, credit collection platforms, and operational management tools. Each system requires separate onboarding, training, and maintenance, increasing operational complexity for lean teams with limited digital capability. This fragmented setup leads to inefficiencies, pricing and inventory errors, and limited use of data-driven decision-making.

Alongside these operational issues, the unorganised hospitality industry also creates multiple challenges for both Patrons and Customers. Patrons face challenges such as demand generation, consistent quality of service and amenities, pricing, operations management and customer service, while Customers often encounter issues relating to trust, consistency, experience and service quality. This represents a significant opportunity for further professionalisation and tech-led consolidation across the category. Consequently, many independent hotels struggle to achieve consistency, scalability, and competitiveness, reinforcing the need for full-stack, integrated platforms that simplify workflows and provide end-to-end technological support.

Although these challenges are most pronounced among independent hotels, they simultaneously create a structural opportunity for integrated, technology-enabled platforms to address these inefficiencies. Full-stack platforms integrate demand generation, booking systems, revenue management, operations, and guest engagement into a unified ecosystem, enabling greater operational efficiency and service consistency. By enabling standardised service quality, digital demand aggregation, and data-driven operational support, these platforms are contributing to improved efficiency and customer experience, and supporting the broader hospitality ecosystem.

### Independent hotels evaluate strategic pathways for growth through OTAs and full-stack hospitality partnerships

Independent patrons have several strategic avenues to address their operational and growth challenges. They may choose to remain independent, collaborate with online travel agencies (OTAs) that provide partial technological solutions for broader reach, or partner with organised full-stack hospitality platforms offering comprehensive, end-to-end support. While OTAs primarily tackle distribution challenges by enhancing market visibility, full-stack platforms extend beyond this by addressing both supply- and demand-side inefficiencies. This enables patrons to achieve greater operational consistency, enhance profitability, and pursue sustainable growth. The dual-impact capability of these platforms explains their rising traction and expanding market share within the hospitality ecosystem.

| Hotel operating options                            | Description                                                                                                                            | Pros                                                                                                                                                                                           | Cons                                                                                                                                                                                                                     |
|----------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Continue as independent hotel                      | Operate completely on their own, without affiliating with any online platforms or chains                                               | <ul style="list-style-type: none"> <li>Complete control over operations and branding</li> <li>No commission or revenue sharing</li> <li>Flexible and personalised guest experiences</li> </ul> | <ul style="list-style-type: none"> <li>Limited marketing and customer reach</li> <li>Low scalability and growth potential</li> <li>Limited access to technology and feedback systems</li> </ul>                          |
| List through OTA with no full tech stack solutions | Partner with platforms like Booking.Com, Makemytrip, Agoda without adopting full-stack solutions                                       | <ul style="list-style-type: none"> <li>Wider customer reach</li> <li>Higher booking potential</li> <li>Low-cost, pay-per-booking model</li> </ul>                                              | <ul style="list-style-type: none"> <li>High commissions reduce profitability</li> <li>Limited control over brand and pricing</li> <li>Lack of operational and revenue management support</li> </ul>                      |
| Move to organised full-stack platform              | Join a full-stack hotel platform that offers end-to-end solutions, including branding, marketing, revenue management, and tech support | <ul style="list-style-type: none"> <li>Improved quality and customer trust</li> <li>Access to marketing and digital tools</li> <li>Higher scalability and revenue potential</li> </ul>         | <ul style="list-style-type: none"> <li>Limited operational and pricing autonomy</li> <li>Dependence on platform policies and systems</li> <li>Standardised operating procedures may restrict local innovation</li> </ul> |

### Lack of trust in lesser-known brands, inconsistent service quality, limited digital integration, and operational inefficiencies remain key pain points within the hospitality industry

The hospitality industry remains a vital pillar of global travel and tourism; however, it continues to encounter structural challenges that constrain its growth and consistency. Travellers often experience fragmented end-to-end journeys, inconsistent service quality, and limited trust when interacting with lesser-known or independent brands. On the supply side, demand enablers such as travel agents and distribution partners face challenges including fragmented systems, limited data integration, and dependence on manual processes, which hinder efficiency and transparency in connecting demand with supply. Dynamic pricing, for a hotel owner, is the crucial strategy of continuously adjusting room rates based on real-time factors like competitor rates, demand patterns, occupancy levels, weather conditions, local events and environmental disruptions to maximise Revenue Per Available Room (RevPAR) and overall profitability. Collectively, these challenges underscore the need for a dependable, standardised, and technology-enabled full-stack platform that can bridge operational gaps, strengthen trust, and deliver a seamless experience for both travellers and accommodation providers.

The inefficiencies and fragmentation inherent in traditional hospitality operations have driven a growing preference for integrated, technology-driven solutions. Consequently, the industry is undergoing a marked shift towards full-stack hospitality platforms that consolidate property management, booking, revenue optimisation,

and guest engagement within a single, cohesive ecosystem. This integrated approach not only enhances operational efficiency and market visibility but also elevates guest satisfaction and overall service consistency.

## Overview of business models, industry value chain and key success factors

### The global hospitality sector operates under various business models, including owner-operated, management, franchise-based structures and OTAs

The hospitality sector functions through a mix of operational structures, each serving a distinct role in how storefronts are run and marketed. In the owner-operated approach, storefront owners manage both the asset and its performance, retaining full control but carrying higher operational responsibility. Under manager-operated arrangements, brands oversee daily operations and enforce standard procedures on behalf of owners, ensuring consistency and professional management. Franchise arrangements allow independent owners to operate under an established brand while adopting its systems, standards, and marketing strength. OTAs support these models by aggregating inventory, enabling guest discovery, managing bookings, and providing review platforms.

| Key business stakeholders | Function                                                                                                                                                                                                                                     | Economics                                                                                                                                                                                                                                                   |

### Emergence of full-stack, technology-driven platforms is transforming the fragmented hospitality value chain through end-to-end integration and enhanced value creation

The hospitality value chain remains highly fragmented, with most players operating within isolated segments such as inventory aggregation, distribution, or demand generation. Traditional operators, online travel agencies (OTAs), and service providers typically concentrate on one or two stages of this chain, resulting in limited integration, operational inefficiencies, and inconsistent value delivery. However, the emergence of full-stack, technology-driven platforms is reshaping this landscape by seamlessly connecting multiple layers from supply management and technology enablement to customer acquisition into a unified ecosystem. This integrated approach enhances control, operational efficiency, and scalability, while ensuring consistent service quality and greater value creation across the hospitality sector.

### Hospitality value chain is complex, with integrated full-stack platforms operating across multiple segments to unify supply, technology, and demand

The hospitality value chain has evolved from a traditional, asset-heavy model centred on physical storefronts to a digitally connected ecosystem that integrates supply creation, distribution, and demand generation through technology-enabled platforms. This transformation has opened new avenues for full-stack models, which leverage data and digital infrastructure to enhance efficiency, scalability, and operational transparency. Unlike pure OTAs that only aggregate third-party inventory, players such as OYO operate full-stack models where they sell and manage their own product supply, enabling greater control over quality, pricing, and customer experience. Within this evolving framework, hotel supply management functions as the operational backbone of the hospitality ecosystem, facilitating seamless coordination between supply sources, intermediaries, and end demand. It encompasses the entire flow of accommodation inventory from ownership and aggregation to distribution, booking, and guest engagement, ensuring that supply meets demand with consistency and precision.

In highly fragmented markets such as India and SEA, independent hotel owners dominate the supply base, often operating with limited brand visibility, inconsistent service quality, and minimal access to technology or distribution networks. Additionally, these small-scale patrons operate predominantly unbranded storefronts and lack the resources individually to invest in marketing initiatives or pricing their inventory optimally. This typically results in suboptimal distribution to customers, lack of revenue management and operational inefficiencies, which is particularly acute in the economy and budget segments where supply lacks quality standards, trust and differentiation.

Full-stack platforms play a pivotal role in onboarding these storefronts into the organised ecosystem, standardising operations, implementing SOPs, and enabling access to modern distribution and demand channels through an integrated technology backbone. PRISM has the second-largest multi-brand portfolio in the global hospitality industry as of December 31, 2025.

The value chain typically spans seven key stages:

1. **Property owners:** Multiple property owners, individual multi-property owners, and single property owners initiate the value chain of the hospitality industry.
2. **Lease/sale facilitators:** Online channels, real estate brokers and direct outreach are part of the lease/sale facilitators ecosystem.
3. **Suppliers:** Own, franchise, or operate hotels, vacation homes, and hospitality assets that supply inventory to the ecosystem.
4. **Supply aggregator and distributors**
  - a. **Travel distribution platform:** Aggregate and distribute supplier inventory to travel agents and OTAs via portals, APIs, or offline networks.
  - b. **DMC (Destination Management Company):** Curate and deliver local group, event, and ground arrangement packages for business and leisure travellers.
  - c. **Wholesaler and bed banks:** Buy/contract large volumes of hotel inventory and resell to travel agents, OTAs, and corporates at pre-negotiated rates.
  - d. **OTAs (Online Travel Agencies):** Aggregate and sell hotel/vacation inventory directly to end customers via digital platforms and apps.
5. **Demand aggregators (Buyers):** Source and aggregate end demand (individual, corporate, group travellers) and match with available inventory, traditionally via OTAs, TMCs, retail agents, and direct event partnerships.
6. **End customers:** The ultimate source of demand, business travellers, leisure, group, event, and religious guests who book accommodation/services.
7. **Enablers**
  - a. **Hotel operations tech:** Provide software for property management, dynamic pricing, onboarding, guest engagement, and workflow automation.
  - b. **Distribution tech:** Channel management and distribution of inventory across OTAs, wholesalers, and direct platforms.
  - c. **Transaction & booking tech:** Facilitate payment, reconciliation, and secure transactions for suppliers and customers.
  - d. **Reputation & engagement:** Manage reviews, reputation, and long-term guest engagement for increased loyalty and repeat bookings.

The traditionally fragmented hospitality value chain is transforming into a unified digital ecosystem, wherein integrated players now operate across multiple layers encompassing supply, distribution, demand generation, and technology enablement to deliver a more seamless, efficient, and scalable hospitality infrastructure.

**Players can be categorised into brand operators and technology providers, differing primarily in their ownership models, technology integration, and value chain management**

Players in the hospitality sector can broadly be classified into brand operators and technology providers, each contributing uniquely to the ecosystem. These categories differ on various parameters such as ownership model, technology integration, revenue model, quality control, and value chain participation, which collectively define their strategic positioning and value delivery within the hospitality landscape.

| Parameter                                                                                                             | OYO                                                                                                                                                                                                                                                   | Aggregators                                                                                                                                                                          | Brand owned and operated                                                                                                                                                                                                                                    | Brand leased and operated                                                                                                                                           | Property owner operated                                                                                                                              | Unbranded                                                                                                                          |

|  <b>Technology stack control</b> | <b>High</b> - Owns and operates a full-stack tech platform including PMS, dynamic pricing, CRM, and audit tools, giving it deep control over operations and guest experience                                                                                      | <b>Moderate</b> - Offer a proprietary PMS and booking engine (e.g., "SuperHero"), but lacks the depth and integration of a full-stack platform                                                                                                                 | <b>Low to Moderate</b> - Uses centralized CRS and loyalty systems but often integrates third-party PMS and tech tools, limiting end-to-end control                                                                                                                                                        | <b>Low to Moderate</b> - Uses a mix of proprietary and third-party systems, with less tech depth than full-stack platforms                                                                                                                                                                                | <b>Low to Moderate</b> - offers basic tech support and brand systems, but lacks deep integration or proprietary platforms                                                                                                                                                                | <b>None</b> – minimal or no tech integration; may rely on basic OTA dashboards or manual systems            |
|  <b>Revenue sharing</b>          | Commission based + royalty / brand fee based                                                                                                                                                                                                                      | Commission-based model                                                                                                                                                                                                                                         | Retains full revenue generated                                                                                                                                                                                                                                                                            | Fixed lease payments / revenue-sharing                                                                                                                                                                                                                                                                    | Royalty / brand fee-based                                                                                                                                                                                                                                                                | <b>None</b> – owner retains full revenue, minus OTA commissions / platform fees or lease costs              |
|  <b>Scalability Potential</b>    | <b>High</b> - low marginal cost, unified tech backbone                                                                                                                                                                                                            | <b>High</b> - low marginal cost, unified tech backbone                                                                                                                                                                                                         | <b>Low</b> - expansion limited by capital and asset intensity                                                                                                                                                                                                                                             | <b>Low</b> - expansion limited by capital and onboarding property location / owners                                                                                                                                                                                                                       | <b>Low</b> - expansion limited by capital and onboarding property location / owners                                                                                                                                                                                                      | <b>Low</b> – growth is constrained by capital, operational bandwidth, and lack of brand or tech leverage    |
|  <b>Terms of trade</b>          | Standardised contracts with fixed commission / royalty slabs and transparent reconciliation via tech stack; brand controls pricing and payouts - offering predictable returns and higher yields with minimal owner effort, revenue share / take rate: ~33.0–37.0% | Flexible, partnership-based model - owners retain pricing and OTA distribution control; commissions and payouts are more negotiable and transparent, allowing higher commercial autonomy, these models typically imply a take-rate in the range of ~20.0–25.0% | <b>Not Applicable</b> - Brand owns / operates directly; 100% revenue retention by brand; brand assumes operating costs and procurement; direct brand distribution and reservations, since the asset is owned and run by the brand, the entire revenue pool is retained by the operator (effectively 100%) | Fixed lease rentals or minimum guarantees; long-term lock-in reduces flexibility; higher capital risk for operator, management economics in such models generally include a modest base fee (~2.0–4.0% of revenue) complemented by an incentive element (~8.0–12.0% of GOP), tied to property performance | Negotiated management fees and brand affiliation charges; greater flexibility in terms, typical management agreements feature a base fee of ~2.0–4.0% of gross revenue, along with a performance linked incentive of ~8.0–20.0% of GOP depending on brand strength and compliance levels | Complete ownership autonomy with 100% revenue retention; independent pricing authority with no restrictions |

## A full-stack platform offers unified integration across onboarding, distribution, revenue, operations, and customer management

To address the persistent challenges in hospitality operations, numerous vendors today offer digital tools targeting specific parts of the value chain; however, very few provide a truly end-to-end, fully integrated solution. Many hotel and storefront owners continue to rely on complex enterprise-grade software originally designed for large hotel chains. These systems are often expensive, require extensive technical expertise, and demand considerable time for deployment and maintenance, making them impractical for smaller operators with limited resources or trained staff. Others attempt to piece together a patchwork of disparate technologies to manage different functions such as bookings, pricing, housekeeping, and guest communication. While this approach may solve individual problems, it often leads to fragmented workflows, data silos, higher operating costs, and an inconsistent customer experience.

This gap creates a significant opportunity for integrated, easy-to-use, and cost-efficient platforms that simplify end-to-end management for hotels and homestays. Full-stack hospitality providers address these pain points by offering cloud-based, unified technology systems that consolidate key operational tools within a single ecosystem. Unlike traditional vendors, they integrate solutions across offline-to-online onboarding, third-party distribution, dynamic pricing and revenue management, operations oversight, and customer service management. By centralising these capabilities, full-stack players enable merchants to manage their entire business on one seamless platform, driving efficiency, reducing costs, and enhancing the overall guest experience.

Full-stack solutions offer a more comprehensive range of integrated services compared to other market offerings. They cover multiple customer touchpoints from discovery and booking to post-stay support; while also providing added benefits such as loyalty programs and referral systems, all unified within a single platform.

The hospitality sector uses a mix of brand operators and technology providers to drive seamless travel experiences

The global hospitality landscape is powered by a combination of brand operators and technology providers that enable seamless travel experiences across booking, distribution, and operations. Collectively, these entities form the digital backbone of the modern hospitality ecosystem, streamlining travel discovery, reservations, and revenue optimisation on a global scale. Within this landscape, OYO stands out by operating across multiple categories not as a pure OTA but as a full-stack player that sells and manages its own product supply, allowing greater control over quality, pricing, and customer experience while still leveraging digital channels for distribution.

### A unified hospitality tech stack delivering superior efficiency, elevated performance, and growth across the value chain

OYO's integrated full-stack hospitality technology platform delivers a comprehensive suite of solutions across the entire hotel value chain, capabilities far beyond what most independent operators can access on their own. By unifying centralised demand generation, advanced reservations infrastructure, AI-enabled guest support, operational automation, quality assurance systems, and sophisticated revenue optimisation tools, the platform enables hotels to achieve significantly higher efficiency, consistency, and profitability. The table below showcases the breadth of these capabilities compared with typical independent hotel operators and highlights the value each function contributes to overall performance.

| Function bucket            | Technology                                                  | Provided by OYO | Provided by independent hotel patrons | Description/value contribution                                      |
|----------------------------|-------------------------------------------------------------|-----------------|---------------------------------------|---------------------------------------------------------------------|

## Overview of competitive landscape

PRISM competes across the broader travel technology and distribution ecosystem by offering hotel partners an integrated solution encompassing revenue management, channel distribution, and performance analytics. OYO is uniquely positioned to redefine the value proposition and economics of hospitality for both Patrons and Customers as well as the company through its “Win-Win-Win” Solution as the only provider of full-stack, integrated technology, brand and operator solutions. It also derives cost efficiencies in managing its platform due to economies of scale and the density of its Patron footprint. Its ability to develop scalable solutions and offerings for global Patrons and Customers at a comparatively lower cost base provides a significant advantage over peers whose employees are based in locations with a higher cost base, particularly in developed markets.

While platforms such as MakeMyTrip Ltd., Booking Holdings Inc. and Airbnb, Inc. primarily operate as consumer-facing online travel agencies that aggregate and sell accommodation inventory to end users, PRISM’s competitive overlap lies in empowering hotels with comparable inventory visibility and dynamic pricing capabilities across these channels. On the B2B travel platform front, PRISM’s closest comparable is TBO Tek Ltd., which equips travel agents and intermediaries with hotel and flight distribution technology, along with API integrations. Additionally, hospitality chains such as The Indian Hotels Company Ltd., ITC Hotels Ltd., and Lemon Tree Hotel Ltd. represent indirect competition, as they manage their own distribution, revenue management, and loyalty frameworks, often leveraging in-house technology to optimise occupancy and pricing. Consequently, PRISM’s competitive landscape spans multiple dimensions of the travel value chain, matching OTAs like MakeMyTrip Ltd. (MMT), Booking Holdings Inc., and Airbnb Inc. in terms of distribution reach, competing with B2B platforms such as TBO Tek Ltd. on technology-enabled inventory connectivity, and intersecting with hospitality chains on revenue management and hotel performance optimisation. PRISM was able to generate the highest Gross Margin across the end-to-end value chain for FY25 compared to other technology platforms in the Indian hospitality industry. PRISM was the second-most profitable online, asset-light hospitality and travel platform in India in FY25.

Despite PRISM’s leading positions based on the number of storefronts, PRISM has captured less than 1% of the market for homes in Europe and ~1.8% of combined hotel storefronts in PRISM’s benchmark markets - the US, UK, India, Southeast Asia (SEA), MEA and Europe as of CY25. As a global operator, OYO’s growth in key travel

regions such as Europe, the Middle East, and North America is supported by strong India-linked travel corridors and a large Indian diaspora, with India being one of the fastest-growing outbound travel markets. Within the set of India-based hospitality platforms, PRISM has the largest global hospitality network in terms of both number of countries and storefronts, spanning 35+ countries, with central management and key capabilities developed out of India.

As per Sensor Tower data, OYO was the 8<sup>th</sup> most globally downloaded hotel accommodation booking focused<sup>1</sup> mobile application as of December 31, 2025. As of December 31, 2025, OYO offers the largest scale of hotel accommodations by number of hotel storefronts in the key cities (Delhi, Mumbai, Kolkata, Bangalore, Chennai, Hyderabad, and Pune) in India, among the leading hotel providers. In FY26, OYO ranks among the most searched travel mobile apps in India on relative online search popularity (Google Trends) when compared to other leading travel apps. As of December 31, 2025, PRISM had 16.64Mn OYO Wizard members in India, making it the largest loyalty program among loyalty programs run by the leading travel brands in India based on the number of subscribers, according to 1Lattice. PRISM delivered the highest Gross Margin <sup>(6)</sup> amongst listed Indian peers for the year ended March 31, 2025, and the nine months ended December 31, 2025, compared to other technology platforms in the hospitality industry. PRISM's gross profit as a percentage of GBV was 19.19% in FY25, which was approximately 1.5 to 5 times that of other leading Indian OTAs and 18.44% in the nine months ended December 31, 2025, which was approximately 1.5 to 4 times higher than peers, according to 1Lattice.

| Parameters | Company                        | 9MFY26 | FY25 | FY24 | FY23 |
|------------|--------------------------------|--------|------|------|------|
|            | The Indian Hotels Company Ltd. | NA     | NA   | NA   | NA   |
|            | ITC Hotels Ltd.                | NA     | NA   | NA   | NA   |

Note(s):

1. 9M FY26 corresponds to the period ended 31 December 2025; accordingly, 9MCY25 figures for Airbnb and Booking Holdings have been used, as these global companies report financials on a calendar-year basis rather than a fiscal-year basis
2. Storefronts represent supply points on a platform, comprising hotel, home and other listings; marketplace peers such as MakeMyTrip, Booking Holdings and Airbnb host third-party listings without owning physical storefronts, while for TBO Tek this metric reflects total hotel inventory available on the platform
3. GBV (Gross Booking Value) represents the total value of bookings transacted on platform-based peers such as PRISM, MMT, Booking Holdings and Airbnb; TBO Tek reports a comparable metric termed Gross Transaction Value (GTV), which represents the total value of transactions processed through its platform, while GBV is not applicable for asset-owning hotel chains such as ITC Hotels, IHCL and Lemon Tree
4. For currency conversion, 1 USD has been considered equal to ₹90 across all time periods
5. NA indicates data not disclosed or not separately available in the public domain
6. Gross margin is defined as gross profit as percentage of GBV. Gross profit is defined as revenue from operations less cost of goods and services sold

## Financial benchmarking

PRISM demonstrates steady progress in operational efficiency and profitability, supported by rising EBITDA and gross profit over FY23-FY25.

Note(s):

- Peer benchmarking includes MakeMyTrip Ltd., TBO Tek Ltd., Airbnb, Inc., Booking Holdings Inc., Lemon Tree Hotels Ltd., The Indian Hotels Company Ltd. and ITC Hotels Ltd., which represent distinct business and operational models within the broader hospitality and travel ecosystem. These entities have been included to capture relevant operational analogues and reference points, rather than direct comparables
- 9MFY26 corresponds to the period ended 31 December 2025; accordingly, 9MCY25 figures for Airbnb and Booking Holdings have been used, as these global companies report financials on a calendar-year basis rather than a fiscal-year basis
- For Airbnb, EBITDA, PBIT, and EBITDA (excluding share-based payment expense and other income), the 9M FY26 figures have been computed by aggregating each quarter's values independently to arrive at the cumulative total FY23 values for ITC Hotels are not publicly available, as the company was listed in FY24
- Revenue from sale of accommodation services is a component of Revenue from operations which is charged from customers for usage of hotel room nights
- Revenue in the form of commission from booking and royalty income, pertains to commission charged from home owners for booking of home room nights by end customers, listing fee for listing their home on Prism platform and fees charged to G6 hotel owners for usage of Studio6 and Motel6 brand and marketing related services.
- Cancellation income related to sale of accommodation services are recognized on cancellation of booking by end customers.
- Value-added services include services in the nature of marketing and data analytics and preferential performance listing which results in enhanced traffic to hotel partners.
- Income from tours, packages and events refers to amounts earned from wedding venue related booking, events and sale of tour packages
- Rental income from leased properties and allied services in co-working business.
- Revenue from sale of food items earned by supplying food items to end customer.
- Subscription Income pertains to amount charged for providing wizard membership programs.
- Other operational revenue refers amount recovered from end customer and patrons for property damage, cleaning and travel insurances.
- Revenue from operations means revenue from the sale of products & services
- GBV (Gross Booking Value) refers to the total value of all the transactions made on the platform before any deductions
- Revenue from operations as % of GBV is calculated as revenue from operations divided by GBV
- Operating expenses primarily comprise payment made to patrons, property consumables, food expenses, electricity and power costs, amortization of transformation expenses and other direct costs associated with Prism patrons protection programs
- Gross Profit is calculated as Revenue from Operations less Cost of Goods and Services
- Gross profit as % of GBV is calculated as gross profit divided by GBV
- EBITDA is calculated as the sum of profit before exceptional items and tax, finance costs and depreciation and amortisation expenses minus other income
- EBITDA as % of GBV is calculated as EBITDA divided by GBV
- Wherever direct EBITDA is not available in public filings, it is calculated as Operating Income (or EBIT) + Depreciation and Amortisation
- EBITDA excluding exceptional items, share based payment expense and other income represents EBITDA after excluding the impact of exceptional items, share based payment expense and other income
- EBITDA excluding exceptional items, share based payment expense and other income as % of GBV is calculated as EBITDA excluding exceptional items, share based payment expense and other income divided by GBV
- EBIT (Earnings Before Interest and Tax) is calculated as profit before finance costs and tax; Wherever direct EBIT is not available in public filings, it is calculated as EBITDA - Depreciation and Amortisation
- Total Income is defined as Revenue from operations plus other income
- EBIT as % of total income is calculated as EBIT divided by total income

27. For currency conversion, 1 USD has been consistently considered equal to ₹90 across all periods, wherever applicable, to ensure comparability; any growth reflected is therefore attributable to underlying operational performance and not exchange rate movements
28. For TBO Tek, reported EBITDA for FY24 has been sourced from the annual report. The reported EBITDA takes into account deductions for other income and other gains, and includes adjustments for exceptional items, as disclosed by the Company. EBIT has been calculated as profit before exceptional items and tax plus finance costs. EBITDA excluding exceptional items, share based payment expense and other income has been arrived at after adjusting the reported EBITDA for share-based payment expense; other income and exceptional items are already adjusted in the reported EBITDA and have therefore not been adjusted again
29. For Booking Holdings Inc, gross profit has been calculated as revenue less sales and other expenses, with sales and other expenses assumed to represent cost of sales for the purpose of gross profit computation. Other income is reported as a below-the-line item and is not included in the calculation of EBITDA; accordingly, other income has not been added back while computing gross profit or while arriving at EBITDA excluding exceptional items, share-based payment expense and other income. EBITDA excluding exceptional items, share based payment expense and other income has been arrived at after adjusting the EBITDA for share-based payment expense; other income is a below the line item and exceptional items are already excluded in the reported EBITDA and have therefore not been adjusted again
30. For ITC Hotels, the Company reports EBITDA on a standalone basis, EBITDA for benchmarking purposes has been calculated based on consolidated financial statements for consistency with DRHP disclosures. EBITDA has been computed as profit before exceptional items and tax plus depreciation and amortisation and finance costs, and EBIT has been derived as EBITDA less depreciation and amortisation. EBITDA excluding exceptional items, share based payment expense and other income has been calculated as EBITDA less other income with share-based payment expense added back, based on available disclosures
31. For Indian Hotels Company Limited (IHCL), EBITDA has been computed as profit before exceptional items and tax plus depreciation and amortisation and finance costs, and EBIT has been derived as EBITDA less depreciation and amortisation. EBITDA excluding exceptional items, share based payment expense and other income has been calculated as EBITDA less other income, in line with the Company's financial statement disclosures
32. For Booking Holdings Inc and Airbnb, other income was not provided separately, hence total income equals revenue from operations
33. For Lomontree, EBITDA excluding exceptional items, share based payment expense and other income has been calculated as EBITDA less other income, in line with the Company's financial statement disclosures
34. For MakeMyTrip Ltd., EBITDA excluding exceptional items, share based payment expense and other income has been calculated as EBITDA less other income with share-based payment expense added back, based on available disclosures
35. For Airbnb Inc, Adjusted EBITDA as reported by the company has been considered as EBITDA excluding exceptional items, share based payment expense and other income since the company reported Adjusted EBITDA takes into account the required adjustments
36. Profit/(loss) before exceptional items, share of (loss)/profit in joint venture and tax refers to the profit or loss of the company for the relevant period, before (i) exceptional items, (ii) the company's share of profit or loss from joint ventures, and (iii) tax expense. This reflects the underlying operating performance of the company, excluding non-recurring or exceptional items, joint venture results, and taxation impacts
37. Profit/(loss) for the period/year refers to the net profit/loss of the company
38. Net Leverage Ratio is calculated as net borrowings divided by EBITDA (excluding exceptional items, share-based payment expense, and other income). Net Borrowings are calculated as total borrowings less unrestricted funds/cash balances available for debt repayment. Total Borrowings are calculated as the sum of non-current borrowings, current borrowings, and deferred consideration. Unrestricted Funds are calculated as the sum of cash and cash equivalents, bank balances other than cash and cash equivalents, and investments.
39. Debt Service Ratio (DSR) is calculated as EBITDA (excluding exceptional items, share-based payment expense, and other income) divided by total debt service obligations during the period. Total Debt Service is defined as the sum of repayments of long-term borrowings, repayments of short-term borrowings, interest on borrowings, other borrowing costs, and interest on short-term borrowings.

## 5. Threats and challenges to the hospitality industry

The Company's business, financial condition, results of operations and prospects are subject to the following industry-wide risks:

- **Competitive & technology risks**

- **Fragmented market:** The large unorganised segment and proliferation of low-cost operators lead to intense price-based competition, limiting pricing power and margin expansion.
- **Technology evolution:** Rapid digital transformation across revenue management, CRM, etc, requires continual investment. Failure to keep pace with new technologies or dependence on third-party vendors impacts competitiveness.

- **Operational & structural risks**

- **High fixed cost:** Hospitality operations are capital-intensive, with significant investments in storefronts, maintenance, and long-term leases. Fixed operating costs such as utilities, payroll, and maintenance remain high even during periods of low occupancy, increasing vulnerability to demand fluctuations.
- **Scarcity of skilled professionals:** The industry faces an ongoing shortage of skilled professionals in operations, technology, and service roles, leading to higher attrition and training costs.

- **Market risks**
  - **Economic volatility:** Inflationary pressures on energy, labour and procurement costs can compress operating margins. Exchange rate fluctuations could dampen inbound tourist flows and affect pricing competitiveness. An economic slowdown in key source markets may reduce overall travel demand.
  - **Geopolitical disruptions:** Global political tensions, travel advisories, or conflicts can curtail international arrivals. Supply chain disruptions and capital outflows during geopolitical crises may increase costs and constrain investment.
- **Regulatory & compliance risks**
  - **Taxation:** The hospitality sector remains subject to multiple central, state, and local taxes (e.g., GST, luxury tax, property tax), frequent amendments, and classification challenges.
  - **Licensing and standards:** Operations require approvals under fire safety, labour, health and food safety laws across multiple jurisdictions, imposing additional compliance obligations and potential penalties for non-compliance.
- **Sustainability and ESG-related risks**
  - **Exposure to environmental events:** The hospitality industry is inherently exposed to environmental and climatic conditions. Adverse weather events, natural calamities, or long-term environmental degradation at key tourist destinations may result in the temporary suspension of operations, damage to assets, or reduced visitor inflows, which could adversely affect business performance.
  - **Evolving ESG and sustainability expectations:** Growing regulatory and stakeholder focus on environmental sustainability and responsible tourism may require incremental investments in infrastructure and reporting systems. Failure to align with evolving ESG norms or industry sustainability standards may adversely impact brand perception, investor interest, or access to institutional capital.

## OUR BUSINESS

*Unless otherwise indicated or the context otherwise requires, the financial information for the nine months ended December 31, 2025, and Fiscals 2025, 2024 and 2023 included herein are derived from the Restated Consolidated Financial Information included in this Updated Draft Red Herring Prospectus-I. For further information, see “Financial Statements” on page 623.*

*Our financial year ends on March 31 of each year. Accordingly, references to “Fiscal 2025”, “Fiscal 2024” and “Fiscal 2023” are to the 12-month period ended March 31 of the relevant year.*

*This discussion contains certain forward-looking statements that involve risks and uncertainties. Our actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors, such as the risks set forth in the chapters entitled “Risk Factors” and “Forward- Looking Statements” beginning on pages 31 and 29 respectively.*

*Unless stated or the context requires otherwise, definitions of certain technical or industry-related terms and abbreviations are set out in “Definitions and Abbreviations – Technical/Industry Related Terms/Abbreviations” on page 14.*

*The industry-related information contained in this Updated Draft Red Herring Prospectus-I is derived from the 1Lattice Report, which has been commissioned and paid for by our Company for the purposes of confirming our understanding of the industry, exclusively in connection with the Issue. The 1Lattice Report will be available on the website of our Company at <https://www.prismlife.com/investor-relations>. We engaged 1Lattice for purposes of commissioning the 1Lattice Report pursuant to an engagement letter dated September 2, 2025. Unless otherwise indicated, all financial, operational, industry and other related information derived from the 1Lattice Report and included herein with respect to any particular year, refers to such information for the relevant year.*

*Data points used by 1Lattice are arrived at by employing an integrated research methodology which includes primary and secondary research. Primary research work includes surveys and in-depth interviews of consumers, customers and other relevant ecosystem participants, and consultations with market participants and experts. In addition to the primary research, quantitative market information (historical and projected) is also derived based on data from third-party sources and industry publications.*

### Overview

Our Company primarily operates a technology-driven hospitality platform that connects Patrons (being the owners, lessors and/or operators of storefronts available on our platform) with Customers (being leisure travelers, corporate customers and other guests who book accommodations at our Patrons’ storefronts through our platform) seeking short-stay accommodation. We provide technology, branding and operational enablement services that allow Patrons to list and distribute their storefronts through our platform and access integrated tools for dynamic pricing, revenue management, content management, customer support and supply performance monitoring. For Customers, we offer choices across a broad range of quality storefronts at compelling price points, value for money through consistent, trustworthy experiences, and convenience through our seamless digital platform covering discovery, booking and end-to-end customer support.

Our mission is to become the world’s most trusted hospitality platform by continuing to transform unorganized hospitality storefront supply into consistent, quality stays for our customers by leveraging technology across the value chain.

Since our founding in India in 2012, we have scaled distribution through our direct-to-customer channels (“**D2C channels**”) (comprising our mobile applications, websites, corporate and travel agent tie-ups, dedicated call centers and physical walk-ins) and through integration with third party online travel agents (“**OTAs**”), domestically and globally. Our technology platform includes solutions for demand generation for our Patrons and centralized data and analytics-led functions spanning revenue management, dynamic pricing, content management and customer support. Our asset-light and scalable operating model, coupled with our standardized process know-how, has enabled us to improve revenue generation potential for our Patrons and experience for our Customers at scale globally, while maintaining disciplined unit economics.

## ***Our Business Verticals***

Our Company operates across three primary business verticals:

- (1) Hotels vertical: The hotels vertical comprises branded hotel storefronts operating under brands including Sunday, Townhouse, Townhouse Oak, Palette, OYO, Motel 6, Studio 6 among other brands, spanning India, the United States, the United Kingdom, Southeast Asia and the Middle East.
- (2) Homes vertical: The homes vertical comprises professionally managed vacation homes and short-term rental properties operating under brands such as Belvilla and DanCenter, Checkmyguest primarily in Europe and Australia.
- (3) Listings vertical: The listings vertical comprises storefronts in Europe that are listed on our platform for a fixed subscription fee.

In addition, we also provide non-accommodation offerings including wedding venues (Weddingz), co-working spaces (Workspaces), tours and events, insurance facilitation, cleaning services, food and beverage at select hotels and subscription programmes.

We operate an asset-light business model and do not own the storefronts listed on our platform. The storefronts are owned by third-party Patrons who bear the investments, capital expenditure, and operational expenses relating to such storefronts. Our Company earns revenue primarily through revenue-sharing arrangements with Patrons, with investments, capital expenditure and expenses relating to the operation of such storefronts borne largely by our Patron, commission income from home and listing bookings in Europe, and royalty fees from franchisees operating under our G6 Hospitality brands in the United States. For company-serviced hotel storefronts, we either lease properties from owners or enter into management services agreements, with such storefronts being operated by third-party hotel operators.

We began our journey as a platform focused on organizing the economy category in India, pursuant to which we partnered with patrons that owned independent and unbranded hotel storefronts to standardize their storefronts under our economy brands such as OYO and Hotel O. We follow an “India for the World” model, built on our technology platform, which enables us to leverage the centralized technology, experience, and brand and operator solutions that we have developed in India to expand globally. As at December 31, 2025, 2,614 or 76.12% of our employees were based in India. Our engineering team plays a critical role in our business, most of whom are based in India. We expanded from India to more than 35 countries with 24,303 hotel storefronts, 124,668 home storefronts and 144,583 listings storefronts as of December 31, 2025 and have served 119.36 million unique Customers since our inception in 2012 up to December 31, 2025. We have a diversified footprint spanning premium hotels (hotel storefront brands that offer experience-led accommodation with a high degree of standardization. These properties are subject to more stringent requirements and are expected to offer enhanced amenities, typically including high-speed Wi-Fi, eight-inch or higher-grade mattresses, kitchen or pantry access, and parking and economy hotels (hotel storefront brands that are oriented toward essential, functional standards, with relatively greater flexibility in transformation requirements. Economy properties are required to meet defined baseline standards for safety and hygiene) across India, the United Kingdom, Southeast Asia and the Middle East, economy hotels in North America and homes across Europe. For definitions of premium and economy hotels, see “Definitions and abbreviations” beginning on page 1 of this Updated Draft Red Herring Prospectus-I. India continues to be our single largest market in terms of hotel storefronts, as of December 31, 2025. As of December 31, 2025, we rank first in India by number of hotel storefronts and are among the leading players across Southeast Asia, the United States and Europe, including a strong presence in the US economy hotel segment and Europe’s home segment, according to 1Lattice.

**Notes:**

(1) For nine months ended December 31, 2025.

(2) As of December 31, 2025.

(3) Calculated based on (a) the ratio of the net realized value, being a proxy to revenue earned by Patrons (i.e. calculated by the Company as GBV, adjusted to remove any promotional discounts, coupons or temporary price reductions offered to Customers) during the first week after being onboarded on our platform compared with the corresponding calculation for net realized value during the 12th week after being onboarded on our platform averaged for all hotel storefronts in each of India (excluding Nepal), the United States (excluding G6 Hospitality storefronts and Canada storefronts) and the United Kingdom that were onboarded on our platform between April 1, 2024 and March 31, 2025 and (b) the ratio of GBV during the first year after being onboarded on our platform compared with GBV during the second year after being onboarded on our platform averaged for all home storefronts in Europe that were onboarded on our platform between April 1, 2023 and March 31, 2024; where the lower range of 1.16 times refers to the average increase in GBV for the aforementioned home storefronts and the higher range of 2.27 times refers to the average increase in net realized value for the aforementioned hotel storefronts located in the United States.

(4) Direct demand is measured as a percentage of used room nights through our D2C channels.

(5) According to Sensor Tower data, OYO is the 8<sup>th</sup> most globally downloaded hotel accommodation booking focused mobile application as of December 31, 2025. "Hotel accommodation booking focused" indicates that more than 10% of the company's revenue was generated through hotel / accommodation bookings made directly (not redirected) on its platform, as per their last reported full financial year data; indicates cumulative downloads.

(6) Total number of Customers who had an active membership with OYO Wizard globally and/or with My6 in the United States and Canada on the first day of the final month of the relevant period.

(7) Repeat demand refers to the share of used room nights generated by Repeat Customers (being Customers who generated more than one used room night through more than one separate booking during the period or who generated used room nights during the period and had generated used room nights through a booking prior to the period) on our mobile applications, websites and call centers during the relevant period, measured as a percentage of total used room nights through a booking on these channels for the period.

(8) Total GBV for the period divided by the number of unique Customers who completed at least one booking transaction for that period.

Since Fiscal 2024, we have expanded our offerings to include company-serviced hotel storefronts (which are directly managed and operated by hotel operators) under our premium brands, namely Sunday, Townhouse, Townhouse Oak, Clubhouse, and Palette. Our company-serviced hotel storefronts in India contributed to 49.29%, 23.30% and 2.61% of our GBV in India for the nine months ended December 31, 2025, and Fiscals 2025 and 2024, respectively. We began using "OYO-Serviced" as the market-facing term for our company-serviced hotel storefronts in India in May 2026. We have since expanded our company-serviced hotel storefronts across United Kingdom, Southeast Asia, the Middle East and are focused on growing our asset-light company-serviced hotel storefront model across geographies. While we operate across more than 35 countries, we are focused on India, Southeast Asia, the Middle East, North America and the United Kingdom for our hotels business and Europe, Australia and New Zealand for our homes business. We deploy our full-stack, integrated technology, brand and operator solutions when entering into new markets, supported by our centralised corporate and business development functions, with the objective of driving higher direct demand, better yield and improved unit economics as compared to local players, while providing a tailored approach to local demand patterns and regulations. We continue to localize front-end experiences and supply partnerships in each market, while leveraging a common platform for core capabilities.

# Large Unorganized Total Addressable Market

| Geography        | Total Storefronts (#)                       | Share of Unorganized Hotel Storefronts <sup>1</sup> (%) |
|------------------|---------------------------------------------|---------------------------------------------------------|
| India            | 227k<br>Hotel Storefronts                   | 92%                                                     |
| SEA <sup>2</sup> | 360k<br>Hotel Storefronts                   | 61%                                                     |
| EU <sup>3</sup>  | 220k   15,294k<br>Hotel Storefronts   Homes | 77%                                                     |
| US               | 90k<br>Hotel Storefronts                    | 35%                                                     |
| MEA <sup>4</sup> | 279k<br>Hotel Storefronts                   | 74%                                                     |

Source: 1Lattice.

Notes: Based on estimates as of December 31, 2025.

(1) Includes hotel storefronts.

(2) Southeast Asia.

(3) European Union.

(4) Middle East and Africa.

Although hotels and homes are large addressable markets with rapid online penetration, they remain relatively nascent and have significant growth headroom, according to 1Lattice. The unorganized hospitality industry represents multiple challenges for both patrons and customers. Patrons face challenges such as demand generation, consistent quality of service and amenities, pricing, operations management and customer service, while customers often encounter issues relating to trust, consistency, experience and service quality. These markets also lack scaled, organized players and are ripe for consolidation by technology-led players, according to 1Lattice. Despite our leading positions based on the number of storefronts, we have captured less than 1% of the market for homes in Europe and approximately 1.8% of combined hotel storefronts in the United States, the United Kingdom, India, Southeast Asia, Middle East and Europe, based on estimates as of December 31, 2025, according to 1Lattice. This represents a significant opportunity for further professionalization and technology-led consolidation across the hospitality ecosystem.

We address our Patrons' key challenges through our full-stack, integrated technology, brand and operator solutions, which integrate aspects ranging from digital sign-up and onboarding, distribution and demand generation, revenue management and dynamic pricing, operations management and customer service through our flagship patron tools and technology such as PRISM OS and Bolt.ai (our in-house channel management system) and Co-PRISM (our proprietary revenue stack). We engage with our Customers along every step of their hospitality journey, covering discovery, seamless booking, pre-stay assistance and cancellations, digital check-ins and in-stay and post-stay services through our range of mobile applications and distribution channels, which helps drive platform engagement, trust and loyalty among our Customers.

## Leveraging Technology Across Operations

Our curated portfolio of 43 brands as at December 31, 2025 is strategically designed to address the diverse needs of travelers across various price points, with a specific emphasis on growing our presence in the premium category. Our focus on experience, consistency and quality has driven steady improvement in average star ratings submitted by Customers for hotel storefronts (out of a maximum rating of 5) from 3.77 as at March 31, 2023, 3.84 as at March 31, 2024, 4.00 as at March 31, 2025 and 4.13 as at December 31, 2025. Our ability to provide our Customers with access to a broad range of quality storefronts at compelling price points, coupled with our brand strength and attractive loyalty and referral programs, drives organic and repeat demand for storefront bookings.

We have served 119.36 million unique Customers since our inception in 2012 up to December 31, 2025. Our loyalty and referral ecosystem comprises OYO Wizard and, following our acquisition of G6 Hospitality in December 2024, My6 in the United States and Canada. The number of OYO Wizard and My6 members as at the relevant dates (based on the total number of Customers who had an active membership with OYO Wizard globally and/or with My6 in the United States and Canada on the first day of the final month of the relevant period/year) is set out below:

|                           | As at December 31, | As at March 31, |       |       |
|---------------------------|--------------------|-----------------|-------|-------|
|                           | 2025               | 2025            | 2024  | 2023  |
|                           | (in millions)      |                 |       |       |
| <b>OYO Wizard members</b> | 19.07              | 17.32           | 16.28 | 14.87 |
| <b>My6 members</b>        | 7.36               | 6.91            | -     | -     |
| <b>Total</b>              | 26.43              | 24.23           | 16.28 | 14.87 |

As of December 31, 2025, we had 16.64 million OYO Wizard members in India, making it the largest loyalty program among loyalty programs run by the leading travel brands in India based on the number of subscribers, according to 1Lattice, complemented by a fast-growing My6 member base in the United States and Canada.

The following table sets out our proportion of direct demand (measured as a percentage of used room nights through our D2C channels) and repeat demand (the share of used room nights generated by Repeat Customers (being Customers who generated more than one used room night through more than one separate booking during the period/year or who generated used room nights during the period/year and had generated used room nights through a booking prior to the period/year) on our mobile applications, websites and call centres during the relevant period/year, measured as a percentage of total used room nights on these channels for the period/year) through a booking for the period/years indicated:

|                          | Nine months ended<br>December 31, 2025 | Fiscals |       |       |
|--------------------------|----------------------------------------|---------|-------|-------|
|                          |                                        | 2025    | 2024  | 2023  |
| <b>Direct demand (%)</b> | 67.57                                  | 71.67   | 72.24 | 70.95 |
| <b>Repeat demand (%)</b> | 61.76                                  | 60.33   | 60.74 | 64.60 |

The percentage of total bookings sourced via OTAs (the share of used room nights sourced via OTAs during the relevant period/year, measured as a percentage of total used room nights for our US and Europe storefronts during the relevant period/year) for our US and Europe storefronts is set forth in the table below:

|                                       | Nine months ended<br>December 31, 2025 | Fiscals |       |       |
|---------------------------------------|----------------------------------------|---------|-------|-------|
|                                       |                                        | 2025    | 2024  | 2023  |
| <b>OTA demand – Europe (%)</b>        | 61.78                                  | 54.73   | 49.38 | 50.57 |
| <b>OTA demand – United States (%)</b> | 27.54                                  | 24.22   | 31.64 | 35.13 |

We are uniquely positioned to redefine the value proposition and economics of hospitality for both Patrons and Customers as well as ourselves through our “Win-Win-Win” solution as the only provider of full-stack, integrated technology, brand and operator solutions, according to 1Lattice. Our “India for the World” model enables rapid, capital-efficient replication of our business model across markets, while maintaining consistency in quality, pricing discipline and operational efficiency through the use of technology. We address both distribution and fulfilment by transforming fragmented, unorganized supply into digitally enabled, revenue-optimized storefronts, managing costs through operational efficiencies at scale and delivering better value for money and high-quality stays for Customers. We delivered the highest gross margin (being Gross Profit (as a % of GBV)) among India-listed peers for Fiscal 2025 and the nine months ended December 31, 2025, compared to other technology platforms in the hospitality industry, according to 1Lattice. Our Gross Profit (as a % of GBV) was 19.19% in Fiscal 2025, which was approximately 1.5 to 5 times that of other leading Indian OTAs and 18.44% in the nine months ended December 31, 2025, which was approximately 1.5 to 4 times higher than peers, according to 1Lattice.

## A Win-Win-Win Solution

Notes:

<sup>(1)</sup> Calculated based on (a) the ratio of the net realized value, being a proxy to revenue earned by Patrons (i.e. calculated by the Company as GBV, adjusted to remove any promotional discounts, coupons or temporary price reductions offered to Customers) during the first week after being onboarded on our platform compared with the corresponding calculation for net realized value during the 12th week after being onboarded on our platform averaged for all hotel storefronts in each of India (excluding Nepal), the United States (excluding G6 Hospitality storefronts and Canada storefronts) and the United Kingdom that were onboarded on our platform between April 1, 2024 and March 31, 2025 and (b) the ratio of GBV during the first year after being onboarded on our platform compared with GBV during the second year after being onboarded on our platform averaged for all home storefronts in Europe that were onboarded on our platform between April 1, 2023 and March 31, 2024; where the lower range of 1.16 times refers to the average increase in GBV for the aforementioned home storefronts and the higher range of 2.27 times refers to the average increase in net realized value for the aforementioned hotel storefronts located in the United States.

<sup>(2)</sup> We delivered the highest gross margin (being Gross Profit (as a % of GBV)) among India-listed peers for Fiscal 2025 and the nine months ended December 31, 2025, compared to other technology platforms in the hospitality industry, according to 1Lattice. Our Gross Profit (as a % of GBV) was 19.19% in Fiscal 2025, which was approximately 1.5 to 5 times that of other leading Indian OTAs and 18.44% in the nine months ended December 31, 2025, which was approximately 1.5 to 4 times higher than peers, according to 1Lattice.

## Our Transformation

### Calibration and Profitability (Fiscals 2021 to 2024)

The COVID-19 pandemic posed significant challenges for the travel hospitality industry as governments around the world imposed international border closures, travel restrictions, lockdowns and stay-at-home orders at the height of the pandemic, significantly reducing travel and demand for hospitality services. To overcome these challenges and mitigate the impact on our business, we accelerated product development to reduce operating costs, increase yield and improve patron and customer experiences, as part of our strategic initiatives towards our path to profitability. We introduced OYO Tariff Manager (now integrated with PRISM OS) to help our Patrons capture last mile inputs for any changes in pricing. Our dynamic pricing engine continuously recalibrates prices to capture demand at optimal rates for each night and room category based on a broad set of demand and behavior signals, including historical demand, seasonality, booking windows, competitor pricing, weather, local events, micro-market shifts, last-minute cancellations, regional demand trends, occupancy rates, customer search patterns and operational realization trends, which are refreshed and recalculated on an hourly basis, enabling us to adjust prices dynamically, improve demand capture during peak and off-peak periods and increase customer conversions on both direct and indirect channels. In certain situations where we deem Patron input as being relevant, we allow a limited degree of flexibility for Patrons to set prices within a specified range through OYO Tariff Manager (rather than allowing Patrons to set their own prices manually), while maintaining algorithmic efficiency. We introduced our Yo! Help chat function and other automated resolution systems to respond to queries from Patrons and Customers more efficiently, and OREO, our automated refund system, which reduced average refund turnaround times for Customers. In early 2023, we enhanced Co-PRISM with Growth Hub to provide personalized recommendations and options intended to help Patrons increase revenue generation, positioning Co-PRISM as a revenue tool alongside its operations capabilities.

We rationalized our global portfolio to streamline our focus on profitable segments and higher quality storefronts. In Fiscal 2023, we also removed storefronts that were delivering subpar GBV per storefront per month or an unsatisfactory customer experience. In addition, we shifted our focus to providing centralized technology and operator solutions and shared services functions (including revenue management, supply, human resources, legal and finance) by transitioning these roles from country-level teams to regional hubs to increase efficiencies and reduce costs.

As a result of our focus on our key growth areas, profitable markets, technology-enabled operational efficiencies and improving our unit economics, our restated loss for the year of ₹12,865.18 million in Fiscal 2023 improved to a restated profit for the year of ₹2,295.79 million in Fiscal 2024, our EBITDA improved from ₹(3,244.14) million in Fiscal 2023 to ₹12,799.84 million in Fiscal 2024 and our EBITDA excluding exceptional items, share

based payment expense and other income improved by 228.18% from ₹2,736.18 million in Fiscal 2023 to ₹8,979.54 million in Fiscal 2024. Our revenue from operations was ₹53,887.89 million and ₹54,639.45 million in Fiscal 2024 and Fiscal 2023 respectively.

### **Expansion of Offerings (Fiscal 2024 and Beyond)**

Our focus on product development and technology initiatives serves as a strong foundation for future growth.

We began our expansion into the premium category in Fiscal 2024 in India by scaling up our Sunday brand and other premium brands. We have since expanded our CheckIn collection of premium brands to include Sunday, Palette, Clubhouse, Townhouse and Townhouse Oak. Our premium hotel storefronts include company-serviced hotel storefronts in India, the United Kingdom, Southeast Asia, the Middle East. Our company-serviced hotel storefronts are directly managed and operated by preferred hotel operators, enabling us to have greater control over day-to-day operations, staff training and service standards for Customers, including curated F&B offerings, premium toiletries and in-room entertainment, enabling us to deliver a high-quality customer experience.

Our expansion into the premium hotels segment and our focus on increasing the proportion of company-serviced hotel storefronts directly contributes to higher-value transactions across our platform, as evidenced by the increase in GBV per storefront per month and the increase in GBV per transacting Customer since Fiscal 2024. Our company-serviced hotel storefronts in India have also delivered comparatively higher GBV per storefront per month relative to our other hotel storefronts.

Notes:

<sup>(1)</sup> Comprises GBV from hotel storefronts, home storefronts and listings storefronts.

<sup>(2)</sup> GBV from hotel storefronts is defined as (a) in relation to our PRISM brands (other than our G6 Hospitality brands), the amounts payable by Customers for storefront bookings, net of cancellation and gross of discounts (such as loyalty points and discounts), through all of our distribution channels including our mobile applications, websites, call centers, third party OTAs and other offline channels; (b) amounts payable by Customers to us for the sale of wedding packages under our Weddingz business and the rental of co-working spaces under our Workspaces business; and (c) in relation to our G6 Hospitality brands, gross receipts (whether collected or uncollected) attributable to or payable for the rental of hotel storefronts under our G6 Hospitality brands.

<sup>(3)</sup> GBV from hotel storefronts located in India where we lease hotel storefronts from hotel owners or enter into management services agreements with hotel owners and such hotel storefronts are directly managed and operated by hotel operators.

<sup>(4)</sup> GBV from India is defined as (a) GBV attributable to hotel storefronts located in India and Nepal and (b) amounts payable by Customers to us for the sale of wedding packages under our Weddingz business and the rental of co-working spaces under our Workspaces business.

<sup>(5)</sup> GBV from hotel storefronts located in the United States and Canada, including under our PRISM and G6 Hospitality brands.

<sup>(6)</sup> GBV from hotel storefronts located in SEAME, the United Kingdom, China and LatAm.

<sup>(7)</sup> GBV per storefront per month for hotels is calculated by dividing GBV for hotel storefronts (excluding amounts payable by Customers to us for the sale of wedding packages under our Weddingz business and the rental of co-working spaces under our Workspaces business) for the relevant year/period, as applicable, by the average number of hotel storefronts (a) at the end of each quarter (for Fiscals 2023, 2024 and 2025) and (b) at the end of the quarters ended March 31, 2025, June 30, 2025, September 30, 2025 and December 31, 2025 (for the nine month period ending December 31, 2025).

<sup>(8)</sup> GBV per storefront per month for company-serviced hotel storefronts in India is calculated by dividing GBV from company-serviced hotel storefronts in India for the relevant year/period, as applicable, by the average number of company-serviced hotel storefronts in India (a) at the end of each quarter (for Fiscals 2023, 2024 and 2025) and (b) at the end of the quarters ended March 31, 2025, June 30, 2025, September 30, 2025 and December 31, 2025 (for the nine month period ending December 31, 2025).

We selectively used inorganic growth opportunities to complement our brand portfolio and deepen our regional moats by replicating our “India for the World” business model and leveraging our scalable technology platform, with the aim of improving storefront performance and unit economics of businesses that we acquire. Our acquisition of G6 Hospitality on December 17, 2024 gave us an immediate and substantial operational footprint, accelerating our market presence in the large, mature and relatively stable economy lodging segment in North

America. Our acquisition of G6 Hospitality forms a critical part of our strategy to achieve sustainable, profitable growth by complementing organic expansion with disciplined inorganic initiatives, as well as leveraging our centralized platform to enable improved monetization of these assets in developed markets by leveraging our India cost base. Following our targeted tuck-in acquisitions of Checkmyguest (a premium rental homes company based in France) on September 23, 2024 and MadeComfy (a short-term rental platform with homes in Australia and New Zealand) on July 3, 2025, we integrated these businesses with our full-stack technology, brand and operator solutions.

Our revenue from operations increased by 16.03% to ₹62,528.31 million in Fiscal 2025 from ₹53,887.89 million in Fiscal 2024, primarily due to an increase in our revenue from sale of accommodation services, commission from bookings and royalty income, value added services, rental income and other operational revenue. Our revenue from operations was ₹69,409.73 million for the nine months ended December 31, 2025, which primarily included sale of accommodation services, commission and royalty income, providing franchise rights, brand sharing and listings, cancellation income, value added services, sale of tours, packages and events including wedding related services, rental income, food and beverages, subscription income and other operational revenue.

Our total income was ₹71,663.28 million for the nine months ended December 31, 2025, ₹63,258.89 million in Fiscal 2025, ₹55,415.85 million in Fiscal 2024 and ₹56,017.04 million in Fiscal 2023. Our operating expense was ₹27,099.73 million for the nine months ended December 31, 2025, ₹31,295.47 million in Fiscal 2025, ₹28,854.41 million in Fiscal 2024 and ₹31,372.76 million in Fiscal 2023. Our total assets were ₹189,442.49 million as of December 31, 2025, ₹166,953.23 million as of March 31, 2025, ₹64,434.73 million as of March 31, 2024 and ₹79,324.32 million as of March 31, 2023. Our total expenses were ₹69,366.44 million for the nine months ended December 31, 2025, ₹66,595.42 million for the year ended March 31, 2025, ₹57,257.82 million for the year ended March 31, 2024 and ₹67,996.95 million for the year ended March 31, 2023.

Our EBITDA excluding exceptional items, share based payment expense and other income improved by 21.93% from ₹8,979.54 million in Fiscal 2024 to ₹10,948.52 million in Fiscal 2025. Our EBITDA excluding exceptional items, share based payment expense and other income was ₹19,680.57million for the nine months ended December 31, 2025.

In September 2025, we rebranded to PRISM to reflect our expanded global multi-brand portfolio and our long-term vision for continued international expansion, including expanding our premium storefront offerings while maintaining our range of cost-effective storefront offerings.

### Select Operational and Financial Metrics

The following tables provide a snapshot of our key operational metrics:

| Particulars                                                  | As at December 31, | As at March 31 |         |         |
|--------------------------------------------------------------|--------------------|----------------|---------|---------|
|                                                              | 2025               | 2025           | 2024    | 2023    |

Notes:

- (1) Storefronts comprise hotel storefronts, home storefronts and listings storefronts.
- (2) Hotel storefronts represent the number of hotels available for sale to Customers on our platform as of the end of the relevant year/period. This metric reflects (a) in relation to our PRISM brands (other than our G6 Hospitality brands), the total number of hotel properties that are live for booking or have at least one booked night on our platform as of a given date (excluding India-based non-hotel businesses such as wedding venues under our Weddingz business and co-working spaces under our Workspaces business); and (b) in relation to our G6 Hospitality brands, the total number of hotel properties with Patrons that have an agreement in effect with us as of the end of the relevant year/period.
- (3) Hotel storefronts located in India where we lease hotel storefronts from hotel owners or enter into management services agreements with hotel owners and such hotel storefronts are directly managed and operated by hotel operators.
- (4) Home storefronts represent the number of home storefronts with Patrons that have an agreement in effect with us at the end of the relevant year/period. All of our home storefronts are located in Europe.
- (5) Listings storefronts represent the number of storefronts that are listed on our platform for a fixed subscription fee at the end of the relevant year/period. All of our listings storefronts are located in Europe.
- (6) Hotel storefronts located in India and Nepal (excluding India-based non-hotel businesses such as wedding venues under our Weddingz business and co-working spaces under our Workspaces business).
- (7) Hotel storefronts located in the United States and Canada, including under our PRISM and G6 Hospitality brands.
- (8) Comprises home storefronts and listing storefronts. All of our home storefronts and listing storefronts are located in Europe.
- (9) Hotel storefronts located in SEAME, the United Kingdom, China and LatAm.
- (10) Comprises GBV from hotel storefronts, home storefronts and listings storefronts.
- (11) GBV from hotel storefronts is defined as (a) in relation to our PRISM brands (other than our G6 Hospitality brands), the amounts payable by Customers for storefront bookings, net of cancellation and gross of discounts (such as loyalty points and discounts), through all of our distribution channels including our mobile applications, websites, call centers, third party OTAs and other offline channels; (b) amounts payable by Customers to us for the sale of wedding packages under our Weddingz business and the rental of co-working spaces under our Workspaces business; and (c) in relation to our G6 Hospitality brands, gross receipts (whether collected or uncollected) attributable to or payable for the rental of hotel storefronts under our G6 Hospitality brands.
- (12) GBV from hotel storefronts located in India where we lease hotel storefronts from hotel owners or enter into management services agreements with hotel owners and such hotel storefronts are directly managed and operated by hotel operators.
- (13) GBV from homes is defined as the amounts payable by Customers for storefront bookings, net of cancellation and gross of discounts, through all of our distribution channels including our mobile applications, websites, call centers, third party OTAs and other offline channels. This also includes amounts payable by Customers to us for service revenue (primarily room cleaning fees and key handling charges) and insurance fees collected for damage and cancellation insurance.
- (14) GBV from listings is defined as the amount of subscription fees paid by Patrons from our listing business to us for listing their storefronts on our platform.
- (15) GBV from India is defined as (a) GBV attributable to hotel storefronts located in India and Nepal and (b) amounts payable by Customers to us for the sale of wedding packages under our Weddingz business and the rental of co-working spaces under our Workspaces business.
- (16) GBV from hotel storefronts located in the United States and Canada, including under our PRISM and G6 Hospitality brands.
- (17) Comprises GBV from homes and GBV from listings.
- (18) GBV from hotel storefronts located in SEAME, the United Kingdom, China and LatAm.
- (19) GBV per storefront per month for hotels is calculated by dividing GBV for hotel storefronts (excluding amounts payable by Customers to us for the sale of wedding packages under our Weddingz business and the rental of co-working spaces under our Workspaces business) for the relevant year/period, as applicable, by the average number of hotel storefronts (a) at the end of each quarter (for Fiscals 2023, 2024 and 2025) and (b) at the end of the quarters ended March 31, 2025, June 30, 2025, September 30, 2025 and December 31, 2025 (for the nine month period ending December 31, 2025).
- (20) GBV per storefront per month for company-serviced hotel storefronts in India is calculated by dividing GBV from company-serviced hotel storefronts in India for the relevant year/period, as applicable, by the average number of company-serviced hotel storefronts in India (a) at the end of each quarter (for Fiscals 2023, 2024 and 2025) and (b) at the end of the quarters ended March 31, 2025, June 30, 2025, September 30, 2025 and December 31, 2025 (for the nine month period ending December 31, 2025).
- (21) GBV per storefront per month for homes is calculated by dividing GBV for home storefronts for the relevant year/period, as applicable, by the average number of home storefronts (a) at the end of each quarter (for Fiscals 2023, 2024 and 2025) and (b) at the end of the quarters ended March 31, 2025, June 30, 2025, September 30, 2025 and December 31, 2025 (for the nine month period ending December 31, 2025).

**Notes:**

- (1) Revenue from sale of accommodation services is a component of Revenue from operations which is charged from customers for usage of hotel room nights
- (2) Revenue in the form of commission from booking and royalty income, pertains to commission charged from home owners for booking of home room nights by end customers, listing fee for listing their home on our platform and fees charged to G6 hotel owners for usage of Studio6 and Motel6 brand and marketing related services.
- (3) Cancellation income related to sale of accommodation services are recognized on cancellation of booking by end customers.
- (4) Value-added services include services in the nature of marketing and data analytics and preferential performance listing which results in enhanced traffic to hotel partners.
- (5) Income from tours, packages and events refers to amounts earned from wedding venue related booking, events and sale of tour packages.
- (6) Rental income from leased properties and allied services in co-working business.
- (7) Revenue from sale of food items earned by supplying food items to end customer.
- (8) Subscription income pertains to amount charged for providing Wizard membership programs.
- (9) Other operational revenue refers amount recovered from end customer and patrons for property damage, cleaning and travel insurances.
- (10) Revenue from operations comprises revenue from the sale of accommodation services, commission from bookings and royalty income, cancellation income, value-added services, sale of tours, packages and events including wedding related services, rental income, food and beverages, subscription income and other operational revenue.
- (11) Revenue from operations (% of GBV) is the percentage derived by dividing revenue from operations by GBV.
- (12) Operating expenses primarily comprise payment made to patrons, property consumables, food expenses, electricity and power costs, amortization of transformation expenses and other direct costs associated with our patrons protection programs.
- (13) Gross Profit represents our revenue from operations after deducting operating expenses. Operating expenses primarily comprise payment made to Patrons, property consumables, food expenses, electricity and power costs and other direct costs associated with our patrons protection programs.
- (14) Gross Profit as a % of GBV is the percentage derived by dividing Gross Profit by GBV.
- (15) EBITDA represents restated profit/(loss) for the period/year plus income tax expense/(credit), finance costs and depreciation and amortization expense.
- (16) EBITDA (% of GBV) is the percentage derived by dividing EBITDA by GBV.
- (17) EBITDA excluding exceptional items, share based payment expense and other income represents EBITDA after excluding the impact of exceptional items, share based payment expense and other income.
- (18) EBITDA excluding exceptional items, share based payment expense and other income (% of GBV) is the percentage derived by dividing EBITDA excluding exceptional items, share based payment expense and other income by GBV.
- (19) EBIT represents restated profit/(loss) for the year/period after excluding the impact of income tax/(credit) and finance costs.

- (20) Total income comprises revenue from operations and other income.
- (21) EBIT (% of total income) is the percentage derived by dividing EBIT by total income.
- (22) Restated profit/(loss) before exceptional items, share of (loss)/profit in joint venture and tax refers to the profit or loss of the company for the relevant period/year, before (i) exceptional items, (ii) the company's share of profit or loss from joint ventures, and (iii) tax expense. This reflects the underlying operating performance of the company, excluding non-recurring or exceptional items, joint venture results, and taxation impacts.
- (23) Restated profit/(loss) for the period/year refers to the net profit/loss of the company.
- (24) Total expenses is the total of operating expenses, employee benefit expense, depreciation and amortisation expense, finance costs and other expenses.
- (25) Non-current borrowings comprises term loan from bank, bank overdraft and loan from others excluding current maturity of non-current borrowings.
- (26) Current borrowings comprises current maturity of term loan from bank, current maturity of term loan from others and bank overdraft.
- (27) Net Leverage Ratio means net borrowings divided by EBITDA excluding exceptional items, share-based payment expense and other income. For the nine months ended December 31, 2025, EBITDA excluding exceptional items, share-based payment expense and other income has been annualized. Net borrowings means total borrowings including current and non-current deferred consideration less unrestricted funds. Total borrowings comprise non-current borrowings and current borrowings. Unrestricted funds comprise cash and cash equivalents, bank balances other than cash and cash equivalents, and investments. Lease liabilities pertain to operating leases, and are recognised pursuant to Ind AS 116 in relation to the Company's underlying operating arrangements. Such liabilities are not in the nature of financial borrowings or debt raised by the Company and, accordingly, have not been considered for the purpose of computing net borrowings.
- (28) Debt-Service Ratio means EBITDA excluding exceptional items, share based payment expense and other income divided by total debt service. Total debt service comprises repayment of long-term borrowings, repayment of short-term borrowings, interest on borrowings, other borrowing cost and interest on short-term borrowings. Lease liabilities pertain to operating leases, and are recognised pursuant to Ind AS 116 in relation to the Company's underlying operating arrangements. Such liabilities are not in the nature of financial borrowings or debt raised by the Company and, accordingly, have not been considered for the purpose of computing net borrowings.
- (29) Total assets is the total of non-current assets and current assets as at the end of the relevant financial period/year.

## Our Platform

Our business model is built on a two-sided platform that connects Patrons (who list their storefronts on our platform) with our large base of Customers (who book accommodations at our Patrons' storefronts through our platform). Our Patrons use our full-stack technology platform to increase their revenue generation potential, improve customer experience and optimize their operational costs. Our Customers use our mobile applications and websites to access our growing selection of storefronts around the world and to enhance their stay experience through our ancillary services.

Technology forms the backbone of our platform, enabling us to transform fragmented, unorganized storefront supply from Patrons into digitally-enabled, revenue-optimized storefronts and manage costs with operational efficiencies at scale, while also providing Customers with better value for money and consistent, high-quality stays. We provide our Patrons with full-stack, integrated technology, brand and operator solutions across revenue management, channel management, branding, hotel management, content/review management and payments and empower all mission-critical aspects of our Patrons' business operations. In turn, our Patrons provide us with exclusive distribution rights and control over pricing decisions relating to their storefront inventory. This enables Patrons to maximize their revenue generation potential by leveraging our dynamic pricing algorithms.

*Note: (1) As of December 31, 2025.*

Our modular technology stack is operated from cloud-based servers and enables rapid iteration, channel integration and global scalability, while maintaining strong governance, privacy and security standards. Interactions between our Patrons and Customers on our platform generate significant data regarding customer preferences, which are processed by our artificial intelligence and machine learning models. These models power a suite of technology-backed capabilities such as personalized recommendations, real-time dynamic inventory pricing, automated cataloguing and content enhancement, fraud and risk controls and intelligent service designed to encourage improved conversion and repeat usage.

We have continued to leverage our products and technology to build a resilient, scalable platform and provide improved product offerings based on market feedback from our Patrons and Customers. We have invested in building a talent pool of technology and engineering personnel to develop innovative solutions for our Patrons and Customers. This enables us to further automate our Patrons' businesses and provide a better experience for our Customers, as well as improve engagement and generate stronger unit economics and operating leverage for our platform.

We plan to leverage our platform to benefit entrepreneurs and small and medium business owners operating in comparatively fragmented industries such as short-stay accommodation, long-term accommodation, events and weddings, providing potential opportunities for future growth.

Our asset-light and scalable operating model, coupled with our standardized process know-how, has enabled us to improve Patron earnings and Customers' experience at scale globally, while maintaining disciplined unit economics. We do not own the storefronts listed on our platform,<sup>2</sup> with any investments, capital expenditure, storefront employee costs and other expenses relating to the operation of such storefronts being borne largely by Patrons and hotel operators. This enables us to be capital-efficient and scale our business with minimal marginal costs.

We also derive cost efficiencies in managing our platform due to our economies of scale and the density of our Patron footprint. Our ability to develop scalable solutions and offerings for our global Patrons and Customers at a comparatively lower cost base provides us with a significant advantage over peers whose employees are based in locations with a higher cost base, especially in developed markets.

As a result, we delivered the highest gross margin (being Gross Profit (as a % of GBV)) among India-listed peers for Fiscal 2025 and the nine months ended December 31, 2025, compared to other technology platforms in the hospitality industry, according to 1Lattice. Our Gross Profit (as a % of GBV) was 19.19% in Fiscal 2025, which was approximately 1.5 to 5 times that of other leading Indian OTAs and 18.44% in the nine months ended December 31, 2025, which was approximately 1.5 to 4 times higher than peers, according to 1Lattice.

---

<sup>2</sup> As at December 31, 2025, we hold equity interests in certain non-consolidated joint venture entities that own a total of 14 storefronts.

## Our Platform Metrics

### Notes:

- <sup>(1)</sup> Storefronts comprise hotel storefronts, home storefronts and listings storefronts.
- <sup>(2)</sup> Comprises GBV from hotel storefronts, home storefronts and listings storefronts. GBV from hotel storefronts is defined as (a) in relation to our PRISM brands (other than our G6 Hospitality brands), the amounts payable by Customers for storefront bookings, net of cancellation and gross of discounts (such as loyalty points and discounts), through all of our distribution channels including our mobile applications, websites, call centers, third party OTAs and other offline channels (including amounts payable by Customers to us for the sale of wedding packages under our Weddingz business and the rental of co-working spaces under our Workspaces business); and (b) in relation to our G6 Hospitality brands, gross receipts (whether collected or uncollected) attributable to or payable for the rental of hotel storefronts under our G6 Hospitality brands. GBV from homes is defined as the amounts payable by Customers for storefront bookings, net of cancellation and gross of discounts, through all of our distribution channels including our mobile applications, websites, call centers, third party OTAs and other offline channels. This also includes amounts payable by Customers to us for service revenue (primarily room cleaning fees and key handling charges) and insurance fees collected for damage and cancellation insurance. GBV from listings is defined as the amount of subscription fees paid by Patrons from our listing business to us for listing their storefronts on our platform.
- <sup>(3)</sup> According to Sensor Tower data, OYO is the 8<sup>th</sup> most globally downloaded hotel accommodation booking focused mobile application as of December 31, 2025. "Hotel accommodation booking focused" indicates that more than 10% of the company's revenue was generated through hotel / accommodation bookings made directly (not redirected) on its platform, as per their last reported full financial year data; indicates cumulative downloads.
- <sup>(4)</sup> Gross Profit represents our revenue from operations after deducting operating expenses.
- <sup>(5)</sup> EBITDA excluding exceptional items, share based payment expense and other income represents EBITDA after excluding the impact of exceptional items, share based payment expense and other income.

### Our Patrons

Our Patrons are owners, lessors and/or operators of storefronts listed on our platform. Our platform helps our Patrons transform fragmented, unbranded and underutilized hospitality assets into branded, digitally-enabled storefronts. We power our Patrons' hotel and home operations with our full-stack, integrated technology, brand and operator solutions that enable our Patrons to increase their revenue generation potential, enhance operating efficiency and unlock expansion opportunities.

More than 65% of our Patrons who joined our platform between April 1, 2023 to December 31, 2025 (excluding Patrons of G6 Hospitality storefronts) had no bookable online presence with a leading OTA player prior to joining our platform. Many hotel and storefront owners continue to rely on complex enterprise-grade software originally designed for large hotel chains, according to 1Lattice. Additionally, small-scale Patrons operate predominantly unbranded storefronts and lack the resources individually to invest in marketing initiatives or to price their inventory optimally, according to 1Lattice. This typically results in suboptimal distribution to customers, lack of revenue management and operational inefficiencies, which is particularly acute in the economy and budget segments where supply lacks quality standards, trust and differentiation, according to 1Lattice.

Value proposition to our Patrons

## Value Proposition for Customers

Note: (1) Calculated based on (a) the ratio of the net realized value, being a proxy to revenue earned by Patrons (i.e. calculated by the Company as GBV, adjusted to remove any promotional discounts, coupons or temporary price reductions offered to Customers) during the first week after being onboarded on our platform compared with the corresponding calculation for net realized value during the 12th week after being onboarded on our platform averaged for all hotel storefronts in each of India (excluding Nepal), the United States (excluding G6 Hospitality storefronts and Canada storefronts) and the United Kingdom that were onboarded on our platform between April 1, 2024 and March 31, 2025 and (b) the ratio of GBV during the first year after being onboarded on our platform compared with GBV during the second year after being onboarded on our platform averaged for all home storefronts in Europe that were onboarded on our platform between April 1, 2023 and March 31, 2024; where the lower range of 1.16 times refers to the average increase in GBV for the aforementioned home storefronts and the higher range of 2.27 times refers to the average increase in net realized value for the aforementioned hotel storefronts located in the United States.

We offer our Patrons the following value propositions:

- **Dynamic pricing.** Our dynamic pricing engine is designed to maximize revenue generation potential for storefronts on our platform. It forms the core of our technology-first hospitality platform and continuously recalibrates prices to capture demand at optimal rates for each night and room category based on a broad set of demand and behavior signals, including historical demand, seasonality, booking windows, competitor pricing, weather, local events, micro-market shifts, last-minute cancellations, regional demand trends, occupancy rates, customer search patterns and operational realization trends, which are refreshed and

recalculated on an hourly basis, enabling us to adjust prices dynamically, improve demand capture during peak and off-peak periods and increase customer conversions on both direct and indirect channels. Our dynamic pricing engine is supported by Grow, our revenue management tool, monitors room rates and price changes for local competitors to our Patrons and has an integrated event calendar that reports deviations in revenue. Compared with static or low-frequency pricing approaches, our dynamic pricing engine enables faster responses to demand changes and more precise pricing across booking windows and room types. In certain situations where we deem Patron input as being relevant, we allow a limited degree of flexibility for Patrons to set prices within a specified range (rather than allowing Patrons to set their own prices manually), while maintaining algorithmic efficiency. We also display hourly pricing changes and logic to Patrons through dashboards on our platform, which facilitates transparency with Patrons. We believe that our dynamic pricing engine, combined with actionable input from Patrons, contributes significantly to consistent revenue uplift, stronger Patron confidence and long-term platform stickiness.

- **Digitalization.** Our value proposition to Patrons is anchored on our full-stack, integrated technology and operator solutions that power mission-critical aspects of their business. Our Patrons can access our platform through their mobile devices, tablets or computers. Patrons can seamlessly join our platform via our Atlas property lifecycle management function, which automatically generates digital contracts based on property details and KYC documents provided by Patrons. Patrons can sign these contracts through an e-signing facility with OTP-based verification. Details of our Patrons' storefronts are also verified through location checks and property audits through our Atlas platform.

We believe that digitalization has become an essential driver of growth, aligned with Customers' increasing preference for seamless, digital-first interactions across online channels. Our platform acts as a one-stop operating system, with end-to-end functions across our digital sign-up and onboarding, revenue management, content and marketing management, daily business management, customer support and D2C stacks. These capabilities are delivered through a unified and intuitive interface via our flagship Patron applications, Atlas, Grow, Co-PRISM (formerly known as Co-OYO) and PRISM OS (formerly known as OYO OS), which drives automation and data-driven decision making across our Patrons' operations.

Our PRISM OS powers hotel storefront operations at scale, enabling efficient booking management, self check-ins, housekeeping workflows, integrated with tools such as Express Check-In and digital room keys. Payments and financial operations are automated across the value chain through PRISM Collect (which supports major global payment gateways as well as local payment methods) and PRISM Secure (which manages reconciliations and refunds with banking integrations and connectivity to government systems). Our invoicing and accounting stack integrates seamlessly with Oracle and automates select tax filings, aiming to provide accuracy, transparency and operational efficiency.

- **Demand generation.** Our Patrons benefit from the significant direct demand generated through our D2C channels. Patrons that list their storefronts on our platform typically experience significant direct demand from our D2C channels along with improved visibility and brand presence with customers on other OTA platforms, thereby providing wider distribution and yield improvement.

We provide our Customers with quality experiences at compelling price points, thereby generating significant direct demand from Customers. Our Patrons also benefit from strong organic and repeat demand from our Customer base, which is driven by our attractive loyalty programs and "Invite & Earn" referral programs. Our artificial intelligence and machine learning algorithms also provide our Customers with more relevant search results, optimal storefront images and a personalized user experience, which are aimed at reducing our customer acquisition costs and increasing our customer conversion rates.

In addition to direct channels, we also distribute our Patrons' storefront inventory through indirect channels with third party OTAs. We provide customized marketing and digital solutions to Patrons, which result in better visibility, ratings and reviews for our Patrons on these third party OTA platforms, as compared to their performance before joining our platform. Bolt.ai, our in-house channel management system, is integrated with more than 230 global and local OTAs, metasearch platforms and global distribution systems as at December 31, 2025 and directly connected to several leading online booking platforms, providing real-time inventory accuracy and seamless distribution.

Our platform addresses key challenges that our Patrons typically face in operating their storefronts and generates the following outcomes:

- **Increased revenue generation potential.** We aim to increase our Patrons' revenue generation potential by providing them with access to our large Customer base through our D2C channels and indirect channels, coupled with our suite of innovative products. Our understanding of online marketing strategies enables us to effectively deploy our market insights and technology across channels, including artificial intelligence and machine learning-based dynamic pricing, optimizing storefront content, reviews and images, which help to drive higher customer conversion rates and yield.
- **Enhanced operating efficiency.** Our proprietary technology stack and standardized operating procedures enable our Patrons to operate their storefronts with enhanced efficiency through digital or automated check-ins, centralized customer support, AI-driven dynamic pricing algorithms and a highly automated backend operating system covering housekeeping, reconciliation, settlement and reporting. This allows Patrons to significantly reduce payroll costs while maintaining customer satisfaction. We deliver our full-stack, cloud-based property-management and distribution technology to Patrons at a single commission structure with no upfront cost. Unlike traditional hotel operators that may pay separately for property management system licenses, channel managers, booking engines and multiple third-party revenue tools, technology costs for our Patrons are covered in one integrated model, which reduces Patrons' operating expenses and enables efficient scaling across storefronts.
- **Unlock expansion opportunities.** Through our accelerator program, we provide Patrons with multiple hotel storefronts on our platform with financial assistance, mentorship and guidance, as well as access to our extensive distribution network of corporate customers and travel agents, with the aim of encouraging these Patrons to expand their network of hotel storefronts and list all of them on our platform.
- We have developed trusted operator partnerships through our Patron base over the years. Our curated, multi-brand portfolio provides a clear and incentivized pathway for Patrons to upgrade their properties to premium storefronts, enhance their value proposition to Customers seeking premium experiences and increase their revenue generation potential, while remaining within our ecosystem. Our company-serviced hotel storefronts comprise premium hotels under our Sunday, Palette, Clubhouse, Townhouse and Townhouse Oak brands and are directly managed and operated by hotel operators. Our company serviced storefronts enable us to have increased control over day-to-day operations, staff training and service standards for Customers, including curated F&B offerings, premium toiletries and in-room entertainment, with the aim of delivering a high-quality customer experience.

A significant number of our premium storefronts are operated by Patrons who have grown alongside PRISM, many of whom started in the economy category. Our network of 1,573 company-serviced hotel storefronts in India are operated by 803 operators as at December 31, 2025. We believe that this helps our Patrons build longer-term value within our ecosystem and fosters greater loyalty and stronger cooperation with our Patrons, thereby enabling us to retain high-performing, experienced Patrons who are familiar with our operating systems and our quality, compliance and control standards and that benefit from our full-stack technology, standardized operating framework, centralized support and increased revenue generation potential. This creates a consistent, cost-efficient pipeline of premium storefronts and company-serviced hotel storefronts, allowing us to expand our premium brand portfolio while increasing GBV per storefront.

In the United Kingdom, we have entered into multi-asset partnerships with institutional investors to lease 16 company-serviced hotel storefronts across major cities in the United Kingdom (such as London, Manchester, Bristol, Cardiff and Liverpool).

As a result, the number of Patrons with two or more storefronts on our platform has increased by more than two times from 231 as at March 31, 2023 to 471 as at December 31, 2025. Of the hotel storefronts that we have onboarded since April 1, 2022, more than 90% of such hotel storefronts (excluding G6 Hospitality storefronts) have been active on our platform for 12 consecutive quarters, demonstrating the strength and loyalty of our relationships with our Patrons.

We also connect members of our Patron community to facilitate the sharing of their experiences and best practices through our Co-PRISM mobile application.

## Our Customers

We cater to a wide range of Customers, ranging from small and medium businesses, families, corporate employees, corporates and millennials, with the relative prominence of each segment varying across our markets. For instance, in India, our Customer segments comprise SME business travellers, corporate travellers, families, leisure travellers, pilgrimage groups and others. The table below sets forth the proportion of revenue from operations generated in India by customer segment for the period/years indicated:

| Particulars                                                    | Nine months ended<br>December 31, | Fiscal           |                  |                  |
|----------------------------------------------------------------|-----------------------------------|------------------|------------------|------------------|
|                                                                |                                   | 2025             | 2024             | 2023             |
|                                                                | (₹ million)                       |                  |                  |                  |
| SME business travelers and corporate travelers <sup>(1)</sup>  | 2,013.62                          | 2,713.64         | 2,439.00         | 2,665.26         |
| Families, leisure, pilgrimage, group and events <sup>(2)</sup> | 4,386.85                          | 5,525.49         | 5,241.06         | 6,669.51         |
| Others <sup>(3)</sup>                                          | 4,866.52                          | 4,316.89         | 4,356.28         | 4,491.31         |
| <b>Total revenue from operations – India</b>                   | <b>11,266.99</b>                  | <b>12,556.02</b> | <b>12,036.34</b> | <b>13,826.08</b> |

Notes:

- <sup>(1)</sup> Refers to revenue from operations generated in India from bookings by SME business travelers and corporate travelers, including bookings made through the OBA (OYO business accounts) channel or where the corporate toggle is enabled, and also includes bookings matching the pattern of single occupancy with one room night.
- <sup>(2)</sup> Refers to revenue from operations generated in India from bookings by families, leisure, pilgrimage, group and events, including bookings made for leisure travel by families and groups (primarily locations for vacations, pilgrimages, celebrations and group getaways) and bookings with two or more nights' stay duration with two or more occupants or presence of children or pets.
- <sup>(3)</sup> Refers to revenue from operations generated in India from all other remaining bookings along with other businesses, including OYO Workspaces and Weddingz.in package business.

We engage with our Customers along every step of their hospitality journey, covering discovery, seamless booking, pre-stay assistance and cancellations, digital check-ins and in-stay and post-stay services, which helps drive platform engagement, trust and loyalty from our Customer base.

Customers can also enroll in our range of loyalty programs, gain access to exclusive member rates and collect loyalty points with every stay. Our growing customer loyalty and referral programs also generate significant organic and repeat demand for bookings through our D2C channels. See “**Marketing and Distribution – Our Customer Loyalty and Referral Programs**” on page 456.

### Customer Journey on Oyo app

## Value Proposition for Customers

**Notes:**

- (1) As of December 31, 2025, we had 16.64 million OYO Wizard members in India, making it the largest loyalty program among loyalty programs run by the leading travel brands in India based on the number of subscribers, according to 1Lattice.
- (2) For the nine months ended December 31, 2025.
- (3) Direct demand is measured as a percentage of used room nights through our D2C channels.
- (4) Repeat demand refers to the share of used room nights generated by Repeat Customers (being Customers who generated more than one used room night through more than one separate booking during the period or who generated used room nights during the period and had generated used room nights through a booking prior to the period) on our mobile applications, websites and call centers during the relevant period, measured as a percentage of total used room nights on these channels through a booking for the period.

- Choices.** We have 24,303 hotel storefronts, 124,668 home storefronts and 144,583 listings storefronts across more than 35 countries as of December 31, 2025. Our storefront network in India extends across more than 500 cities as at December 31, 2025. We have a curated portfolio of 43 brands as at December 31, 2025 which is strategically designed to address the diverse needs of travelers across various price points, with a specific emphasis on growing our presence in the premium category. Our brand architecture allows us to cater to a wide spectrum of Customers, from those seeking value and convenience to those who desire enhanced experiences and higher service standards within a particular area. Our platform provides Customers with a personalized homepage generated by our machine-learning-based systems, which highlight storefronts that are customized to their specific preferences, based on their search and booking history.
- Value for money.** We believe that our trustworthy brand perception is aligned with the consistent and value-for-money experiences offered to Customers. This is especially important in the economy category where storefront supply can be perceived to lack quality standards, trust and differentiation. Our storefronts are assessed regularly based on our quality and control framework, which takes into account constant availability of rooms, consistent customer experience and compliance with our standard operating procedures. Storefronts that do not meet our minimum standards are temporarily or permanently delisted from our platform. We also launched our “Super OYO” offering in December 2022, which aims to recognize hotel storefronts in India that provide consistent, high-quality customer experiences based on a range of performance metrics, including location, customer reviews and ratings and the efficiency of the check-in process. Our focus on experience, consistency and quality has driven steady improvement in average star ratings submitted by Customers for hotel storefronts (out of a maximum rating of 5) from 3.77 as at March 31, 2023, 3.84 as at March 31, 2024, 4.00 as at March 31, 2025 and 4.13 as at December 31, 2025.
- Convenience.** We provide Customers with access to various digital tools on our D2C platform, with the aim of providing a high-quality end-to-end experience. Our D2C platform allows our Customers to seamlessly discover and book storefronts in three steps – search, select, book. Our Customers can browse a wide range of storefronts with photographs, user-generated reviews and ratings and information on nearby amenities, based on location or by using an interactive map with details of nearby tourist attractions and places of interest. Customers can also utilize various search filters to refine their search results in order to book storefronts that meet their specific requirements. In addition, the density of our storefront network also enables them to choose a storefront that is within close proximity to their areas of interest and at affordable prices. Our broad range of hotel storefronts also enables our Customers to utilize the convenience of our

platform for on-demand bookings near to or on the date of their stay, which helps them to avoid last-minute travel-related uncertainties.

Customers benefit from efficient contactless digital check-ins. Our customer applications are integrated with global payment gateways such as PayU, enabling fast, secure and contactless payments across markets. Customer payments at our hotel storefronts are powered by point-of-sale partnerships such as Adyen and Stripe, providing a smooth, unified payment experience from booking to checkout. During their stay, Customers can access and manage various in-room hotel services through our mobile application, including receiving live status updates of housekeeping services and food and beverage orders. Our Customers have continuous access to real-time support before, during and after their stay, through our proprietary customer support platform, Yo! Help.

## Our Brands

Our brands benefit from strong recognition across our key geographies, supported by the scale, diversity and depth of our storefront network. We operate 43 hotel and home brands as at December 31, 2025. We have the second-largest multi-brand portfolio in the global hospitality industry as at December 31, 2025, according to 1Lattice.

Our curated portfolio of brands is designed to serve a wide spectrum of Customer needs across premium and economy hotels, as well as urban and leisure home segments. We diversified beyond our origins in short-stay economy hotels in India and Southeast Asia and expanded our storefront offerings to include professionally managed homes in Europe through our acquisitions of DanCenter, Belvilla and Traum in 2019. This expanded our addressable leisure demand and increases cross-sell opportunities to Customers. Our acquisition of Checkmyguest in 2024 and MadeComfy in 2025 helped us to expand our presence in the urban homes segment in Europe and Australia. Our Motel 6, Studio 6 and Studio 6 Plus brands in North America, which we added to our portfolio in connection with our acquisition of G6 Hospitality in 2024, enjoy strong consumer awareness and franchise-led visibility across the economy and extended-stay segments in North America. Our expansion into extended-stay storefront formats, such as Studio 6, captures demand from Customers that require longer lengths of stay.

We began our expansion into the premium category in Fiscal 2024 in India by scaling up our Sunday brand and other premium brands. We have since expanded our CheckIn collection of premium brands to include Sunday, Palette, Clubhouse, Belvilla Hotel, Townhouse and Townhouse Oak. These brands anchor our presence across the premium category, contributing to strong brand preference among domestic travelers in India. Our company-serviced storefronts in India, the United Kingdom, Southeast Asia and the Middle East, which are operated under our CheckIn premium brands, enable us to have increased control over day-to-day operations, staff training and service standards for Customers, including curated F&B offerings, premium toiletries and in-room entertainment, with the aim of delivering a superior customer experience.

Our strong brand recognition helps to attract both Patrons and Customers to our platform, support sustained platform engagement and increase our share of direct and repeat Customer demand. Our brand architecture enables us to meet the needs of Customers who prioritize convenience and affordability as well as those who seek enhanced experiences and elevated service standards. Our multi-brand approach allows us to provide Customers

with options across leisure and business travel, increases cross-sell opportunities to Customers and enables us to serve both B2C and B2B segments at scale.

Our brand strength is exemplified by the awards we have received. In 2022, OYO won the IndiAA Award for its advertising campaign in “Travel, Tourism & Hospitality”. In 2024, Sunday Holiday International Hotel in Dubai won the 4th Global Business Icons Awards 2024 in the “Best Hospitality Service in the Town” category and Motel 6 was named the “Best Budget-Friendly Hotel Brand” by USA Today for its clean, dependable and affordable experience.

## Our Competitive Strengths

### *Scaled platform providing full-stack, integrated technology, brand and operator solutions for hospitality*

Our technology is the foundation of our business. Our comprehensive, full-stack technology suite integrates more than 40 products and services, including a central reservation system, property management system, channel management, content management system, mobile applications, websites and reservation suite, into our two flagship Patron applications, Co-PRISM and PRISM OS.

Our proprietary platform has largely been developed by our in-house engineering and product and design teams, rather than through an aggregation of products developed by third party vendors. Our technology platform, equipped with a comprehensive suite of technology products and services, has played a significant role in our acquisition of new Patrons and Customers. Our end-to-end presence across the value chain and integration with our Patrons’ businesses and Customers’ experience has enabled us to leverage data-driven insights to develop a deep understanding of our Patrons’ challenges and tailor our products and services to meet their needs, as well as to better personalize our offerings to Customers in light of rapidly evolving Customer preferences.

Our Customers use our mobile applications and websites to access our wide and growing range of 24,303 hotel storefronts and 124,668 home storefronts in over 35 countries as at December 31, 2025 and to enhance their stay experience through our ancillary services. See “**Our Business – Our Customers**” on page 443 for further details.

Our Patrons leverage our full-stack, integrated technology, brand and operator solutions to increase their revenue generation potential, improve customer experience and optimize their operational costs. We provide our Patrons with full-stack, integrated technology, brand and operator solutions across revenue management, channel management, branding, hotel management, review management and payments and empower all mission-critical aspects of our Patrons’ business operations. In turn, our Patrons provide us with exclusive distribution rights and control over pricing decisions relating to their storefront inventory. This enables Patrons to maximize their revenue generation potential through our dynamic pricing algorithms that take into account factors relating to the supply and demand for accommodations, weather, seasonality and local trends to calculate optimal prices in real time. See “**Our Business – Our Patrons**” on page 439 for further details.

In addition, our platform features an intelligent ranking system that analyzes our Customer’s historical transactions and browsing behavior to deliver personalized property recommendations. These capabilities strengthen our value proposition to our Patrons and Customers and enable us to proactively identify potential opportunities across the hospitality value chain. In addition, our loyalty and referral programs, which are deeply integrated in our D2C stack, facilitate Customer acquisition and retention.

### ***Asset-light, scalable business model with low-cost, centralized systems built in “India for the World”***

We have an asset-light business model and a lean cost structure. We do not own the storefronts listed on our platform.<sup>3</sup> We primarily operate on a revenue-sharing model, with investments, capital expenditure and expenses relating to the operation of such storefronts borne largely by our Patrons. For company-serviced hotel storefronts, we do not directly operate such storefronts but partner with qualified operators who directly manage and operate these storefronts with our guidance. This business model enables us to be capital-efficient, scale our business and expand into new geographies with minimal marginal costs. Our unit economics, measured based on our Gross Profit as a percentage of revenue from operations, improved from 42.58% in Fiscal 2023 to 46.45% in Fiscal 2024, 49.95% in Fiscal 2025, and 60.96% in the nine months ended December 31, 2025.

Notes:

<sup>(1)</sup> As of December 31, 2025, we rank first in India by number of hotel storefronts and are among the leading players across Southeast Asia, the United States and Europe, including a strong presence in the US economy hotel segment and Europe’s home segment, according to ILattice.

<sup>(2)</sup> As of December 31, 2025.

We derive cost efficiencies in managing our platform due to our economies of scale and the density of our Patron footprint. Some of our recent initiatives include launching a virtual front desk solution with digital locks, replacing manual back-office payments and refunds processing with a central refunds engine optimization system which significantly reduced average turnaround time for Customer refunds and replacing helpdesk functions for Customers with our in-house Yo! Help chatbot.

Set out below are details of refunds issued as a percentage of revenue from operations for the relevant period/years:

| Particulars                                       | Nine months ended<br>December 31,<br>2025 | Fiscal    |           |           |
|---------------------------------------------------|-------------------------------------------|-----------|-----------|-----------|
|                                                   |                                           | 2025      | 2024      | 2023      |
| Total refunds (₹ million)                         | 890.48                                    | 2,037.70  | 2,299.40  | 3,277.62  |
| Revenue from operations (₹ million)               | 69,409.73                                 | 62,528.31 | 53,887.89 | 54,639.45 |
| Total refunds as % of revenue from operations (%) | 1.28%                                     | 3.26%     | 4.27%     | 6.00%     |
| Average turnaround time for refunds (hours)       | 23.58                                     | 17.88     | 30.90     | 26.21     |

Our ability to develop scalable solutions and offerings for our global Patrons and Customers at a comparatively lower cost base provides us with an advantage over peers whose employees are based in locations with a higher cost base. We leverage our centralized business and product development, engineering, technology support and corporate functions in India and our comparatively lower cost base to unlock profitable expansion of our technology platform across developed and emerging markets. In addition, we leveraged on our expertise in managing storefronts at scale and deploy our proprietary full-stack technology suite across all G6 Hospitality storefronts, with the aim of enhancing value for Patrons and improving customer experience. This provides us

<sup>3</sup> As at December 31, 2025, we hold equity interests in certain non-consolidated joint venture entities that own a total of 14 storefronts

with a greater opportunity to expand profitably in emerging markets and enables us to manage costs when growing our business in developed markets.

As at December 31, 2025, 76.12% of our employees were based in India. Our engineering team plays a critical role in our business and comprised 7.40% of our employees as at December 31, 2025, most of whom are based in India. 84 or 2.45% of our employees were based in the United States as at December 31, 2025, with storefronts in the United States contributing to 52.39% of our GBV for the nine months ended December 31, 2025.

### ***Scaled global footprint with leadership across focused markets***

Our asset-light, technology-driven business model has provided us with a strong competitive advantage in the short-stay accommodation space and has enabled us to scale our business globally. As at December 31, 2025, we had 24,303 hotel storefronts, 124,668 home storefronts and 144,583 listings storefronts across more than 35 countries listed on our platform. As of December 31, 2025, we rank first in India by number of hotel storefronts and are among the leading players across Southeast Asia, the United States and Europe, including a strong presence in the US economy hotel segment and Europe's home segment, according to 1Lattice.

We derive significant benefits from the scale of our storefronts in our key markets. Our scaled storefront footprint provides more choices to our Customers, driving higher engagement with them. With a sizeable Customer base in these markets, we are able to generate a significant share of demand for our Patron storefronts through our D2C channels. This further drives Patron and Customer stickiness, as well as enhanced unit economics for our business. The scale of our business, together with our strong Patron and Customer engagement, enables us to establish strategic partnerships with leading third-party OTAs. Our OTA partners provide us with access to their extensive customer network which in turn helps us to increase our Patrons' reach and their revenue generation potential.

Given the scale and reach of our platform in our key markets, we are able to leverage data-driven insights to develop a deep understanding of Patrons' pain points, as well as rapidly evolving Customers' preferences. This helps us strengthen our value proposition to our Patrons and Customers. For instance, our dynamic pricing algorithms take into account factors relating to the supply and demand for accommodations, weather, seasonality and local trends to calculate optimal prices in real time. This enables us to better personalize our offerings for our Customers based on their booking and search history on our platform.

### ***Trusted brands with a strong Customer distribution network, generating significant share of direct demand***

Our brands are well-recognized by both Patrons and Customers. This helps us to attract both Patrons and Customers to our platform. We operate a curated, multi-brand portfolio which allows us to cater to a wide spectrum of Customers, from those seeking value and convenience to those who desire enhanced experiences and higher service standards.

Our strong Customer distribution network is supported by our multi-app platform (including OYO, CheckIn, My6, Belvilla, Checkmyguest and DanCenter) which allows us to serve diverse customer needs across different geographies and segments and our extensive loyalty and referral programs, enabling us to generate a significant share of demand for our Patrons' storefronts through our D2C channels. See "***Marketing and Distribution – Our Customer Distribution Channels – Mobile applications and websites***" on page 455 for further details. Our extensive loyalty and referral programs also enable us to generate a higher share of demand from Repeat Customers. As of December 31, 2025, we had 16.64 million OYO Wizard members in India, making it the largest loyalty program among loyalty programs run by the leading travel brands in India based on the number of subscribers, according to 1Lattice, complemented by a fast-growing My6 member base in the United States and Canada, with 7.36 million My6 members as at December 31, 2025. See "***Marketing and Distribution – Our Customer Distribution Channels – Our Customer Loyalty and Referral Programs***" on page 456.

The following table sets out our proportion of direct demand (measured as a percentage of used room nights through our D2C channels) and repeat demand (the share of used room nights generated by Repeat Customers (being Customers who generated more than one used room night through more than one separate booking during the period/year or who generated used room nights during the period/year and had generated used room nights through a booking prior to the period/year) on our mobile applications, websites and call centers during the relevant period/year, measured as a percentage of total used room nights on these channels for the period/year) for the period/years indicated:

|                   | Nine months ended<br>December 31, 2025 | Fiscals |       |       |
|-------------------|----------------------------------------|---------|-------|-------|
|                   |                                        | 2025    | 2024  | 2023  |
| Direct demand (%) | 67.57                                  | 71.67   | 72.24 | 70.95 |
| Repeat demand (%) | 61.76                                  | 60.33   | 60.74 | 64.60 |

The percentage of total bookings sourced via OTAs (the share of used room nights sourced via OTAs during the relevant period/year, measured as a percentage of total used room nights for our US and Europe storefronts during the relevant period/year) for our US and Europe storefronts is set forth in the table below:

|                                | Nine months ended<br>December 31, 2025 | Fiscals |       |       |
|--------------------------------|----------------------------------------|---------|-------|-------|
|                                |                                        | 2025    | 2024  | 2023  |
| OTA demand – Europe (%)        | 61.78                                  | 54.73   | 49.38 | 50.57 |
| OTA demand – United States (%) | 27.54                                  | 24.22   | 31.64 | 35.13 |

### *Virtuous flywheel driven by strong local network effects and growth leverage*

We derive significant benefits from the scale of our platform and the strength of our brands. This drives a virtuous flywheel underpinned by strong local network effects and growth leverage, which enhances our platform stickiness and unit economics for us and our Patrons as our business increases in scale.

A larger Patron base, powered by the strength of our full-stack technology ecosystem (including our integrated product and service suite) and the strength of our brands, depth and quality of storefronts and value-oriented pricing leads to more choices for our Customers. We believe that this helps to drive improved customer experience, greater transaction frequency and increased loyalty from our Customers. In turn, this attracts more Customers to our platform, leads to more bookings through our D2C channels, reduces our reliance on OTAs and results in lower marketing and promotion expenses for us. Moreover, the increase in direct demand through our online D2C channels further enhances our unit economics by virtue of a higher revenue share on these channels. A greater number of transactions on our platform generates deeper insights into our Patrons' businesses and Customers' preferences through our machine learning algorithms, enabling us to provide increased personalization for Customers. This helps drive increased customer engagement and conversion, which contribute to improved revenue generation for our Patrons.

We have maintained a share of direct demand of 67.57%, 71.67%, 72.24% and 70.95% on our platform for the nine months ended December 31, 2025, and Fiscals 2025, 2024 and 2023, respectively, despite the increasing scale of our business. An increase in direct demand strengthens our Patron value proposition, which in turn attracts more Patrons and increases retention. As our platform grows in scale, we benefit from higher engagement and lower acquisition costs on both the supply and demand side. This virtuous cycle enables us to attain economies of scale and supports better monetization for both us and our Patrons. Our asset-light and scalable operating model, coupled with our standardized process know-how, enables us to expand into new markets and scale globally, while

maintaining disciplined unit economics by leveraging our centralized technology, brand and operator solutions as well as our shared services.

### ***Strong leadership team with deep experience***

We are led by a seasoned management team with strong academic credentials and deep experience across various industries ranging from global consumer brands to professional services firms. We are guided by the vision of our Founder and Chairman, Ritesh Agarwal, to transform hospitality and provide trusted accommodations for Customers from all over the world. Our Key Managerial Personnel have been employed by our Group for an average of more than eight years, demonstrating our healthy track record of retaining our Key Management Personnel.

Our management team is complemented by our highly experienced board, which includes senior industry veterans. Our leadership team has strong academic credentials across fields such as engineering, finance and social sciences from leading educational institutions and come from diverse cultural backgrounds. Some of our Key Managerial Personnel and Senior Management have prior experience in companies such as McKinsey & Company, Max Healthcare, NIIT Technologies Limited, ITC and Coca-Cola. Dedicated business heads lead each of our core businesses and priority geographies, supported by experienced functional leaders across supply, revenue management, product and technology, finance, legal and human resources. Ankit Tandon, who leads our overall global operations (including driving inorganic growth of the business) and also leads strategic growth, governance and business outcomes across our United States and European businesses has been with our company for more than a decade. Similarly, Rakesh Kumar Prusti has been instrumental in overseeing legal, corporate governance and risk management functions and providing strategic legal directions, managing enterprise risks, fundraising and inorganic expansion for sustainable growth of our company.

Our corporate culture and decision-making process is underpinned by our core values of bias for action, being resilient, being respectful and building trust, which guide us in engaging with all our stakeholders, including our Patrons, Customers and employees. Our work culture and spirit of innovation have been recognized through several awards and accreditations. In 2018 and 2019, we were ranked number one in LinkedIn's "Top Startups in India". In 2019, we were ranked as one of LinkedIn's 25 hottest companies to work for in India. In 2024, we won the BML Munjal Award for Business Excellence through Learning & Development in the emerging stars category.

### **Our Growth Strategies**

#### ***Grow our Patron base and storefront footprint globally***

Although hotels and homes are large addressable markets that are witnessing rapid online penetration, they are relatively nascent and have high growth headroom. The markets also lack scaled, organized players and are ripe for consolidation by tech-led players. Despite our leading positions based on the number of storefronts, we have captured less than 1% of the market for homes in Europe and approximately 1.8% of combined hotel storefronts in the United States, the United Kingdom, India, Southeast Asia, Middle East and Africa and Europe, based on estimates as of December 31, 2025, according to IHLatec. In addition, India is one of the fastest-growing outbound travel markets, according to IHLatec. Our integrated global supply across hotels, homes and listings positions us to serve growing outbound travel demand from India (particularly to the United Kingdom, North America, Southeast Asia and the Middle East), while also diversifying our inbound travel mix.

We plan to increase the number of our hotel storefronts in India, Southeast Asia, Middle East, the United Kingdom and the United States, as well as the number of home storefronts in Europe. Our curated, multi-brand portfolio provides a clear and incentivized pathway for Patrons to upgrade their properties to premium storefronts, enhance their value proposition to Customers seeking premium experiences and increase their revenue generation potential, while remaining within our ecosystem.

In addition to our organic growth strategies, we carefully evaluate inorganic growth opportunities from time to time with the aim of consolidating our presence in certain fragmented markets in which we operate, with a strong emphasis on governance, payback periods and strategic fit. We believe that our acquisition of G6 Hospitality on December 17, 2024 gave us an immediate and substantial operational footprint, accelerating our market presence in the large, mature and relatively stable economy lodging segment in North America. Our acquisition of G6 Hospitality is part of our strategic focus on enhancing the resilience of our business model and achieving sustainable, profitable growth and is designed to complement our ongoing organic growth initiatives.

We plan to expand the number of our home storefronts through targeted tuck-in acquisitions, such as our acquisitions of Checkmyguest (a premium rental homes company based in France) on September 23, 2024 and MadeComfy (a short-term rental platform with homes in Australia and New Zealand) on July 3, 2025.

***Expand our Customer offerings across price points and formats***

We plan to leverage on our data-driven insights on Customer preferences to diversify our storefront offerings (particularly in the premium category), while maintaining a strong value-for-money proposition for storefronts in our economy category.

We plan to capitalize on the significant opportunities present in the higher-value segments of the hospitality market and to increase our proportion of premium hotel storefronts and company-serviced hotel storefronts. Our expansion into the premium hotels segment and our focus on increasing the proportion of company-serviced hotel storefronts since Fiscal 2024 has directly contributed to higher-value transactions across our platform, as evidenced by the increase in GBV per storefront per month and the increase in GBV per transacting Customer between Fiscal 2024 and the nine months ended December 31, 2025. Our company-serviced hotel storefronts in India have also delivered comparatively higher GBV per storefront per month relative to our other hotel storefronts. See “– ***Our Transformation – Expansion of Offerings (Fiscal 2024 and Beyond)***” on page 433 for further details.

We plan to scale our extended-stay offering in North America through our Studio 6 Suites and Studio 6 Extended Stay brands to serve business travelers, relocating Customers and leisure Customers seeking longer stays. In May 2026, we launched 38 extended-stay hotels in the United States under our Studio 6 brand. In parallel, we aim to expand longer-term rentals for home storefronts in India, Europe and Australia through brands such as Belvilla and DanCenter. To further deepen our leisure offering, we plan to integrate a wider range of premium European home storefronts into the CheckIn app, enabling Customers to access high-quality homes globally through a single interface. We also plan to continue expanding our presence in the urban home segment, supported by our new supply of home storefronts from our acquisitions of Checkmyguest and MadeComfy.

***Improve our value proposition to Customers and drive growth in direct demand***

We continue to strengthen our direct demand ecosystem by investing further in enhancing our customer experience through improvements in product features, personalization and user interface enhancements across our customer platforms and by providing premium and curated experiences to our Customers.

We launched our CheckIn mobile application in September 2025, which primarily features our premium hotel brands such as Sunday, Palette, Clubhouse, Townhouse and Townhouse Oak brands. We plan to position our CheckIn mobile application as a key direct distribution channel, in line with our strategy to increase the number of premium storefront offerings on our platform, with the aim of growing our Customer base, increasing direct and repeat demand and improving our unit economics.

Our CheckIn for business product has been designed as a seamless solution for corporate travel and aims to enable corporate Customers achieve meaningful travel cost savings, simplify invoicing and streamline booking processes. It offers a curated set of hotels for business travelers, with flexible cancellation policies and premium support, and is supported by our events business. We have managed several large-scale events, including government-led programmes such as Khelo India, demonstrating our operational readiness for enterprise Customers.

We plan to expand our offering of curated experiences for our Customers and diversify into niche tourism segments. We plan to launch additional Sunday hotel storefronts across popular destinations near India’s national parks and reserves. Our Sunday Hotel & Resort at Kiyari Kham near the Jim Corbett National Park offers nature-based experiences, including guided safaris, nature walks and stargazing sessions. We also plan to increase the number of storefronts near popular pilgrimage destinations, in line with the Government of India’s program to boost spiritual tourism in India.

We plan to continue strengthening the visibility of our brands by growing our storefront network, expanding into new destinations and maintaining consistent service standards. We also plan to invest in targeted marketing initiatives designed to expand brand reach and drive incremental direct demand for our storefronts (in particular, our CheckIn collection of premium brands and our company-serviced hotel storefronts).

## ***Invest in technology developments to strengthen engagement with Patrons and Customers***

Our PRISM technology platform, developed largely by our in-house engineering, product and design teams, is supported by modular architecture that enables rapid product development, seamless feature expansion and scalable deployment without significant incremental costs. Strong engagement with both Patrons and Customers provides us with deep market insights, enabling us to enhance our integrated technology stack and introduce new solutions aligned with evolving needs.

We aim to integrate our proprietary full-stack technology platform and leverage our extensive expertise in data analytics, digital marketing and online distribution across the storefront networks of G6 Hospitality and other businesses that we may acquire in the future. This will enable us to optimize occupancy rates, refine pricing strategies based on real-time demand dynamics and significantly increase the proportion of bookings originating from higher-margin D2C channels.

We remain focused on improving storefront performance for Patrons through new product offerings such as our CheckIn mobile application. We have a strong pipeline of technology and product innovations for Patrons and Customers that we expect to launch in the coming months, aimed at strengthening our value proposition across the PRISM ecosystem, improving customer experience and driving higher customer conversions.

We plan to leverage our platform to benefit entrepreneurs and small and medium business owners operating in comparatively fragmented industries such as short-stay accommodation, long-term accommodation, events and weddings, providing potential opportunities for future growth. We also plan to monetize our full-stack technology platform by offering our software products as customized technological solutions to hotel storefronts globally.

## **Our Offerings**

We operate an integrated platform spanning hotels, homes and listings across more than 35 countries as at December 31, 2025, including India, Southeast Asia and Middle East (comprising Indonesia, Malaysia, Philippines, Thailand, Vietnam, Bahrain, Oman, Saudi Arabia and the United Arab Emirates), Europe (comprising Austria, Belgium, Croatia, Czech Republic, Denmark, France, Germany, Greece, Italy, Luxembourg, Netherlands (including Curacao and Bonaire), Norway, Poland, Portugal, Slovenia, Sweden and Switzerland), United Kingdom and North America (comprising the United States and Canada). As at December 31, 2025, we had 293,554 storefronts in total, comprising 24,303 hotel storefronts (including company-serviced hotel storefronts), 124,668 home storefronts and 144,583 listings storefronts. Our hotels and homes operate under our portfolio of 43 brands as at December 31, 2025, which addresses the diverse needs of travelers across various price points, from those seeking value and convenience to those desiring enhanced experiences and higher service standards. While the majority of our storefronts are owned and operated by our Patrons, we have 1,573 company-serviced hotel storefronts in India which are directly managed by hotel operators. In addition, we also provide non-accommodation offerings including wedding venues (Weddingz), co-working spaces (Workspaces), tours and events, insurance facilitation, cleaning services, food and beverage at select hotels and subscription programmes.

## **Marketing and Distribution**

### ***Branding and Marketing Initiatives***

Our cohesive marketing strategy and unique content is focused on educating both Patrons and Customers about our value proposition and our platform and extending our reach across a range of traditional channels such as print, radio and television, mass media campaigns, as well as search engine optimization, social media channels and other digital marketing tools. We position our brand to customers in ways that closely align with their evolving lifestyle aspirations, using targeted influencer collaborations, digital video campaigns, curated content partnerships and emerging use cases such as pet-friendly travel and nature-based vacations.

Our storefront signage is a key component of our branding strategy for Patrons' storefronts. Our Patrons are required to prominently display our brand logos at hotel storefronts for enhanced visibility, which drives brand recognition and same-day customer walk-in bookings. We also utilize our brand logos on hotel linen and amenities, toiletries and staff uniforms. Our prominent use of our brand logos helps to elevate our presence across our hotel storefronts in India, Europe, the United States, Southeast Asia and the Middle East, enabling us to broaden our customer reach, strengthen retention and increase the share of direct demand on our platform.

We present new technology products and data to Patrons through dynamic and engaging product launch events. We also showcase the progress that our existing Patrons have made by utilizing our platform in order to demonstrate a compelling value proposition to potential Patrons.

Our brand building and marketing initiatives have been consistently recognized through multiple industry accolades. We were named Brand of the Year at the 2020 Digies Digital Awards. At the 2021 Kyoorius Creative Awards, we won 21 Baby Elephants, and ranked as the second most awarded brand in India that year. In 2022, we further strengthened our global credibility by winning the Grand Prix, and several awards at the 4A's Jay Chiat Strategy Awards, making us the only Indian brand to win the Grand Prix that year. In 2024, we won Bronze at the Economic Times Brand Equity Kaleido Awards 2024 for our "OYO For All" campaign. See "***History and Certain Corporate Matters – Key awards, accreditations, certifications and recognitions***" on page 477 for further details.

Set out below are details of our marketing and promotion expenses (comprising advertising and sale promotion, commission and brokerage and business development expenses) for the relevant period/years:

| Particulars                                       | Nine months ended<br>December 31, |                 | Fiscal          |                 |      |

### ***Our Patron Acquisition Channels***

We acquire new Patrons through our on-the-ground business development model, our Priority Patron / Channel Partner model and Atlas self-signup model.

- Business development model.** Our team of business development managers, who have in-depth knowledge about our platform and our value proposition, engage with potential Patrons with the aim of onboarding them on our platform. Our proprietary sales system generates leads for potential Patrons with the highest conversion potential, leveraging data from external and internal sources. Our business development managers place particular emphasis on Patrons who will contribute to the variety of storefronts offered on our platform within a particular neighborhood.
- Priority Patron / Channel Partner model.** This model represents our structured engagement framework for high-value, multi-property Patrons. Under this model, we identify and onboard select Patrons that operate a portfolio of top quality storefronts with strong customer experience metrics. Through this model, we aim to acquire and consolidate storefronts from Patrons with multiple properties with us and progressively bring all of their existing and future properties under our brand through long-term contracts. We support our Priority Patrons in expanding their portfolios, thereby driving high-quality, scalable storefront growth across key hubs.

- **Atlas self-signup model.** Atlas is a fully digital product that enables Patrons to sign up to our platform and seamlessly list their storefronts on our platform in under 30 minutes. Our fast-track onboarding process incorporates automated KYC checks and requires minimal data entry by Patrons.

We have increasingly shifted towards acquiring new Patrons through various online and technology-based marketing channels, such as our Atlas self-signup model, which helps us to expand our Patron network and increase our storefront supply in a cost-effective and scalable manner by providing us with access to untapped segments that are more difficult to cover through our business development model.

### ***Our Customer Distribution Channels***

Our extensive customer distribution network is built on the combined strength of our range of mobile applications and our extensive loyalty and referral programs, allowing us to deepen direct customer engagement and generate a substantial share of demand for our Patrons' storefronts through our high-efficiency D2C channels. Customers can book storefronts through our D2C channels (comprising our mobile applications, websites, corporate and travel agent tie-ups, dedicated call centers and physical walk-ins), as well as through third party distribution channels (which mainly comprise OTA platforms and also include travel management companies and global distribution systems).

The following table sets out our proportion of direct demand (measured as a percentage of used room nights through our D2C channels) and repeat demand (the share of used room nights generated by Repeat Customers (being Customers who generated more than one used room night through more than one separate booking during the period/year or who generated used room nights during the period/year and had generated used room nights through a booking prior to the period/year) on our mobile applications, websites and call centers during the relevant period/year, measured as a percentage of total used room nights on these channels for the period/year) for the period/years indicated:

|                          | Nine months ended<br>December 31, 2025 | Fiscals |       |       |
|--------------------------|----------------------------------------|---------|-------|-------|
|                          |                                        | 2025    | 2024  | 2023  |
| <b>Direct demand (%)</b> | 67.57                                  | 71.67   | 72.24 | 70.95 |
| <b>Repeat demand (%)</b> | 61.76                                  | 60.33   | 60.74 | 64.60 |

- **Mobile applications and websites.** Customers can take advantage of our simplified user interface to book storefronts through our mobile applications and websites. Our multi-app strategy allows us to serve diverse customer needs across different geographies and segments. Our mobile applications include OYO (for OYO economy hotel storefronts across India, Southeast Asia, the Middle East, the United Kingdom and North America), CheckIn (for our company-serviced hotel storefronts across India, Southeast Asia, the Middle East, the United Kingdom and North America), My6 (for our Motel 6, Studio 6 and Studio 6 Plus storefronts across North America, in English and Spanish), Belvilla (for urban and vacation homes across Europe in local languages, including Dutch, Danish and German), Checkmyguest (for urban homes in France) and DanCenter (for homes in Denmark, Sweden and Norway).

Our OYO mobile application offers a variety of digital tools to guide our Customers throughout their journey, including discovery, bookings and cancellations, customer support, digital check-ins and in-stay and post-stay services, along with the benefits of loyalty programs and referrals. Customers can browse through high-definition content and ratings on the booking page, check amenities, apply filters and check "what's nearby" to storefronts of interest. Customers also have the option of adding meals to their stay on our mobile application. Any additional add-ons are automatically added to the check-out amounts and can be paid for through seamless payments and invoicing with our contactless check-in and check-out process. We also offer flexible cancellation policies to our Customers. In addition, our Customers can use our Yo! Help chatbot to modify bookings, obtain refunds and clarify queries prior to check-in.

- **OYO 'B' and Super Agent portals for corporate and travel agent tie-ups.** Our OYO B corporate hotel booking solution aims to simplify business travel bookings for corporate customers by managing all business travel accommodation bookings through a single platform, allowing employees to book their own business travel accommodation and providing expense management solutions. Corporate employees can book storefronts through our platform for both business and personal travel and charge these to either their corporate or personal accounts. Corporate customers and their employees also have access to round-the-clock support from our customer service platforms. Our Super Agent portal enables travel agents to make storefront bookings on behalf of customers. Travel agents can also choose preferred storefronts on our platform to enhance customer experience and increase their revenue generation potential.

- **OTAs.** Customers can book our hotel and home storefronts through various OTA platforms. Our OTA partners provide us with access to their extensive customer network. Our integration with these OTA platforms enables us to utilize dynamic pricing and optimized image selection tools to maximize visibility of our storefronts on these OTA platforms and drive increased demand for our storefronts.
- **Call centers.** Customers can contact our call centers to enquire about availability of hotel storefronts and receive instant booking confirmations.

### ***Our Customer Loyalty and Referral Programs***

Our loyalty and referral ecosystem comprises OYO Wizard and, following our acquisition of G6 Hospitality in December 2024, My6 in the United States and Canada. The number of OYO Wizard and My6 members as at the relevant dates (based on Customers who are members of OYO Wizard globally or My6 in the United States and Canada and who had an active subscription on the first day of the final month of the relevant period/year) is set out below:

|                           | As at December 31,   | As at March 31, |       |       |
|---------------------------|----------------------|-----------------|-------|-------|
|                           | 2025                 | 2025            | 2024  | 2023  |
|                           | <i>(in millions)</i> |                 |       |       |
| <b>OYO Wizard members</b> | 19.07                | 17.32           | 16.28 | 14.87 |
| <b>My6 members</b>        | 7.36                 | 6.91            | -     | -     |
| <b>Total</b>              | 26.43                | 24.23           | 16.28 | 14.87 |

As of December 31, 2025, we had 16.64 million OYO Wizard members in India, making it the largest loyalty program among loyalty programs run by the leading travel brands in India based on the number of subscribers, according to ILattice, complemented by a fast-growing My6 member base in the United States and Canada.

Our OYO Wizard loyalty program provides members with access to exclusive benefits and travel experiences. Customers can enroll in our OYO Wizard loyalty program through our website and OYO mobile application to access exclusive member rates and receive benefits such as discount vouchers and cash rewards when booking our hotel storefronts. Our OYO Wizard loyalty program rewards members with points that count towards free stays at OYO hotel storefronts. Our OYO Wizard loyalty program has four membership tiers, with different levels of benefits for each tier. These tiers comprise three paid programs and one non-paid tier. In December 2025, we launched a seasonal “Insta Stays” program for all OYO storefronts in India to provide OYO Wizard members with discounts on “Insta Stays” bookings, aimed at catering to the growing demand for last-minute hotel bookings ahead of the year-end travel season in 2025.

Our “Invite & Earn” referral program enables existing Customers to earn OYO credits when they successfully refer new customers that sign up and book their first hotel storefront on our platform. New Customers are also awarded OYO credits which can be used to offset a portion of the amount paid for their first hotel storefront booking on our platform.

### **Our Technology**

Our technology is the foundation of our business. Our technology platform comprises a comprehensive, full-stack technology suite which integrates more than 40 products and services into our two flagship Patron applications, Co-PRISM and PRISM OS. These products and services are connected through a unified global search, inventory and pricing engine, covering Customer and Patron acquisition, storefront onboarding, dynamic channel distribution and OTA connectivity, amongst others, consolidated into a single interface.

Our platform supports multiple pricing models to accommodate varied commercial strategies across brands and properties. It utilizes automated, algorithm-driven rate adjustments based on demand, booking pace, seasonality, competitive landscape and inventory availability. The system supports rate code pricing for contracted rates, corporate and promotional pricing, long-stay plans and channel-specific rate structures.

Our technology platform drives customer conversion through advanced machine learning capabilities. It features an intelligent ranking system that analyzes Customers’ historical transactions and browsing behavior to deliver personalized property recommendations, enhancing the customer experience.

Key technology products include:

- **Bolt.ai** – our in-house channel management system, integrated with more than 230 global and local OTAs, metasearch platforms and global distribution systems as at December 31, 2025 and directly connected to several leading online booking platforms, providing real-time inventory accuracy and seamless distribution.
- **Atlas** – our digital market, customer relationship management, lead management, contract management and property lifecycle management function.
- **Grow** – our revenue management tool which monitors room rates and price changes for local competitors to our Patrons and has an integrated event calendar that reports deviations in revenue.
- **PRISM OS** – our property management system for Patrons, offering booking management, self check-in functions and housekeeping management features.
- **Review Central** – our social reputation management function, which provides an analysis of reviews and AI-driven responses to reviews on various platforms.
- **YO!** – our AI-based chatbot for Customers and Patrons.

Underpinning these capabilities is a modular, API-driven, microservices-based architecture designed for scalability across markets and brands. The platform features a unified core system with common modules for inventory, content, order management and financial operations, while configuration layers enable market-specific adaptations. This architecture enables the same end-to-end product suite to be deployed for new brands with limited customization, facilitating faster onboarding and consistent operations across hotels and homes.

In September 2021, we entered into a multi-year strategic alliance with a service provider to co-develop next-generation travel and hospitality products and tech using its cloud and AI capabilities. As part of this alliance, we plan to develop Smart Room experiences for our Customers, such as premium and customized in-room experiences, while achieving costs savings and reducing our IT spend. In addition, we plan to develop enhanced artificial intelligence-based models to provide personalized insights and pricing predictions to drive higher business efficiencies and revenue generation potential for our Patrons.

## Our Employees

As of December 31, 2025, we had 3,434 full-time employees around the world. We engage with a number of people through a contractual engagement for retainership roles (employees not on the payroll of our Company), who are largely involved in finance, human resources and OTA partnership-related functions.

The following table provides a breakdown of our full-time employee base by function and location as at the dates below:

|                                                | December 31, 2025 |               | March 31, 2025 |               | March 31, 2024 |               | March 31, 2023 |               |
|------------------------------------------------|-------------------|---------------|----------------|---------------|----------------|---------------|----------------|---------------|
|                                                | Number            | %             | Number         | %             | Number         | %             | Number         | %             |
| Engineering                                    | 254               | 7.40          | 229            | 6.12          | 234            | 8.62          | 294            | 9.62          |
| Non-Engineering                                | 3,180             | 92.60         | 3,514          | 93.88         | 2,480          | 91.38         | 2,762          | 90.38         |
| - Administration                               | 13                | 0.38          | 15             | 0.40          | 16             | 0.59          | 20             | 0.65          |
| - Brand / PR and Communications / Partnerships | 29                | 0.84          | 31             | 0.83          | 23             | 0.85          | 25             | 0.82          |
| - Finance                                      | 210               | 6.12          | 179            | 4.87          | 125            | 4.61          | 155            | 5.07          |
| - Growth and marketing                         | 69                | 2.01          | 57             | 1.52          | 44             | 1.62          | 56             | 1.83          |

| <b>Total</b>                                            | <b>787</b>        | <b>100.00</b> | <b>146</b>     | <b>100.00</b> | <b>220</b>     | <b>100.00</b> | <b>331</b>     | <b>100.00</b> |

Our number of employees decreased from 3,056 as at March 31, 2023 to 2,714 as at March 31, 2024 due to outsourcing of customer service functions across Europe and centralizing certain corporate functions relating to our homes business. Our number of employees increased from 2,714 as at March 31, 2024 to 3,743 as at March 31, 2025 due to the scaling of our operations, our expansion of company-serviced hotel storefronts in the United Kingdom and our acquisition of G6 Hospitality in North America. Our number of employees decreased from 3,743 as at March 31, 2025 to 3,434 as at December 31, 2025 due to the centralization of certain corporate functions from the United States and the United Kingdom.

Our engineering team plays a critical role in our business and comprised 7.40% of our employees as at December 31, 2025, most of whom are based in India.

The table below sets forth the number of full-time employees based on the Company's hierarchical organization structure, as at the dates below:

|                                    | December 31, 2025 |               | March 31, 2025 |               | March 31, 2024 |               | March 31, 2023 |               |
|------------------------------------|-------------------|---------------|----------------|---------------|----------------|---------------|----------------|---------------|

Notes:

<sup>(1)</sup> Junior employees refers to employees with titles ranging from Executive to Manager.

<sup>(2)</sup> Mid-level employees refers to employees with titles ranging from Senior Manager to Associate Vice President.

<sup>(3)</sup> Senior management includes Key Management Personnel.

Our corporate culture and decision-making process is underpinned by our core values of bias for action, being resilient, being respectful and building trust. Diversity and inclusion has been a key priority for us. We have implemented employee-led initiatives such as the OYO Women Network and holistic development program (STRIDE+) across our organization. In 2018 and 2019, we were ranked number one in LinkedIn's "Top Startups in India". In 2019, we were ranked as one of LinkedIn's 25 hottest companies to work for in India. In 2024, we won the BML Munjal Award for Business Excellence through Learning & Development in the emerging stars category.

We believe that we have a good working relationship with our employees. None of our employees are represented by a labor union. We have not experienced any significant labor disputes.

## **Environmental, Social and Governance**

Sustainability is a core component of our business. Our ESG program is anchored on six themes, being environmental consciousness, Patron empowerment, diversity and inclusion, employee engagement, corporate governance and corporate behavior, and community development. These themes guide our priorities across markets and inform the way we develop products, manage operations and engage with stakeholders.

### *Environmental consciousness*

We focus on responsible operations and resource stewardship across our network. We are progressively digitizing audits and facility standards through our proprietary operating systems to improve compliance, reduce waste and embed consistent practices. Where possible, we seek to encourage sustainability initiatives within our ecosystem, including donation and reuse programs in collaboration with local partners. For example, in 2023, we collaborated with an Indonesian social organization and non-profit service, to run hotel-based donation drives for pre-loved items at our storefronts in Indonesia.

### *Patron empowerment*

Patron empowerment is central to our brand promise. We invest in tools that enhance transparency, consistency and quality across storefronts, using technology-led remote audits and feedback mechanisms to uphold standards and protect brand integrity.

### *Diversity and inclusion*

We are committed to diversity and inclusion and have adopted an equal opportunity policy. We are working to broaden diverse representation across our board, leadership and employee base. We are developing conscious inclusion training and leadership development programs to support an equitable workplace and strengthen employee engagement. We support employability through training and mentorship for small hoteliers and hospitality workers, including targeted programs for women and youth. We promote gender equity by creating pathways for female franchise ownership through the “Light Her Way” program franchise roadmap that provides women entrepreneurs with knowledge and guidance on hotel ownership, from construction and renovation to market identification, financing, and brand application process, as well as additional resources to support the launch and ongoing operations of their franchise property. In 2024, we also collaborated with NGOs to combat human trafficking through “The Room Next Door” training initiative, a program developed with a non-governmental organization that equips frontline staff to identify and respond to potential trafficking situations. In 2022, we partnered with the TWEET Foundation in Maharashtra and Haryana to offer empowerment workshops focused on the social well-being of young transgender persons.

We also work with community organizations to promote inclusion for persons with disabilities and to advance the wellbeing of underserved groups. For example, from 2022 to 2023, we collaborated with an organization to support skill development and employability for youth with disabilities across Ahmednagar, Patna, Dehradun and Nagpur in India. In 2024, we joined forces with an organization to support para-athletes attending the Paris 2024 Paralympics, including sponsoring backpacks and promoting parasport.

### *Employee engagement*

In India, through our Accelerator Program, we offer small hoteliers with mentorship and market access. We intend to launch more leadership and development programs to upskill our employees and enhance employee engagement.

### *Corporate governance and corporate behavior*

Our governance framework emphasizes accountability, ethical conduct and responsible corporate behavior. In 2018, we deployed our proprietary OYO OS (now known as PRISM OS) to digitize governance and enforce brand integrity through remote audits across our network. We continue to enhance controls, policies and training to reinforce compliance and integrity across our operations and partner network. Through ongoing oversight and technology-enabled monitoring, we aim to maintain high standards of conduct and risk management.

## Community development

Community development is a priority wherever we operate. We partner with reputable organizations to support education, skills training, primary healthcare access and holistic wellbeing in rural and urban communities. For example, in 2022 and 2023, we partnered with an organization to facilitate access to quality primary health care facilities in and around the villages of Tandipur and Rayagada, Odisha. From 2021 to 2022, we collaborated with an organization in Tamil Nadu to offer holistic health care programs focused on offering eye and dental care for villagers in rural villages.

We also promote education, skills development and entrepreneurship. In 2023, we partnered with an organization in Andhra Pradesh to set up the Eureka Village project to provide libraries and education centers across villages in India. From 2021 to 2022, we partnered with an organization in Tamil Nadu and Andhra Pradesh to procure essential infrastructure for schools. From 2021 to 2022, we lent support to the Building Dreams project in West Bengal to develop a model village focused on the education and artistic development of village children.

Our CSR expenditure during the nine months ended December 31, 2025, Fiscals 2025, 2024 and 2023 was ₹4.13 million, ₹5.86 million, ₹7.65 million and ₹8.91 million, respectively.

## Competition

We operate in a highly competitive hospitality ecosystem, both in India and globally. We face competition to attract and retain both our Patrons and our Customers. We compete for Patrons based on a number of factors, including our ability to generate bookings, the ease and reliability of our technology platform, the service fees and commercial terms offered, our brand strength and the end-to-end support we provide. We compete for customers based on a number of factors, including the depth, breadth and quality of our storefront network, the value and consistency of our offerings, pricing, location diversity, platform usability, and trust and safety. Our competitors across the broader travel and hospitality ecosystem include OTAs, metasearch and listing platforms, travel technology platforms, internet search engines, global and regional hotel chains, boutique and independent hotels and short-term rental operators. In the future, we may also be subject to increased competition for Patrons from some of these competitors. Nonetheless, we believe we compete favourably based on multiple factors, including the extensive scope of our full-stack technology platform, our competitive pricing, our global scale and geographic reach, our platform functionality and the scalability of our platform.

## Customer Complaint Redressal

Our company follows a structured customer complaint redressal process for issues received through inbound calls, emails, and social media. Upon receiving a complaint, our customer care or social media response team acknowledges the concern and generates a ticket in our system. For select queries such as booking or payment confirmations and booking modifications, our team aims to provide an immediate resolution. For service-related concerns or check-in issues, we coordinate with our property and internal operations teams, which may include arranging conference calls or providing on-the-ground support, to work toward a prompt resolution.

If the issue cannot be resolved at the booked property, we may offer to shift the Customer to a nearby storefront, subject to Customer consent. If shifting is declined or not feasible, we initiate a refund in accordance with our policy, following the necessary validation and documentation. Cases requiring deeper review are escalated to our resolution and operations teams for investigation and closure. Throughout the process, we provide regular updates to the customer through the same channel from which the complaint was received, until the matter is fully resolved.

## Our Intellectual Property

Our intellectual property is an important component of our business. To establish and protect our proprietary rights, we rely on a combination of trademarks, copyrights, patents and license agreements. ## Data Protection and Privacy

Data protection and privacy is crucial to our business. As a result, we only acquire, process and store information about our Patrons and Customers that is required for operating our business, in compliance with applicable laws on data protection and privacy for regulating the storage, sharing, use, processing, transfer and disclosure of such information. Our protection of personal data is a core part of our strategy to earn Patron and Customer trust in the security of our platform. Our technology and business solutions, software applications and tools are developed based on a “security first” approach.

We have implemented internal policies regarding IT and data security, data privacy and use of cookies, as well as responses to data subject access rights, that are compliant with applicable laws and regulations, including the General Data Protection Regulation in effect in the European Union. These policies and implementations are regularly reviewed and audited by a dedicated team of information security professionals. Our privacy policy specifies the framework for proactive threat detection and prevention, ensuring integrity and validity of data contained in information systems, consistent and secure use of information, efficient and effective recovery from information system disruption and protection of our IT assets, including information, software, configurations and hardware. We have comprehensive programs on responsible disclosures and vulnerability management. Our

information security team, along with third party specialists, conducts regular internal and external security assessments and penetration tests on our applications, cloud infrastructure, workstations, network equipment, following which remedial measures are implemented where necessary.

We use web application firewalls and customized solutions as defensive mechanisms against malicious traffic, hacking and distributed denial of service attempts and encrypt all data during transit using strong cryptographic protocols. We use stringent multi-factor authentication and other security controls in order to control access to and authorized use of personal data or other confidential information. Customer credit and debit card data is stored in a secure vault in compliance with PCI DSS Level 1 and our infrastructure and related processes undergo periodic independent reviews, audits and certification.

## Our Properties

As of the date of this Updated Draft Red Herring Prospectus-I, we operate our offices entirely out of leased premises and do not own the underlying property for any of our offices in India, including our Registered Office. ## Insurance

We face a number of inherent risks in our ordinary course of business such as property damage, work accidents and burglary, which includes hazards that may cause damage and destruction of property. To mitigate such risks, we maintain various insurance policies, including director and officer liability insurance, comprehensive general liability insurance, professional indemnity insurance, cybersecurity insurance, crime insurance and burglary and all risk insurance, covering claims against us and our subsidiaries, branch offices, joint ventures and affiliates, including damages claimed by any person or organization for care, loss of services, or death resulting at any time from bodily vandalism. In addition, we have obtained professional indemnity (error and omission) liability insurance. We believe that the level of insurance we maintain is appropriate for the risks of our business. For risks related to our insurance coverage, see “**Risk Factors – Risks relating to our Company, our Business and Industry – 80. We rely primarily on third-party policies to insure our operations-related risks. The coverage under our insurance policies may be inadequate, which could materially and adversely affect our business, results of operations and financial condition.**” on page 112.

## KEY REGULATIONS AND POLICIES

*The following is an indicative summary of certain relevant industry specific laws, regulations and policies in India which are applicable to our business and operations. The information available in this section has been obtained from publications available in public domain. The description of laws and regulations set out below may not be exhaustive and is only intended to provide general information to the investors and are neither designed nor intended to substitute for professional legal advice. The statements below are based on the current provisions of the Indian law, which are subject to amendments or modification by subsequent legislative actions, regulatory, administrative, quasi-judicial, or judicial decisions. For details, see “**Risk Factors**” beginning on page 31.*

*Under the provisions of various Central Government and State Government statutes and legislations, we are required to obtain and regularly renew certain licenses or registrations and to seek statutory permissions to conduct our business and operations. For details of such licenses and registration that are material and required to be obtained by our Company and Material Subsidiaries, see “**Government and Other Approvals**” beginning on page 1022.*

### ***The Information Technology Act, 2000***

The Information Technology Act, 2000 (the “**IT Act**”) was notified on October 17, 2000 with the aim to provide legal recognition for transactions carried out by means of electronic data interchange and other means of electronic communication commerce or electronic exchange of data or through other electronic means. It was enacted in furtherance of resolution A/RES/51/162 dated January 30, 1997 of the General Assembly of the United Nations, which adopted the ‘Model Law on Electronic Commerce’ adopted by the United Nations Commission on International Trade Law. The IT Act provides recognition to electronic signature, lays down provisions for electronic governance and makes provisions for security measures in relation to electronic records. The Information Technology (Amendment) Act, 2008, which amended the IT Act, recognizes enforceability of contracts concluded through electronic means and empowers the Government of India (“**GoI**”) to make rules to protect intermediaries in respect of third-party information liability and creates liability for failure to protect sensitive personal data and information (“**SPDI**”).

Additionally, the IT Act also empowers the GoI to direct any of its agencies to intercept, monitor or decrypt any information transmitted, received or stored in any computer resource in the interest of sovereignty, integrity, and security of India, among other things. The Information Technology (Procedure and Safeguards for Blocking for Access of Information by Public) Rules, 2009 specifically permit GoI, through a designated officer, to block access of any information generated, transmitted, received, stored or hosted in any computer resource by the public, the reasons for which are required to be recorded by it in writing.

The IT Act prescribes punishment for publishing or transmitting obscene material in electronic form. The IT Act also imposes civil as well as criminal liability for various acts or offences, including, among others, tampering with computer source documents, unauthorized access of a computer system, breach of confidentiality and privacy, disclosing information in breach of a lawful contract, causing damage to a computer system and cyber-terrorism. The IT Act further imposes liability on a body corporate that possesses, deals or handles any SPDI in a computer resource which is owned, controlled, or operated by it and if it is negligent in taking reasonable security measures in relation to such SPDI and causes wrongful loss or wrongful gain to any person, such body corporate shall be liable to pay damages by way of compensation to the person so affected. The provisions of the IT Act have extraterritorial jurisdiction and also apply to offences or contraventions committed outside India, irrespective of nationality, so long as the act or conduct constituting such offence involves a computer, computer system or computer network located in India.

### ***Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Rules, 2021***

The Ministry of Electronics and Information Technology, GoI notified the Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Rules, 2021 (the “**IT Intermediary and Digital Media Rules**”) under the IT Act, 2000, in supersession of the Information Technology (Intermediary Guidelines) Rules, 2011. The IT Intermediary and Digital Media Rules prescribe a framework for the regulation of digital media. They lay down the due diligence obligations of the intermediaries, require intermediaries to prominently publish rules and regulations, privacy policy and user agreement and require intermediaries to inform their users, at least once a year, that in case of a non-compliance with rules and regulations, privacy policy or user agreement for access or usage of the computer resource of such intermediary, they have the right to terminate the access or usage rights of the users to the computer resource immediately or remove non-compliant information or both, as the case may be. In terms of the IT Intermediary and Digital Media Rules, intermediaries are obligated to establish a grievance

redressal mechanism and publish, on their website, mobile based application or both, as the case may be, the name of the grievance officer and his contact details, as well as mechanism by which a user or a victim may make complaint. It further requires intermediaries receiving, storing, transmitting or providing any service with respect to electronic messages to not knowingly host, publish, transmit, select or modify any information prohibited under these IT Intermediaries and Digital Media Rules and to disable hosting, publishing, transmission, selection or modification of such information once they become aware of it.

### ***The Digital Personal Data Protection Act, 2023 and the Digital Personal Data Protection Rules, 2025***

The Data Protection Act, 2023 (the “**DPDP Act**” or the “**Act**”) establishes a comprehensive legal framework for the collection, processing and protection of digital personal data in India. The Ministry of Electronics and Information Technology notified the DPDP Act in the official gazette on August 11, 2023 and Digital Personal Data Protection Rules, 2025 (“**Rules**”) in the official gazette on November 13, 2025. The DPDP Act provides certain obligations for the data fiduciary like obtaining informed consent, ease of withdrawing such consent and file complaints with the Data Protection Board of India (“**DPB**”). The Rules have also introduced ‘consent managers’ who can register with the DPB and act as intermediaries between the data fiduciary and the data principal. Further, the Rules have increased the obligations of the data fiduciary in relation to intimation of breach and reasonable security safeguards, among others. As an e-commerce platform, we collect and process personal data individuals such as consumers, sellers, and employees in the course of our operations, qualifying as a data fiduciary under the Data Protection Act which require strict adherence to the provisions applicable to data fiduciaries as laid down under the Data Protection Act.

The Act provides for the classification of entities processing high volume of personal data as significant data fiduciaries. Significant data fiduciaries are subject to enhanced obligations including the appointment of a data protection officer, an independent data auditor and the conduct of data protection impact assessments. Non-compliance with the Act may result in the imposition of penalties, directions etc.

### ***Draft E-Commerce Policy, 2019 (“2019 Draft Policy”)***

In March 2019, the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, GoI (the “**DPIIT**”) had invited comments from stakeholders and the public on the 2019 Draft Policy. Among other items, the 2019 Draft Policy proposed that measures should be taken to regulate cross-border data flow, establish a level playing field for domestic and foreign e-commerce players, boost sale of domestic products through e-commerce, and generally regulate e-commerce in India. DPIIT is currently working on a revised draft policy.

## **Consumer Laws**

### ***The Consumer Protection Act, 2019***

The Consumer Protection Act, 2019 (the “**Consumer Protection Act**”) was enacted with the aim to provide protection to consumers and facilitate efficient resolution of consumer disputes. It replaced the erstwhile Consumer Protection Act, 1986. The Consumer Protection Act seeks to protect consumers who buy goods or avail services through offline or online transactions. The Consumer Protection Act broadly lists down six consumer rights, which include, among others, the right to be protected against marketing of goods products or services which are hazardous to life and property, right to be informed about quality and standard of goods, products and services in order to protect the consumer against unfair trade practices, right to seek redress against unfair or restrictive trade practices or unscrupulous exploitation of consumers as well as the right to consumer awareness. The scope of unfair trade practices has been expanded to include representations or statements by means of electronic record. The Consumer Protection Act further provides for the establishment of consumer protection councils, a central consumer protection authority, and consumer disputes redress commissions, and lays down scope of powers and responsibilities of all such bodies. It also provides for mediation as an alternate dispute resolution mechanism for the resolution of consumer disputes and makes provisions for the establishment of a consumer mediation cell.

The Consumer Protection Act provides for punishment of offences including non-compliance by any person with directions of the central consumer protection authority, or for false or misleading advertisement or for offences in relation to, among others, the manufacture, sale and storage of adulterants or spurious goods. Offences under the Consumer Protection Act are punishable with fines as well as imprisonment.

### ***The Consumer Protection (E-Commerce) Rules, 2020 and the proposed amendments to the Consumer Protection (E-Commerce) Rules, 2020***

The Consumer Protection (E-commerce) Rules, 2020 (the “**E-commerce Rules**”), enacted on July 23, 2020 pursuant to the Consumer Protection Act, include provisions regulating e-commerce transactions involving goods or services, including the marketing, sale and purchase of such goods or services. The E-Commerce Rules set out obligations for e-commerce entities in relation to consumers and users of e-commerce platforms. The E-commerce Rules prescribe duties of e-commerce entities, liabilities of marketplace e-commerce entities, duties of sellers on marketplace and duties and liabilities of inventory e-commerce entities. The E-Commerce Rules also apply to e-commerce entities which are not established in India but which systematically offer goods or services to consumers in India. The provisions of the Consumer Protection Act apply in respect of any violation of the provisions of the E-Commerce Rules.

The E-Commerce Rules were amended on May 17, 2021 pursuant to which, certain e-commerce entities, including, among others, those which are a company incorporated in India or a foreign company under the Companies Act, 2013, are required to appoint a nodal officer or an alternate senior designated functionary who is resident in India, to ensure compliance with the provisions of the Consumer Protection Act and the rules made pursuant to the Consumer Protection Act.

The Ministry of Consumer Affairs, Food and Public Distribution, Government of India has on June 21, 2021 proposed amendments to the E-Commerce Rules, which, amongst others, imposes new registration requirements for online retailers, mandatory partnering with the national consumer helpline, ban on “specific” flash sales and mandating sharing of information with government agencies. Additionally, the e-commerce entity shall not allow display or promotion of any misleading advertisement or engage in mis-selling of goods on the platform. The rules have also introduced the concept of “fall-back liability”, which says that e-commerce businesses will be held liable in case a seller on their platform fails to deliver goods or services due to negligent conduct, which causes loss to the customer. Additionally, they would be required to share information within 72 hours with government agency which is lawfully authorised for investigative or protective or cyber security activities, for the purposes of verification of identity, or for the prevention, detection, investigation, or prosecution, of offences under any law for the time being in force, or for cyber security incidents. These amendments have not come into force as on the date hereof.

### **Intellectual Property Laws**

Intellectual property in India enjoys protection under both common law and statutes. Under statutes, India provides for patent protection under the Patents Act, 1970, copyright protection under the Copyright Act, 1957 and trademark protection under the Trade Marks Act, 1999. These enactments provide for the protection of intellectual property by imposing civil and criminal liability for infringement. In addition to the domestic laws, India is party to several international intellectual property related instruments including the Patent Cooperation Treaty, 1970, the Paris Convention for the Protection of Industrial Property, 1883, the Berne Convention for the Protection of Literary and Artistic Works, 1886, the Universal Copyright Convention adopted at Geneva in 1952, the International Convention for the Protection of Performers, Producers of Phonograms and Broadcasting Organizations, 1961, and as a member of the World Trade Organization, India also is a signatory to the Agreement on Trade Related aspects of Intellectual Property Rights (“**TRIPS**”).

#### ***Copyright Act, 1957 and the rules thereunder***

The Copyright Act, 1957, along with the Copyright Rules, 2013, (collectively, “**Copyright Laws**”) serve to create property rights for certain kinds of intellectual property, generally called works of authorship. The Copyright Laws protect the legal rights of the creator of an ‘original work’ by preventing others from reproducing the work in any other way. The intellectual property protected under the Copyright Laws includes literary works, dramatic works, musical works, artistic works, cinematography, and sound recordings. The Copyright Laws prescribe fine, imprisonment or both for violations, with enhanced penalty on second or subsequent convictions. While copyright registration is not a prerequisite for acquiring or enforcing a copyright in an otherwise copyrightable work, registration constitutes prima facie evidence of the particulars entered therein. Upon registration, the copyright protection for a work exists for author’s lifetime plus a period of 60 years following the demise of the author. Reproduction of a copyrighted work for sale or hire, issuing of copies to the public, performance or exhibition in public, making a translation of the work, making an adaptation of the work and making a cinematograph film of the work without consent of the owner of the copyright are all acts which expressly amount to an infringement of copyright.

### ***The Patents Act, 1970 (the “Patents Act”)***

The Patents Act governs the patent regime in India. Being a signatory to the TRIPS, India is required to recognize product patents as well as process patents. In addition to the broad requirement that an invention satisfy the requirements of novelty, utility and non-obviousness in order for it to avail patent protection, the Patents Act further provides that patent protection may not be granted to certain specified types of inventions and materials even if they satisfy the above criteria. Section 39 of the Patents Act also prohibits any person resident in India from applying for a patent for an invention outside India without making an application for a patent for the same invention in India. The term of a patent granted under the Patents Act pursuant to Section 53 is for a period of twenty years from the date of filing of the application for the patent. A patent shall cease to have effect if the renewal fee is not paid within the period prescribed for the payment of such renewal fee. Further, the Patents Act also provides for the recognition of product patents in respect of food, medicine and drugs; that import of patented products will not be considered as an infringement; and that under certain circumstances, the burden of proof in case of infringement of process patents may be transferred to the alleged infringer.

### ***The Patent Rules, 2003 (the “Patent Rules”)***

The Patent Rules, 2003 which was last amended vide Patents (Amendment) Rules, 2024 published on March 15, 2024, governs the procedural aspects relating to Patents. The Patents (Amendment) Rules, 2024 make several changes to the patent system, including modifications to the rules regarding pre-grant opposition, statements of working, and definitions related to the adjudication process with an objective to simplify processes for applicants and patentees and expedite disposal.

### ***The Trademarks Act, 1999 (the “Trademarks Act”)***

The Trademarks Act provides for the application and registration of trademarks in India for granting exclusive rights to marks such as a brand, label and heading and obtaining relief in case of infringement. The Trademarks Act also governs the statutory protection of trademarks and also prohibits any registration of deceptively similar trademarks or chemical compounds, among others. Indian law permits the registration of trademarks for both goods and services. It also provides for infringement, falsifying and falsely applying for trademarks. Under the provisions of the Trademarks Act, an application for trademark registration may be made before the Trademark Registry by any person claiming to be the proprietor of a trademark, whether as individual or joint applicants, and can be made on the basis of either actual use or intention to use a trademark in the future. Once granted, a trademark registration is valid for 10 years unless cancelled, subsequent to which, it can be renewed. If not renewed, the mark lapses and the registration is required to be restored. Further, pursuant to the provisions of the Trademark (Amendment) Act, 2010, simultaneous protection of trademark in India and other countries has been made available to owners of Indian and foreign trademarks. The Trademark (Amendment) Act, 2010 also seeks to simplify the law relating to transfer of ownership of trademarks by assignment or transmission and to conform Indian trademark law to international practice.

### ***The Designs Act, 2000 (the “Designs Act”)***

The Design Act, 2000 is an Act to consolidate and amend the law relating to the protection of designs which came into force on May 11, 2001. The Design Act is a complete code in itself and is statutory in nature and protects new or original designs from getting copied which cause loss to the proprietor. The proprietor upon registration gets ‘copyrights in design’ for the period of 10 years from the date of registration which can be renewed for a second period of five years, before the expiration of original period of 10 years. The controller registers a design under this Act after verifying that the design of any person, claiming to be the proprietor, is the new or original design not previously published anywhere in any country and is not against any public policy or morality. Any obvious or fraudulent imitation of a design, which is already registered, without the consent of its proprietor, is unlawful. It also prohibits the import of any material which closely resembles a registered design.

### **Laws relating to employment**

Local shops and establishments’ legislations regulate the working and employment conditions of the workers employed in shops and establishments, including commercial establishments, and provide for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of records, maintenance of shops and establishments and other rights and obligations of the employers and employees. These shops and establishments acts, and the relevant rules framed thereunder, also prescribe penalties in the form of monetary fine or imprisonment for violation of provisions, as well as procedures for appeal in relation to such contravention of the provisions.

The various other labour and employment-related legislations (and rules issued thereunder) that may apply to our operations, from the perspective of protecting the workers' rights and specifying registration, reporting and other compliances, and the requirements that may apply to us as an employer, would include the following: (i) Apprentices Act, 1961; (ii) Payment of Subsistence Allowance Act, 1988 (iii) The Child and Adolescent Labour (Prohibition and Regulation) Act, 1986; (iv) The Labour Welfare Fund Act, 1965; and (v) Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

In order to rationalize and reform labour laws in India, the Government of India has framed four labour codes, which are applicable to the operations of our Company, namely:

1. The Occupational Safety, Health and Working Conditions Code, 2020 received the assent of the President of India on September 28, 2020, and subsumes certain existing legislations, including the Factories Act, 1948, the Contract Labour (Regulation and Abolition) Act, 1970, and the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979. This code provides for, among other things, standards for health, safety and working conditions for employees of establishments, and has come into effect from November 21, 2025.
2. The Industrial Relations Code, 2020 received the assent of the President of India on September 28, 2020, and subsumes three existing legislations, namely, the Industrial Disputes Act, 1947, the Trade Unions Act, 1926 and the Industrial Employment (Standing Orders) Act, 1946. The Industrial Relations Code, 2020 has come into effect from November 21, 2025.
3. The Code on Wages, 2019 received the assent of the President of India on August 8, 2019. Through its notification dated December 18, 2020, the Government of India brought into force certain sections of the Code on Wages, 2019. The remaining provisions of this code have been brought into force from November 21, 2025. It subsumes four separate legislations, namely, the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976.
4. The Code on Social Security, 2020 received the assent of the President of India on September 28, 2020. Through its notification dated April 30, 2021, the Government of India brought into force section 142 of the Code on Social Security, 2020. The remaining provisions of this code has been brought into force from November 21, 2025. It subsumes several separate legislations including the Employee's Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Employment Exchanges (Compulsory Notification of Vacancies) Act, 1959, the Maternity Benefit Act, 1961, and the Payment of Gratuity Act, 1972.

## **Environmental Laws**

The four major statutes/notifications in India which seek to regulate and protect the environment against pollution related activities in India are the Water (Prevention and Control of Pollution) Act 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment Protection Act, 1986, and the Environment Impact Assessment Notification, 2006 each as amended from time to time.

## **Foreign Exchange Laws**

The primary exchange control legislation in India is the Foreign Exchange Management Act, 1999 (the "**FEMA**"). Pursuant to FEMA, the GoI and the RBI have promulgated various regulations, rules, circulars and press notes in connection with various aspects of foreign exchange control.

## **Foreign Investment in India**

The FEMA, the Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 (the "**NDI Rules**") and the Consolidated FDI Policy (effective from October 15, 2020) (the "**FDI Policy**") issued by the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, GoI (the "**DPIIT**"), together govern foreign investment in India. The FDI Policy subsumes and supersedes all press notes/ press releases/ clarifications/ circulars issued by the DPIIT which were in force as of October 15, 2020. The Department of Economic Affairs, Ministry of Finance, Government of India has amended NDI Rules, through the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2024, which were notified on August 16, 2024 with an objective to, *inter-alia*, simplify cross-border share swaps and provide for issuance or transfer of equity instruments of Indian companies in exchange for equity capital of foreign companies, and also to bring clarity on the treatment of downstream investments made by entities which are owned and controlled by overseas citizens of India ("**OCI**"). In addition, the Foreign Exchange Management (Mode of Payment and Reporting of

Non-Debt Instruments) Regulations, 2019 regulate the mode of payment and reporting requirements for investment in India by a person resident outside India.

Under the current FDI Policy (effective October 15, 2020), 100% foreign direct investment in companies engaged in the hotels/hospitality sector as well as those engaged in construction development of hotel projects, is permitted, under the automatic route, i.e., without requiring prior government approval, subject to compliance with certain prescribed conditions.

Subject to the FDI Policy, non-resident entities can invest in India, except in prohibited sectors/ activities. However, in furtherance of Press Note 3 of 2020, dated April 17, 2020 and issued by the DPIIT, as consolidated in the FDI Policy, an entity of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, can only invest with prior approval of the GoI. Moreover, an approval of the GoI will also be required in case of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly resulting in the beneficial ownership falling within the above restriction/ purview.

In accordance with the NDI Rules, the total holding by any individual NRI shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. However, the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

Further, in terms of the Securities and Exchange Board of India (Foreign Portfolio Investors) Regulations, 2019, the investment in Equity Shares by a single FPI or an investor group (which means multiple entities registered as FPIs and directly or indirectly having common ownership of more than 50% or common control) must be below 10% of the post-issue equity share capital. Further, in terms of the NDI Rules, the total holding by each FPI or an investor group shall be below 10% of the total paid-up equity share capital of the Company and the total holdings of all FPIs put together can be up to the sectoral cap applicable to the sector in which our Company operates (i.e., up to 100%), as prescribed under the NDI Rules.

### ***Overseas Investment***

RBI and Ministry of Finance have combined erstwhile Foreign Exchange Management (Transfer or Issue of Foreign Security) Regulations, 2004 and Foreign Exchange Management (Acquisition and Transfer of Immovable Property outside India) Regulations, 2015 into Foreign Exchange Management (Overseas Investment) Regulations, 2022 (“**OI Regulations**”), Foreign Exchange Management (Overseas Investment) Rules, 2022 (“**OI Rules**”) and Foreign Exchange Management (Overseas Investment) Directions, 2022 (“**OI Directions**”).

In terms of the OI Rules, subject to prescribed limits and conditions in the OI Rules and OI Regulations, any overseas investment by a person resident in India is required to be made in a foreign entity which is engaged in “*bona fide* business activity” i.e., directly or through a step-down subsidiary or a special-purpose vehicle. “Overseas Investment” (“**OI**”) has been defined to mean financial commitment and Overseas Portfolio Investment (“**OPI**”) by a person resident in India. “Financial commitment” means the aggregate amount of investment made by a person resident in India by way of Overseas Direct Investment (“**ODI**”), debt other than OPI in a foreign entity or entities in which the ODI is made and the non- fund-based facilities extended by such person to or on behalf of such foreign entity or entities.

“**ODI**” means investment by way of acquisition of unlisted equity capital of a foreign entity, or subscription as a part of the memorandum of association of a foreign entity, or investment in 10%, or more of the paid-up equity capital of a listed foreign entity or investment with control where investment is less than 10% of the paid-up equity capital of a listed foreign entity. Further, where an investment by a person resident in India in the equity capital of a foreign entity is classified as ODI, such investment shall continue to be treated as ODI even if the investment falls to a level below 10% of the paid-up equity capital or such person loses control in the foreign entity. Further, a resident individual is restricted from making or holding in a foreign entity having a subsidiary or step-down subsidiary, where the resident individual has control in the foreign entity. In terms of the OI Rules, for ODI, the total financial commitment made by an Indian entity in all the foreign entities taken together at the time of undertaking such commitment should not exceed 400% of its net worth, as of the last audited balance sheet. Further, any financial commitment by an Indian party in excess of U.S.\$1 billion (or its equivalent) in a financial

year would require prior approval of the RBI even when the total financial commitment of the Indian entity is within the eligible limit under the automatic route.

“OPI” means investments in foreign securities, other than ODI, unlisted debt instruments or any security issued by a person resident in India who is not in an IFSC. Further, a listed Indian company can make OPI by way of reinvestment. Further, in terms of the OI Rules, for OPI, commitment by an Indian entity should not exceed 50% of its net worth as on the date of its last audited balance sheet subject to terms and conditions prescribed under the OPI Rules.

The OI Regulations also provide that a person resident in India who has made a financial commitment in a foreign entity shall not make any further financial commitment towards such foreign entity till any delays in reporting under the OI Regulations are regularized.

## **Competition**

### ***Competition Act, 2002 (the “Competition Act”)***

The Competition Act is an act to prevent practices having adverse effect on competition, to promote and sustain competition in markets, to protect the interests of consumers and to ensure freedom of trade in India. The act deals with prohibition of (i) certain agreements such as anti-competitive agreements and (ii) abuse of dominant position and regulation of combinations. No enterprise or group shall abuse its dominant position in various circumstances as mentioned under the Competition Act. The prima facie duty of the Competition Commission of India (“**Commission**”) is to eliminate practices having adverse effect on competition, promote and sustain competition, protect the interests of consumers and ensure freedom of trade. The Commission shall issue notice to show cause to the parties to combination calling upon them to respond within 15 days in case it is of the opinion that there has been an appreciable adverse effect on competition in India. In case a person fails to comply with the directions of the Commission and Director General (as appointed under Section 16(1) of the Competition Act), he shall be punishable with a fine which may extend to ₹100,000 for each day during such failure subject to maximum of ₹10,000,000, as the Commission may determine.

The Competition Act, 2002 has been amended pursuant to the Competition (Amendment) Act, 2023 published in the Gazette of India on April 11, 2023. The Competition (Amendment) Act, 2023 introduces significant changes to the Competition Act in India. These amendments are being implemented in a phased manner. The Ministry of Corporate Affairs, vide a notification dated September 9, 2024 (“**Notification**”), enforced several provisions of the Amendment Act, effective from September 10, 2024. Further, The Ministry of Corporate Affairs vide separate notifications each dated September 9, 2024 has notified Competition (Minimum Value of Assets or Turnover) Rules, 2024, Competition (Criteria of Combination) Rules, 2024, Competition (Criteria for Exemption of Combination) Rules, 2024, and Competition Commission of India (Combinations) Regulations, 2024.

### ***Report of the Committee on Digital Competition Law, 2024 published on March 12, 2024 (the “Report”)***

The Report targets framing ex-ante regulatory framework for digital markets in India. The Committee has opined that the current ex-post model of regulation under the Competition Act, 2002, by design, involves fact-finding and inquiry processes, which are time-consuming resulting in protracted enforcement proceedings that hinder early detection and redressal. The Committee has accordingly proposed, *inter alia*, the introduction of a Digital Competition Act with ex-ante measures.

## **Taxation laws**

In addition to the aforementioned material legislations which are applicable us, key tax legislations that may be applicable to our operations include:

- a) Income Tax Act, the Income Tax Rules, as amended by the Finance Act in respective years;
- b) Central Goods and Services Tax Act, 2017, Integrated Goods and Services Tax Act, 2017 and the various state-wise legislations made thereunder;
- c) state-wise legislations in relation to professional tax; and
- d) Indian Stamp Act, 1899 and various state-specific legislations made thereunder.

***Other Indian laws***

In addition to the above, we are also governed by the provisions of the Companies Act and rules framed thereunder, fire safety related laws, the Contract Act, 1872, and other applicable laws and regulation imposed by the Central Government and State Governments and other authorities for our day to day business.

## HISTORY AND CERTAIN CORPORATE MATTERS

### Brief History of our Company

Our Company was incorporated as 'Oravel Stays Private Limited' at New Delhi, Delhi, India as a private limited company under the Companies Act, 1956 pursuant to a certificate of incorporation dated February 21, 2012 issued by the Registrar of Companies, National Capital Territory of Delhi and Haryana, at New Delhi. Pursuant to a certificate of registration of regional director order for change of state dated March 15, 2019 issued by the Registrar of Companies, Gujarat located at Ahmedabad, a new corporate identity number was assigned to our Company due to change in registered address of our Company from New Delhi, Delhi, India to Ahmedabad, Gujarat, India. Thereafter, our Company was converted into a public limited company under the Companies Act, 2013, and consequently, the name of our Company was changed to 'Oravel Stays Limited' with a fresh certificate of incorporation dated September 14, 2021 issued to our Company by the RoC.

### Changes in the registered office of our Company

Except as disclosed below, there has been no change in the registered office of our Company since its incorporation.

| Date of change of registered office | Details of change of registered office                                                                                                                                                                                             | Reasons for change        |

***Acquisition of OYO Vacation Homes Holding B.V., then known as @Leisure Holding B.V.***

Pursuant to a sale and purchase agreement dated May 1, 2019 entered into among Axel Springer Digital Classified Holding GmbH, D.E. Holding B.V., ALM Holding S.A R. L., our Company and our Subsidiary, OYO Hospitality Netherlands B.V. (“**Leisure SPA**”), OYO Hospitality Netherlands B.V. acquired, among other things, 100% of the then issued and outstanding shares in the capital of OYO Vacation Homes Holding B.V. (formerly known as @Leisure Holding B.V.) (“**OVHHB**”) for an aggregate consideration of ₹25,985.60 million. A settlement agreement dated October 1, 2019 was entered into among Axel Springer Digital Classified Holding GmbH, D.E. Holding B.V., ALM Holding S.A R.L., our Company and OYO Hospitality Netherlands B.V., among others, to give effect to the transactions contemplated under the Leisure SPA.

***Summarized information about valuation***

In connection with the acquisition of OVHHB pursuant to the Sale and Purchase Agreement, our Company had received a purchase price allocation report dated January 30, 2020 issued by KPMG India Private Limited (“**OVHHB Valuer**”). The OVHHB Valuer had used internationally accepted purchase price allocation methodologies especially the royalty method. As per the OVHHB purchase price allocation report, the fair value of OVHHB’s Belvilla brand was EUR 60.30 million, the fair value of OVHHB’s Dancenter brand was EUR 30.20 million and the fair value of OVHHB’s Traum brand was EUR 18.50 million

Neither the Promoters nor any of the Directors of OYO Hospitality Netherlands B.V. have any relationship with the abovementioned sellers.

***Acquisition of MyPreferred Transformation and Hospitality Private Limited***

Pursuant to a transfer and exit agreement dated March 6, 2021 entered into among our Company, MyPreferred Transformation and Hospitality Private Limited (“**MTHPL**”) and SB Topaz (Cayman) Limited (“**SB Topaz**” and such agreement, “**Transfer and Exit Agreement**”), our Company acquired 1,247,500 equity shares of MTHPL from SB Topaz for an aggregate consideration of ₹4,082.85 million. The Transfer and Exit Agreement terminated the share subscription agreement dated February 6, 2019 entered into among our Company, MTHPL and SB Topaz (“**Mypreferred SSA**”), the shareholders’ agreement dated February 6, 2019 among our Company, MTHPL and SB Topaz (“**Mypreferred SHA**”), and certain other commercial agreements. Pursuant to the Mypreferred SSA and Mypreferred SHA, MTHPL was a joint venture of the Company. However, subsequent to acquisition of equity shares of MTHPL by our Company from SB Topaz, MTHPL became a subsidiary of the Company. For further details on MTHPL, see “**Our Subsidiaries and Joint Ventures –Our Subsidiaries**” on page 507.

In recognition of purchase of equity shares of MTHPL from SB Topaz, our Company pursuant to an indemnification agreement dated March 10, 2021 (“**Indemnification Agreement**”), entered into by and among the parties to the Transfer and Exit Agreement and certain identified SB Topaz nominated directors, has agreed to, jointly and severally along with MTHPL, indemnify, defend and hold harmless, among others, SB Topaz and its affiliates, partners, managers, directors, employees, agents, successors and assigns for any losses or liabilities arising out of, among others, the management and operation of the MTHPL, SB Topaz’s investment in, shareholding of, relationship with MTHPL or any of its affiliates for any reason attributable to MTHPL and/or the Company. The aggregate liability of the MTHPL and/or the Company towards SB Topaz is limited to the transfer price under the Transfer and Exit Agreement subject to certain exceptions. See “**Our Subsidiaries and Joint Ventures- MyPreferred Transformation and Hospitality Private Limited**” on page 509.

***Summarized information about valuation***

In connection with the acquisition of MTHPL pursuant to the Transfer and Exit Agreement, Mypreferred SSA and Mypreferred SPA, our Company has received valuation report dated February 28, 2021 issued by Tipsons Consultancy Services Private Limited, a registered valuer (registration number INM000011849) (“**MTHPL**

**Valuer**”). The MTHPL Valuer has used internationally accepted valuation methodologies especially the Net Asset Value methodology. As per the MTHPL Valuation Report, the equity valuation of MTHPL has been determined at ₹ 3,261.46 per equity share.

Except as disclosed below, neither our Promoters nor any of our Directors have any relationship with the above-mentioned sellers:

SB Topaz is indirectly wholly owned by SoftBank Group Corp (“**SBG**”) which is an affiliate of SVF India and SVF UK, as SBG is a limited partner in SoftBank Vision Fund LP (“**SVF**”) and owner of the manager of SVF.

***Acquisition of OYO Mypreferred Hospitality UK Limited***

Pursuant to a transfer and exit agreement dated March 6, 2021 entered into among Oravel Stays Singapore Pte. Ltd. (“**OYO Singapore**”), OYO Mypreferred Hospitality UK Limited (“**OMHUL**”) and SB Holdings (Cayman) Limited (“**SB Cayman**”) and such agreement, “**Global Transfer and Exit Agreement**”), acquired 6,250,000 equity shares of OMHUL from SB Cayman for an aggregate consideration of ₹ 3,728.52 million. The Global Transfer and Exit Agreement terminated the share subscription agreement dated June 24, 2019 entered into among OYO Singapore, OMHUL and SB Cayman (“**Global Mypreferred SSA**”), the shareholders’ agreement dated July 9, 2019 among OYO Singapore, OMHUL and SB Cayman (“**Global Mypreferred SHA**”), the IP license agreement dated July 17, 2019 entered into among the Company, OYO Singapore and OMHUL, master framework agreement dated July 17, 2019 entered into between OYO Singapore and OMHUL and certain other commercial agreements. Pursuant to the Global Mypreferred SSA and Global Mypreferred SHA, OMHUL was a joint venture of OYO Singapore. However, subsequent to acquisition of equity shares of OMHUL by OYO Singapore from SB Cayman, OMHUL became a subsidiary of OYO Singapore. For further details on OMHUL, see “**Our Subsidiaries and Joint Ventures -Our Subsidiaries**” on page 507.

In recognition of purchase of equity shares of OMHUL from SB Cayman, OYO Singapore pursuant to an indemnification agreement dated March 10, 2021 (“**Global Indemnification Agreement**”), entered into by and among the parties to the Global Transfer and Exit Agreement and one identified SB Cayman nominated director has agreed to, jointly and severally along with OMHUL, indemnify, defend and hold harmless, among others, SB Cayman and its affiliates, partners, managers, directors, employees, agents, successors and assigns for any losses or liabilities arising out of, among others, the management and operation of OMHUL, SB Cayman’s investment in, shareholding of, relationship with OMHUL or any of its affiliates. The aggregate liability of the OMHUL and/or OYO Singapore towards SB Cayman is limited to the transfer price under the Global Transfer and Exit Agreement subject to certain exceptions.

***Summarized information about valuation***

A valuation report was not required to be obtained in relation to the above transaction under the local jurisdiction of OYO Singapore.

Except as disclosed below, neither our Promoters nor any of our Directors have any relationship with the above-mentioned sellers:

SB Cayman is the parent company of SB Topaz and is indirectly wholly owned by SoftBank Group Corp (“**SBG**”) which is an affiliate of SVF India and SVF UK, as SBG is a limited partner in SoftBank Vision Fund LP (“**SVF**”) and owner of the manager of SVF.

***Scheme of arrangement to transfer and vest the Indian hotel business of our Company to OHHPL***

Our Company filed a scheme of arrangement (“**OHHPL Demerger Scheme**”) under Sections 230 to 232 and other applicable provisions of the Companies Act for transfer and vesting of the Indian hotel business of our Company to OHHPL. The OHHPL Demerger Scheme was approved by our Board and our Shareholders on February 21, 2019 and May 21, 2019, respectively.

The OHHPL Demerger Scheme was approved by the National Company Law Tribunal, Ahmedabad Bench, at Ahmedabad pursuant to its order dated September 26, 2019 (“**NCLT Order**”). The appointed date of the OHHPL Demerger Scheme was January 1, 2018. As of the effective date of the OHHPL Demerger Scheme i.e., November 1, 2019 (being the date on which the NCLT Order was filed with the relevant registrar of companies (“**Effective Date**”), the business of our Company in respect of hotels, accommodations, guest houses, motels, holiday resorts, co-working spaces short-stay accommodation and other similar accommodation in India (but excluding the

activity of holding, investing, promoting, and nurturing the business and allied activities in overseas companies held through our Company's investment in Oravel Stays Singapore Pte. Ltd.) was transferred to OHHPL on a going concern basis. In accordance with the OHHPL Demerger Scheme, the shareholders of our Company became entitled to receive shares of OHHPL in the following ratio:

- One equity share of ₹10 each of OHHPL for one equity share of ₹10 each in our Company;
- One compulsory convertible preference share of ₹10 each of OHHPL, having terms *mutatis mutandis* with the terms of the compulsory convertible preference shares issued by our Company for every one Series A CCPS of ₹10 each held in our Company; and
- One compulsory convertible preference share of ₹100 each of OHHPL, having terms *mutatis mutandis* with the terms of the compulsory convertible preference shares issued by our Company (Series A1 to Series E) for every one Series A1 CCCPS to Series E CCCPS of ₹100 each held in our Company.

Pursuant to the OHHPL Demerger Scheme, the then issued share capital of our Company, held by the Oravel Employee Welfare Trust, was reduced by 6,720 equity shares. For further details, see “**Capital Structure –Notes to Capital Structure –Share capital history of our Company**” beginning on page 153.

#### *Summarized information about valuation*

In connection with the acquisition of Oyo Hotels and Homes Private Limited pursuant to the scheme of arrangement, our Company has received valuation report dated December 31, 2019 issued by Tipsons Consultancy Services Private Limited, a registered valuer (registration number INM000011849) (“**Tipsons Valuer**”). The Tipsons Valuer has used internationally accepted valuation methodologies, especially the discounted cash flow method under the income approach. As per the Tipsons Valuation Report, the equity valuation of OHHPL has been determined at ₹ 2,326 per share.

#### *Acquisition of K & J Consulting and its subsidiaries*

Pursuant to a share purchase agreement dated July 29, 2024 (“**Share Purchase Agreement**”), entered into among Julien Madar, Kevin Cohen, Joffrey Ichbia, Foncière Victor Hugo, Cyril Madar, Michael Fratty, KC Holding and JI Holding (collectively referred to as “**Sellers**”); and our Company as the purchaser; and K&J Consulting to acquire 100% of the total share capital of K & J Consulting and its subsidiaries (K&J Consulting together with its subsidiaries, “**CMG**”); and subsequent amendments to the Share Purchase Agreement dated September 23, 2024 and June 15, 2026 (“**Amendment Agreements**”), entered into among the Sellers, Five Stars Capital S.C.A. (“**Assignee**”), Jordan Setti, Charlotte Denoun and Thibaut Kolmann (“**Other Security Holders**”); our Company and OYO Singapore as additional purchaser, and K&J Consulting, our Company and OYO Singapore acquired 86.66% and 13.34%, respectively, of the total share capital of CMG. The equity value of the CMG was EUR 84,158,320.00, wherein an upfront consideration was of EUR 36,326,656.00 (“**Upfront Consideration**”) and the balance consideration is payable in accordance with the deferred consideration structure set out in the Amendment Agreement dated September 23, 2024 (“**Deferred Consideration**”).

As part of the Upfront Consideration component, EUR 11,000,000.00 was paid in cash on September 23, 2024 by OYO Singapore and the remaining EUR 25,326,656.00 (equivalent to USD 12,287,619.66, based on the conversion rate, as applicable at the time) was paid by issuing 79,284,312 preference shares of face value of ₹10.00 each of the Company at the share price of ₹29.00 per CCCPS collectively to the Assignee and Other Security Holders on September 23, 2024. For further details in relation to such allotment of preference shares, please see “**Capital Structure – Notes to Capital Structure – Share Capital History of our Company - History of Preference Share Capital of our Company**” on page 209 of this Updated Draft Red Herring Prospectus- I.

Further, the Deferred Consideration is divided into three parts: (i) an amount equal to EUR 2,915,832.00 is to be paid on the first anniversary of the Completion Date i.e., September 26, 2025, which, net of adjustments, was EUR 2,349,778.00 and was paid in cash on December 9, 2025 by OYO Singapore; (ii) an amount equal to EUR 2,915,832.00 is to be paid on the second anniversary of the Completion Date, i.e., September 26, 2026, which amount, subject to adjustments, if any, shall be paid in cash on or before September 26, 2026 by our Company and (iii) at any time after the Completion Date, i.e., September 26, 2024 and on or before the second anniversary of the Completion Date, our Company shall, at its option, either pay, in cash, to the Assignee and Other Security Holders, a total amount of EUR 84,000,000.00 or issue 131,496,556 preference shares of the Company at the share price of ₹29.00 per preference share, subject to any adjustments upon conversion to Equity Shares of the Company, required in relation to any corporate actions undertaken by our Company (including any bonus issues).

The Share Purchase Agreement also involves an earn-out consideration equivalent to 50% of the EBITDA for the period starting on January 1, 2024 and ending on June 30, 2024, capped at EUR 1,000,000.00, subject to certain conditions therein. This amount was payable partly in cash, up to EUR 350,000 and partly in our Company's preference shares, up to the earn-out stock value (as defined in the Share Purchase Agreement), subject to achievement of relevant targets. Based on the EBITDA achieved for the period from January 1, 2024 to June 30, 2024, OYO Singapore paid an amount equivalent to 50% of such EBITDA, i.e., EUR 301,047.00, in cash on December 12, 2025, thereby fully discharging all its obligations towards payment of earn-out consideration. Also see "*Our Subsidiaries and Joint Ventures- K & J Consulting*" on page 511 of this Updated Draft Red Herring Prospectus- I.

The founders of CMG are also entitled to receive additional performance-based preference shares of our Company, issued at a price of ₹29.00 per share, based on the consolidated revenue or EBITDA performance of CMG for the twelve-month periods ending on December 31, 2025 and December 31, 2026, in accordance with the terms of the Share Purchase Agreement. Pursuant to the Amendment Agreement dated June 15, 2026 to the Share Purchase Agreement, the Parties have mutually agreed that any additional performance based earn-out to be paid by our Company for the periods ending on December 31, 2025 and December 31, 2026 will be paid in cash and not through issuance of preference shares of our Company.

In addition, the Share Purchase Agreement provides a put option (exercisable during the period commencing on the second anniversary and ending on the third anniversary of the Completion Date) in favour of the Assignee in respect of the preference shares issued as part of the Upfront Consideration at the original price and a corresponding call option (exercisable during the period commencing 18 months from the Completion Date and the second anniversary of the Completion Date) in favour of our Company in respect of the preference shares of our Company issued as part of the Upfront Consideration at the original price plus 20% increment to the original price. These options allow (i) the Assignee to require our Company or any third party nominee to purchase preference shares having an aggregate value not exceeding EUR 15,000,000.00, or (ii) our Company or any third party nominee to require the Assignee to sell preference shares having an aggregate value not exceeding EUR 15,000,000.00. However, by way of letter dated January 28, 2026 the Assignee has irrevocably terminated with immediate effect, the put and call option, in accordance with the terms of the Share Purchase Agreement, as amended by the Amendment Agreements.

In furtherance to the above and in accordance with the terms of the Share Purchase Agreement read with the Amendment Agreements, our Company has allotted 131,496,556 CCCPS of face value of ₹10.00 each, at a price of ₹29.00 per CCCPS, subject to any adjustments upon conversion to Equity Shares of our Company, required in relation to any corporate actions undertaken by our Company (including any bonus issues), amounting to ₹3,813,400,124 which will result in a maximum of 277,457,731 Equity Shares upon conversion, towards such Deferred Consideration, to Five Stars Capital SCA, Jordon Setti, Charlotte Denoun and Thibaut Kolmann pursuant to a resolution passed by the fund raising committee dated May 20, 2026.

The details of consideration/payments under the Share Purchase Agreement, as amended pursuant to the Amendment Agreements are set forth below:

| Type of consideration  | Amount/Number of preference shares and details of allotment                                         | Payment mode       | Date of payment/Allotment | Status                                     |
|------------------------|-----------------------------------------------------------------------------------------------------|--------------------|---------------------------|--------------------------------------------|
| Upfront Consideration  | EUR 11,000,000.00 paid by OYO Singapore                                                             | Cash               | September 23, 2024        | Completed                                  |
|                        | 79,284,312 CCCPS of face value of ₹10.00 each of the Company at the share price of ₹29.00 per CCCPS | Allotment of CCCPS | September 23, 2024        | Completed                                  |
| Deferred Consideration | EUR 2,915,832.00 (which, net of adjustments, was EUR 2,349,778.00) paid by OYO Singapore            | Cash               | December 9, 2025          | Completed                                  |
|                        | EUR 2,915,832.00 (subject to adjustments, if any) to be paid by our Company                         | Cash               | -                         | To be paid on or before September 26, 2026 |
|                        | 131,496,556 CCCPS of face value of ₹10.00 each of the Company at the share price of                 | Allotment of CCCPS | May 20, 2026              | Completed                                  |

| Type of consideration                                                               | Amount/Number of preference shares and details of allotment                                                                             | Payment mode | Date of payment/Allotment | Status                                                                                                                                                                                                                                                         |
|-------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|--------------|---------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                                                                     | ₹29.00 per CCCPS (subject to adjustments for corporate actions)                                                                         |              |                           |                                                                                                                                                                                                                                                                |
| Earn-out consideration                                                              | Capped at EUR 1,000,000.00 (based on achievement of relevant EBITDA targets, an amount of EUR 301,047.00 was paid by OYO Singapore)     | Cash         | December 12, 2025         | Completed                                                                                                                                                                                                                                                      |
| Performance-based earn-out consideration for the period ending on December 31, 2025 | EUR 2,500,000.00 (based on achievement of relevant EBITDA target for the period ending December 31, 2025) to be paid by our Company     | Cash         | -                         | To be paid within 15 business days of the Amendment Agreement dated June 15, 2026                                                                                                                                                                              |
| Performance-based earn-out consideration for the period ending on December 31, 2026 | EUR 5,000,000.00 (subject to achievement of relevant performance targets for period ending December 31, 2026) to be paid by our Company | Cash         | -                         | To be paid, if required, within 15 business days of the date on which the earn-out cash amount (as defined in the Amendment Agreement dated June 15, 2026) becomes final and binding, in accordance with the terms of the Share Purchase Agreement, as amended |

#### *Summarized information about valuation*

Neither our Promoters nor any of our Directors have any relationship with the sellers.

### ***Acquisition of Key Flickers Pty Ltd, Australia***

Pursuant to a share purchase agreement dated May 2, 2025, read with amendment agreement dated June 1, 2025 and a second amendment agreement dated June 12, 2026 (“**SPA**”), entered into by and amongst Schwaighofer Holdings Pty Ltd, Bethunin Holdings Pty Ltd. (as the trustee for the Bethunin Family Trust), Commencer Capital Emerging Companies Fund, LP, Daryl Smith (trustee for the DJRI Smith Family Trust), Daryl Smith, Rolf Hansen, Arnage Ventures GmbH, Brian Richard O’Farrell (trustee for the O’Farrell Family Trust), Simon Lehmann, Vaun Capital Pty Ltd (collectively referred to as “**Sellers**”); Commencer Capital Emerging Companies Fund, LP, Arnage Ventures GmbH (collectively referred to as “**Note Holders**”); Commencer Capital Emerging Companies Fund, LP (the “**Warrant Holder**”), our Company (the “**Buyer**”) and Key Flickers Pty Ltd (“**KFPL**”), the Buyer acquired 100% of the total shareholding of KFPL for a purchase price apportioned between cash and shares aggregating to AUD 60,000,000 (“**Headline Purchase Price**”), including (i) an amount of AUD 15,000,000 (the “**Cash Completion Amount**”) paid by our Company on July 2, 2025; (ii) an aggregate of 2,858,082 Equity Shares of our Company with reference value of AUD 3,000,000 (“**Upfront Shares**”) issued by our Company on July 3, 2025 (“**Completion Date**”); (iii) deferred consideration of AUD 15,000,000 payable by our Company, in cash, on or before the second anniversary of the Completion Date in the manner set out in the SPA, which has been reduced to AUD 11,250,000 pursuant to the second amendment dated June 12, 2026 (“**Deferred Consideration**”); and (iv) a sum of AUD 27,000,000 divided into two parts: (i) AU Earnout for a sum of AUD 12,000,000 (“**AU Earnout**”) payable in accordance with the SPA; and (ii) US Earnout for a sum of AUD 15,000,000 (“**US Earnout**”) in two tranches payable in accordance with the SPA (collectively the “**Earnouts**”). The Earnout consideration may, at the discretion of the Company, be settled either in cash or by way of issuance of equity shares of the Company equivalent to the relevant cash consideration, in accordance with the SPA. Pursuant to the second amendment agreement dated June 12, 2026, our Company will settle the Deferred Consideration by way of cash consideration only. Additionally, the Company has decided that, any Earnouts that may be required to be paid under the SPA will be paid only in cash consideration instead of Equity Shares. Also see “**Our Subsidiaries and Joint Ventures- Key Flickers Pty. Ltd.**” on page 511.

#### *Summarized information about valuation*

In connection with the acquisition of KFPL pursuant to the SPA, our Company received a valuation report dated June 10, 2025 issued by 3Dimesnion Capital Services Limited, a registered valuer (registration number INM000012528) (“**KFPL Valuer**”). The KFPL Valuer has used internationally accepted valuation methodologies especially the discounted cash flow method. As per the valuation report, the equity valuation of KFPL was estimated at a fair value of AUD 33.04 per equity share.

Neither our Promoters nor any of our Directors have any relationship with the Sellers.

**Other than the material acquisitions, as mentioned above, our Company also made the following acquisitions in the last 10 years immediately preceding the date of this Updated Draft Red Herring Prospectus-I.**

***Acquisition of intellectual property assets of Danamica ApS***

Pursuant to a business transfer agreement dated August 26, 2019 entered into among Danamica ApS (“**Danamica**”), Sudo Holding ApS, Watermelon ApS, Mads Westberg, Rune Larsen, and International Travel and Hospitality Services SG Pte. Ltd. (formerly known as *OYO Hotels Singapore Pte. Ltd*) and amendment agreements dated September 2, 2019 and November 11, 2019, Danamica assigned all its rights, title and interest in and to the intellectual property assets used in the business of business intelligence and pricing advice and applications enabling vacation and rental agencies to increase the booking revenue and homeowner growth/retention operated by Danamica and certain identified employees of Danamica pertaining to such business to International Travel and Hospitality Services SG Pte. Ltd. (formerly known as *OYO Hotels Singapore Pte. Ltd*) for an aggregate consideration of ₹57.55 million (DKK 5,222,000).

***Acquisition of holiday homes tour operator business from E-Domizil GmbH***

Pursuant to a sale and purchase agreement dated January 17, 2020 and amendment agreement dated June 5, 2020 entered into between OYO Vacation Homes Holding BV (“**OVHBB**”) and E-Domizil GmbH, OVHBB agreed to purchase all the interest of E-Domizil GmbH in Wolters Ferienhaus HH GmbH & Co. KG and all shares of E-Domizil GmbH in Wolters Ferienhaus GmbH holding the holiday homes tour operator business of TUI AG (“**Target Business**”). Pursuant to a share purchase agreement dated February 5, 2019, as amended by letter agreement dated February 5, 2019, entered into among our Company, Innov8 Inc. (“**Innov8**”), Ritesh Malik, Sumit Ranka, Y Combinator Investments LLC Series S16 and the holders of employee stock options of Innov8 (“**Innov8 SPA**”), our Company agreed to acquire Innov8, GISPL and Supreme Sai Construction and Developers LLP. Our Company assigned its right to complete the transaction as set out in the Innov8 SPA to OYO Rooms and Hospitality UK Limited (“**ORHUL**”) pursuant to a deed of adherence dated March 8, 2019 and ORHUL acquired the share capital of Innov8 for an aggregate consideration of ₹1,604 million.

***Acquisition of Direct Booker d.o.o. za turizam i usluge, putnicka agencija (“Direct Booker”)***

Pursuant to sale and purchase agreement dated February 3, 2022 (“**Direct Booker SPA**”) and a share transfer agreement dated February 10, 2022 entered into among Nino Dubretic and Nikola Grubelic and OYO Vacation Homes Holding BV (“**OVHBB**”), OVHBB, one of our Subsidiaries purchased the entire share capital of Direct Booker from Nino Dubretic and Nikola Grubelic (together, the “**Sellers**”) for an aggregate up front consideration of EUR 3,000,000 subject to customary net working capital adjustments. In addition, the Sellers were also entitled to a deferred consideration of EUR 1,000,000 payable over a period of twenty-four (24) months. OVHBB was required to, among other things, provide Sellers and Ivan Bogojce, one of the key employees of Direct Booker, an opportunity to participate in the ESOP Scheme of the Company. The Company subsequently issued stock options of a value equivalent to EUR 500,000 to the Sellers and Ivan Bogojce.

***Acquisition of Lugos B.V.***

Pursuant to share purchase agreement dated April 21, 2022, entered into among Sven Van Den Broek, Liesbet Van Alsenoy and OYO Hotels Netherlands B.V. (“**Lugos SPA**”), OYO Hotels Netherlands B.V. acquired, among other things, 100% of the issued and outstanding shares of Lugos B.V. for an aggregate initial consideration of EUR 783,565 subject to certain post-closing adjustments. In addition, the sellers are also entitled to a deferred consideration of EUR 50,000 and a cash earn out of up to EUR 300,000 over a period of four years subject to certain conditions. In accordance with the terms of the Lugos SPA, the Company also issued performance-based stock options worth EUR 1,200,000 to Sven Van Den Broek and Thierry De Marre, who were appointed as directors of Lugos B.V. by the shareholders of OYO Hotels Netherlands B.V.

***Acquisition of Bornholmske Feriehuse ApS***

Pursuant to a share purchase agreement dated July 25, 2022, entered into among Familie Ferie Bornholm ApS, Rasmus Richter Lund, Jacob Due Lund and one of our Subsidiaries, Dancenter A/S (“**DA**”), DA acquired 100% of the total share capital of Bornholmske Feriehuse ApS (“**Bornholmske**”), a company engaged in the business of vacation rental

management of holiday homes in Denmark for an upfront consideration of DKK 31,000,000, a deferred consideration of DKK 22,500,000 and an annual earn-out consideration, each subject to certain conditions.

#### ***Acquisition of GMFB BV***

Pursuant to a share purchase agreement dated March 12, 2026, as amended by addendums dated March 27, 2026 and June 8, 2026, entered into between Willem Van Der Stock (the “**Seller**”) and one of our Subsidiaries OYO Hotels Netherlands B.V. (“**Purchaser**”), and such share purchase agreement along with the subsequent addendums, “**GMFB SPA**”), the Purchaser acquired the entire share capital of GMFB BV from the Seller for a total consideration comprising (i) an initial fixed consideration of EUR 2,000,000 (to be paid partly in cash, and partly in stock options, at closing); (ii) a deferred fixed consideration of EUR 500,000 (to be paid partly in cash, and partly in stock options, on the first anniversary of the closing date), (iii) first tranche of performance-based earn-out consideration of up to EUR 900,000 (to be paid partly in cash, and partly in stock options, on the first anniversary of the closing date); and (iv) second tranche of the performance-based earn-out consideration to be determined in accordance with the GMFB SPA and paid upon completion of the second anniversary of the closing date, in each case subject to conditions and requirements set out in the GMFB SPA. As part of the total consideration to be paid, in addition to the cash payable, the Company shall issue stock options in accordance with the ESOP Scheme aggregating up to an amount of EUR 1,200,000, to the Seller in various tranches as set out above.

#### ***Acquisition of Vatika Business Centres Private Limited***

Pursuant to the share purchase agreement dated June 8, 2026 (“**Vatika SPA**”) entered into among Innov8 Workspaces India Limited (“**Purchaser**”), Vatika Hotels Private Limited (“**Seller**”) and Vatika Business Centres Private Limited (“**VBC**”), the Purchaser agreed to purchase the entire share capital of VBC from the Seller for a purchase consideration derived from the enterprise value of VBC i.e., ₹ 270.00 million as per the terms of the Vatika SPA, comprising of an upfront consideration of 80% of the total purchase consideration payable at the closing date i.e., June 18, 2026 and a deferred consideration of 20% of the total purchase consideration payable three months from the closing date. Accordingly, the Purchaser has paid ₹ 102.00 million on the closing date. In addition, a brand license agreement dated June 8, 2026, was entered into between the Seller and Purchaser pursuant to which the Seller agreed to grant an exclusive, non-transferable license during the 12 month period from the date of the said agreement and royalty free license to use the trademarks of Vatika Business Centre in connection with its business centres.

***Acquisition of Hansa Hotel Köln-Hürth Betriebsgesellschaft mbH , HH7 Hotelbetriebs- und Management GmbH, RESIDENCE Hotelbetriebsgesellschaft mbH, THR Thüringer Wald Betriebs- und Management GmbH, THR X Niederrhein Hotelbetriebs – und Beteiligungsgesellschaft mbH, Treff Hotel Europa Betriebs-GmbH, TREFF Residenz-Hotel-Tagungszentrum Kassel Betriebsgesellschaft mbH, Hansa Hotel Halle Betriebsgesellschaft mbH, Hansa-Hotel Schloß Brühl Betriebs-GmbH, Hotels by HR Flensburg GmbH, Hotels by HR München-Airport GmbH, Hotels by HR Neustadt-Glewe GmbH, Centro Hotel Boutique 102 GmbH, Treff Landhotel Nurnberg Betriebsgesellschaft mbH, Hotels by HR Berlin-Siemensstadt GmbH, Hotels by HR Garmisch-Partenkirchen GmbH, Hotels by HR Zweite Leipzig GmbH, Hotels by HR Frankfurt-Airport GmbH, Hotels by HR Zweite Flensburg GmbH, Hotels by HR Augsburg GmbH, Hotels by HR Sulzbach GmbH, Fewotel Vacation Residences Operating Management Company LLC and Treff Parkhotel Bad Soden am Taunus GmbH (collectively “Target Companies”)***

Pursuant to the Investment Agreement dated June 16, 2026 read with the first amendment agreement dated June 25, 2026 (“**Belvilla Investment Agreement**”), entered into between one of our Subsidiaries, Belvilla Deutschland GMBH (“**Purchaser**”), Torsten Martini, Lucas Flother (together “**Sellers**”) and the Target Companies, the Purchaser has agreed to acquire the business, operations and 100% shareholding of each of the Target Companies, which together operate 24 hotel properties across Germany, through a statutory insolvency process under the German insolvency law, for an aggregate investment consideration of EUR 5,823,941 (“**Total Consideration**”) payable in three tranches, i.e., 10% of the Total Consideration on signing of the Belvilla Investment Agreement, 20% of the Total Investment before the first hearing of the insolvency proceedings and the remaining balance of the Total Consideration has been linked to the filing, hearing, and cut-off date milestones of each of the Target Company's insolvency plan, respectively. As on the date of this Updated Draft Red Herring Prospectus-I, the insolvency plans of the Target Companies are pending confirmation from the court. Additionally, the applicable antitrust approvals in respect of the acquisition are pending. Accordingly, the closing of the Belvilla Investment Agreement is not yet completed and the acquisition of the Target Companies is yet to be completed.

| 2.                                                                                                                                                                                                                    | Acquisition of MyPreferred Transformation and Hospitality Private Limited                                                | March 10, 2021                                                 | MyPreferred Transformation and Hospitality Private Limited ("MTHPL") was a joint venture between our Company and SB Topaz (Cayman) Limited ("SBG"), established for the purposes of Our Company's capital expenditure activities in India. The acquisition of SBG's stake was undertaken to consolidate the Company's ownership of MTHPL and simplify the corporate structure.                                                                                                                                                                                                                                                                                                                                                                           | Yes                      |          | -                                                                                                                                                                                                                                                                                 |
| 3.                                                                                                                                                                                                                    | Acquisition of OYO Mypreferred Hospitality UK Limited                                                                    | March 10, 2021                                                 | OYO Mypreferred Hospitality UK Limited ("OMHUL") was a joint venture between OYO Singapore and SBG, established for the purposes of our Company's capital expenditure activities globally. The acquisition of SBG's stake was undertaken to consolidate our Company's ownership of OMHUL and simplify the corporate structure.                                                                                                                                                                                                                                                                                                                                                                                                                           | No                       |          | The acquisition consideration was arrived at, on an arm's length basis, through commercial negotiations, taking into account, inter alia, the net asset value of OMHUL including restricted cash balances held in the entity, and SBG's aggregate accumulated margin entitlement. |
| 4.                                                                                                                                                                                                                    | Scheme of arrangement to transfer and vest the Indian hotel business of our Company to OHHPL                             | March 22, 2019                                                 | The scheme of arrangement was undertaken to segregate our Company's Indian hotel business and its technology business into separate entities, enabling each business to operate and grow independently with focused management. Our Company's technology products had matured into independently marketable products and attained significant size and scale, making it a prerequisite to have the businesses structured under separate entities with distinct operations and revenue models. The Indian hotel business was transferred to OYO Hotels and Homes Private Limited (formerly Alcott Town Planners Private Limited), a wholly-owned subsidiary, while our Company retained the technology business, brand ownership and overseas operations. | Not applicable           |          | The transfer was effected pursuant to a Scheme of Arrangement under Sections 230 to 232 of the Companies Act, 2013, approved by the Board on February 21, 2019, by the Shareholders on May 21, 2019, and sanctioned by the NCLT.                                                  |
| 5.                                                                                                                                                                                                                    | Acquisition of K & J Consulting and its subsidiaries                                                                     | July 29, 2024                                                  | The acquisition was undertaken to expand our Company's presence in the urban homes accommodation segment in Europe. At the time of the acquisition, CheckMyGuest was a design-led aparthotel brand in France. The acquisition provided our Company with capabilities in property management, design and renovation, and institutional supply partnerships, complementing our Company's existing European holiday homes business which was primarily focused on countryside properties. The acquisition also provided a platform for expansion into other major European cities.                                                                                                                                                                          | Yes                      |          | -                                                                                                                                                                                                                                                                                 |

| 10.    | Acquisition of Weddingz business from L-Fast Brands Private Limited                          | Not applicable                                                 | The acquisition was undertaken to expand our Company’s service offerings into the weddings and banquet management segment in India, leveraging our Company’s core capabilities in supply acquisition, technology, distribution and operations to address a large and fragmented banquet supply market.                                                                                                                                                                           | No                       |          | The acquisition consideration was arrived at, on an arm’s length, basis through commercial negotiations, taking into account, inter alia, the scale of the business, its revenue run-rate and growth prospects.                                                                      |
| 11.    | Acquisition of Innov8, GISPL and Supreme Sai Construction and Developers LLP                 | March 31, 2019                                                 | The acquisition was undertaken to establish our Company’s presence in the managed workspaces and co-working segment in India, leveraging our Company’s core capabilities in supply acquisition, rapid infrastructure transformation, technology and distribution to address a large and growing commercial real estate market. At the time of the acquisition, Innov8 was a design-led managed workspaces company with operational centres across key markets in India.          | No                       |          | The acquisition consideration was arrived at an arm’s length basis through commercial negotiations, taking into account, inter alia, the revenue run-rate, unit economics and growth prospects of the Innov8 business.                                                               |
| 12.    | Acquisition of Direct Booker d.o.o. za turizam i usluge, putnicka agencija (“Direct Booker”) | February 10, 2022                                              | The acquisition was undertaken to strengthen our Company’s European vacation homes presence in the Croatian market, a sizeable and growing tourism destination. The acquisition provided a SaaS-based property management tool with potential for deployment across our Company’s wider European homes business.                                                                                                                                                                 | No                       |          | The acquisition consideration was arrived at, on an arm’s length, basis through commercial negotiations, taking into account, inter alia, the financial performance (including gross margin) and growth prospects of Direct Booker.                                                  |
| 13.    | Acquisition of Lugos B.V.                                                                    | April 21, 2022                                                 | The acquisition was undertaken to complement our Company’s European vacation homes operations with technology and service capabilities in the Belgian market.                                                                                                                                                                                                                                                                                                                    | No                       |          | The acquisition consideration was arrived at, on an arm’s length, basis through commercial negotiations, taking into account, inter alia, the financial performance and capabilities of Lugos B.V.                                                                                   |
| 14.    | Acquisition of Bornholmske Feriehuse ApS                                                     | July 25, 2022                                                  | The acquisition was undertaken to strengthen the Company’s vacation rental management business in Denmark. The acquisition complemented our Company’s existing DanCenter operations and further strengthened its market position in Denmark.                                                                                                                                                                                                                                     | No                       |          | The acquisition was arrived at an arm’s length basis through commercial negotiations, taking into account, inter alia, the financial performance and property portfolio of Bornholmske Feriehuse ApS.                                                                                |
| 15.    | Acquisition to GMFB BV                                                                       | April 1, 2026                                                  | The acquisition was undertaken to strengthen our Company’s European vacation homes presence in Belgium by acquiring short-term rental operators in Antwerp by guest volume. At the time of the acquisition, GMFB BV operated serviced apartments in city-centre locations in Antwerp. The acquisition provided an operating model with integrated property management, in-house operations capabilities, and expansion potential in other cities in Belgium and the Netherlands. | No                       |          | The acquisition was arrived at an arm’s length basis through commercial negotiations, taking into account, inter alia, the financial performance and property portfolio of GMFB BV.                                                                                                  |
| 16.    | Vatika Business Centres Private Limited                                                      | June 18, 2026                                                  | The acquisition was undertaken to expand the managed workspaces business in India through one of our Subsidiaries, Innov8 Workspaces India Private Limited. The acquisition was further undertaken to supplement Innov8 Workspaces India Private Limited operations and expand its geographic footprint in the commercial markets.                                                                                                                                               | No                       |          | The acquisition was arrived at an arm’s length basis through commercial negotiations, taking into account, inter alia, the financial performance lease portfolio and growth prospects of Vatika Business Centres Private Limited.                                                    |
| 17.    | Belvilla Investment Agreement                                                                | Subject completion to                                          | The acquisition was undertaken to expand our Company’s European hotel operations into the German market. The target companies are hotel operating entities within the HRG hospitality/Reva group operating hotels across Germany under several brands.                                                                                                                                                                                                                           | No                       |          | The investment amounts for target companies were arrived at through a bidding process and payback assessments, taking into account, <i>inter alia</i> , the insolvency estate value of each company, the liabilities of the estate, and the expected insolvency quota for creditors. |

## Shareholders' Agreements and Other Agreements

Further, there are no other agreements, deed of assignments, acquisition agreements, shareholders' agreement, or agreements of like nature.

### Shareholders' Agreements

**Shareholders' agreement dated July 29, 2019 executed among the Company, Investor Promoter, GCP-OYO Ltd., GCP OYO I Ltd., Greenoaks Capital MS LP - GCP-OYO II Series (collectively "GCP"), Peak XV Partners Investments IV) (formerly known as Sequoia Capital India Investments IV) ("Peak XV"), Lightspeed Venture Partners IX, Mauritius, Lightspeed India Partners I, LLC, Lightspeed Venture Partners Select, Mauritius, Global Ivy Ventures LLP ("GIVL"), China Lodging Holdings (HK) Limited ("China Lodging"), A1 Holdings Inc ("Grab"), Star Virtue Investment Limited ("Star Virtue"), one of our Corporate Promoters, RA Hospitality Holdings (Cayman) ("RA Co"), and Promoter 1 ("SHA") read with (i) amendment agreement dated March 17, 2020 amongst the parties to the Shareholders' Agreement ("Amendment Agreement - I"), (ii) amendment agreement dated December 23, 2020 amongst the parties to the SHA and Hindustan Media Ventures Limited ("HT Media") ("Amendment Agreement - II"), (iii) amendment agreement dated July 23, 2021 amongst the parties to the Amendment Agreement - II and Microsoft Corporation ("Amendment Agreement - III"), (iv) amendment agreement dated July 3, 2024 amongst the parties to the Amendment Agreement - III and AirBnB Inc., and InCred Wealth and Investment Services Private Limited ("InCred") ("Amendment Agreement - IV"); (v) amendment agreement dated September 11, 2024 amongst the parties to the Amendment Agreement - IV and Patient Capital Investments Pte. Ltd. ("Patient Capital") ("Amendment Agreement - V") (vi) amendment agreement dated December 12, 2024 amongst Tanjung Buai Ventures Sdn. Bhd. ("Khazanah"), Redspring Innovation Partners LLP ("Redspring"), Investor Promoter, RA Co, GCP, Peak XV, Lightspeed Venture Partners IX, Mauritius, Lightspeed India Partners I, LLC, Lightspeed Venture Partners Select, Mauritius, GIVL, Grab, Star Virtue, HT Media, Microsoft Corporation, AirBnB Inc., InCred, Patient Capital,, our Company and Promoter 1 ("Amendment Agreement - VI"); and (vii) waiver cum amendment agreement dated December 30, 2025 amongst Khazanah, Redspring, RA Co, GCP, Peak XV, Lightspeed Venture Partners IX, Mauritius, Lightspeed Venture Partners Select, Mauritius, GIVL, Grab, Star Virtue, HT Media, Microsoft Corporation, AirBnB Inc., InCred, Patient Capital (collectively, the "Investors"), our Company, Promoter 1 and Investor Promoter ("WCA", and collectively with other amendment agreements, the "Amendment Agreements", and the SHA read with the Amendment Agreements, the "Shareholders' Agreement").**

Our Company, Promoter 1 and other parties to the SHA executed the SHA to, *inter alia*, record the rights and obligations in relation to our Company which was amended pursuant to the Amendment Agreements.

Pursuant to the terms of the Shareholders' Agreement, subject to applicable laws, including the provisions of the Companies Act and the SEBI Listing Regulations, the Company shall put forward the proposal for inclusion of the following clause in its Articles of Association in the first general meeting of its shareholders convened within 90 (ninety) days from the date of listing and commencement of trading of the Equity Shares of the Company pursuant to the Issue, by way of a special resolution:

- (i) As long as Investor Promoter holds at least 10% of the share capital of the Company, on a fully diluted basis, it shall have the right to nominate two nominee directors, and as long as Investor Promoter holds at least 7% of the share capital of the Company on a fully diluted basis but less than 10% of the share capital of the Company, on a fully diluted basis, it shall have the right to nominate one nominee director;
- (ii) As long as RA Co holds at least 7% of the share capital, on a fully diluted basis, it shall have the right to nominate one nominee director;
- (iii) As long as Promoter 1: (a) is a promoter of the Company, and holds at least 6% of the share capital on a fully diluted basis, Promoter 1 shall have the right to nominate up to three nominee directors on the Board; (b) holds at least 4% of the share capital on a fully diluted basis, but less than 6% of the share capital on a fully diluted basis, Promoter 1 shall have the right to nominate up to two nominee directors on the Board whether or not Promoter 1 is a Promoter; and (c) holds at least 3% of the share capital on a fully diluted basis, but less than 4% of the share capital on a fully diluted basis, Promoter 1 shall have

the right to nominate one nominee director on the Board whether or not Promoter 1 is a Promoter. For the purposes of determining Promoter 1's shareholding thresholds in the foregoing (a), (b), and (c), up to 2% of the Company's Equity Shares held by RA Co on a fully diluted basis shall be included in the calculation, for as long as RA Co is under the control of Promoter 1.

The Shareholders' Agreement will terminate (i) with respect to each party, upon consummation of the Issue, i.e. the listing and commencement of trading of the Equity Shares of the Company on the Stock Exchanges pursuant to the Issue; or (ii) with respect to a party, upon such party (and its affiliates) ceasing to hold any equity securities of the Company; or (iii) with respect to each party, on all the parties agreeing to terminate the agreement mutually, in writing.

However, until the termination of the Shareholders' Agreement, the Investors and Promoter 1 are entitled to certain rights, which include: (i) right of certain Investors and Promoter 1 to appoint an observer to the Board in lieu of appointing their respective nominee directors; (ii) affirmative veto rights of RA Co and Investor Promoter in relation to certain reserved matters including amendments to the charter documents, change in the authorised, issued, subscribed or paid-up share capital of the Company, any initial public offering; (iii) Promoter 1's affirmative voting rights which extend to reserve matters, including change in charter documents of the Company and transfer of securities of the Company to a competitor by any Investor; (iv) right of first refusal of certain Investors and a connected tag-along right in case such right of first refusal is not exercised; and (v) certain information rights and inspection rights as long as the Investors hold 5% of the share capital of the Company on a fully diluted basis.

In terms of the Shareholders' Agreement, all decisions in relation to the Issue including, *inter alia*, the price band, final Issue size, and timing of the Issue, shall be decided by the Company, in consultation with the Book Running Lead Managers appointed in connection with the Issue. Further, in terms of the Shareholders' Agreement, the Company is required to consummate the Issue by December 31, 2026 (the "**Issue Long Stop Date**"); which may be extended to a later date in accordance with the provisions of the Shareholders' Agreement.

In order to facilitate the Issue only, in terms of the WCA, the Investors and Promoter 1 (to the extent applicable) have agreed to temporarily waive and/or suspend certain special rights / arrangements available to the parties to the Shareholders' Agreement such as the pre-emptive rights (solely to the extent of Equity Shares being issued and allotted by the Company pursuant to the Issue (excluding pre-IPO placement, if any)), and rights with respect to being appointed on the audit committee, the stakeholder's relationship committee, the nomination and remuneration committee, the risk management committee, and the corporate social responsibility committee and their participation in the meetings of such Board committees, from the date of filing the Pre-filed Draft Red Herring Prospectus. Further, the Investors have agreed to temporarily waive and/or suspend their Board observer rights, inspection rights and information rights on and from the date of filing the Red Herring Prospectus with the RoC for the limited purpose of the Issue to the extent they are not in compliance with applicable laws, including the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015.

Such waivers and the amendments pursuant to the WCA shall continue to remain effective until the earlier of, (i) consummation of the Issue; (ii) the IPO Long Stop Date; (iii) date on which the Board, or a committee thereof, decides not to undertake the Issue and/ or to withdraw any offer document filed with any regulatory authority in respect of the Issue, including any draft offer document filed with SEBI, or the Issue is abandoned or unsuccessful due to any reason, including rejection of the PDRHP by SEBI; (iv) termination of the Shareholders' Agreement other than pursuant to the Issue; and/or (v) any other later date as may be unanimously agreed among the Parties in writing (the "**Term**"). Subsequent to expiry of the Term pursuant to (ii), (iii), and (v) above, provisions of the WCA will cease to have any force or effect and the provisions of the Shareholders' Agreement (as existing prior to the execution of the WCA), shall be immediately and automatically reinstated as of the date immediately prior to the execution of the WCA with full force and effect, without any further action or deed required by any party. However, in case of cessation of the Term pursuant to (i) above, certain clauses of Shareholders' Agreement, as amended pursuant to the Amendment Agreements, such as non-compete and non-solicitation restrictions, and provision regarding proposal for inclusion of nomination rights (as set out above) in the Articles of Association post listing and subject to requisite approval by Shareholders, shall survive such cessation.

#### ***Arrangements with certain Shareholders***

Our Company has entered into letter agreements with certain Shareholders and the key details of each such agreement is set out below (collectively, the "**Letter Agreements**" and individually, a "**Letter Agreement**"). Pursuant to the terms of such Letter Agreements, our Company has agreed to, *inter alia*, provide certain

information rights to such Shareholders, subject to certain minimum shareholding thresholds, in certain cases, in the Company. By way of the amendment and termination agreements (“**Amendment and Termination Agreements**”) entered into with the Shareholders mentioned below, on and from the date of filing of a red herring prospectus by the Company with the relevant registrar of companies and until the earlier of: (a) listing of the Equity Securities on the stock exchanges; (b) date on which the Board decides not to undertake the listing of the Equity Securities; or (c) any other later date as may be agreed amongst the parties to the respective Letter Agreements, the information rights given under each of the Letter Agreements shall be temporarily waived and / or suspended, solely to the extent that they are not compliant with the applicable Laws, including the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015.

***Indemnity Agreement entered into by and among our Promoter 1, one of our Corporate Promoters, RA Hospitality Holdings (Cayman) (“RA Co”) and Investor Promoter dated December 30, 2025 (the “SVF Indemnity Agreement”)***

Pursuant to the terms of the SVF Indemnity Agreement, which is effective from the date of filing of the Pre-filed Draft Red Herring Prospectus with SEBI, Promoter 1 and RA Co have agreed to jointly and severally indemnify the Investor Promoter, its affiliates, directors, officers, representatives, employees and its successors and assignees (“**SVF Indemnified Persons**”) against any losses, claims and damages, arising out of, amongst others, (i) Investor Promoter being considered or named in the Issue Documents as a “promoter” of our Company including in relation to any actual or alleged misstatements or omissions in any Issue Document (as defined in the SVF Indemnity Agreement), and any violations of securities laws or any errors or omissions by our Company, Promoter 1 and/or RA Co in connection with the Issue including in the Issue Documents, in each case, other than with respect to any errors in information (solely relating to the Investor Promoter) as provided by the Investor Promoter in writing, expressly for inclusion in the Issue Documents; (ii) any breach or failure to perform or inaccuracy of any representation, warranty, covenant or agreement under the SVF Indemnity Agreement and (iii) fraud by Promoter 1 and/ or RA Co in connection with (i) and (ii) . However, such indemnity is subject to a cap of USD 20 million (save and except in case of fraud).

Further, it has been agreed that contribution of the Investor Promoter towards minimum Promoters' contribution requirements under the SEBI ICDR Regulations shall be subject to a maximum of such number of Equity Shares as would constitute up to 10% of the post- Issue fully diluted paid-up share capital of the Company, while Promoter 1 and RA Co have agreed to jointly contribute the remainder Equity Shares required to meet the minimum Promoters' contribution requirements, such contribution constituting at least 10% of the post- Issue fully diluted paid-up share capital of the Company.

***Registration rights agreement dated July 29, 2019 executed among our Company, Investor Promoter, GCP-OYO Ltd., GCP OYO I Ltd., Greenoaks Capital MS LP - GCP-OYO II Series (collectively "GCP"), Peak XV Partners Investments IV) (formerly known as Sequoia Capital India Investments IV) ("Peak XV"), Lightspeed India Partners I, LLC, Lightspeed Venture Partners IX, Mauritius and Lightspeed Venture Partners Select, Mauritius, one of our Corporate Promoters, RA Hospitality Holdings (Cayman) ("RA Co"), and Promoter 1 (the "2019 RRA") as amended by the waiver and termination agreement dated December 30, 2025 amongst our Company, Investor Promoter, GCP, Peak XV, Lightspeed Venture Partners IX, Mauritius, Lightspeed Venture Partners Select, Mauritius, RA Co and Promoter 1 (the "Waiver and Termination Agreement")***

Pursuant to the 2019 RRA, our Company granted certain registration rights to such shareholders in respect of securities of our Company owned by certain shareholders. Pursuant to the Waiver and Termination Agreement, the 2019 RRA will stand automatically terminated upon consummation of the Issue i.e. date on which the Equity Shares of our Company commence trading on the Stock Exchanges pursuant to the Issue.

The Waiver and Termination Agreement shall be effective and binding on and from the date of filing of this Pre-Filed Draft Red Herring Prospectus with SEBI in relation to the Issue ("**Waiver and Amendment Effective Date**") stand automatically terminated upon the earlier of, inter alia, (i) termination of 2019 RRA on account of consummation of the Issue; or (ii) termination of Shareholders' Agreement, other than pursuant to the Issue; (iii) by December 31, 2026, which can be extended in accordance with the provisions of the Waiver and Termination Agreement; (iii) date on which the Board, or a committee thereof, decides not to undertake the Issue and/ or to withdraw any offer document filed with any regulatory authority in respect of the Issue, including any draft offer document filed with SEBI, or the Issue is abandoned or unsuccessful due to any reason, including rejection of the PDRHP by SEBI; or (iv) any other later date as may be unanimously agreed amongst the parties to the Waiver and Termination Agreement, in each of the above cases (the "**Term**"). Further, the waivers made to the 2019 RRA shall be effective from the Waiver and Amendment Effective Date and continue to remain effective until the Term. Subsequent to expiry of the Term, in the event the Issue has not been consummated, the provisions of the Waiver and Termination Agreement will cease to have any force or effect and the provisions of each of the 2019 RRA (as existing prior to the execution of the Waiver and Termination Agreement), shall be immediately and automatically reinstated as of the date immediately prior to the execution of the Waiver and Termination Agreement with full force and effect, without any further action or deed required by any party.

***Voting rights agreement dated September 30, 2018 executed between Grab and Promoter 1 ("Grab VRA")***

Grab and the Promoter 1 have entered into the Grab VRA pursuant to which, subject to applicable laws and certain exceptions, Grab has agreed to vote in the same manner as the Promoter 1 in respect of a portion of its shareholding at shareholder meetings. This voting obligation is not applicable in certain circumstances, including, (i) when such voting directly exposes Grab or any of its affiliates to prosecution, defamation, breach of agreement or governmental inquiries of any sort; (ii) voting on resolutions that may disproportionately, materially and adversely affect the rights, obligations or preferences of Grab; (iii) voting on matters where the Promoter 1 has any direct and material conflict of interest in accordance with the Companies Act; or (iv) voting on a matter which impacts a transfer (in accordance with and subject to the Shareholders' Agreement) or liquidity of equity securities held by Grab. Grab VRA will terminate in its entirety, among others, upon occurrence of an initial public offering of the Company.

***Voting rights agreement dated January 8, 2019 executed between Star Virtue Investment Limited ("Star Virtue") and our Promoter 1 ("Star Virtue VRA")***

Star Virtue and our Promoter 1 have entered into the Star Virtue VRA pursuant to which, subject to applicable laws and certain exceptions, Star Virtue has agreed to vote in the same manner as the Promoter 1 in respect of a portion of its shareholding at shareholder meetings. This voting obligation is not applicable in certain circumstances, including, but not limited to; (i) voting on resolutions that may disproportionately, materially and adversely affect the rights, obligations or preferences of Star Virtue; or (iii) voting on matters where the Promoter

1 has any direct and material conflict of interest in accordance with the Companies Act. Star Virtue VRA will terminate in its entirety, among others, upon occurrence of an initial public offering of the Company.

***Voting rights agreement dated December 23, 2020 executed between the Hindustan Media Ventures Limited (“HT”) and our Promoter 1 (“HT VRA”)***

HT and our Promoter 1 have entered into the HT VRA pursuant to which, subject to applicable laws and certain exceptions, HT has agreed to vote in the same manner as the Promoter 1 in respect of a portion of its shareholding at shareholder meetings. This voting obligation is not applicable in certain circumstances, including, (i) when such voting directly exposes HT or any of its affiliates to prosecution, defamation, breach of agreement or governmental inquiries of any sort; (ii) voting on a matter affecting the economic rights, exit rights, liquidation preference and anti-dilution protection rights of HT. HT VRA will terminate in its entirety, among others, upon occurrence of an initial public offering of the Company.

***Voting rights agreements executed by Dinesh Ramamurthi (as trustee of Oravel Employee Welfare Trust) (“Trustee”) with certain Shareholders***

In accordance with the provisions of our ESOP Scheme, the Equity Shares exercised by eligible employees are allotted to and held by Dinesh Ramamurthi in his capacity as the Trustee of Oravel Employee Welfare Trust. In order to avoid logistical challenges and for ensuring operational efficiency, the Trustee has entered into certain voting rights agreements with certain Shareholders (“**Trustee VRAs**”) pursuant to which, inter alia, all the voting rights that accrue to such Shareholders in respect of their respective shareholding in our Company will be exercised by the Trustee on behalf of such Shareholders, in the manner as the Trustee may deem fit. Further, in the event Equity Shares held by such Shareholders are proposed to be transferred, sold or otherwise disposed of, the Trustee will exercise the voting rights under the respective Trustee VRA to sell, transfer or otherwise dispose of the Equity Shares held by such Shareholders, provided that the economic benefit derived from such transaction shall be availed by such Shareholder. The details of such Trustee VRAs are set out below:

| S. No. | Name of Shareholder                             | Date of the Trustee VRAs | Termination                 |

***Inter-se Agreement among Investor Promoter, Lightspeed Venture Partners IX, Mauritius, Lightspeed Venture Partners Select Mauritius, Peak XV Partners Investments IV, GCP-OYO Limited, GCP-OYO I Limited, Greenoaks Capital MS LP – GCP-OYO II Series, AI Holdings Inc., Star Virtue Investment Limited, Tanjung Buai Ventures SDN. Bhd. (each such investor individually referred to as an “Investor” and collectively, “Investors”) and Promoter 1 (together with the Investors, the “Parties”) dated March 23, 2026 (the “Inter-se Agreement”)***

Subject to compliance with applicable laws and receipt of requisite approvals, including approval of shareholders of our Company pursuant to regulation 26(6) of the SEBI Listing Regulations, the Parties have entered into the Inter-se Agreement to record their mutual understanding in relation to the transfer of Equity Shares by each Investor to Promoter 1 or his designated recipient, if any, on time-based milestone or performance-based milestone tied to certain financial metrics, for Fiscals 2026 and 2027, in accordance with the terms of the Inter-se Agreement. Each Investor has the right to elect to settle its milestone payment obligation alternatively by paying cash consideration at such time, based on the criteria mentioned in the Inter-se Agreement. The Inter-se Agreement does not entitle any Investor to any special rights in our Company. Pursuant to the Inter-se Agreement, the maximum aggregate number of Equity Shares across both milestones is 393,406,558 Equity Shares, subject to adjustment, as required, for any corporate actions to be undertaken by our Company.

***Key terms of other subsisting material agreements***

***Commercial Collaboration Agreement between our Company and OYO Technology and Hospitality (China) Pte. Ltd. (“China IP License Agreement”) dated December 16, 2020***

Pursuant to the China IP License Agreement, our Company has granted OYO Technology and Hospitality (China) Pte. Ltd., a perpetual, irrevocable right and license to use and exploit our Company and its Subsidiaries’ intellectual property solely in connection with its business. Our Company and its subsidiaries’ intellectual property in this regard includes *inter alia* trademarks, copyrights, software, know-how and all other intellectual or industrial property and proprietary rights. OYO Technology and Hospitality (China) Pte. Ltd. is required to pay a quarterly licensing fee to our Company and OYO Singapore determined on an arm’s length pricing review.

***Share Subscription Agreement dated June 5, 2020 and Joint Venture Agreement dated June 5, 2020 entered into among our Company, International Travel And Hospitality Services SG Pte. Ltd. (formerly known as OYO Hotels Singapore Pte. Ltd.) (“ITHSSPL”), LA Tech Hub (Cayman) Ltd. (“SBLA”), OYO Hotels Cayman (“OHC”), OYO Latam Holdings UK Ltd (“OLHUL”) and OYO Singapore (“OHC JV Agreement”) each as amended by deed of amendment dated August 17, 2020 (“Deed of Amendment”), the deed of restructuring and exit dated September 27, 2021 (“Restructuring and Exit Deed”) and Letter Agreement dated March 27, 2024 (“Letter Agreement”)***

Pursuant to a share subscription agreement dated June 5, 2020 entered into among OHC, OLHUL, OYO Singapore, ITHSSPL, our Company and SBLA (the “Parties”), ITHSSPL acquired 72.73% of the share capital of OHC while SBLA acquired 27.27% of the share capital of OHC (“OHC SSA”). The parties to the OHC SSA also entered into the OHC JV Agreement setting out the rights and obligations of ITHSSPL and SBLA in relation to OHC including regarding capitalization, organization, management and governance of OHC. The purpose of incorporation of OHC was to undertake business of operating hotels and cloud kitchens in various countries in Latin America and the Caribbean through OHC and its subsidiaries. The rights and obligations under the OHC JV Agreement, which ITHSSPL and SBLA are entitled to, include: (i) right to nominate three directors each to the board of directors of OHC and of its subsidiaries; (ii) right to approve reserved matters; (iii) pre-emptive rights in relation to issuance of new securities by OHC; (iv) right of first refusal; (v) tag along rights; (vi) certain exit rights in favor of SBLA including in relation to initial public offering by OHC and OLHUL; and (vii) drag along rights. The OHC JV Agreement also provided that in the event of consummation of an initial public offering by our Company, SBLA will have a right to exchange all the equity securities held by it in OHC and its subsidiaries into shareholding in our Company.

In order to give effect to the aforementioned SBLA’s exit rights contained in the OHC JV Agreement with certain modifications, the Parties entered into a deed of restructuring and exit dated September 27, 2021 (the “Restructuring and Exit Deed”), pursuant to which the Parties agreed, among other things, that SBLA’s right to exchange all its equity shares held in OHC and its subsidiaries into shareholding in our Company and other related provisions of the OHC JV Agreement would fall away and stand terminated, however, in order to give effect to these exit right with certain modifications, SBLA had agreed to transfer, and ITHSSPL had agreed that, within six months of execution of the Restructuring and Exit Deed or ten business days after filing of the red herring

prospectus in connection with the Issue, whichever is earlier, ITHSSPL would purchase from SBLA its shares in OHC together with the related rights attaching to such shares, in exchange for the payment by ITHSSPL of U.S.\$35,000,000 (thirty-five million US dollars) (the “**SBLA Shares Purchase**”), following which the OHC JV Agreement would stand terminated. However, if ITHSSPL did not complete the SBLA Shares Purchase, in breach of its obligations under the Restructuring and Exit Deed, then (and without prejudice to or otherwise limiting any of SBLA’s rights under the Restructuring and Exit Deed, law or equity), SBLA’s right to exchange all its equity shares held in OHC and its subsidiaries into shareholding in our Company would immediately and automatically be reinstated in accordance with the terms of OHC JV Agreement.

Subsequently, our Company, ITHSSPL, SBLA, OHC, OLHUL, OYO Singapore and Promoter 1 signed a letter agreement dated March 27, 2024 pursuant to which (i) SBLA irrevocably waived its right to require ITHSSPL to acquire the remaining shares of SBLA; (ii) SBLA’s exchange rights and other related provisions held by it in OHC and its subsidiaries into shareholding in our Company would unconditionally fall away and stand terminated. SBLA has acknowledged that it shall have no right under the OHC JV Agreement which would entitle it with any option to receive any shares of our Company and that SBLA shall retain 14.89% shareholding in our Company; (iii) the parties to the Restructuring and Exit Deed shall cooperate and engage in good faith discussions with SBLA to agree and structure a mechanism that will allow SBLA to sell, dispose or obtain liquidity in respect of its 14.89% shareholding in OHC at fair market value (or at any other valuation agreed between the parties); (iv) as long as SBLA owns 14.89%, the board of directors of OHC would consist of two ITHSSPL directors and one SBLA director and there will be no independent director on the Board of OHC.

For details of OHC, see “*Our Subsidiaries and Joint Ventures*” beginning on page 502.

***Share Subscription Agreement dated April 17, 2019 entered into among, Luxabode Hotels Private Limited (previously known as Mountainia Developers and Hospitality Private Limited) (“LHPL”), our Company and SB Topaz (“Mountainia SSA”)***

Pursuant to the Mountainia SSA, our Company held 49.99% of the share capital (on a fully diluted basis) of LHPL comprising 139,993,000 equity shares and 15,000 compulsorily convertible preference shares and SB Topaz held 49.99% of the share capital (on a fully diluted basis) of LHPL comprising 140,008,000 compulsorily convertible preference shares. Our Company acquired the share capital of LHPL for an aggregate consideration of ₹1,399.93 million.

Further, pursuant to the board resolution dated May 28, 2024 and June 6, 2024, all compulsorily convertible preference shares held by SB Topaz and our Company were converted into Class B Equity Shares of LHPL.

Subsequently, on June 6, 2024, LHPL approved a capital restructuring exercise pursuant to which LHPL bought back 33,968,295 Class-B Equity Shares having a face value of ₹10 each at a price of ₹103.40 each for an aggregate consideration of ₹3,512.32 million only. Consequently, SB Topaz now holds only 43.10% of the share capital (on a fully diluted basis) of LHPL comprising of 106,039,705 Class B Equity Shares. The remaining 56.90% shareholding in LHPL (on a fully diluted basis) is held by our Company comprising of 139,993,000 Equity Shares and 15,000 Class B Equity Shares, and the remaining 2,016 Equity Shares are held by Mountainia Employee Welfare Trust.

For details of LHPL, see “*Our Subsidiaries and Joint Ventures- Our Subsidiaries*” on page 507.

***Amended and Restated Shareholders’ Agreement dated February 3, 2023 entered into among, our Company, SB Topaz and LHPL and as further amended pursuant to an Amendment Agreement dated May 28, 2024 (“India Propco SHA”)***

Pursuant to the India Propco SHA, our Company, SB Topaz and LHPL have recorded the rights and obligations agreed to among them in respect of the management and control of the affairs of LHPL. The rights under the India Propco SHA that our Company and SB Topaz are entitled to include (i) right to appoint two directors each to board of LHPL and one independent director by mutual consent as long as our Company and SB Topaz hold the specified share capital of LHPL; (ii) the chairman of the board of directors of LHPL is required to be one of the directors appointed by our Company; (iii) the members of the committees of the board of directors of LHPL are required to be in the same proportion as that on the board of directors of LHPL; and (iv) prior written approval of our Company and SB Topaz on certain reserved matters in relation to LHPL and its subsidiaries. Our Company, LHPL and SB Topaz have also entered into a side letter dated March 6, 2021 (“**LHPL Side Letter**”) pursuant to which, in order to implement certain policies and to enhance LHPL’s ability to operate as an independent entity

from its shareholders, a transition plan was required to be implemented which included appointment of senior management. The LHPL Side Letter includes provisions in relation to mechanism of compensation to employees, commercial agreements between LHPL and our Company, and the mechanism of decision making (i.e., matters to be approved by the board of LHPL, steering committee matters, etc.). Pursuant to the India Propco SHA, our Company and LHPL have also entered into a master services framework agreement dated March 6, 2021 which sets out details in relation to the property and development management services, fees and in relation to engaging our Company as (i) transformation manager, to oversee the performance of the transformation tasks on brownfield assets; (ii) development manager, to oversee the development of greenfield/brownfield asset into operational asset; (iii) provider of branding and operational assistance; and/or (iv) property manager and hotel operator, to conduct the operations of its assets.

Subsequently, the parties to the India Propco SHA have entered into Amendment Agreement dated May 28, 2024 to give effect to (i) the binding term sheet dated May 28, 2024 to give effect to the restructuring exercise to repatriate the surplus assets, including cash, currently available in LHPL and such further identified proceeds as may be available with LHPL from time to time, to its shareholders i.e. SB Topaz and OYO Parent in the manner and proportion set out in the binding term sheet; and (ii) the rights and obligations in respect of the management and control of the affairs of LHPL in light of the change in shareholding of LHPL pursuant to the consummation of the proposed restructuring.

***Intellectual Property Licensing Agreement dated April 29, 2019 entered into between our Company and LHPL (“Mountainia IP Licensing Agreement”)***

Pursuant to the Mountainia IP Licensing Agreement, our Company has granted to LHPL a non-exclusive perpetual, irrevocable, right and license to use all the intellectual property owned or licensable by our Company or any of our Subsidiaries including trademarks, licensed technology and copyrights. The license of the registered trademarks of our Company is fully paid and royalty free. In relation to the other intellectual property licensed under the Mountainia IP Licensing Agreement, LHPL is required to pay a quarterly fee determined on an arm’s length pricing review to be undertaken by an independent reputable accountancy firm as mutually agreed between our Company and LHPL.

***Trademark license agreement dated June 23, 2021 entered into between our Company and ITHSSPL (“ITHSSPL Trademark License Agreement”)***

Pursuant to the ITHSSPL Trademark License Agreement, our Company has granted a perpetual an exclusive license to use, develop, enhance, maintain, modify and exploit the trademarks, service marks, brands, logos, etc. owned by our Company for undertaking OYO business around the world (except India, China, Japan and Latin America). ITHSSPL is required to pay to our Company an arm’s length royalty rate for exploiting the legal rights under the ITHSSPL Trademark License Agreement which will be 0.25% of the gross contribution i.e., gross revenue reduced by payments made to property owner or operator in the form of lease rent or payments made to owner after deducting fees from the gross revenue.

***Share subscription agreement dated April 17, 2019 entered into among OYO Mountainia UK Limited (“OMUL”), OYO Singapore, our Company and SB Holdings (Cayman) Limited (“Global Propco SSA I”), share subscription agreement dated January 23, 2023 entered into between LHPL and OMUL (“Global Propco SSA II”) and the amended and restated shareholders’ agreement dated January 23, 2023 entered into among OMUL, our Company, OYO Singapore, SB Holdings (Cayman) Limited and LHPL (“Global Propco SHA”), further amended by Deed of Amendment dated February 4, 2024 and Deed of Amendment – II dated May 29, 2024.***

Pursuant to the Global Propco SSA I, OYO Singapore acquired 49.98% of the equity share capital of OMUL on a fully diluted basis for an aggregate consideration of ₹2,831.20 million. Further, pursuant to the Global Propco SSA II, LHPL subscribed to 178,571,429 series C fully convertible cumulative preference shares of OMUL for an aggregate consideration of US\$ 75,000,000. Pursuant to the Global Propco SHA, OYO Singapore, SB Holdings (Cayman) Limited and LHPL, *inter alia*, have customary shareholder rights in OMUL as are necessary to protect the economic value of their investment, including in relation to board seat, observer rights, pre-emptive rights and affirmative voting rights on certain matters.

Subsequently, pursuant to the Deed of Amendment dated February 4, 2024 and Deed of Amendment - II dated May 29, 2024, the parties to the Global Propco SHA have agreed to revise certain key terms of the Global Propco SHA. The Deed of Amendment introduced a “Pre-Demerger Distribution” clause under which all distributable

proceeds arising prior to a demerger would be shared between SB Holdings (Cayman) Limited and OYO in a 9:1 ratio. It also revised the distribution waterfall to prioritize recovery of prior investments and accrued preferential dividends, and permitted prompt distributions without the need for further shareholder approval. A new definition of “Demerger” was also introduced, covering the transfer of LHPL business to a new entity with the same shareholding pattern or any equivalent arrangement agreed in writing. Thereafter, the Deed of Amendment - II dated May 29, 2024, replaced the earlier demerger structure with a revised framework referred to as the “Proposed 2024 India PropCo Restructuring,” involving dividend declaration, buy-back, and capital reduction. It further provided that all distributable proceeds arising after May 15, 2024, and until completion of such restructuring (subject to a cap of US\$14 million), would be distributed exclusively to SB Holdings (Cayman) Limited and OYO Singapore in a 9:1 ratio, with LHPL excluded from such interim distributions. Upon completion of the restructuring, the original distribution waterfall under the Global Propco SHA would again become effective. Additionally, this amendment removed the definition of “Demerger” and inserted new language to reflect the updated restructuring mechanism.

***Shareholders’ Agreement dated October 31, 2025 entered into among Sunday Proptech Limited (formerly known as OYO Financial and Technology Services Private Limited) (“SPL”), our Company, Tattva Valuers Private Limited and InCred Wealth and Investment Services Private Limited (“Sunday Proptech SHA”)***

SPL, our Company, Tattva Valuers Private Limited (“**Tattva**”) and InCred Wealth and Investment Services Private Limited (“**InCred**”) entered into a shareholders’ agreement dated October 31, 2025 (“**Sunday Proptech SHA**”) to record the terms and conditions governing the management of SPL.

Under the Sunday Proptech SHA, our Company and Tattva are the principal investors with significant governance rights, while InCred participates as a financial investor. As at December 26, 2025, our Company holds approximately 34.33%, Tattva holds 34.47%, and InCred holds 6.14% of SPL’s equity, with the balance held by other shareholders. Governance rights such as board nomination, consent over reserved matters, and pre-emptive rights for new issuances are concentrated with our Company and Tattva. InCred, on the other hand, does not have board representation and its shares are classified as “unrestricted,” allowing it to transfer its shares freely without compliance with rights of first refusal, tag-along, or drag-along provisions.

The Sunday Proptech SHA also sets out reserved matters requiring prior approval of our Company and Tattva, including changes to business scope, issuance of securities, major borrowings, mergers, and decisions in relation to initial public offering. Exit mechanisms include a targeted initial public offering between the fifth and seventh anniversary of the effective date and drag-along rights in favor of our Company post the exit period. All parties are bound by confidentiality and compliance covenants, while our Company and Tattva are subject to non-compete obligations.

***Advertising Agreement dated December 23, 2020 executed between our Company and HT (“Advertising Agreement”) and the side letter dated December 23, 2020 (“HT Advertisement Side Letter”)***

Pursuant to the Advertising Agreement, our Company has agreed to advertise in the print publications and non-print media of HT (“**HT Media**”) its products, services and owned brands on a non-exclusive basis. Our Company has agreed to place advertisements for an aggregate value of up to ₹600 million for a period of eight years from August 24, 2020 (“**Term**”). The Advertising Agreement will be terminated, inter alia, (i) upon expiry of the Term; and (ii) cessation of HT’s entire shareholding in the Company. Pursuant to the Advertising Agreement and the HT Advertisement Side Letter, the Company has the right to appoint advertising agencies to avail advertisement services from HT either in full or in part in accordance with the terms of the Advertising Agreement. Under this arrangement, a portion of an advertisement will be deemed to be procured by the Company through such advertising agencies and the remaining portion of the advertisement will be procured by the Company directly from HT. Further, the HT Advertisement Side Letter provides for, among others, the manner of issuance of invoice in the event our Company places and advertisement with HT through an advertising agency.

| S.No.                                         | Agreement / date                                                                                                                                                                                                                                        | Parties to agreement                                                                                                                                                                                                                                                    | Special rights / key rights                                                                                                                                                                                                                                                                                                                                                   | Whether agreement will automatically terminate on listing or survive with shareholders' approval                                                                                                                                                                                                                                 |

In Fiscal 2026, he received a remuneration of ₹ 36.56 million (*Indian Rupee equivalent amount for SGD 533,582\* based on exchange rate of SGD 1 = ₹ 68.51, as at March 31, 2026 available at [www1.oanda.com](http://www1.oanda.com)*) from OYO Singapore.

*\*Aggregate of remuneration paid in SGD and USD, basis the exchange rates as applicable on the date of each of such payment*

- (ii) He is the president of our Subsidiary, OYO Technology and Hospitality FZ LLC, Dubai, with effect from April 1, 2024 pursuant to the employment agreement dated April 1, 2024 which entitles him to a gross annual remuneration of ₹31.71 million (*Indian Rupee equivalent amount for AED 1,229,246 based on exchange rate of AED 1 = ₹25.80, as at May 31, 2025 available at [www1.oanda.com](http://www1.oanda.com)*) with effect from May 1, 2024 along with other benefits as per the payroll policies including reimbursement of expenses for business related expenses like travel, boarding and lodging, telecommunication and entertainment and medical insurance coverage. With effect from January 1, 2025, he is entitled to an annual salary of ₹22.67 million (*Indian Rupee equivalent amount for AED 878,820 based on exchange rate of AED 1 = ₹25.80, as at May 31, 2026 available at [www1.oanda.com](http://www1.oanda.com)*). In Fiscal 2026, he received a remuneration of ₹ 231.85 million (*Indian Rupee equivalent amount for AED 9,640,131 based on exchange rate of AED 1 = ₹ 24.01, as at March 31, 2026 available at [www1.oanda.com](http://www1.oanda.com)*) from OYO Technology and Hospitality FZ LLC, Dubai.
- (iii) He is the managing director of our Subsidiary, OYO Technology and Hospitality (UK) Ltd with effect from January 1, 2025 pursuant to the employment agreement dated January 1, 2025 which entitles him to a gross annual remuneration of ₹9.56 million (*Indian Rupee equivalent amount for GBP 75,000 based on exchange rate of GBP 1 = ₹127.46, as at May 31, 2026 available at [www1.oanda.com](http://www1.oanda.com)*) along with other benefits as per the payroll policies including reimbursement of expenses for business related expenses like travel, boarding and lodging, telecommunication and entertainment and medical insurance coverage. In Fiscal 2026, he received a remuneration of ₹ 8.88 million (*Indian Rupee equivalent amount for GBP 75,000 based on exchange rate of GBP 1 = ₹ 118.39, as at March 31, 2026 available at [www1.oanda.com](http://www1.oanda.com)*) from OYO Technology and Hospitality (UK) Ltd.

#### *Non-Executive Nominee Directors*

Pursuant to resolutions passed by our Board of Directors dated March 7, 2024 and our Shareholders dated April 10, 2024, our Non-Executive Nominee Director, Aditya Ghosh is entitled to a remuneration of ₹8.31 million per annum excluding sitting fees, reimbursement of expenses and employee stock options granted as per the terms and conditions agreed with the Company for the period starting from April 1, 2024 until March 31, 2027. Aditya Ghosh, will also be entitled to reimbursement of all expenses incurred by him in relation to such meetings of our Board and committees, including transportation and accommodation.

In Fiscal 2026, he has been paid a remuneration of ₹ 8.31 million by our Company.

#### *Independent Directors*

Pursuant to a resolution passed by our Board of Directors dated March 7, 2024 and Shareholders dated April 10, 2024, our Independent Directors, Troy Matthew Alstead, William Steve Albrecht and Deepa Malik are entitled to receive annual remuneration of ₹23.58 million\*, ₹23.58 million\*, and ₹8.31 million, respectively, for the period starting from April 1, 2024 until their respective tenure as an Independent Director. Additionally, pursuant to a resolution passed by our board dated January 31, 2026 and a special resolution passed by our Shareholders' dated April 4, 2026, our Independent Director, Ajay Tyagi is entitled to receive annual remuneration of ₹ 8.50 million. Our Independent Directors are also entitled to a sitting fee of ₹0.10 million for attending each meeting of our Board, and any duly constituted committee of our Board. Additionally, our Independent Director, Bejul Somaia, is not entitled to receive any remuneration. Further, pursuant to the resolution passed by our Board on January 31, 2026, our Independent Director Ajay Tyagi is entitled to a sitting fee of ₹0.10 million per meeting.

In Fiscal 2026, our Independent Directors, Troy Matthew Alstead, William Steve Albrecht, Deepa Malik and Ajay Tyagi were paid remuneration of ₹ 23.91 million, ₹ 24.11 million, ₹ 9.81 million and ₹1.72 million, respectively.

Except as disclosed above, our Company has not paid any compensation, including sitting fees, professional fees, or other remuneration to our Independent Directors during Fiscal 2026.

Further, pursuant to a resolution passed by our Board of Directors dated March 7, 2024 and our Shareholders dated April 10, 2024, our Company may pay remuneration to Non-Executive Nominee Directors and Independent Directors in the aggregate up to ₹200.00 million in any Financial Year, in accordance with applicable law.

There is no deferred or contingent compensation payable to any of our Directors for Fiscal 2026. Our Company has undertaken to indemnify William Steve Albrecht and Troy Matthew Alstead in respect of any potential tax liability under section 409 A of the United States Internal Revenue Code, 1986.

*\*Indian Rupee equivalent amount for U.S.\$250,000, based on exchange rate of U.S.\$ 1 = ₹94.31, as at March 31, 2026, available at [www.l.oanda.com](http://www.l.oanda.com)*

### **Remuneration from Subsidiaries**

Except as disclosed under “- *Terms of appointment of our Directors-Founder and Chairman*” above, none of our Directors have received any remuneration from our Subsidiaries in Fiscal 2026.

### **Bonus or profit-sharing plan for our Directors**

None of our Directors are party to any bonus or profit-sharing plan of our Company except for Ritesh Agarwal, our Founder and Chairman, who may be entitled to performance-linked bonus as approved by the Nomination and Remuneration Committee for a financial year in his capacity of global chief executive officer of OYO Singapore, president of OYO Technology and Hospitality FZ LLC Dubai and managing director of OYO Technology and Hospitality (UK) Ltd.

### **Contingent and deferred compensation payable to our Directors**

There is no contingent or deferred compensation payable to our Directors, which does not form part of their remuneration.

### **Shareholding of our Directors in our Company**

Except as disclosed in “*Capital Structure – Notes to capital structure – Details of the Shareholding of our Directors, our Key Managerial Personnel and Senior Management*” and “*Capital Structure – Employee Stock Option Scheme*” each on page 284, none of our Directors hold any Equity Shares in our Company as on the date of this Updated Draft Red Herring Prospectus-I.

As per our Articles of Association, our Directors are not required to hold any qualification shares.

### **Arrangement or Understanding with Major Shareholders, Customers, Suppliers or Others**

Except Aditya Ghosh, who is a nominee of our Individual Promoter who is also our Founder and Chairman, and Sumer Juneja, who is a nominee of our Investor Promoter, SVF India and have been appointed pursuant to the Shareholders’ Agreement, none of our Directors have been appointed pursuant to any arrangement or understanding with major Shareholders, customers, suppliers or others. For details of the Shareholders’ Agreement, see “*History and Certain Corporate Matters – Shareholders’ Agreements and Other Agreements*” on page 490.

Except as disclosed in “*Our Management – Remuneration from Subsidiaries*” on page 596, there are no contracts appointing or fixing the remuneration of the Directors of our Company entered into within, or prior to the two years immediately preceding the date of this Updated Draft Red Herring Prospectus-I.

### **Service contracts with Directors**

None of our Directors have entered into a service contract with our Company pursuant to which they are entitled to any benefits upon termination of employment.

### **Interest of Directors**

Our Directors may be deemed to be interested to the extent of (i) sitting fees, if any, payable to them for attending

meetings of our Board and committees of our Board and other remuneration or commission, if any, payable or reimbursement of expenses to them under our Articles of Association or pursuant to the approval given by our Board or Shareholders, as the case may be, and their respective service agreements, if any or to the extent of remuneration paid to them for the services rendered as an officer or employee of our Company; (ii) Equity Shares and stock options, as disclosed in “**Capital Structure – Notes to capital structure – Details of Shareholding of our Directors, our Key Managerial Personnel and Senior Management**” on page 284, (together with dividends and other distributions in respect of such Equity Shares), already held by them or held by their relatives or any firms, companies and trusts in which our Directors are interested as a promoter, director, member, partner or trustee, in our Company, or that may be Allotted to them in the Issue in terms of the Red Herring Prospectus and any dividend payable to them and other benefits arising out of such shareholding; (iii) certain related party transactions entered into by our Company with our Directors or to the extent of any contract agreement /arrangements entered into or to be entered into by our Company in the ordinary course of business with companies in which our Directors hold directorship or any partnership firm in which they are partners; and (iv) their directorship on the board of directors of, and/or their shareholding in our Joint Ventures, Subsidiaries and our Group Companies, as applicable. For further details, see “**Summary of Related Party Transactions**” on page 136.

#### *Interest in promotion or formation of our Company*

Except for Ritesh Agarwal, our Founder and Chairman, who is also one of the Promoters of our Company, none of our Directors are interested in the promotion or formation of our Company.

Our Non-Executive Nominee Directors, Aditya Ghosh is a nominee director of our Individual Promoter who is also our Founder and Chairman, and Sumer Juneja is a nominee of our Investor Promoter, SVF India pursuant to the terms of the Shareholders’ Agreement.

Except for any dividend that may be payable to our Founder and Chairman in his capacity as a Shareholder of our Company, no amount or benefit has been paid or given within the two preceding years or is intended to be paid or given to any of our Directors except the normal remuneration for services rendered as a director of our Company.

Our Directors have no interest in any property acquired by our Company preceding the date of this Updated Draft Red Herring Prospectus-I or proposed to be acquired by our Company or of our Company.

Our Directors are not interested as a member of a firm or company, and no sum has been paid or agreed to be paid to our Directors or to such firm or company in cash or shares or otherwise by any person either to induce him to become, or to help him qualify as a Director, or otherwise for services rendered by him or by the firm or company in which he is interested, in connection with the promotion or formation of our Company.

None of our Directors have any interest in our business other than as disclosed in this section and in “**Our Promoters and Promoter Group**”, “**Our Group Companies**” and “**Other Financial Information – Related Party Transactions**”, on pages 615, 1026 and 945, respectively.

None of our Directors have any interest in any transaction by our Company for acquisition of land, construction of building or supply of machinery.

#### **Confirmations**

None of our Directors is, or was a director of any listed company during the five years immediately preceding the date of this Updated Draft Red Herring Prospectus-I, whose shares have been, or were suspended from being traded on any of the stock exchanges in India during the term of their directorship in such company.

Except as disclosed herein, none of our Directors is, or was a director of any company which has been, or was delisted from any stock exchange in India during the term of their directorship in such company.

Bejul Somaia was a director on the board of U.P. Twiga Fiberglass Limited when it delisted from the Delhi Stock Exchange on December 15, 2007. U.P. Twiga Fiberglass Limited has voluntarily delisted its shares as there was low and infrequent trading and they chose to continue as an unlisted entity. He joined the Board of U.P. Twiga Fiberglass Limited on January 1, 2005 and is currently not a director on U.P. Twiga Fiberglass Limited.

#### **Changes in our Board during the last three years**

| S. No. | Name           | Effective Date of Appointment/Change in designation/Cessation/Regularization | Reason                                                                     |
|--------|----------------|------------------------------------------------------------------------------|----------------------------------------------------------------------------|
| 1.     | Ajay Tyagi     | February 1, 2026                                                             | Appointment as Independent Director <sup>(1)</sup>                         |
| 2.     | Aditya Ghosh   | September 26, 2025                                                           | Re-appointment as Non-Executive Nominee Director                           |
| 3.     | Ritesh Agarwal | August 24, 2024                                                              | Re-appointment as Non-executive Director not liable to retire by rotation. |
| 4.     | Sumer Juneja   | July 9, 2024                                                                 | Appointment as additional non-executive nominee director <sup>(2)</sup>    |
| 5.     | Aditya Ghosh   | September 27, 2023                                                           | Re-appointment as Non-Executive Nominee Director                           |

(1) Regularised pursuant to a special resolution dated April 4, 2026.

(2) Regularised pursuant to a Shareholders' resolution dated August 8, 2024

### **Borrowing Powers of our Board**

Pursuant to our Articles of Association, and in accordance with the provisions of the Companies Act, 2013 and the rules made thereunder, our Board is authorised to borrow such monies which together with the money already borrowed does not exceed the paid-up capital and free reserves of our Company.

### **Corporate Governance**

The provisions relating to corporate governance prescribed under the SEBI Listing Regulations will be applicable to us immediately upon listing of the Equity Shares on the Stock Exchanges. We are in compliance with the requirements of corporate governance with respect to composition of Board and constitution of the committees of the Board, including the audit committee, stakeholder's relationship committee, nomination and remuneration committee and risk management committee by our Company and formulation and adoption of policies, as prescribed under the SEBI Listing Regulations.

Our Board has been constituted in compliance with the Companies Act and the SEBI Listing Regulations. One of our Independent Directors, William Steve Albrecht, who is 79 years of age, has been appointed pursuant to a special resolution dated September 27, 2021 passed in the extra-ordinary general meeting, in compliance with Regulation 17 of the SEBI Listing Regulations. The Board of Directors (including members of the Audit Committee) are financially literate and at least one member possesses accounting/finance qualification in compliance with Regulation 18 of the SEBI Listing Regulations. The Board of Directors function either as a full board, or through various committees constituted to oversee specific operational areas. Further, in compliance with the SEBI Listing Regulations, Deepa Malik, one of our Independent Directors, is appointed to the board of directors of our Material Subsidiaries i.e., OYO Hotels and Homes Private Limited OYO Hotels Inc., OYO Hospitality Netherlands B.V., OYO Vacation Homes Holding B.V., Belvilla Services B.V., G6 Hospitality Franchising LLC., and G6 Hospitality IP LLC.

### **Committees of our Board**

Details of the committees required under SEBI Listing Regulations and the Companies Act are set forth below. In addition to the committees of our Board described below, our Board may constitute committees for various functions from time to time.

#### ***Audit Committee***

The members of our Audit Committee are:

- William Steve Albrecht (Independent Director) – Chairman;
- Deepa Malik (Independent Director) – Member; and
- Troy Matthew Alstead (Independent Director) – Member

Our Audit Committee was constituted by our Board pursuant to a resolution dated May 11, 2020 and was last reconstituted by our Board pursuant to a resolution dated September 26, 2021. The terms of reference of the Audit Committee were last revised by our Board pursuant to its resolution dated December 4, 2025.

The scope and functions of the Audit Committee are in accordance with Section 177 of the Companies Act and Regulation 18 of the SEBI Listing Regulations and its terms of reference are as disclosed below:

1. overseeing the Company's financial reporting process and disclosure of its financial information to ensure that the financial statements are correct, sufficient and credible;
2. recommending to the Board, the appointment, re-appointment, removal and replacement, remuneration and the terms of appointment of the auditors of the Company, including fixing the audit fees;
3. reviewing and monitoring the statutory auditors' independence and performance and the effectiveness of audit process;
4. approving payments to the statutory auditors for any other services rendered by statutory auditors;
5. reviewing with the management, the annual financial statements and the auditors' report thereon before submission to the Board for approval, with particular reference to:
  - a) matters required to be stated in the Directors' responsibility statement to be included in the Board's report in terms of Section 134(3)(c) of the Companies Act;
  - b) changes, if any, in accounting policies and practices and reasons for the same;
  - c) major accounting entries involving estimates based on the exercise of judgment by management;
  - d) significant adjustments made in the financial statements arising out of audit findings;
  - e) compliance with listing and other legal requirements relating to financial statements;
  - f) disclosure of any related party transactions; and
  - g) qualifications and modified opinions in the draft audit report.
6. reviewing, with the management, the quarterly, half-yearly and annual financial statements before submission to the Board for approval;
7. scrutinizing inter-corporate loans and investments;
8. undertaking or supervising valuation of undertakings or assets of the Company, wherever it is necessary;
9. evaluation of internal financial controls and risk management systems;
10. monitoring the end use of funds raised through public offers and related matters;
11. formulating a policy on related party transactions, which shall include materiality of related party transactions;
12. approving transactions of the Company with related parties, or any subsequent modification thereof and omnibus approval for related party transactions proposed to be entered into by the Company subject to such conditions as may be prescribed;
13. reviewing, at least on a quarterly basis, the details of related party transactions entered into by the Company pursuant to each of the omnibus approvals given;
14. recommending criteria for omnibus approval or any changes to the criteria for approval of the Board;
15. making recommendations to the Board, where the Audit Committee does not approve transactions other than the transactions falling under Section 188 of the Companies Act;
16. reviewing, along with the management, the statement of uses/application of funds raised through an issue (public issue, rights issue, preferential issue, etc.), the statement of funds utilized for purposes other than

those stated in the offer document/prospectus/notice and the report submitted by the monitoring agency monitoring the utilization of proceeds of a public issue or rights issue, or preferential issue or qualified institutions placement and making appropriate recommendations to the Board to take up steps in this matter;

17. reviewing and monitoring auditor independence and performance and effectiveness of audit process;
18. establishing a vigil mechanism for directors and employees to report their genuine concerns or grievances, with the chairperson of the Audit Committee directly hearing grievances of victimization of employees and directors;
19. reviewing, with the management, the performance of statutory and internal auditors and adequacy of the internal control systems;
20. reviewing the adequacy of internal audit function, if any, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit;
21. discussing with internal auditors any significant findings and follow up thereon;
22. reviewing the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the Board;
23. discussing with the statutory auditors before the audit commences, about the nature and scope of audit as well as post-audit discussion to ascertain any area of concern;
24. looking into the reasons for substantial defaults in the payment to the depositors, debenture holders, shareholders (in case of non-payment of declared dividends) and creditors;
25. approving the appointment of the chief financial officer, or any other person heading the finance function or discharging that function, after assessing the qualifications, experience and background, etc. of the candidate;
26. reviewing the functioning of the whistle blower mechanism;
27. ensuring that an information system audit of the internal systems and process is conducted at least once in two years to assess operational risks faced by the Company;
28. reviewing the utilization of loan and/or advances from investment by the holding company in the subsidiaries exceeding ₹ 100 crore or 10% of the asset size of the subsidiary, whichever is lower including existing loans / advances / investments;
29. considering and commenting on rationale, cost-benefits and impact of schemes involving merger, demerger, amalgamation etc., on the Company and its shareholders;
30. Investigating any activity within its terms of reference, seeking information from any employee, obtaining outside legal or other professional advice and securing attendance of outsiders with relevant expertise, if it considers necessary;
31. reviewing compliance with the provisions of Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015, as may be amended from time to time at least once in a financial year and verify that systems for internal control are adequate and are operating effectively;
32. Reviewing:
  - a) Any show cause, demand, prosecution and penalty notices against the Company or its Directors which

are materially important including any correspondence with regulators or government agencies and any published reports which raise material issues regarding the Company's financial statements or accounting policies;

- b) Any material default in financial obligations by the Company;
  - c) Any significant or important matters affecting the business of the Company;
33. performing such other functions as may be delegated by the Board and/or prescribed under the SEBI Listing Regulations, the Companies Act or other applicable law;
  34. assess the quality and integrity of the Company's financial statements;
  35. oversee the external audit of the Company's financial statements;
  36. oversee the performance of the Company's internal audit function;
  37. the Company's cash, debt, debt covenants and other financial readiness;
  38. approving the key performance indicators ("KPIs") for disclosure in the Issue Documents, and approval of KPIs once every year, or as may be required under applicable law;
  39. consider and review the Company's policies on risk assessment and risk management, including guidelines and policies to govern the process by which the Company's exposure to risk is handled;
  40. the Company's compliance with legal and regulatory requirements; review and approve all related party transactions or any subsequent modifications thereto; and
  41. carrying out any other functions required to be carried out by the Audit Committee as may be decided by the Board and/or as provided under the Companies Act, SEBI Listing Regulations or any other applicable law, as and when amended from time to time, as maybe necessary or appropriate for the performance of its duties.

The powers of the Audit Committee include the following:

1. to investigate activity within its terms of reference;
2. to seek information from any employees;
3. to obtain outside legal or other professional advice;
4. to secure attendance of outsiders with relevant expertise, if it considers necessary;
5. to obtain professional advice from external sources and have full access to information contained in the records of the Company; and
6. to have such powers as may be prescribed under the Companies Act and the SEBI Listing Regulations.

The Audit Committee shall mandatorily review the following information:

1. management's discussion and analysis of financial condition and result of operations;
2. management letters/letters of internal control weaknesses issued by the statutory auditors;
3. internal audit reports relating to internal control weaknesses;
4. the appointment, removal and terms of remuneration of the chief internal auditor shall be subject to review

- by the Audit Committee;
5. the examination of the financial statements and the auditors' report thereon; and
  6. statement of deviations, including:
    - a) quarterly statement of deviation(s), including report of monitoring agency, if applicable, submitted to stock exchange(s) in terms of Regulation 32(1) of the SEBI Listing Regulations; and
    - b) annual statement of funds utilized for purposes other than those stated in the issue document/prospectus/notice in terms of Regulation 32(7) of the SEBI Listing Regulations.
    - c) such information as may be prescribed under the Companies Act and the SEBI Listing Regulations.
  7. the financial statements, in particular, the investments made by any unlisted subsidiary.

The committee may meet as often as it deems necessary or as appropriate in its judgment, in person or audio / visual means, in accordance with the relevant provisions of Companies Act, 2013, SEBI Listing Regulations and other applicable provisions of law for the time being in force.

#### ***Nomination and Remuneration Committee***

The members of the Nomination and Remuneration Committee are:

- Troy Matthew Alstead (Independent Director) - Chairman;
- Ritesh Agarwal (Founder and Chairman) – Member;
- William Steve Albrecht (Independent Director) – Member; and
- Bejul Somaia (Independent Director) – Member

#### ***Terms of reference***

The Nomination and Remuneration Committee was constituted by our Board pursuant to a resolution dated September 26, 2021. The terms of reference of the Nomination and Remuneration Committee were last revised by our Board pursuant to its resolution dated December 4, 2025.

The scope and functions of the Nomination and Remuneration Committee are in accordance with Section 178 of the Companies Act, Regulation 19 of the SEBI Listing Regulations, and its terms of reference are as disclosed below:

#### **Section A: Corporate Governance**

1. Annually review and assess the effectiveness of the principles of corporate governance approved by the Board and recommend proposed changes to the Board;
2. Review periodically the succession planning for key executives, report its findings and recommendations to the Board, and work with the Board in evaluating potential successors to these executive management positions;
3. Review and recommend to the Board proposed changes to the Company's certificate of incorporation and bylaws;
4. Review shareholder proposals relating to corporate governance and other matters and recommend to the Board the Company's response to such proposals; and
5. Oversee compliance by the Board and its committees with applicable laws and regulations, including those promulgated by the applicable laws.
6. Oversee the Board evaluation process including conducting periodic evaluations of the performance of the

Board as a whole and evaluating the performance of Board members eligible for their re-election;

7. identifying and nominating, for the approval of the Board and ultimately the shareholders, candidates to fill Board vacancies as and when they arise as well as putting in place plans for succession, in particular with respect to the Chairman of the Board and the Chief Executive Officer;
8. formulating the criteria for determining qualifications, positive attributes and independence of a director and recommending to the Board, a policy relating to the remuneration of the directors, key managerial personnel and other employees, and while formulating the above policy ensure that—
  - a) the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors of the quality required to run the company successfully;
  - b) relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
  - c) remuneration to directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the company and its goal
9. For every appointment of an independent director, the committee shall evaluate the balance of skills, knowledge and experience on the Board and on the basis of such evaluation, prepare a description of the role and capabilities required of an independent director. The person recommended to the Board for appointment as an independent director shall have the capabilities identified in such description. For the purpose of identifying suitable candidates, the committee may:
10. use the services of an external agencies, if required;
11. consider candidates from a wide range of backgrounds, having due regard to diversity; and consider the time commitments of the candidates.
12. formulation of criteria for evaluation of performance of independent directors and the board of directors;
13. providing a detailed explanation and justification for appointment or re-appointment of person who was earlier rejected by the shareholders at a general meeting;
14. formulating criteria for evaluation of independent directors and the Board;
15. Devising a policy on diversity of the Board;
16. identifying persons, who are qualified to become directors or who may be appointed in senior management in accordance with the criteria laid down, recommending to the Board their appointment and removal and carrying out evaluation of every director's performance and specifying the manner for effective evaluation of performance of Board, its committees and individual directors, to be carried out either by the Board, by the Nomination and Remuneration Committee or by an independent external agency and reviewing its implementation and compliance. The Company shall disclose the remuneration policy and the evaluation criteria in its annual report;
17. Determining whether to extend or continue the term of appointment of the independent director, on the basis of the report of performance evaluation of independent directors;
18. Evaluate and make recommendations to the Board on the adequacy and effectiveness of director compensation, including consideration in relation to other peer companies and with regard to trends and developments in director compensation (subject to any and all action required to avoid conflict of interest); in performing these duties, the committee may retain and consult with outside compensation consultants;
19. Identifying persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down, and recommend to the board of directors their appointment and removal; and

20. To extend or continue the term of appointment of the independent director, on the basis of the report of performance evaluation of independent director.

#### Board Committees

1. Periodically review the composition of each Board committee and make recommendations to the Board for the creation of additional Board committees or the change in mandate or dissolution of Board committees; and
2. Recommend to the Board persons to be members of various Board committees.

#### Ethical Standards and Potential Conflicts of Interest

1. Review and consider questions of possible conflicts of interest of Board members and corporate officers, other than related party transactions reviewed by the Audit Committee and approve or prohibit any involvement of such persons in matters that may involve a conflict of interest or receiving benefit through corporate opportunity(ies).

#### Monitoring Corporate Social Responsibility activities

1. To monitor and review the activities of the CSR and report to the Board from time to time

In performing its duties, the committee shall have the authority to obtain advice, reports or opinions from internal or external legal counsel and expert advisors.

The committee may form and delegate authority to any sub-committee or special committee as and when appropriate.

#### Section B: Compensation Strategy and related matters

##### I. Overall Compensation Strategy

- (i) Review periodically the Company's compensation and benefits objectives and performance against those objectives.
- (ii) Recommending remuneration of executive directors and any increase therein from time to time within the limit approved by the members of the Company;
- (iii) Recommending remuneration to non-executive directors in the form of sitting fees for attending meetings of the Board and its committees, remuneration for other services, commission on profits;
- (iv) Recommending to the Board, all remuneration, in whatever form, payable to senior management
- (v) Review periodically market conditions and practices and the Company's strategy and processes for determining compensation and benefits.
- (vi) Review and make recommendations to the Board, and exercise authority delegated by the Board as appropriate, regarding the establishment, amendment and termination of compensation and benefit programs and plans.
- (vii) Review and consider the results of any advisory vote on executive compensation.
- (viii) Consider, and if appropriate, establish and monitor a policy designed to encourage or require executive officers and directors to acquire and hold a meaningful equity interest in the Company.

##### II. Executive Performance and Compensation

- (i) Review and recommend annually to the Board the compensation of the Chief Executive Officer

(“CEO”), including base salary, the grant of any annual and long-term incentive awards, and the grant or amendment of any special perquisites or other compensation or benefit arrangements, based on the Board’s evaluation of the CEO’s performance. In determining the recommendation for the long-term incentive component of the CEO’s compensation, the committee may consider, among other factors, the value of similar incentive awards to CEOs at comparable companies and the awards given to the CEO in past years. The CEO may not be present during the voting or deliberations regarding his or her compensation.

- (ii) Review annually with the Chairman and the CEO the performance and compensation of the Company’s executive officers, and annually approve the compensation of the executive officers other than the CEO.
- (iii) Review and approve the terms of any employment offer or any proposed employment agreement for any executive officer other than the CEO; review and recommend to the Board the terms of any employment offer or any proposed employment agreement for the CEO
- (iv) Review and discuss with management the Company’s compensation disclosures and reports filed with any governing body.
- (v) Consult with the other committees or the full Board as appropriate in specific cases in connection with “change of control,” stock valuation or comparable provisions in the Company’s compensation or other employee plans or agreements.
- (vi) Review and approve any severance arrangements or plans for executive officers other than the CEO; review and recommend to the Board any severance arrangements or plans for the CEO.

### III. Human Resources Management and Executive Succession Planning

- (i) Review annually the Company’s executive succession planning process and status for all senior level executives, including the CEO.
- (ii) Review periodically the results of the Company’s employee engagement survey and the status of any action plan.

### IV. Plan Review and Administration

- (i) Discharge specific approval and administrative responsibilities, including, without limitation, equity, bonus or other compensation plans and the approval of grants and awards under such plans, as the designated plan administrator or as otherwise provided under the Company’s employee and management compensation and benefit plans and policies.
- (ii) Review the Company’s incentive compensation arrangements to determine whether they encourage excessive risk-taking, review and discuss at least annually the relationship between risk management policies and practices and compensation, and evaluate compensation policies and practices that could mitigate any such risk.
- (iii) Any item that may require the approval of the Board of Directors or shareholders of the Company under this Section shall be recommended by the committee post the committee’s approval. Subject to Applicable Law, the decision of the committee shall be final and binding on the Employees of the Company.
- (iv) Performing such functions as are required to be performed by the compensation committee under the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021, as amended;
- (v) Administering the employee stock option scheme/plan approved by the Board and shareholders of the Company in accordance with the terms of such scheme/plan (“ESOP Scheme”) including the following:
  - (a) determining the eligibility criteria and selection of employees to participate under the

ESOP Scheme;

- (b) determining the quantum of option to be granted under the ESOP Scheme per employee and in aggregate;
- (c) date of grant;
- (d) determining the exercise price of the option under the ESOP Scheme;
- (e) the conditions under which option may vest in employee and may lapse in case of termination of employment for misconduct;
- (f) the exercise period within which the employee should exercise the option and that option would lapse on failure to exercise the option within the exercise period;
- (g) the specified time period within which the employee shall exercise the vested option in the event of termination or resignation of an employee;
- (h) the right of an employee to exercise all the options vested in him at one time or at various points of time within the exercise period;
- (i) re-pricing of the options which are not exercised, whether or not they have been vested if stock option are rendered unattractive due to fall in the market price of the equity shares;
- (j) the grant, vesting and exercise of option in case of employees who are on long leave;
- (k) the vesting and exercise of option in case of grantee who has been transferred or whose services have been seconded to any other entity within the group at the instance of the Company;
- (l) allowing exercise of unvested options on such terms and conditions as it may deem fit;
- (m) the procedure for cashless exercise of options;
- (n) forfeiture/ cancellation of options granted;
- (o) arranging to get the shares issued under the ESOP Scheme listed on the stock exchanges on which the equity shares of the Company are listed or maybe listed in future;
- (p) formulating and implementing the procedure for making a fair and reasonable adjustment to the number of options and to the exercise price in case of corporate actions such as rights issues, bonus issues, merger, sale of division and others. In this regard following shall be taken into consideration:
  - a. the number and the price of the option shall be adjusted in a manner such that total value of the option to the employee remains the same after the corporate action;
  - b. for this purpose, global best practices in this area including the procedures followed by the derivative markets in India and abroad may be considered; and
  - c. the vesting period and the life of the option shall be left unaltered as far as possible to protect the rights of the employee who is granted such option.
- (vi) construing and interpreting the ESOP Scheme and any agreements defining the rights and obligations of the Company and eligible employees under the ESOP Scheme, and prescribing, amending and/or rescinding rules and regulations relating to the administration of the ESOP Scheme;
- (vii) engaging the services of any consultant/professional or other agency for the purpose of recommending compensation structure/policy;

- (viii) analyzing, monitoring and reviewing various human resource and compensation matters;
- (ix) determining the Company's policy on specific remuneration packages for executive directors including pension rights and any compensation payment, and determining remuneration packages of such directors;
- (x) reviewing and approving compensation strategy from time to time in the context of the then current Indian market in accordance with applicable laws;
- (xi) framing suitable policies and systems to ensure that there is no violation, by an employee of any applicable laws in India or overseas, including:
  - (a) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015, as amended; or
  - (b) The Securities and Exchange Board of India (Prohibition of Fraudulent and Unfair Trade Practices relating to the Securities Market) Regulations, 2003, as amended; and
- (xii) performing such other functions as may be delegated by the Board and/or prescribed under the SEBI Listing Regulations, the Companies Act, or other applicable law.

The committee may meet as often as it deems necessary or as appropriate in its judgment, in person or audio / visual means, in accordance with the relevant provisions of Companies Act, 2013, SEBI Listing Regulations and other applicable provisions of law for the time being in force.

## DIVIDEND POLICY

The declaration and payment of dividends on the Equity Shares and Preference Shares will be recommended by our Board and approved by our Shareholders at their discretion, subject to the provisions of our Articles of Association and applicable laws including the Companies Act.

Our Company has adopted a dividend policy pursuant to a resolution of Board dated September 21, 2021.

The declaration of dividends, if any, in the future will depend on a number of factors that our Board deems relevant, including but not limited to our Company's profits, capital requirements, rate of dividend distribution tax, contractual obligations, applicable legal restrictions, overall financial condition and restrictive covenants under loan or financing arrangements of our Company. See "**Financial Indebtedness**" beginning on page 947. In addition, the dividend, if any, will also depend on a number of external factors including but not limited to applicable laws and regulations including taxation laws, economic conditions, prevalent market practices, and technological changes.

Further, our shareholders should not expect dividend in certain circumstances including growth opportunities which require our Company to allocate a significant amount of capital, in the event of a higher working capital requirement for business operations or otherwise, inadequacy of cash flow available for distribution, inadequacy or absence of profits, utilization of surplus cash for buyback of securities or setting off previous year losses or losses of Subsidiaries, prohibition to declare dividend by any regulatory body and other factors which may be considered relevant by the Board. Our Company may also, from time to time, pay interim dividends.

Our Company has not declared or paid any dividend during the three immediately preceding Financial Years, during the nine months ended December 31, 2025, and during the period from January 1, 2026 until the date of filing of this Updated Draft Red Herring Prospectus-I. However, as of December 31, 2025, the Company has accrued certain cumulative preference share dividend amounting to less than ₹ 1.00 million.

Dear Sirs,

1. We have examined the attached Restated Consolidated Financial Information of **Oravel Stays Limited** (the “Company” or the “Issuer”) and its subsidiaries (the Company and its subsidiaries together referred to as the “**Group**”) and its joint ventures, comprising the Restated Consolidated Statement of Assets and Liabilities as at 31 December 2025, 31 March 2025, 31 March 2024 and 31 March 2023, the Restated Consolidated Statements of Profit and Loss (including other comprehensive income), the Restated Consolidated Statement of Changes in Equity, the Restated Consolidated Cash Flow Statement for the nine months period ended 31 December 2025 and for the years ended 31 March 2025, 31 March 2024 and 31 March 2023, the Summary Statement of Material Accounting Policies, and other explanatory information (collectively, the “**Restated Consolidated Financial Information**”), as approved by the Board of Directors of the Company at their meeting held on 12 June 2026, for the purpose of inclusion in the Updated Draft Red Herring Prospectus-I (“UDRHP-I”) prepared by the Company in connection with its proposed Initial Public Offer of equity shares (“IPO”) prepared in terms of the requirements of:
  - a. Section 26 of Part I of Chapter III of the Companies Act, 2013 (the “**Act**”);
  - b. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (“**ICDR Regulations**”); and
  - c. The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India (“ICAI”), as amended from time to time (the “**Guidance Note**”).
2. The Company’s Board of Directors is responsible for the preparation of the Restated Consolidated Financial Information for the purpose of inclusion in the UDRHP-I to be filed with Securities and Exchange Board of India, National Stock Exchange of India Limited (“**NSE**”) and BSE Limited (“**BSE**”, and together with “NSE”, the “**Stock Exchanges**”) in connection with the proposed IPO. The Restated Consolidated Financial Information have been prepared by the management of the Company on the basis of preparation stated in note 2.1 to the Restated Consolidated Financial Information. The respective Board of Directors of the companies included in the Group and joint ventures are responsible for designing, implementing and maintaining adequate internal control relevant to the preparation and presentation of the Restated Consolidated Financial Information. The respective Board of Directors are also responsible for identifying and ensuring that the Group and its joint ventures comply with the Act, ICDR Regulations and the Guidance Note.
3. We have examined such Restated Consolidated Financial Information taking into consideration:
  - a. The terms of reference and terms of our engagement agreed upon with you in accordance with our engagement letter dated 04 December 2025 read with Addendum to our engagement letter dated 01 June 2026 in connection with the proposed IPO of equity shares of the Issuer;
  - b. The Guidance Note. The Guidance Note also requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI;
  - c. Concepts of test checks and materiality to obtain reasonable assurance based on verification of evidence supporting the Restated Consolidated Financial Information; and
  - d. The requirements of Section 26 of the Act and the ICDR Regulations. Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the ICDR Regulations and the Guidance Note in connection with the IPO.
4. These Restated Consolidated Financial Information have been compiled by the management from:
  - a. Audited Special Purpose Interim Consolidated Financial Statements of the Group and its joint ventures as at and for the nine months period ended 31 December 2025, prepared in accordance with Indian Accounting Standard (“**Ind AS**”) 34 “Interim Financial Reporting”, specified under Section 133 of the Act and other accounting principles generally accepted in India, except for the presentation of comparative financial information in accordance with Ind AS 34 (the “**Special Purpose Interim Consolidated Financial Statements**”) which have been approved by the Board of Directors at their meeting held 09 June 2026.
  - b. Audited Consolidated Financial Statements of the Group and its joint ventures as at and for the years ended 31 March 2025, 31 March 2024 and 31 March 2023 prepared in accordance with Ind AS as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, and other accounting principles generally accepted in India (“**Audited Consolidated Financial Statements**”), which have been approved by the Board of Directors at their meeting held on 23 July 2025, 09 July 2024 and 12 July 2023, respectively.
5. For the purpose of our examination, we have relied on:
  - a. Auditors’ report issued by us dated 09 June 2026 on the Special Purpose Interim Consolidated Financial Statements of the Group and its joint ventures as at and for the nine months period ended 31 December 2025 as referred in Paragraph 4a above; and
  - b. Auditors’ Report issued by the Previous Auditors dated 23 July 2025, 09 July 2024 and 12 July 2023 on the Audited Consolidated Financial Statements of the Group and its joint ventures as at and for the years ended 31 March 2025, 31 March 2024 and 31 March 2023 respectively, as referred in Paragraph 4b above

The audits for the financial years ended 31 March 2025, 31 March 2024 and 31 March 2023 were conducted by the Company's previous auditors, **S.R. Batliboi & Associates LLP** (the "**Previous Auditors**"), and accordingly reliance has been placed on the Restated Consolidated Statement of Assets and Liabilities and the Restated Consolidated Statements of Profit and Loss (including Other Comprehensive Income), Restated Consolidated Statements of Changes in Equity and Restated Consolidated Cash Flow Statements, the Summary Statement of Material Accounting Policies, and other explanatory information (collectively, the "**2025, 2024 and 2023 Restated Consolidated Financial Information**") examined by them for the said years. The examination report included for the said years is based solely on the report submitted by the Previous Auditors. They have also confirmed that the 2025, 2024 and 2023 Restated Consolidated Financial Information:

- a. have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively in the financial years ended 31 March 2025, 31 March 2024 and 31 March 2023 to reflect the same accounting treatment as per the accounting policies and grouping/classifications followed as at and for the nine months period ended 31 December 2025;
  - b. does not contain any qualifications requiring adjustments for the matters mentioned in paragraph 6 below. However, those qualifications / observations in the Companies (Auditor's Report) Order, 2020 issued by the Central Government of India in terms of sub section (11) of section 143 of the Act, if any and reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended) which do not require any corrective adjustments in the Restated Consolidated Financial Information have been disclosed in Annexure VI to the 2025, 2024 and 2023 Restated Consolidated Financial Information and
  - c. have been prepared in accordance with the Act, ICDR Regulations and the Guidance Note.
6. a) The audit reports on the Special Purpose Interim Consolidated Financial Statements issued by us referred to in 5(a) above, included following matters as at and for the nine-months period ended 31 December 2025:

**Emphasis of matter – Basis of Preparation and Restriction on Distribution and Use**

"We draw attention to Note 1 to the accompanying Special Purpose Interim Consolidated Financial Statements, which describes the basis of its preparation. The Special Purpose Interim Consolidated Financial Statements have been prepared by the Holding Company's management, solely for the purpose of preparation of the Restated Consolidated Financial Information of the Group and its joint ventures for the nine months period ended 31 December 2025, to be included in the Updated Draft Red Herring Prospectus-I ('UDRHP-I'), which is to be filed by the Holding Company with Securities and Exchange Board of India, National Stock Exchange of India Limited and BSE Limited as per the requirements of Section 26 of Part I of Chapter III of the Act, read with the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirement) Regulations, 2018, as amended from time to time in connection with the proposed Initial Public Offer of equity shares of the Holding Company and accordingly, these Special Purpose Interim Consolidated Financial Statements may not be suitable for any other purpose. Our report is issued solely for the aforementioned purpose, and accordingly, should not be used, referred to or distributed for any other purpose or to any other party without our prior written consent. Further, we do not accept or assume any liability or any duty of care for any other purpose for which or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

Our opinion is not modified in respect of this matter."

- b) The audit reports on the Audited Consolidated Financial Statements issued by Previous Auditors referred in 5(b) above included following matters as at and for the years ended 31 March 2025, 31 March 2024 and 31 March 2023:

**For the year ended 31 March 2025**

**Reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended)**

"Based on our examination which included test checks and that performed by the respective auditors of the subsidiaries and joint ventures which are companies incorporated in India whose financial statements have been audited under the Act, the Holding Company, subsidiaries and joint ventures have used accounting software and other peripheral software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except, audit trail feature at database level was not enabled for one accounting software from 1 April 2024 till 19 August 2024, therefore was effective through part of the year till year end as discussed in note 54 to the financial statements. Furthermore, audit trail feature is not enabled at the database level concerning other peripheral software to log any direct changes to the database. Further, to the extent where audit trail (edit log) feature was enabled, we and respective statutory auditors of the above referred subsidiaries and joint ventures did not come across any instance of audit trail feature being tampered with.

Additionally, the audit trail has been preserved by the Holding Company, its subsidiaries and joint ventures as per statutory requirements for record retention to the extent it was enabled and recorded in those respective year."

**Other Matter paragraph with respect to reports on internal financial controls**

"Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements of the Holding Company, in so far as it relates to this 1 subsidiary, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries and joint ventures incorporated in India."

**Qualification or observations in the Companies (Auditors Report) order (CARO)**

- a) Qualifications or adverse remarks by the respective auditors in the Companies (Auditors Report) Order (CARO) reports of the companies included in the consolidated financial statements whose auditor's report issued under the requirements of the Act have been relied upon us:

| S. No. | Name                                                       | CIN                   | Holding company/ subsidiary/ associate/ joint venture | Clause number of the CARO report which is qualified or is adverse |
|--------|------------------------------------------------------------|-----------------------|-------------------------------------------------------|-------------------------------------------------------------------|
| 1      | Oyo Hotels and Homes Private Limited                       | U74900GJ2015PTC107035 | Subsidiary                                            | 3(ix)(d) and (x)(b)                                               |
| 2      | Mypreferred Transformation and Hospitality Private Limited | U74999HR2018PTC076770 | Subsidiary                                            | 3(xx)(a)                                                          |

- b) The report of the following components included in the consolidated financial statements has not been issued by its auditor till the date of our auditor's report:

| S. No | Name                                                                                                      | CIN                   | Subsidiary/ associate/ joint venture |
|-------|-----------------------------------------------------------------------------------------------------------|-----------------------|--------------------------------------|
| 1     | Innov8 Workspaces India Limited (formerly known as OYO Workspaces India Private Limited)                  | U70100DL2019PTC351211 | Subsidiary                           |
| 2     | Guerrilla Infra Solution Private Limited                                                                  | U70200DL2015PTC82383  | Subsidiary                           |
| 3     | Luxabode Hotels Private Limited (Formerly known as Mountainia Developers and Hospitality Private Limited) | U70109HR2018PTC076924 | Joint Venture                        |

**For the year ended 31 March 2024****Reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended)**

"Based on our examination which included test checks and that performed by the respective auditors of the subsidiaries and joint ventures which are companies incorporated in India whose financial statements have been audited under the Act, the holding Company, subsidiaries and joint ventures have used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that, audit trail for accounting and certain related software was not enabled at database level to log any direct changes to the database, as disclosed in note 54 to the financial statements. Further, during the course of audit, with respect to the accounting software where audit trail has been enabled we and respective auditors of the above referred subsidiaries and joint ventures did not come across any instance of audit trail feature being tampered with.

Also, with respect to third-party operated software application, in the absence of a conclusive Service Organisation Control report on audit trail, we are unable to comment on whether the audit trail feature was enabled and operated throughout the year for all relevant transactions recorded in this software application or whether there were any instances of the audit trail feature being tampered with."

**Other Matter paragraph with respect to reports on internal financial controls**

"Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements of the Holding Company, in so far as it relates to this 1 subsidiary, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries and joint ventures incorporated in India."

**Qualification or observations in the Companies (Auditors Report) order (CARO)**

- a) Qualifications or adverse remarks by the respective auditors in the Companies (Auditors Report) Order (CARO) reports of the companies included in the consolidated financial statements whose auditor's report issued under the requirements of the Act have been relied upon us:

| S. No | Name                                                       | CIN                   | Holding company/ subsidiary/ associate/ joint venture | Clause number of the CARO report which is qualified or is adverse |
|-------|------------------------------------------------------------|-----------------------|-------------------------------------------------------|-------------------------------------------------------------------|
| 1     | Oyo Hotels and Homes Private Limited                       | U74900GJ2015PTC107035 | Subsidiary                                            | 3(ix)(d)                                                          |

- b) The report of the following components included in the consolidated financial statements has not been issued by its auditor till the date of our auditor's report:

| S. No | Name                                                                                                      | CIN                   | Subsidiary/ associate/ joint venture |
|-------|-----------------------------------------------------------------------------------------------------------|-----------------------|--------------------------------------|
| 1     | Luxabode Hotels Private Limited (Formerly known as Mountainia Developers and Hospitality Private Limited) | U70109HR2018PTC076924 | Joint Venture                        |

**7. As indicated in our audit reports referred above:**

- a) we did not audit financial statements of subsidiaries and joint ventures whose share of total assets, total revenues, net cash inflows / (outflows) and share of profit/ loss in its joint ventures included in the Special Purpose Interim Consolidated Financial Statements, for the nine months period ended 31 December 2025 is tabulated below, which have been audited by other auditors, as mentioned in **Annexure A**, and whose reports have been furnished to us by the Company's management and our opinion on the Special Purpose Interim Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these components, is based solely on the reports of the other auditors:

(Rs in millions)

| Particulars                                  | As at/ for the nine months period ended 31 December 2025 |
|----------------------------------------------|----------------------------------------------------------|
| <b>No. of subsidiaries<sup>#</sup></b>       | 2                                                        |
| Total assets                                 | 11,428.37                                                |
| Total revenues                               | 2,468.58                                                 |
| Net cash inflow                              | 38.24                                                    |
| <b>No. of Joint ventures</b>                 | 3                                                        |
| Share of profit/ loss in its joint ventures* | 155.34                                                   |

<sup>#</sup> Sunday Propstech Limited was a subsidiary for part of the period (also, refer note 5A of the Restated Consolidated Financial Information)

\* The amount is on consolidated basis including the subsidiaries of joint ventures

Further, of these joint venture groups, 1 joint venture group as mentioned in **Annexure A**, is located outside India whose special purpose interim financial statements have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Company's management has converted the special purpose interim financial statements of such subsidiaries and joint ventures located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion on the Special Purpose Interim Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of such subsidiaries and joint ventures located outside India, is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

The Special Purpose Interim Consolidated Financial Statements also include the Group's share of net profit/loss (including other comprehensive income) of nil for the nine-months period ended 31 December 2025 in respect of 1 joint venture as mentioned in **Annexure B**, whose special purpose interim financial statements has not been audited by us. These special purpose interim financial statements are unaudited and have been furnished to us by the management and our opinion on the Special Purpose Interim Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of the aforesaid joint ventures, is based solely on such unaudited special purpose interim financial statements. In our opinion and according to the information and explanations given to us by the management, these special purpose interim financial statements are not material to the Group.

Our opinion on the Special Purpose Interim Consolidated Financial Statements is not modified in respect of these matters.

These other auditors of the subsidiaries and joint ventures, as mentioned in **Annexure C**, have examined the Restated Financial Information and have confirmed that the Restated Financial Information:

- a) have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively in the financial years ended 31 March 2025, 31 March 2024 and 31 March 2023 to reflect the same accounting treatment as per the accounting policies and grouping/classifications followed as at and for the nine months period ended 31 December 2025;
  - b) do not include any qualifications requiring adjustments; and
  - c) have been prepared in accordance with the Act, ICDR Regulations and the Guidance Note.
8. Based on examination report dated 12 June 2026 provided by the Previous Auditors, the audit reports on the Consolidated Financial Statements issued by the Previous Auditors included following other matters:

We did not audit financial statements of subsidiaries, and joint ventures whose share of total assets, total revenues, net cash inflows / (outflows) and share of profit/ loss in its joint ventures as mentioned in Annexure A included in the Consolidated Financial Statements, for the years ended 31 March 2025, 31 March 2024 and 31 March 2023 respectively is tabulated below, which have been audited by other auditors, and whose reports have been furnished to us by the Company's management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these components, is based solely on the reports of the other auditors:

(Rs. in millions)

\* The amount is on consolidated basis including the subsidiaries of joint ventures

Certain of these subsidiaries and joint ventures are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries and joint ventures located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries and joint ventures located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion on the Consolidated Financial Statements is not modified in respect of these matters.

9. Based on our examination and according to the information and explanations given to us and also as per the reliance placed on the examination report submitted by the Previous Auditors and other auditors (**Annexure C**) for the periods / entities audited by them, we report that the Restated Consolidated Financial Information:

## Oravel Stays Limited

- a. have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively in the financial years ended 31 March 2025, 31 March 2024 and 31 March 2023 to reflect the same accounting treatment as per the accounting policies and grouping/classifications followed as at and for the nine months period ended 31 December 2025;
  - b. does not contain any qualifications requiring adjustments for the matters mentioned in paragraph 6 above. However, those qualifications / observations in the Companies (Auditor's Report) Order, 2020 issued by the Central Government of India in terms of sub section (11) of section 143 of the Act, if any which do not require any corrective adjustments in the Restated Consolidated Financial Information have been disclosed in Annexure VI to the Restated Consolidated Financial Information; and
  - c. have been prepared in accordance with the Act, ICDR Regulations and the Guidance Note.
10. The Restated Consolidated Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of the reports on the Special Purpose Interim Consolidated Financial Statements and Audited Consolidated Financial Statements mentioned in paragraph 4 above (except for effect of bonus issue as described in note 32 of Restated Consolidated Financial Information).
  11. This report should not in any way be construed as a reissuance or re-dating of any of the previous audit reports issued by us or the Previous Auditors, nor should this report be construed as a new opinion on any of the financial statements referred to herein.
  12. We have no responsibility to update our report for events and circumstances occurring after the date of the report.
  13. Our report is intended solely for use of the Board of Directors for inclusion in the UDRHP-I to be filed with Securities and Exchange Board of India, Stock Exchanges in connection with the proposed IPO. Our report should not be used, referred to, or distributed for any other purpose except with our prior consent in writing. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

**1. Corporate information**

Oravel Stays Limited (formerly known as Oravel Stays Private Limited) (“Oravel” or “the Company” or “the Parent Company”) together with its subsidiaries (collectively referred to as “the Group”) and its joint ventures is an unlisted limited Company domiciled in India and incorporated under the provisions of Indian Companies Act, with its registered office situated at Ground floor- 001, Mauryansh Elanza, Shyamal Cross Road, Near: Parekh Hospital, Ahmedabad, Gujarat - 380015.

The Group is primarily engaged in providing a unique two-sided technology platform which helps our hotel and home owners to transform fragmented and unbranded hospitality assets into branded, digitally-enabled hotel and homes with higher revenue generation potential and provides our Customers with access to broad range and spectrum of hotels and homes. The Group also deals in packages, organising meetings, conferences and events related activities at Hotels operated by Hotel owners.

**2. Basis of preparation of restated consolidated summary statements****2.1 Basis of preparation**

These Restated Consolidated Financial Information comprise of the Restated Consolidated Summary Statement of Assets and Liabilities as at 31 December 2025, 31 March 2025, 31 March 2024 and 31 March 2023, the Restated Consolidated Summary Statement of Profit and Loss (including Other Comprehensive Income), Restated Consolidated Summary Statement of Changes in Equity and the Restated Consolidated Summary Statement of Cash Flows for the period ended 31 December 2025 and years ended 31 March 2025, 31 March 2024 and 31 March 2023 and the Summary of Material Accounting Policies and explanatory notes (collectively, the ‘Restated Consolidated Financial Information’).

The Restated Consolidated Financial Information have been approved by the Board of Directors of the Holding Company at their meeting held on 12 June 2026 and has been specifically prepared by the management as required under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (“ICDR Regulations”) issued by the Securities and Exchange Board of India (‘SEBI’), in pursuance of the Securities and Exchange Board of India Act, 1992, for inclusion in the Updated Draft Red Herring Prospectus I (‘UDRHP-I’) in connection with the proposed Initial Public Offer (‘IPO’) of equity shares of INR 1 each of the Company (referred to as the ‘Offer’). The Restated Consolidated Financial Information has been prepared by the management of the Company to comply in all material respects with the requirements of:

- a. Section 26 of Part I of Chapter III of the Companies Act, 2013, as amended (“the Act”)
- b. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 (“ICDR”) as amended; and
- c. The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India (ICAI) as amended (“the Guidance Note”).

The Restated Consolidated financial Information are based on classification provisions contained in Ind AS 1 “Presentation of financial statements” and division II of schedule III of the Companies Act, 2013. The Restated Consolidated Financial Information comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and other relevant provisions of the Act. These Restated Consolidated Financial Information have been compiled by the management from;

- a. Special Purpose Interim Consolidated Financial Statements as at and for the nine months period ended 31 December 2025, prepared as per the accounting principles of Indian Accounting Standard (Ind AS) 34 “Interim Financial Reporting” prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended and other accounting principles generally accepted in India except for presentation of comparative financial information.

These Special Purpose Interim Consolidated Financial Statements contain a complete set of financial statements as described in Ind AS 1 ‘Presentation of Financial Statement’ and Schedule III of the Companies Act, 2013. However, comparative financial information has not been furnished as it is not required for the specific purpose mentioned above.

The material accounting policy information followed in preparation of the Special Purpose Interim Consolidated Financial Statements are consistent with those followed in the Group’s annual consolidated financial statements for the year ended 31 March 2025.

These Special Purpose Interim Consolidated Financial Statements were authorized by Board of Directors for issue on 09 June 2026.

- b. Audited consolidated financial statements of the Group as at and for year ended 31 March 2025, 31 March 2024 and 31 March 2023 prepared in accordance with the Indian Accounting Standards (referred to as ‘Ind AS’) as prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended and presentation requirements of Division II of Schedule III to the Companies Act, 2013 (as amended from time to time, and other accounting principles generally accepted in India, which have been approved by the Board of Directors for issue at their meeting held on 23 July 2025, 09 July 2024 and 12 July 2023 respectively.

The Restated Consolidated Financial Information have been prepared so as to contain information/ disclosures and incorporating adjustments set out below in accordance with the SEBI ICDR Regulations:

- (a) Adjustments to the profits or losses of the earlier years and of the year in which the change in the accounting policy has taken place is recomputed to reflect what the profits or losses of those years would have been if a uniform accounting policy was followed in each of these years, if any;

- (b) Adjustments for reclassification of the corresponding items of income, expenses, assets and liabilities, in order to bring them in line with the groupings as per the Consolidated Financial Statements of the Group for the year ended 31 March 2025 and the requirements of the SEBI ICDR Regulations, if any; and
- (c) The resultant impact of tax due to the aforesaid adjustments, if any.

The accounting policies have been consistently applied by the Holding Company in preparation of the Restated Consolidated Financial Information and are consistent with those adopted in the preparation of the Restated Consolidated Financial Statements for the period ended 31 December 2025.

The Board of Directors of the Holding Company at its meeting held on 27 August 2025 approved the Bonus issue of one new equity shares for every one share held on record date, which was subsequently approved by the shareholders through an ordinary resolution passed in their Extra Ordinary General Meeting held on 26 September 2025.

Consequently, the Holding Company allotted 1,736,711,919 equity shares of INR 1 each by way of bonus issue to its shareholders in the ratio of 1:1 on 09 October 2025. As a result, the effect of the bonus shares has been considered in these Restated Consolidated Financial Information for the purpose of calculating of earning per share (refer note 32 of the Restated Consolidated Financial Information).

The Board of Directors of the Holding Company at its meeting held on 20 November 2025 approved the Bonus issue of one new equity shares for every one share held on record date, which was subsequently approved by the shareholders through an ordinary resolution passed in their Extra Ordinary General Meeting held on 20 December 2025.

Consequently, the Holding Company allotted 184,513,724 equity shares of INR 1 each by way of bonus issue to its shareholders in the ratio of 19:1 on December 23, 2025. As a result, the effect of the bonus shares has been considered in these Restated Consolidated Financial Information for the purpose of calculating of earning per share (refer note 32 of the Restated Consolidated Financial Information).

These Restated Consolidated Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of board meeting for adoption of the audited consolidated Ind AS financial statements except for the bonus issue, mentioned above.

These Restated Consolidated Financial Information have been prepared on a historical cost convention on a going concern basis except for certain financial assets and financial liabilities which are measured at fair value.

The Restated Consolidated Financial Information have been prepared and presented in INR, which is the Group's functional currency. All Financial Information presented in INR has been rounded to the nearest million with two decimals unless, except when otherwise indicated.

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle of 12 months which is based on the nature of business of the Group and other criteria set out in Schedule III to the Companies Act, 2013. Current assets do not include elements which are not expected to be realized within 12 months and Current liabilities do not include item which are due after 12 months, the period of 12 months being reckoned from the reporting date.

## **2.2 Principle of Consolidation**

The Restated Consolidated Financial Statements comprise the financial statements of the Group as at 31 December 2025, have been consolidated in accordance with Ind AS 110 "Consolidated financial statements". Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has;

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- The ability to use its power over the investee to affect its returns.
- Exposure or rights to variable return from its involvement with the investee.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- The Group's voting rights and potential voting rights
- The size of the group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.
- Right arising from other contractual arrangements.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the Restated Consolidated Financial Information from the date the Group gains control until the date the Group ceases to control the subsidiary.

The Restated Consolidated Financial Information are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the Restated Consolidated Financial Information for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial

statements in preparing the Restated Consolidated Financial Information to ensure conformity with the group's accounting policies.

The Restated Consolidated Financial Information of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., period ended on 31 December 2025 and year ended on 31 March 2025, 31 March 2024 and 31 March 2023. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the Restated Consolidated Financial Information of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

**Consolidation procedures:**

- (1) The Standalone Financial Statements of subsidiaries are fully consolidated on a line-by-line basis, after adjusting for business combination adjustments.
- (2) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- (3) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the Restated Consolidated Financial Information. Ind AS12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries and associates to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- i. Derecognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost
- ii. Derecognises the carrying amount of any non-controlling interests
- iii. Derecognises the cumulative translation differences recorded in equity
- iv. Recognises the fair value of the consideration received
- v. Recognises the fair value of any investment retained
- vi. Recognises any surplus or deficit in restated consolidated summary statement of profit and loss
- vii. Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

**Change in ownership interest****Subsidiaries**

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity. The subsidiaries are deconsolidated from the date the Group loses control on such subsidiaries. When the Group ceases to consolidate because of a loss of control, any retained interest in the entity is re-measured to its fair value with the change in carrying amount recognised in profit or loss.

This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are reclassified to Restated Consolidated Statements of profit and loss on disposal of the related assets and liabilities.

**Joint Arrangements**

The Group ceases to equity account for an investment if it loses joint control or significant influence over such equity accounted investee. When the group ceases to equity account for an investee, any retained interest in the entity is re-measured to its fair value with the change in carrying amount recognised in Restated Consolidated Statements of profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequent accounting for the retained interest in the investee. In addition, any amounts previously recognised in other comprehensive income in respect of that investee are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit and loss. If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to Restated Consolidated Statements of profit and loss where appropriate.

### **Functional and presentation currency**

Items included in the Restated Consolidated Financial Information of each of the group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The restated consolidated summary statements are presented in Indian rupee (INR), which is the Parent Company's functional and presentation currency.

### **Investment in joint venture**

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The Group's investments in its joint venture is accounted for using the equity method. Under the equity method, the investment in a joint venture is initially recognised at cost.

The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the joint venture since the acquisition date. Goodwill relating to the joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The Restated Consolidated Statement of profit and loss reflects the Group's share of the results of operations of the joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the joint venture, the Group recognises its share of any changes, when applicable, in the restated consolidated summary statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and the joint venture are eliminated to the extent of the interest in the joint venture.

If an entity's share of losses of an joint venture equals or exceeds its interest in the joint venture (which includes any long term interest that, in substance, form part of the Group's net investment in the joint venture), the entity discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the joint venture.

If the joint venture subsequently reports profits, the entity resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

The aggregate of the Group's share of profit or loss of a joint venture is shown on the face of the restated consolidated summary statement of profit and loss and represents profit or loss after tax and non-controlling interests in the subsidiaries of the joint venture.

The financial statements of the joint venture are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the joint venture and its carrying value, and then recognises the loss as 'Share of profit of a joint venture' in the Restated Consolidated Statement of profit and loss.

### **Investment in equity instruments**

All equity investments in scope of Ind AS 109 are measured at fair value. However, the Group's irrevocably elected to present its investments in equity instruments as "investment in other comprehensive income subsequent changes in the fair value" i.e. equity instruments included within these category are measured at fair value with all changes excluding dividend recognised in the Restated Consolidated other comprehensive income (OCI). The Group makes such election on an instrument-by-instrument basis. The classification made is on initial recognition and is irrevocable.

On derecognition, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in Restated Consolidated other comprehensive income is transferred directly to equity.

### **Basis of measurement**

The financial statements have been prepared on the historical cost basis except for the following items:

| <b>Items</b>                                                                              | <b>Measurement basis</b>                                                               |
|-------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------|
| Financial assets and liabilities- Refer accounting policy regarding financial instrument) | Fair Value/ Amortised cost (Refer 2C)                                                  |
| Net defined benefit (asset)/ liability                                                    | Fair value of plan assets less present value of defined benefit obligations (Refer 2H) |
| Share based payments                                                                      | Fair value in accordance with Ind AS 102                                               |

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/ or disclosure purposes in these restated consolidated summary statements is determined on this basis.

The Company has prepared the Restated Consolidated Financial Information on the basis that it will continue to operate as a going concern.

### **2.3 Use of estimates and judgements**

In preparing these Restated Consolidated Financial Information, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Management believes that the estimates used in the preparation of the Restated Consolidated Financial Information are prudent and reasonable. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

The areas involving critical estimates and judgements are described in note-45;

### **2.4 Material accounting policies**

#### **a. Current / non-current classification**

All the assets and liabilities required to be classified as either current or non-current.

The Group presents assets and liabilities in the restated consolidated summary statement of assets and liabilities based on current / non-current classification.

An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realised in, or is intended for sale or consumption in, the Group's normal operating cycle
- It is expected to be realised within twelve months from the reporting date
- It is held primarily for the purposes of being traded; or
- It is Cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets are classified as non-current

A liability is classified as current when it satisfies any of the following criteria;

- It is expected to be settled in the Group's normal operating cycle
- It is due to be settled within twelve months from the reporting date
- It is held primarily for the purposes of being traded
- It is the Group does not have an unconditional right to defer settlement of the liability for at least twelve months from the reporting date

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are always classified as non-current assets and liabilities respectively.

#### **Operating cycle**

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Based on the nature of operations and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as twelve months for the purpose of current vs non-current classification of assets and liabilities.

#### **b. Foreign currency transactions**

In preparing the Restated Consolidated Financial Information of Group, transactions in currencies other than the functional currency (foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date.

Exchange differences on monetary items are recognised in Restated Consolidated Statement of profit and loss in the period in which they arise except for:

- Exchange differences arising on monetary items that forms part of a reporting entity's net investment in a foreign operation are recognised in Restated Consolidated Statement of profit and loss in the separate summary statements of the reporting entity or the individual summary statements of the foreign operation, as appropriate. In the summary statements that include the foreign operation and the reporting entity (e.g., restated consolidated summary statements when the foreign operation is a subsidiary), such exchange differences are recognised initially in OCI. These exchange differences are reclassified from equity to profit and loss on disposal of the net investment.
- Exchange differences arising on monetary items that are designated as part of the hedge of the Group's net investment of a foreign operation. These differences are recognised in OCI until the net investment is disposed of, at which time, the cumulative amount is reclassified to Restated Consolidated Statements of profit and loss.
- Tax charges and credits attributable to exchange differences and above items are also recorded in OCI

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

**c. Foreign operations**

The assets and liabilities of foreign operations including goodwill and fair value adjustments arising on consolidation, are translated into INR, the functional currency of the Group, at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into INR at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Exchange differences on conversion of foreign operations are recognised in OCI and accumulated in equity (as exchange differences on translating the financial statements of a foreign operation).

When a foreign operation is disposed of in its entirety or partially, the cumulative amount of exchange differences related to that foreign operation recognised in OCI is reclassified to Restated Consolidated Statement of profit and loss as part of the gain or loss on disposal.

The Group considered monetary items which are receivable from or payable to a foreign operation for which settlement is neither planned nor likely to happen in future period, as net investment in that foreign operation in these Restated Consolidated Financial Information.

**d. Measurement of fair values**

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in most advantageous market for the asset or liability

All assets and liabilities for which fair value is measured or disclosed in the restated consolidated summary statements are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. Further information about the assumptions made in measuring fair values is included in the respective notes.

**e. Business combinations and goodwill**

The Group determines that it has acquired a business when the acquired set of activities and assets include an input and a substantive process that together significantly contribute to the ability to create outputs. The acquired process is considered substantive if it is critical to the ability to continue producing outputs, and the inputs acquired include an organised workforce with the necessary skills, knowledge, or experience to perform that process or it significantly contributes to the ability to continue producing outputs and is considered unique or scarce or cannot be replaced without significant cost, effort, or delay in the ability to continue producing outputs.

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred and the services are received, with the exception of the costs of issuing debt or equity securities that are recognised in accordance with Ind AS 32 and Ind AS 109.

At the acquisition date, the identifiable assets acquired, and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition date fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets

and liabilities acquired in a business combination are measured at the basis indicated below:

- Deferred tax assets or liabilities, and the liabilities or assets related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 Income Tax and Ind AS 19 Employee Benefits respectively.
- Potential tax effects of temporary differences and carry forwards of an acquiree that exist at the acquisition date or arise as a result of the acquisition are accounted in accordance with Ind AS 12.
- Liabilities or equity instruments related to share based payment arrangements of the acquiree or share based payments arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102 Share-based Payments at the acquisition date.
- Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that Standard.
- Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised Restated Consolidated Summary Statement of profit and loss or OCI, as appropriate.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 Financial Instruments, is measured at fair value with changes in fair value recognised in Restated Consolidated Statement of profit and loss in accordance with Ind AS 109. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS and shall be recognised in Restated consolidated summary statement of profit and loss. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and subsequent its settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in Restated Consolidated Statements of OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through Restated Consolidated Statements of OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit (the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets) to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in Restated Consolidated statement of profit and loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

#### **f. Financial instruments**

##### **i. Recognition and initial measurement**

Financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

**ii. Classification and subsequent measurement****Financial assets**

On initial recognition, a financial asset is classified as measured at

- Amortised cost
- Fair value through other comprehensive income (FVOCI) – debt investment;
- Fair value through other comprehensive income (FVOCI) – equity investment; or
- Fair value through profit and loss

Trade receivables are initially recognised at transaction value. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Group changes its business model for managing financial assets.

A financial asset is measured at amortised cost, if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument is measured at FVOCI, if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis. Gains and losses on these financial assets are never recycled to statement of profit or loss.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise from measuring the assets or liabilities or recognising gains or losses on them on a different basis.

**Financial assets: Subsequent measurement and gains and losses**

|                                    |                                                                                                                                                                                                                                                                                                                                                                                                                  |
|------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Financial assets at amortised cost | These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in restated consolidated summary statement of profit and loss. Any gain or loss on derecognition is recognised in Restated Consolidated Summary Statement of profit and loss. |
| Debt investments at FVOCI          | These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in Restated Consolidated Statement of profit and loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to Restated Consolidated Financial Information.       |
| Equity investments at FVOCI        | These assets are subsequently measured at fair value. Dividends are recognised as income in Restated Consolidated Statement of profit and loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to Restated Consolidated Summary Statement of profit and loss.                                 |
| Financial assets at FVTPL          | These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in Restated Consolidated Summary Statement of profit and loss.                                                                                                                                                                                                             |

**Financial liabilities: Classification, subsequent measurement and gains and losses**

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in Restated Consolidated Statement of profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in Restated Consolidated Statement of profit and loss. Any gain or loss on derecognition is also recognised in Restated Consolidated Statement of profit and loss.

**iii. Derecognition****Financial assets**

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement;.

If the Group enters into transactions whereby it transfers assets recognised on its restated consolidated summary statement of asset and liabilities, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

**Financial liabilities**

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Group also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in Restated Consolidated Statement of profit and loss.

**iv. Offsetting**

Financial assets and financial liabilities are offset and the net amount presented in the restated consolidated summary statement of asset and liabilities when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

**v. Embedded derivative**

A Derivative embedded in a hybrid contract, with a financial liability or non-financial host, is separated from the host and accounted for as a separate derivative if: the economic characteristics and risks are not closely related to the host; a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and the hybrid contract is not measured at fair value through profit or loss. Embedded derivatives are measured at fair value with changes in fair value recognised in profit or loss. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss category.

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Group's consolidated balance sheet) when:

- a) The rights to receive cash flows from the asset have expired, or
- b) The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the group has transferred substantially all the risks and rewards of the asset, or (b) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

**vi. Financial guarantee contracts**

Financial guarantee contracts issued by the group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 115.

**i. Property, plant and equipment****a. Recognition and measurement**

Capital work in progress is stated at cost, net of accumulated impairment losses, if any. Plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

The cost comprises purchase price, freight, duties, non-refundable taxes and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of plant, property and equipment which take substantial period of time to get ready for use are included to the extent they relate to the period till such assets are ready for intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. It also includes estimated costs of dismantling and removing the item and restoring the site on which it is located.

Decommissioning cost are provided at the present value of the expected cost to settle the obligation using estimated cash flows and are recognized as part of the cost of the particular asset. The cash flows that are discounted at a current pre-tax rate that reflects the risk specified to the decommissioning liability. The unwinding of the discount is expensed as incurred and recognized in the statement of profit and loss as a finance cost. The estimated future cost of decommissioning is reviewed annually and adjusted as appropriate. Changes in the estimated future cost or in the discount rate applied are added to or deducted from the cost of assets.

The unwinding of the discount is expensed as incurred and recognised in the Restated Consolidated Statement of profit and loss as a finance cost. The estimated future costs of decommissioning are reviewed annually and adjusted as appropriate. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

Above cost also includes the cost of replacing part of the plant and equipment if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in Restated Consolidated Statement of profit and loss as incurred.

Items of stores and spares that meet the definition of plant, property and equipment are capitalized at cost and depreciated over their useful life. Otherwise, such items are classified as inventories.

The Group identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset. Each component is separately depreciated over its useful life.

Assets retired from active use and held for disposal are stated at their estimated net realizable values or net book values, whichever is lower.

Gains or losses arising from derecognition of plant, property and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Restated Consolidated Statement of profit and loss when the asset is derecognized.

#### **b. Subsequent expenditure**

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only if it is probable that the future economic benefits associated with the expenditure will flow to the group and the cost of the item can be measured reliably.

### **viii. Depreciation**

Depreciation on plant, property and equipment is calculated on straight-line basis using the useful lives prescribed under Schedule II to the Companies Act, 2013.

| <b>Asset</b>                    | <b>Useful life (as per Companies Act, 2013)</b>                         | <b>Useful life (Based on technical evaluation)</b>                      |
|---------------------------------|-------------------------------------------------------------------------|-------------------------------------------------------------------------|
| Building                        | 10 years                                                                | 10 years                                                                |
| Computers & computer equipments | 3 to 6 years                                                            | 3 to 6 years                                                            |
| Equipment                       | 5 years to 15 years                                                     | 5 years to 15 years                                                     |
| Board & Signage                 | 2 years                                                                 | 2 years                                                                 |
| Furniture and fittings          | 8 years to 10 years                                                     | 8 years to 10 years                                                     |
| Vehicles                        | 8 years                                                                 | 8 years                                                                 |
| Lease hold improvements         | Over the unexpired period of lease or useful lives, whichever is lower. | Over the unexpired period of lease or useful lives, whichever is lower. |

The management has estimated the useful lives and residual values of all the property, plant and equipment and adopted useful lives based on management's technical assessment of their respective economic useful lives. Depreciation method, useful lives and residual values are reviewed at each financial period-end and adjusted prospectively if appropriate.

### **ix. Intangible assets**

#### **a. Recognition and measurement**

Intangible assets are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

Intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Restated Consolidated Statement of profit and loss when the asset is derecognised.

#### **b. Amortisation**

Intangible assets are amortized on a straight-line basis using the useful lives which are as follows;

| <b>Asset</b>                  | <b>Useful life (Based on technical evaluation)</b> |
|-------------------------------|----------------------------------------------------|
| Trademark                     | 3 years                                            |
| Non-compete agreements        | 3 years                                            |
| Internally generated software | 3 years                                            |
| Software                      | 1.5 years to 5 years                               |
| Franchise Agreement           | 5 years to 10 years                                |
| Brand                         | 5 years or indefinite                              |
| Website                       | 3 years                                            |

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate. Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Effective 1 April 2023, the Group reviewed the estimated useful life of Franchise agreements and revised the useful life from 5 years to 7- 9 years in certain entities prospectively. For impact of such change refer note 4.

**x. Research and development costs**

Research costs are expensed as incurred. Development expenditures on an individual project are recognised as an intangible asset when the Group can demonstrate:

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale
- Its intention to complete and its ability and intention to use or sell the asset,
- How the asset will generate future economic benefits
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised on a straight line basis over the period of expected future benefit from the related project, i.e., the estimated useful life of 3 years. Amortisation expense is recognised in the Restated Consolidated Statement of profit and loss unless such expenditure forms part of carrying value of another asset.

During the period of development, the asset is tested for impairment annually.

**xi. Impairment****a. Impairment of financial instruments**

The Group recognises loss allowances for expected credit losses on:

- financial assets measured at amortised cost; and
- financial assets measured at FVOCI- debt investments.

At each reporting date, the Group assesses whether financial assets carried at amortised cost and debt securities at FVOCI are credit impaired. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer
- a breach of contract such as a default or being past due for 90 days or more
- the restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

The Group measures loss allowances at an amount equal to lifetime expected credit losses, except for the following, which are measured as 12 month expected credit losses:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables and contract assets are always measured at an amount equal to lifetime expected credit losses.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Group is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Group considers reasonable and supportable information that is relevant and available without undue cost

or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward looking information.

The Group assumes that the credit risk on a financial asset has increased significantly based on the number of days past due, which is determined separately for each entity/geography. The Group considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or
- the financial asset is 60/90 days or more past due.

**Measurement of expected credit losses**

For trade receivable and contract assets, the Group applied simplified approach in calculating Expected credit loss (ECLs). Under this approach, the Group uses a provision matrix based on the number of days past due, which is determined separately for each entity/geography considering historical default rates and forward-looking information. For other financial assets, the Group assesses expected credit losses on an individual basis. The allowance is determined based on management's evaluation of credit risk for each overdue case, considering factors such as counterparty creditworthiness, past payment history, and prevailing economic conditions.

**Presentation of allowance for expected credit losses in the restated consolidated summary statement of assets and liabilities**

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as expense/income in the Restated Consolidated Statement of profit and loss.

**Write-off**

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

**b. Impairment of non-financial assets**

The Group's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists or when annual impairment assessment is required, then the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows which are based on the budget of five years are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

**xii. Non-current assets held for sale and discontinued operations**

The Group classifies non-current assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use

Non-current assets and disposal groups classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset (disposal group), excluding finance costs and income tax expense.

The criteria for held for sale classification is regarded as met only when the sale is highly probable, and the asset or disposal group is available for immediate sale in its present condition. Actions required to complete the sale/ distribution should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale and the sale expected within one year from the date of classification.

For these purposes, sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. The criteria for held for sale classification is regarded met only when the assets or disposal group is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets (or disposal groups), its sale is highly probable; and it will genuinely be sold, not abandoned. The group treats sale of the asset or disposal group to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset (or disposal group),
- An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- The asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and

- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Property, plant and equipment and intangible are not depreciated, or amortised assets once classified as held for sale.

Assets and liabilities classified as held for sale are presented separately from other items in the Restated Consolidated Financial Information.

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the Restated Consolidated Statement of profit and loss.

**xiii. Employee benefits**

**Short-term employee benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The Group recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

**Employee stock options**

Employees (including senior executives) and board members of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

**Equity-settled transactions**

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.

That cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The Restated Consolidated Statement of profit and loss expense or credit for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

No expense is recognised for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognised is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification.

Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through Restated Consolidated Statement of profit and loss. The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

**Cash-settled transactions**

The cost of cash-settled transactions is measured initially at fair value at the grant date using a binomial model. This fair value is expensed over the period until the vesting date with recognition of a corresponding liability. The liability is re-measured to fair value at each reporting date up to, and including the settlement date, with changes in fair value recognised in employee benefits expense.

**Defined contribution plans**

**Provident Fund:** Retirement benefit in the form of provident fund is a defined contribution scheme. The contributions to the provident fund administered by the Central Government under the Provident Fund Act, 1952, are charged to Restated Consolidated Statement of profit and loss for the year when an employee renders the related service. The company has no obligation, other than the contribution payable to the provident fund. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to a reduction in future payment.

**Defined benefit plans**

**Gratuity:** The Group operates a defined benefit gratuity plan, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Re-measurement, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Restated Consolidated Financial Information with a corresponding debit or credit through OCI in the period in which they occur. Re-measurement are not reclassified Restated Consolidated Statement of profit and loss in subsequent periods.

Past service costs are recognised in Restated Consolidated Statement of profit and loss on the earlier of:

- the date of the plan amendment or curtailment, and
- the date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the Restated Consolidated Statement of profit and loss:

- service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- net interest expense or income

#### **Other long-term employee benefits**

Long-term compensated absences are provided for based on actuarial valuation on projected unit credit method made at the end of each financial year. The Group presents the entire leave encashment as current liability in the Restated Consolidated Financial Information, since the Group does not have an unconditional right to defer its settlement for the 12 months after the expiry date. Re-measurements gains or losses are recognised in Restated Consolidated Statement of profit and loss in the period in which they arise.

#### **Termination benefits**

Termination benefits are expensed at the earlier of when the Group can no longer withdraw the offer of those benefits and when the Group recognises costs for a restructuring. If benefits are not expected to be settled wholly within 12 months of the reporting date, then they are discounted.

#### **xiv. Provisions (other than for employee benefits) and contingent liabilities**

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

Contingent liability is-

- (a) a possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity, or
- (b) a present obligation that arises from past events but is not recognized because
  - it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or
  - the amount of the obligation cannot be measured with sufficient reliability.

The Group does not recognize a contingent liability but discloses its existence and other required disclosures in notes to the financial statements, unless the possibility of any outflow in settlement is remote.

#### **xv. Contingent Assets**

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by- the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The Group does not recognize the contingent asset in its consolidated financial statements since this may result in the recognition of income that may never be realised. Where an inflow of economic benefits is probable, the Group disclose a brief description of the nature of contingent assets at the end of the reporting period. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and the Group recognize such asset.

#### **xvi. Revenue**

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration that we expect to receive in exchange for those products or services.

The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognized will not occur.

Judgment is required in determining whether the Group is the principal or agent in transactions with hotel partners and end-users. The Group evaluates the presentation of revenue on a gross or net basis based on whether it controls the service provided to the end-user and is the principal (i.e. "Gross"), or the Group arranges for other parties to provide the service to the end-user and is an agent (i.e. net").

The Group collects indirect taxes on behalf of the government and, therefore, it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue. The channel / Hotel partners deposit applicable GST on accommodation services and the Group is depositing applicable GST on the "service fee" collected from Channel / Hotel Partner for provision of said services.

## **Oravel Stays Limited**

### **Annexure V- Material accounting policies to the restated consolidated summary statements**

*(All amount in INR Millions unless otherwise stated)*

Payments made by end users to the Hotel/ Channel Partners are subject to tax deduction by such end users under the relevant provisions of the Act. The Group deducts applicable tax on gross room revenue in accordance with Income Tax Act.

#### **Revenue from sale of accommodation services**

Revenue from sale of accommodation services is recognized on gross basis as the Group gains Control on stay services before providing it to customer. Group consider itself as Principal in arrangement as it assumes obligations towards performance of stay services to end customer including the acceptability of the services, takes a significant amount of risk in the service delivery of the room stays and enjoys complete latitude in establishing price for stay services. Revenue from sale of accommodation services are recognized on basis of used room nights by end customers, on accrual basis to the extent that it is probable that the economic benefit will flow to the Group and it can be reliably measured.

Revenue is recognized net of cancellations, refunds, discounts, incentives and taxes payable by the Group.

Cancellation income related to sale of accommodation services are recognized on cancellation of booking by end customers.

#### **Revenue from sale of food & beverages**

Revenue from sale of food items is recognised on gross basis as the Group consider itself as Principal in arrangement as it assumes obligations towards supplying food items to end customer. Revenue from food services are recognised post supply of food items to end customer.

#### **Value added services**

Value-added services include services in the nature of marketing and data analytics and preferential performance listing which results in enhanced traffic to hotel partners. It is recognized on basis of actual performance to the extent that it is probable that the economic benefit will flow to the Group and it can be reliably measured.

#### **Commission from booking**

Revenue in the form of commission from booking is recognized on net basis as the Group does not gains control on stay services before it gets passed to customer. The group act as an agent, and earns commission income, in the sale of rooms/homes. Commission income (net off cancellations) are recognized on completion of booking of room nights by end customers, on accrual basis to the extent that it is probable that the economic benefit will flow to the Group and it can be reliably measured. In these arrangements, the group does not recognize the gross amount as revenue but only the fee consideration it expects to be entitled to.

#### **Wizard/subscription income**

The Group provides wizard membership programs under which participating customers are eligible to earn discounts on qualifying transactions in future bookings. Revenue earned under wizard membership programs is recorded systematically over the period of membership. Invoicing in excess of revenues are classified as contract liabilities (which we refer to as deferred revenue).

#### **Sale of tours, packages and events (including wedding related services)**

Income from tours, packages and events are accounted on net basis where the Group is not primary obligor/ nor assuming inventory risk for performance of services and has no pricing latitude hence acting as an agent. In case the Group is primary obligor and assuming inventory risk and has complete pricing latitude, acting as a principal in the arrangements, income is booked on gross basis.

In case the Group acts as an agent, it recognizes revenue (commission) (net of cancellation) on booking of packages and events. In case, the Group acts as principal, it recognizes revenue on completion of tours, packages or event as it assumes services promised as a single performance obligation.

#### **Rental income**

Rental income from leased properties and allied services is recognized on gross basis as Group gains control before providing it on rent to customer. Group consider itself as Principal in arrangement as it assumes obligations towards performance of services to end customer including the acceptability of the services, takes a significant amount of risk in the service delivery of the space due to committed rental and investment made in improvement of properties and finally enjoys complete latitude in establishing price for stay services and renting of office spaces. Revenue from renting are recognized over period of time, on accrual basis to the extent that it is probable that the economic benefit will flow to the Group and it can be reliably measured.

#### **Other operational revenue**

The Group offers together with its other products property damage, cleaning and travel insurances. These insurances are sold on behalf of a large insurance company. As the Group acts in the capacity of an agent rather than as the principal in a transaction, the revenue recognized is the net amount of commission received by the Group in respect of the transaction at the time of booking when revenue is recognized. The revenue from the transaction is recognized in the Restated Consolidated Statement of profit and loss account when the performance obligation has been satisfied.

#### **Interest Income**

Interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual

terms of the financial instrument (for example, prepayment, extension) but does not consider the expected credit losses. Interest income is included in other income in the Restated Consolidated Summary Statement of profit and loss.

**Dividend Income**

Dividend is recognized as income when the unconditional right to receive the payment is established.

**Trade receivables**

A receivable is recognised if an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

**Contract assets**

A contract asset is initially recognised for revenue earned from installation services because the receipt of consideration is conditional on successful completion of the installation. Upon completion of the installation and acceptance by the customer, the amount recognised as contract assets is reclassified to trade receivables. Contract assets are subject to impairment assessment.

**Contractual liabilities**

A contract liability is recognised if a payment is received or a payment is due (whichever is earlier) from a customer before the Group transfers the related goods or services. Contract liabilities are recognised as revenue when the Group performs under the contract (i.e., transfers control of the related goods or services to the customer) customer.

**xvii. Leases****As a lessee****Identifying a lease**

At the inception of the contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The company assesses whether:

- The contract involves the use of an identified asset, specified explicitly or implicitly.
- The Group has the right to obtain substantially all the economic benefits from use of the asset throughout the period of use, and
- The Group has right to direct the use of the asset.

The Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

**Initial recognition of Right of use asset (ROU)**

The Group recognizes a ROU asset at the lease commencement date (i.e., the date the underlying asset is available for use). ROU assets are initially measured at cost less any accumulated depreciation and accumulated impairment losses and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or site on which it is located, less any lease incentives received.

**Subsequent measurement of Right of use asset (ROU)**

ROU assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of ROU asset or the end of the lease term. If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. In addition, the right of use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurement of the lease liability. Refer to the accounting policies in section 1(ii), impairment of non-financial assets.

**Initial recognition of lease liability**

Lease liabilities are initially measured at the present value of the lease payments to be paid over the lock in period of lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs. In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable.

**Subsequent measurement of lease liability**

Lease liabilities are subsequently increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

**Short-term leases and leases of low-value assets**

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

**As a lessor****Finance lease:**

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Group's net investment in the leases. Finance lease income is allocated to accounting period so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

**Operating lease:**

Rental income from operating lease is recognised on a straight line basis over the lease term unless payments to the Group are structured to increase in line with expected general inflation to compensate for the Group's expected inflationary cost increase; such increases are recognised in the year in which such benefits accrue. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight line basis over the lease term. Contingent rents are recognised as income in the period in which they are earned.

**xviii. Income tax**

Income tax comprises current and deferred tax. It is recognised in restated consolidated summary statement of profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income

**Current tax**

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Current tax relating to items recognised outside Restated Consolidated Statements of profit and loss is recognised outside Restated Consolidated Statements of profit and loss in correlation to the underlying transaction either in other comprehensive income or directly in equity.

**Deferred tax**

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable Restated Consolidated Statements of profit or loss at the time of the transaction;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Group recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised against which the deductible temporary differences, carry forward of unabsorbed depreciation and unused tax losses can be utilised. Deferred tax assets are recognised to the extent it is probable that taxable profit will be available in next three years or taxable profits earned in the immediately preceding two years against which the deductible temporary differences, carry forward of unabsorbed depreciation and unused tax losses can be utilised.

Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

## **Oravel Stays Limited**

### **Annexure V- Material accounting policies to the restated consolidated summary statements**

*(All amount in INR Millions unless otherwise stated)*

Deferred tax relating to items recognised outside Restated Consolidated Statements of profit and loss is recognised outside Restated Consolidated Statements of profit and loss in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

#### **xix. Borrowing cost**

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Interest expense is recorded using the effective interest rate (EIR). When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension) but does not consider the expected credit losses.

Borrowing costs directly attributable to the acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the year they occur.

#### **xx. Segment reporting**

Operating segment are defined as components of an entity for which separate financial information is available and that is regularly reviewed by the Chief Operating Decision Maker (CODM) in deciding how to allocate resources to an individual segment and is assessing performance. The Chief Executive Officer (CEO) of Oravel Stays Limited is the Group's CODM. The CODM reviews financial information presented on a consolidated basis for purpose of making operating decisions, allocating resources and evaluating financial performance. As such, the Group has determined that it operates in one reportable segment.

#### **xxi. Common control business combinations**

Business combination arising from transfer of interests in entities that are under the control of the shareholder that control the Group are accounted for as if the acquisition had occurred at the beginning of the earliest comparative period presented or if later, at the date that common control was established.

Business combinations involving entities that are controlled by the Group are accounted for using the pooling of interest methods as follows;

- The assets and liabilities of the combining entities are reflected at their carrying amounts.
- The identity of the reserved are preserved and the reserve of transferor become the reserve of the transferee.
- The difference, if any, between consideration and the amount of share capital of acquired entity is transferred to capital reserve

#### **xxii. Exceptional items**

Exceptional items are income or expenses that arise from events or transactions that are clearly distinct from the ordinary activities of the entity and are material in nature. These items are disclosed separately to enhance the understanding of the entity's financial performance.

Exceptional items are recognized in the Statement of Profit and Loss in accordance with the relevant Ind AS.

They are presented separately on the face of the Statement of Profit and Loss or in the notes, with a clear description of their nature and amount. The classification as exceptional is based on materiality, nature, and frequency of occurrence.

#### **xxiii. Earnings per share**

Basic earnings per share are calculated by dividing the Restated Consolidated net profit or loss for the year attributable to equity shareholders of the Holding Company (after deducting preference dividends and taxes applicable) by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events of bonus issue and share split that have changed the number of outstanding and conversion of compulsorily convertible preference shares, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the Restated Consolidated net profit or loss for the year attributable to equity shareholders of the Holding Company and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

#### **xxiv. Cash and cash equivalents:**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash (including restricted cash at bank) and short-term deposits, as defined above, net of outstanding bank

overdrafts as they are considered an integral part of the Group's cash management.

**xxv. Convertible preference share capital**

Convertible preference shares are separated into liability and equity components based on the terms of the contract. On issuance of the convertible preference shares, the fair value of the liability component is determined using a market rate for an equivalent non-convertible instrument. This amount is classified as a financial liability measured at amortised cost (net of transaction costs) until it is extinguished on conversion or redemption. The remainder of the proceeds is allocated to the conversion option that is recognised and included in equity since conversion option meets Ind AS 32 criteria for fixed to fixed classification. Transaction costs are deducted from equity, net of associated income tax. The carrying amount of the conversion option is not re-measured in subsequent years. Transaction costs are apportioned between the liability and equity components of the convertible preference shares based on the allocation of proceeds to the liability and equity components when the instruments are initially recognised.

**xxvi. New standards, interpretations and amendments adopted by the Group**

MCA has notified below new standards/ amendments which have become effective from 01 April 2025:

**a. Ind AS 21- Effects of Changes in Foreign Exchange Rates**

This amendment requires the entities to specify how they assess whether a currency is exchangeable and how it determines a spot exchange rate when exchangeability is lacking. The amendments also require disclosure of information that enables users of its financial statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity's financial performance, financial position and cash flows. The Group has evaluated the amendment and concluded that such amendment does not have a material impact on the Restated Consolidated Financial Information.

**b. Ind AS 1- Presentation of Financial Statements**

This amendment elaborates on guidance set out in Ind AS 1 by:

- clarifying that the right to defer settlement of a liability for at least 12 months after the reporting period:
  - a) must have substance, and
  - b) must exist at the end of the reporting period
- stating that management's expectations around whether they will defer settlement or not does not impact the classification of the liability;
- including requirements for liabilities that can be settled using an entity's own instruments; and
- stating that at the reporting date, the entity does not consider covenants that will need to be complied with in the future when considering the classification of the debt as current or non-current.

The Group has evaluated the amendment and believes that these amendments does not have material impact on the Restated Consolidated Financial Information.

**c. Ind AS 7 - Statement of Cash Flows and Ind AS 107 – Supplier Finance Arrangements:**

The Group has reviewed the new pronouncement and based on its evaluation has determined that these amendments do not have a significant impact on the Restated Consolidated Financial Information.

**d. Ind AS 12 – International Tax Reform - Pillar Two Model Rules:**

The amendment introduces a mandatory temporary exception from recognising and disclosing deferred tax assets and liabilities related to Pillar Two income taxes. This exception is applicable immediately and retrospectively, with additional disclosure requirements effective from April 01, 2025 (but not for interim periods ending on or before March 31, 2026).

The Group has concluded that the amendment does not have a material impact on the Restated Consolidated Financial Information.

**xxvii. Recent accounting pronouncement issued but not made effective**

MCA has notified below new standards/ amendments which shall be effective from 01 April 2026:

**Ind AS 1- Presentation of Financial Statements**

This amendment elaborates on guidance set out in Ind AS 1 - Non-current Liabilities with Covenants specify that if a covenant breach existing at the reporting date is rectified after the reporting date, such rectification shall be treated as a non-adjusting event under Ind AS 10.

The Group has evaluated the amendment and believes that there shall be no material impact on the Restated Consolidated Financial Information.

The accounting policies adopted in the preparation of the Restated Consolidated Financial Information are consistent with those followed in the preparation of the Restated Consolidated Financial Information for the period ended 31 December 2025 and year ended 31 March 2025, 31 March 2024 and 31 March 2023.

| <b>Total impact on adjustments</b>                                                                                                           | -                                           | -                                      | -                                      | -                                      |
| <b>Restated profit/ (loss) after tax for the year</b>                                                                                        | <b>7,483.38</b>                             | <b>2,448.22</b>                        | <b>2,295.79</b>                        | <b>(12,865.18)</b>                     |

**Part B -Non adjusting events**

**1) Audit qualifications for the respective years, which do not require any adjustments in the restated consolidated summary statements are as follows:**

In addition to the audit opinion on the Consolidated Financial Statements, the auditors are required to comment upon the matters included in the Companies (Auditor's Report) Order 2020 ("the CARO 2020 Order") issued by the Central Government of India under sub-section (11) of Section 143 of Companies Act, 2013 on the standalone financial statements as at and for the financial years ended March 31, 2025, March 31, 2024 and March 31, 2023 respectively. Certain statements/comments included in the CARO in the respective financial statements, which do not require any adjustments in the Restated Consolidated Financial Information are reproduced below in respect of the financial statements presented.

**Oravel Stays Limited (consolidated)**

**For the period ended 31 December 2025**

**Emphasis of matter for the period ended 31 December 2025**

We draw attention to Note 1 to the accompanying Special Purpose Consolidated Interim Financial Statements, which describes the basis of its preparation. The Special Purpose Consolidated Interim Financial Statements have been prepared by the Holding Company's management, solely for the purpose of preparation of the Restated Consolidated Financial Information of the Group and its joint ventures for the nine months period ended 31 December 2025, to be included in the Updated Red Herring Prospectus I ('UDRHP - I'), which is to be filed by the Holding Company with Securities and Exchange Board of India, National Stock Exchange of India Limited and BSE Limited as per the requirements of Section 26 of Part I of Chapter III of the Act, read with the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirement) Regulations, 2018, as amended from time to time in connection with the proposed Initial Public Offer of equity shares of the Holding Company and accordingly, these Special Purpose Consolidated Interim Financial Statements may not be suitable for any other purpose. Our report is issued solely for the aforementioned purpose, and accordingly, should not be used, referred to or distributed for any other purpose or to any other party without our prior written consent. Further, we do not accept or assume any liability or any duty of care for any other purpose for which or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

Our opinion is not modified in respect of this matter.

**For the year ended 31 March 2025**

**(i) Report on Other Legal and Regulatory Requirements**

Based on our examination which included test checks and that performed by the respective auditors of the subsidiaries and joint ventures which are companies incorporated in India whose financial statements have been audited under the Act, the Holding Company, subsidiaries and joint ventures have used accounting software and other peripheral software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software

**Oravel Stays Limited****Annexure VI - Summary of Restatement Adjustments***(All amount in INR Millions unless otherwise stated)*

except, audit trail feature at database level was not enabled for one accounting software from 1 April 2024 till 19 August 2024, therefore was effective through part of the year till year end as discussed in note 54 to the financial statements. Furthermore, audit trail feature is not enabled at the database level concerning other peripheral software to log any direct changes to the database. Further, to the extent where audit trail (edit log) feature was enabled, we and respective statutory auditors of the above referred subsidiaries and joint ventures did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the Holding Company, its subsidiaries and joint ventures as per statutory requirements for record retention to the extent it was cabled and recorded in those respective year.”

- (ii) **Qualifications or adverse remarks by the respective auditors in the Companies (Auditors Report) Order (CARO) reports of the companies included in the consolidated financial statements are whose auditor’s report issued under the requirements of the Act have been relied upon us:**

| Name                                                       | Subsidiary/<br>joint venture | CIN                   | Clause number of<br>the CARO report<br>which is qualified<br>or is adverse |
|------------------------------------------------------------|------------------------------|-----------------------|----------------------------------------------------------------------------|
| Oyo Hotels and Homes Private Limited                       | Subsidiary                   | U74900GJ2015PTC107035 | 3(ix)(d) and (x)(b)                                                        |
| Mypreferred Transformation and Hospitality Private Limited | Subsidiary                   | U74999HR2018PTC076770 | 3(xx)(a)                                                                   |

- (iii) **The report of the following components included in the consolidated financial statements has not been issued by its auditor till the date of our auditor’s report.**

| Name                                                                                                      | Subsidiary/ joint venture | CIN                   |
|-----------------------------------------------------------------------------------------------------------|---------------------------|-----------------------|
| Innov8 Workspaces India Limited                                                                           | Subsidiary                | U70100DL2019PTC351211 |
| Guerrilla Infra Solution Private Limited                                                                  | Subsidiary                | U70200DL2015PTC82383  |
| Luxabode Hotels Private Limited (Formerly known as Mountainia Developers and Hospitality Private Limited) | Joint Venture             | U70109HR2018PTC076924 |

**For the year ended 31 March 2024**

- (i) **Report on Other Legal and Regulatory Requirements**

- (1) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books, except that (a) the back-up of books of account was not kept in servers physically located in India on a daily basis as stated in Note 39 to the consolidated financial statements; and (b) for the matters stated in the paragraph 2 (i) (vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
- (2) Based on our examination which included test checks and that performed by the respective auditors of the subsidiaries and joint ventures which are companies incorporated in India whose financial statements have been audited under the Act, the holding Company, subsidiaries and joint ventures have used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that, audit trail for accounting and certain related software was not enabled at database level to log any direct changes to the database, as disclosed in note 54 to the financial statements. Further, during the course of audit, with respect to the accounting software where audit trail has been enabled we and respective auditors of the above referred subsidiaries and joint ventures did not come across any instance of audit trail feature being tampered with. Also, with respect to third-party operated software application, in the absence of a conclusive Service Organisation Control report on audit trail, we are unable to comment on whether the audit trail feature was enabled and operated throughout the year for all relevant transactions recorded in this software application or whether there were any instances of the audit trail feature being tampered with.

- (ii) **Qualifications or adverse remarks by the respective auditors in the Companies (Auditors Report) Order (CARO) reports of the companies included in the consolidated financial statements are whose auditor’s report issued under the requirements of the Act have been relied upon us:**

No trade receivable are due from directors or other officers of the Group either severally or jointly with any other person. Nor any trade receivable are due from firms or private companies respectively in which any director is a partner, a director or a member.

The Group applies the simplified approach for recognition of impairment loss allowance on trade receivables as permitted under Ind AS 109. Under this approach, the Group uses a provision matrix based on the number of days past due, which is determined separately for each entity/geography considering historical default rates and forward-looking information.

For other financial assets, the Group assesses expected credit losses on an individual basis. The allowance is determined based on management's evaluation of credit risk for each overdue case, considering factors such as counterparty creditworthiness, past payment history, and prevailing economic conditions.

Trade receivables are non-interest bearing and are generally on terms of 30 to 90 days.

Set out below is the movement in the allowance for expected credit losses:

|                                                 |                 |                 |                 |               |
|-------------------------------------------------|-----------------|-----------------|-----------------|---------------|
| <b>As at 1 April</b>                            | 2,558.30        | 1,039.92        | 719.63          | 1,090.01      |

\*\*The Group has incurred expenses in connection with the proposed public offer of equity shares in accordance with the requirements of the Companies Act, 2013 ("the Act") which shall be adjusted against securities premium, to the extent permitted under Section 32 of the Act, upon successful completion of the IPO. During the nine-months period ended 31 December 2025, the Group has incurred such expense amounting to INR 280.60 million.

During the year ended 31 March 2024, the Board had decided to withdraw its pre-filed DRHP filed in earlier year, through circulation dated 21 April 2024 (ratified on 9 July 2024), and informed to SEBI on 17 May 2024. Therefore share issue expense amounting to INR 573.96 million earlier recorded as other current assets were expensed through exceptional item. Refer to Note 50 for further details.

\*Nil (31 March 2025: Nil, 31 March 2024: Nil and 31 March 2023: INR 187.70 million) assessed to be doubtful in recovery in normal course of business is included in provision for doubtful advances.
